

Free to the Ruptured

Dr. W. S. Rice, the Well-Known Authority, Sends a Trial of His Famous Method Free to All.

Dr. W. S. Rice, 510 W. Main St., Adams, N. Y., will send free to any one who is ruptured, or who knows of any person ruptured, whether a man, woman or child, a free trial of his famous home cure. It is a marvelous

MR. R. W. YOUNG.

method, curing cases that defied hospitals, doctors, trusses, electricity and all else. Merely send your name and address and the free trial will be sent without any cost to you whatever. R. W. Young, a well-known commercial traveler, was ruptured ten years, tried every truss on the market, partly made up his mind to undergo the danger of an operation, when, by the greatest of good luck, he tried the Dr. Rice method. He is now cured.

Mr. Young says: "I tried Dr. Rice's method and it cured me. I did not lose a day on the road. Hundreds of merchants and friends in Illinois, Wisconsin, Minnesota and Iowa know the wonderful fact that this remarkable method cured me, and I certainly feel thankful enough to tell other ruptured people how they may profit by my experience." Mr. Young lives in Cedar Rapids, Iowa, at 227 1/2 First avenue.

Every ruptured person ought to send at once and make a trial of this method that cures without pain, danger, operation or an hour's loss of time. Begin now and in a short time you will never know you had been ruptured. Write to-day, sure.

Solons Not Allowed to Disburse Road and Bridge Fund.

A BATCH OF BILLS IS HUNG UP

Senate Committee Will Ask Attorney General to Point a Way Out.

The authors of the various road and bridge bills have run up against a legal stump. Under the ruling of Attorney General Douglas, the legislature has no power to distribute the road and bridge fund. It is his ruling holds, all work for which state aid is required must wait until the people adopted a constitutional amendment in 1898, creating a road and bridge commission, with sole power to direct the disbursement of the state fund. The succeeding legislature, by a peculiar oversight, failed to put this amendment in force, and there is now no commission, and hence, under the attorney general's ruling, nobody that has power to disburse the fund.

The senate committee on roads and bridges had a batch of bills before it this morning, carrying appropriations for building bridges and constructing roads in various localities. Chairman Underleak called the attention of the committee to the attorney general's ruling. It was decided to ask the house committee to meet with them and to request the attorney general to point a way out of the difficulty.

SIGNAL ACROSS OCEAN

TESLA'S PROJECT UNDER WAY

Messages to Be Sent Across the Atlantic by Wireless Telegraphy.

New York Sun Special Service.

New York, Feb. 14.—The Sun is authorized to state that the plans for the machinery of wireless telegraphy to signal across the ocean have been completed, that a site for the plant has been selected by Nikola Tesla, and that the project will at once be actively begun. It is estimated that the time required to perfect the apparatus will be about eight months.

SHIPBUILDING PLANT American Company Will Erect a Big One at Halifax, N. S.

Special to The Journal.

Duluth, Minn., Feb. 14.—Captain A. B. Wolvin of this city and President James Wallace of the American Shipbuilding company are in Halifax, N. S., where they have made arrangements to erect a shipbuilding plant for their company. His chief work will be to put together ships built on the lakes for ocean trade and so long that they must be taken to salt water in two or three pieces. The yard will also build ships of steel and the municipality has agreed to a bonus of \$1 a ton on every ship built for ten years and \$1 for the succeeding ten. This will be the first yard owned by the American Shipbuilding company in Canada.

NOT SO MUCH AFTER ALL. Sioux City, Iowa, Feb. 14.—General Superintendent Averil of the United States Express company has issued a statement as to the amount of money stolen in the Manila, Iowa, robbery a week ago, and says it was less than \$100. Payment on a number of drafts were stopped.

MINNESOTA LEGISLATURE

PEACE IS RESTORED IT GOES TO BUFFALO

Oliver Branch Once More Waves Over House and Senate.

JOINT COMMITTEE IS CREATED SENATE KILLS WINE ROOM BILL

Which Will Make Arrangements for the Davis Memorial Service Monday.

Senator Ives Says Minneapolis May Need Such a Law But Not St. Paul.

The house showed its conciliatory attitude towards the senate this morning by passing a resolution providing for a joint committee to assume charge of the Davis memorial exercises. The speaker named Messrs. Dunn, S. D. Peterson and Plowman as the house members. This may be said to terminate the controversy.

The routine of passing bills in which no interest is taken monopolized the time this morning. Roll call after roll call was drawn out until the audience dwindled to less than ninety. Among the bills discussed were the following:

H. F. 137.—To locate the first state fish hatchery at St. Paul, Minn., etc., and to appropriate money therefor.

H. F. 100.—Proposing an amendment to section 5 of the constitution, relating to school funds, education and science.

On general orders the Morley bill authorized the establishment and maintenance of kindergartens was amended. There is a decided unwillingness on the part of country members to have the kindergartens claim a share of the state aid. The bill went back to the committee on education.

