CONGER FOR GOVERNOR**HIS NAME MENTIONED IN IOWA**

But His Friends Think He Will Prefer to Stay in China—He Is Coming Home.

New York Sun Special Service

Des Moines, Iowa, Jan. 21.—Minister Conger has written from China to relatives here that he will be home in the spring with his family, consisting of his wife, his daughter, Miss Laura Conger, and his niece, Miss Mary Pierce. He has a day of absence and he feels that he can leave for China for a rest from the severe physical and mental strain he has undergone for many months.

Gossep has connected Minister Conger's name with the republican nomination for governor in case the Titus amendment is nullified by the supreme court, and a governor is elected this year. The use of Conger's name has come mostly from the bombing faction, and was calculated to check the movement to give Governor Shaw a third term.

Minister Conger enjoys a very wide popularity in the state, and would have a strong following in any contest in Iowa. He was strongly urged for the senatorial seat. Mr. Dwyer was appointed.

His friends think he will prefer to remain in the diplomatic service, or, at least, to remain in China until he can complete the execution of plans he has helped to formulate.

It is possible a committee may be sent from this city to meet the Conger family while he is in San Francisco. Their homecoming will certainly be attended with marked rejoicing here.

Omega Oil

NEURALGIA—There is no sense in wasting words about Neuralgia. We know that it causes terrible suffering, and the darting pains are enough to drive you mad. What a sufferer wants is relief. He wants the pain to stop. He wants to be well and happy again. The way to get relief from neuralgia is to rub Omega Oil into the spot where the trouble lies. First bathe the part with hot water to open up the pores. Then give it a good, thorough rubbing with Omega Oil. This liniment will be taken up by the flesh, and penetrate to the aching nerves. It will give gratifying relief. It will soften, soothe and comfort. It will overcome and banish the pain. Plenty of people will doubt this, but their doubting does not change the facts. Omega Oil is good for everything a liniment ought to be good for.

If your dealer refuses to supply you with this wonderful Swiss green liniment, the Omega Chemical Co., 257 Broadway, New York, will sell you a bottle, prepaid, for 50c. in cash, money order or stamp.

HOW CLAPP WON AND THE PLOTTERS LOST

The Inside of the Senatorial Deal—In Trying to Stop the Evans Stampede, the Conspirators Overplayed the Game—Jack Ryder's Desperate Attempt to Stem the Tide.

Moses E. Clapp, desperate and contrived by defeat Saturday morning, was the nominee of the republican party for United States senator at 3 in the afternoon.

An accident did it.

It was as much on the cards of the plotters to defeat him as to beat Evans, Tawney or Bixby. The manipulating wires were pulled too hard; instead of a few blocks the whole row went down and the cunningly devised fabric of the subterranean workers was smashed into atoms.

Let it be said right here that many a man who is to-day taking credit for the nomination of Moses E. Clapp was devoted to another cause, and that some of those who are now posing as victors were as much defeated Saturday as the Evans leaders themselves.

This seems paradoxical to those who are not in politics, but a brief explanation will make the meaning plain. It is not possible, of course, to prove every statement that will be made in what follows, but there is much confirmatory evidence and is in accord with the opinion of the acutest observers of the sensational finish on Saturday. Here and there in a number of ways, but mainly in the main, I believe it gives the inside account of how clever manipulation came to grief, of how the engineer was hoist by his own petard and of how an attempt to prevent one man's nomination precipitated another's victory.
