

SPALDING AND MARSHALL

DIG "UNS" MAY CLASH AGAIN

Congressional Apportionment Will Put Them in One District—No One-Sided Issue.

The division of North Dakota into congressional districts does not meet with unanimous consent. There are those prominent in the ranks of the republican party who maintain that the state already has too much election machinery, and that the added burden of a congressional district campaign will have a bad effect on party harmony and success.

Congressman Spalding has been untiring in his efforts to secure the additional congressman for North Dakota, and the press of the state appear anxious to reward him with re-election. If the state is divided into congressional districts, Marshall and Spalding will probably be thrown into the same district with a chance to compromise or fight it out.

It is being passed around the inner circle that Senator La Moure may favor a north and south district, though the hope that he may secure the congressional nomination in the north district himself.

Whatever plan La Moure may favor, I do not think it will carry any such intention. He probably will carry the senatorial toga, but men who are close to him confidently assert that the lower house of congress has no attractions for him.

In a recent editorial in the Tribune Tribune Secretary Jewell of the republican state committee casts a long shadow in advance of the next state convention. He maintains that the members of the present legislature, as the republican party in its last state convention declared in favor of the maintenance and improvement of the present law, and the question is now closed to republicans until the next state convention acts.

U. P. COUNTIES TROUBLED

NEW APPOINTMENT PROPOSED

Chippewa, Delta, Schoolcraft and Mackinac Counties Affected by Martindale's Bill.

Special to The Journal.

Sault Ste. Marie, Mich., Jan. 22.—The first congressional apportionment bill has been introduced in the legislature by Representative Martindale of Wayne county, and divides the upper peninsula counties between the eleventh and twelfth districts.

The twelfth, according to the terms of his bill, will consist of Alger, Baraga, Dickinson, Gogebic, Houghton, Iron, Keweenaw, Luce, Marquette, Menominee and Ontonagon, while Chippewa, Delta, Mackinac and Schoolcraft counties are put in the eleventh district with the counties at the north end of the lower peninsula.

The eleven counties consisting of the following: Alcona, Alpena, Antrim, Charlevoix, Cheboygan, Chippewa, Crawford, Delta, Emmet, Kalkaska, Leelanau, Mackinac, Missaukee, Montmorency, Ogemaw, Osceola, Presque Isle, Roscommon and Schoolcraft.

A protest will be made by the residents of the four upper peninsula counties, which according to the proposed bill are to be severed from the twelfth district and placed with lower Michigan counties. It is pointed out that the interests of the upper peninsula counties are identified strongly with the remainder of the twelfth district as at present constituted and that they have virtually nothing in common with the counties of the lower peninsula, to which it is intended to join them in forming the eleventh district.

The new apportionment of the counties north of the straits would naturally be the tail of the kite, and would be at the mercy of the other end of the district. This would result detrimentally to their interests. None of the counties mentioned in this connection takes kindly to the proposition, and all the measures which will pass at present are considered to be of a doubtful nature. The population of the upper peninsula will be large enough to entitle it to two districts, until that time arrives nothing can be gained by carving the district.

HALL'S TROUBLES NOT ENDED

He Pays a Fine, But His License May Be Revoked.

Special to The Journal.

West Superior, Wis., Jan. 22.—Notwithstanding the fact that Baxter Hall has backed down in his fight with the city for recognition of his right to open his place on Sunday, the city has prepared the petition asking the council to revoke his license have not withdrawn from the fight. The petition was to-day formally presented at the city clerk's office and will be taken before the council. Hall made the fight in order merely on the question of the desirability of having the law enforced and had two agreements. Assistant City Attorney Hudnall, who tried the case, returned home and was figuring on reopening the case against Hall. His prey eluded him, however, by coming in just before the attorney returned, changing his plea to guilty and paying a fine of \$11. That was calculated to smooth over matters all around, but from the action of the petitioners it looks as if the case will be reopened.

FOR LOSS OF LEG

Lined Oil Mill Proprietor Defendant in a Damage Suit.

Special to The Journal.