Jacobson Is Factious. The proposition from Mr. Dunn that probate courts be authorized to place the bodies of deceased persons in the hands of persons developed a factious move on the part of Mr. Jacobson, who inquired in blandest tones if it would not be emblematic to engrave upon each monument a life history of the unfortunate buried beneath. The bill was finally recommended to pass.

Yesterday Afternoon's Session. The house yesterday devoted its afternoon session to general orders. The most extended discussion was over the Deming bill allowing taxpayers to make up a year's delinquencies at a time. Under the present law it is obligatory upon the property owner to pay his delinquencies in gross. While considering it desirable to lighten the burdens of the taxpayer whenever possible, the house could not be persuaded that any interference with the present system was warranted, and the bill was indefinitely postponed.

The Wallace bill, allowing an appropriation from the state school fund for the high schools at Hopkins and St. Louis Park was introduced by the speaker. The bill to submit a constitutional amendment to the people relating to school funds, education and science. This is a copy of the amendment defeated for want of votes in the November election. An amendment was attached to the bill providing for a state fish hatchery site at St. Paul requiring a transfer of the site as a condition precedent. This was the result of Mr. Roberts' vigilance.

The Overcoat Question. The board of trustees of the Soldiers' Home presented this morning a statement bearing upon J. A. Peterson's resolution as to the necessity for supplying the inmates with overcoats. This was passed by the house. In the statement it is shown that for the first six months, expenditures have aggregated \$32,260, and that there remains available \$22,385. The trustees say the amount of hand is not more than enough for current expenses. Then the board adds:

It has been the purpose of this board, and it has endeavored at all times to furnish fully provided for these who are detailed for duty out in the cold. Every member of this board has personal friends in the home and not one of us nor any officer of the home has received any complaint from any inmate of insufficiency of clothing, nor have any requests been received to furnish a greater quantity. We would be well pleased to carry out the request in the resolution, but we shall be unable to do so unless the legislature appropriate money for it. It would require about \$3,000.

The trustees emphasize the possibility that the future expenditures will be still greater and with this in view the board has been husbanding its resources, particularly the "relief fund."

The letter was referred to the committee on Soldiers' Home. Mr. Peterson is chairman of the committee.

For the New City Hall. Under suspension of the rules the house passed the bill authorizing an issue of certificates of indebtedness for the completion of the Minneapolis city hall.

THEY CAN'T HAVE IT

Country Members Will Not Stand For River Division.

RAMSEY MEN HAVE THEIR CUE

They Will Oppose Any and All Schemes of Division—Armstrong's Plan.

The country members of the legislature interested in the reapportionment problem are doing their utmost to prevent the enactment of a Hennepep county law. Their attitude is best expressed by the words of the not very indulgent mother to her child:

"What do you want? Well, you can't have it."

The sentiment of the country members, at least of those who usually shape the course of events, is crystallized against any scheme of a Hennepep county law. The majority of the Hennepep delegation has expressed itself in favor of dividing along the line of the river, and the country members are opposed to it.

Robert Jamison, J. T. Wyman, J. B. Gillfillan and half a dozen others might come into their heads to run for congress, and while the east side, with its 43,000 population, would not control the district, it would have a good many congressmen.

George W. Armstrong has been keeping his plan to himself, and a good many members of the delegation have been wondering what Senator Ferguson's colleague has up his sleeve. Senator Ferguson's plan may be stated that Armstrong's plan, roughly speaking, contemplates giving a slice off the north end of the county, on about the lines of the forty-fourth senatorial district, to the new sixth district.

This would leave Hennepep with about the right ratio and would not cut off any congressional aspirants. Senator Jenson has been accused of having a plan in mind, but he has entered a modest denial. This scheme would throw the tenth and part of the third wards, and the country towns in the north end of the county, into the sixth district, and the sixth district would be too large and it would be relieved of Mille Lacs, Cass and Crow Wing, which would be added to the eighth, giving it nearly the proper number of inhabitants.

It is pretty certain that the reapportionment question will be settled before the legislature adjourns. The committee will not report a plan until it is sure of votes enough in the joint committee to carry it through. If the plan could not be carried, what would be the use of going to the legislature in that direction, and the outside counties make it pretty safe republican. Congressman Stevens is very much averse to cutting the district, and his friends in the legislature are equally averse to it.

From present indications Ramsey county will pose as an obstructionist, and will oppose any and all plans which leave it without Washington county. Ramsey county is a large county, and in that respect and the outside counties make it pretty safe republican. Congressman Stevens is very much averse to cutting the district, and his friends in the legislature are equally averse to it.
