MISSISSIPPI LEGISLATURE

EXPRESS CO. TAXES

The Nichols Bill is Reported to Pass in the House.

TO HELP ALONG THE DUNN BILL

The House Calls Back the Hillmond Bill and Puts it on the Table.

Unannounced in an important particular the Nichols bill, taxing express companies was reported in the committee of the whole in the house this morning. Mr. Laybourn almost succeeded in persuading the majority to exempt certain forms of property, real estate, buildings, etc., from the tax.

Questioned His Good Faith. Mr. Laybourn had been present at the meeting of the committee on taxes and tax laws at which the bill had been acted upon, and Mr. Rich, therefore, impugned his good faith in seeking to amend the bill at this time.

Preparing for Emergencies. There was an echo of yesterday's struggle over the primary election bill a motion proposed by Mr. Hillmond, author of H. F. 13, extending primary election to the state.

Bills Disposed Of. Bills finally disposed of on general order included the following: H. F. 286—For the disposition of real estate bid in for the state at the forfeited tax sales held pursuant to chapter 322, to pass as amended.

Days of Grace on the Table. The Deming bill, abolishing days of grace, was indefinitely postponed. It was conceded that a bank rarely made a note without striking out that condition which allows three days beyond the stated time of the note.

Collar Bill Amended. Before the collar bill, regulating the discipline of attorneys, was allowed to pass an amendment was inserted reducing the payment of prosecutors from \$15 to \$10 a day.

ON THE BAND WAGON. House Members Scramble On in Primary Election Bill Vote. The Dunn primary election bill, passed by the house yesterday afternoon, represents a distinct compromise.

There were numerous amendments offered. Mr. Wells endeavored to limit the application of the primary election principle to counties of 25,000 population or over but this was rejected by the house.

FOR A TEACHERS' FUND. Twin City Teachers Supporting Retirement Fund Bill. The twin city teachers are strongly in favor of the bill now in both houses establishing a teachers' retirement fund.

BOARD OF CONTROL BILL. Special Order in Both Houses—In the House To-morrow. The board of control bill has been made a special order in both houses. It will be taken up in the house to-morrow afternoon and in the senate Thursday at 2 p. m.

AMES WANTS TO SEE HIM. He Would Talk With Senator Snyder About Civil Service. The Snyder civil service bill is making progress very slowly. It is still in the hands of the senate committee, and may never get any farther.

MUCH ALTERED BILL

The Hurd Oil Bill as It Passes the Senate.

HOUSE MAY REFUSE TO CONCUR

Its Members Said to Be Whetting Their Knives for Senate Amendment.

Not a vote was recorded against the Hurd oil inspection bill when it was called up for final action in the senate this morning, and it was passed with fifty-two votes in its favor.

Does it require a majority of the conferees from each house to bring in a report, or does a majority of the joint committee determine the report? Lieutenant Governor Smith is said to hold the former view, but the members of the conferees committee seem to-day think that only a majority of the committee is required.

New Senate Bills. S. F. 355, Wilson—Fixing the compensation, regulating the number, and designating the manner of appointment of deputy sheriffs in attendance upon the district court in all counties having a population of 150,000 inhabitants or over.

It is believed that the house will concur in the senate amendment restoring the fee for inspecting oil in tanks from 10 cents to 15 cents and will also approve another amendment, but new members who have not yet taken the oath are expected to oppose the measure until 1903.

Ready for Requests. Much speculation was created in the course of the morning, when Senator Snyder proposed a bill authorizing the university regents to accept bequests and gifts and to manage them.

Expenses of a Trial. Martin county citizens think the state should pay the expenses of the trial of O. E. Oster and George Thorburn for the murder of Hans Kellian.

Passed by the Senate. S. F. 255, Somerville—Relating to municipal courts in cities having less than 5,000 population. H. F. 41, Hurd—Relating to the inspection and sale of illuminating oils and defining the duties of inspectors.

New House Bills. H. F. 491, Stark—To repeal chapter 19, Special Laws of the extra session of 1881, relating to the incorporation of the village of New Brand.

Bills Passed in the House. H. F. 225, To amend an act to prohibit certain orders issued on behalf of unorganized counties. S. F. 135, To amend section 1 of chapter 244 of the general laws of 1893, relating to the procedure in the sale of white lead and mixed paints.

Winona's Plant Frosted. Winona's plan to secure its own electric lighting plant was nipped by a killing frost. Senator Fitzpatrick's bill, authorizing the city council in cities of from 10,000 to 50,000 inhabitants to issue bonds for such plants, was killed by a vote of 28 to 25.

Were They Getting Even? Representative Anderson was much interested in this bill, and was disappointed when he heard the news of its defeat. Several of the Minneapolis senators voted against the measure—just enough of them to prevent its passage.

An Early Death. The house judiciary committee to-day administered an easy death to two of S. D. Peterson's bills, one—H. F. 202—enabling persons receiving libelous telegrams to secure damages in civil actions.

Legislative Notes. The St. Paul Woodmen gave a banquet last evening to the members Van Sant, Dar Reese, W. Stark, W. B. Anderson and Senator Halvorson were the speakers.