St. Paul, Minn., Jan. 22.—Two suits for heavy damages were started yesterday by Messrs. Cochrane and Corliss. The first is a suit for \$10,000 against John Bauman, proprietor of the Grand Forks lined oil mill, and is brought by John Shoe, the father of the little boy who was injured at the mill and lost a leg. The little fellow was playing around the conveyor which is used to carry the flaxseed from the cars to the elevator. He crawled over the cover, which was on the box in which the conveyor runs, and his foot was drawn by the cups, and before the machinery could be stopped he was seriously lacerated. The second suit will be tried in Milwaukee. Robert Corry, brother of J. J. Corry of this city, is the plaintiff in an action for \$10,000 damages against E. C. Graham of Milwaukee. A few years ago Corry married a daughter of Mr. and Mrs. Graham and at first lived on a farm near Reynolds. Mrs. Corry, it is said, did not like farm life so the family moved into Reynolds. Some time after this Mr. Corry went to the woods near Bemidji, leaving his wife at Reynolds. After he had been away a few months he returned to Reynolds and a suit for divorce. He did not fight the case and the divorce was granted at Milwaukee a little over a year ago. Corry now alleges that Mrs. Graham had seduced their daughter to apply for a divorce and were at the bottom of all the trouble between them.

SEEKS LEGAL SEPARATION

Mrs. Christofferson of Fergus Falls Applies to the Courts.

Special to The Journal.

Fergus Falls, Minn., Jan. 22.—A divorce case of much interest is being tried in district court to-day, the plaintiff being Mrs. Mathia Christofferson, who seeks a legal separation from her husband, Andrew Christofferson. The ground of drunkenness and cruel and inhuman treatment. Mr. Christofferson is a man of means, and having threatened to sell his property and leave for other parts, his wife brings the present action. He has \$5,000 alimony. Judge Baxter has issued an order restraining the defendant from disposing of any of his property pending the determination of the case. The case will be tried at the May term of court. Mr. and Mrs. Christofferson were married here in 1886 and are the parents of five children.

PLEASED WITH THEIR SENATORS

Fergus Falls Citizens in a Self-Gratulating Mood.

Special to The Journal.

Fergus Falls, Minn., Jan. 22.—The people of Fergus Falls will henceforth enjoy a privilege accorded to few cities of its size in the state in that nearly everyone here is personally acquainted with both of Minnesota's United States senators. General Clapp made his home here for a number of years and as a member of the firm of Clapp, Woodard & Towle was generally favored among all classes. Mr. Evans also has some acquaintances here and everyone would have been pleased to see him elected in case General Clapp could not win, but citizens naturally rallied around their former fellow townsman as first choice. Senator Nelson is almost as well acquainted here as is General Clapp, his home being only a few miles down the line and this being a part of his old congressional district. The people up in this section feel very much as though they had outwitted the great cities and secured both senators.

WONONA'S FIRST "AUTO"

Strong Symptoms of the Craze Show Themselves in the River Town.

Special to The Journal.

Winona, Minn., Jan. 22.—The automobile craze has reached Winona, and there will be several of these vehicles here the coming year. Emil Leicht, the junior proprietor of the Westlicher Herald, has just brought a fine \$750 machine from Milwaukee and took a trial spin on it to-day. It is an up-to-date machine in every particular and can make thirty-five miles an hour. Seymour W. Brown has also purchased an automobile somewhat similar in make.

Jerome H. Turanski of this city, who has been in the hospital service in Cuba for the past two years, is home on a furlough. His corps is now stationed at Matanzas with the second cavalry. He reports all quiet in Cuba and but little service for the soldiers. He visited all the battlefields there and made an interesting collection of relics, among which are portions of the Merrimack. The battle fields, he says, are now for the most part grown over, and all traces of the conflicts are fast disappearing.

BLACK HILLS PIONEERS

Gold Seekers of 1876 Hold Their Annual Meeting.

Special to The Journal.

Deadwood, S. D., Jan. 22.—Citizens who came to the Black Hills in 1877 will not be permitted to enter the Society of the Black Hills Pioneers. This society held its annual meeting Saturday night and the proposition of extending their membership to the seventy-seekers was laid on the table for one year's consideration. The society has a membership of 103, all of whom came to the Hills in the year 1876. They feel they are entitled to a society of their own and have excluded the later elements. The society has buried three of its members in the past year. Financially it is in good condition.

The officers elected for the ensuing year are: President, James Conzett; secretary, H. P. Lorey; treasurer, D. M. Gillett; marshal, William Naddy; historian, A. W. Merrick; standard bearer, G. W. Simmons; vice president, James H. Haloran; Ernest Scheuening, Lyman Lamb, Henry Albion, Frank Thulau, E. T. Pierce and James Ryan.

FORTUNE FOR THE BLACKS

Beaumont, Texas, Oil Strike a Bonanza for Sioux Citizens.

Special to The Journal.

Sioux Falls, Iowa, Jan. 22.—The Beaumont, Texas, oil strike may bring a fortune to Aurn C. Black of this city, and his mother who lives near Beaumont. Each own land near the new wells and offers to lease to Aurn C. Black an acre of \$10,000 for one ten-acre tract. If the other land is accepted at the same figures, Black and his mother will not realize less than \$1,000 an acre for their property, which, if understood, consists of several hundred acres.

SPREAD AT A DANCE

Forty Cases of Smallpox in and Around Livermore, Iowa.

Special to The Journal.

Fort Dodge, Iowa, Jan. 22.—An innocent country dance is responsible for forty cases of smallpox in and around Livermore, a small place only a few miles from this city. The dance was held on Jan. 4, and was attended by practically the whole country side. Soon after, those who had been present, who were in the habit of spreading the disease became alarming. Dr. Kennedy of Des Moines, secretary of the state board of health, was summoned and he is here today on Sunday night. He examined the cases, and pronounced the disease smallpox. The whole neighborhood has been placed under quarantine. Several cases are considered serious. It is supposed that some person bearing with him the seeds of the disease was present at the dance, and caused wholesale contagion. The whole country is much alarmed.

Granger's Latest Invention.

Special to The Journal.

Sioux Falls, S. D., Jan. 22.—F. E. Granger has applied for a patent on a device to be attached to typewriters, by the use of which it is not necessary to hold the paper steady while striking a capital letter. The shaft key may be pressed down and it will remain down until the capital letter is struck and then will automatically shift back to the lower case letter.—The Standard Oil company will improve its plant in the spring. About \$1,000 will be spent in repairs and improvements.—Brann Brothers are turning out the factory of a brick factory on their lot adjoining the public building site, for use as an office in their real estate business, and possibly to accommodate the United States land office until the government building is ready for occupancy.—The annual reunion of Scottish Rite Masons will begin at the Masonic Temple this evening. Many candidates are expected.

WATER AND LIGHTS

Custer in the Hills Moves for Improvements.

Special to The Journal.

Custer, S. D., Jan. 22.—The business men are taking steps toward putting in a water system. There is now no protection against fire. Very destructive fires have recently occurred in the business portions. One plan is to bring in water from some springs about seventeen miles. The plan that is most favorably looked upon is to sink deep wells and pump the water into a reservoir. There is also talk of putting in telephone and electric light systems. Custer county is booming this winter. The mining companies are operating than ever before.

LEASES LAND AT ELY

Oliver Mining Company to Pay a Handsome Royalty for Ore.

Special to The Journal.

Duluth, Minn., Jan. 22.—The Oliver Mining company (Carbidge) has taken a lease from Conan, Justison et al, of Superior of a tract of land adjoining the 2nd mine at Ely. The company pays the highest royalty paid by any mine in the Lake Superior country. The royalty is a flat 33 cents a ton if ore sells at \$1.00 an ounce, but 8 per cent of any additional price is to accrue on the royalty. This ore is of about the character of Chandler, and that sold last year at \$5.50 a ton. If the 1901 price is \$5.50 the royalty on this Conan ore will be 49 cents. The annual minimum output is 25,000 tons.—The Red Cliff company here has sold 5,000,000 feet of next season's cut at about \$100,000. It is also selling a lot of other lumber to be cut here and at Red Cliff next season.

EPIDEMIC OF TYPHOID

Twenty-six Deaths in a Mesaba Range Town.

Special to The Journal.

Duluth, Minn., Jan. 22.—In the little village of Sparta, on the Mesaba range, there has been an epidemic of typhoid fever, and sixteen young Finnish business men and miners besides a few English-speaking residents, have died. The disease was caused by bad water and is said to have cost the place more than \$30,000. Sparta has only about 500 people at the best, so the death rate has been about 5 per cent of the total population.
