TWO IN THE TRUST

Pillsbury Out Mill and Northwest Cereal Company. Local manufacturers of oatmeal products have received no word from Chicago regarding the formation of the Great Western Cereal company beyond that included in the dispatches. The two concerns interested in the manufacture of oatmeal are the Pillsbury-Washburn company and the Northwest Cereal company, Henry L. Little and J. W. Heywood represented these concerns at the Chicago meeting. Mr. Little was made second vice president and Mr. Heywood one of the directors. A. C. Lorlag, who is one of the principal stockholders in Pillsbury's Cereal company, says he has heard nothing from Chicago on the result of the meeting. Both of the local concerns manufacture bulk rolled oats. This business together with the package oat foods, goes to the new company with certain reservations as to the brands. Whether the Great Western company will operate the Minneapolis oatmeal plants or not is not known.

ICE WATER YACHTING

Sailing at Minnetonka on Water-Covered Ice. Theodore Wetmore says that Minnetonka is the best place in the world for ice boating. He was out the other day for a sail and says that it was not necessary to wear gloves or overcoats and that there are numbers of enthusiasts out enjoying a springlike go over the three feet of ice which still covers the lake. A peculiar feature of the sailing is that while the boats are on the ice there is enough water on top to give the appearance as if it is really summer yachting and the weather assists the illusion. Squalls blow up and make the surface water ripple in waves so that the sailor isn't sure whether he is enjoying a race or a summer sport. Mr. Wetmore thinks that there will be a week or more of good ice boating.

WORSE THAN TAINTED.

Boston Transcript. Mrs. Greene—Do you know, John, I really believe Mr. Taggard's heart is touched. He doesn't seem at all like himself of late. Mr. Greene—No; but a good deal worse. Guess his heart is not only touched, but rotten clear through.

Never Satisfied.

This seems to be the way with the McPhail people. Improvement after improvement has been added to this popular make until it seems almost impossible to produce a more perfect instrument. However, a new style has just been brought out that surpasses all former efforts. It's a beauty. Cash or \$10 monthly.

THE 'UP' WRECKS AT SEATTLE

Power of the New Board of Control Over It. Dr. Axel De Soto Tells of Work for Them.

LIMITED TO FINANCIAL MATTERS SOME ARE FROM MINNEAPOLIS

Regents Will Still Control Educational Policy—Text of the Law.

The board of control bill, as passed by the legislature yesterday, will have an important bearing on the conduct of the university, which by the bill is brought under financial supervision of the board. The state normal schools, state public school at Owatonna and the school for the deaf and the blind at Fairbault, are on the same basis.

The exact language of the bill as passed, fixing the limits of the board of control over these institutions, is as follows: "The board of control shall have and exercise full authority in all financial matters of the state university, the state normal schools, the state public school at Owatonna, the school for the deaf and the blind, the state board of control shall disburse all public moneys of the several institutions named, and shall have the authority in the expenditure of the public moneys appropriated to the several institutions named in this bill, except as hereinafter otherwise provided, and such board shall appoint a purchasing and disbursing officer for each institution. Said board of control shall also have supervision of the construction of all buildings and betterments erected at the cost of this state, but shall co-operate with the local boards of the different institutions in the preparation of plans and specifications therefor. Such board of control, however, shall not have control over or authority to disburse any private funds or bequests made in gift or devise by any private individual, or any educational institution of this state, but shall private gifts or donations or bequests such gifts or bequests, if approved by the several boards of the said educational institutions to the use proposed by the terms of the gift."

But the various boards now in charge of the several educational institutions shall have and retain the exclusive control of the general educational policy of said institutions, of the course of study, the number of teachers necessary to be employed, and the salaries to be paid; and such various boards shall have the exclusive right to employ or dismiss the teachers and others engaged in carrying on the functions of said institutions, and shall also have exclusive control of the grounds, buildings and other public property of their several institutions and of all other matters connected with the same, except as herein specifically reserved to said board of control. All contracts with employees of said educational institutions and a concise statement of all supplies needed shall be reported by the board of control to the board of regents, and the board of regents shall have the right to disapprove or to modify the same, but the board of control shall have the right to purchase all necessary supplies by such purchasing agent to be appointed as herein provided, as in the case of the other public institutions of this state.

THEY ARE RESTORED

Henry Unger and Steve McBride Are Firemen Again.

The fire department committee of the council was in a gracious mood yesterday and disposed of the case of two men who had been discharged from the department and given them a chance or a new start in life.

Henry Unger, the truckman who was discharged about a year ago for his inaction at the Hennepin block fire, has been a frequent applicant for reinstatement in the department. Steve McBride, a veteran fire fighter, who was discharged from the department by the board of regents last year by Chief Canterbury for financial delinquencies, in which he appears to have been more unfortunate than culpable. The fire committee voted yesterday to recommend the reinstatement of both men as soon as vacancies can be made for them.

THE STATE'S CASH

The state treasurer "banks" Over \$700,000 of It.

The state treasurer has deposited \$700,000 with banks within the state, over 100 of which have applied for deposits within a few weeks. Virginia bonds to the amount of \$100,000 were bought with money taken from the institute and land funds. They will net 3.1 per cent. School bonds and municipal bonds which will net 4 per cent have been bought to the value of \$150,000.

SEED GRAIN LOANS

Seed grain loans have been made to the following counties under the recent act appropriating \$75,000 for the purpose: Pope, \$4,800; Hill, \$2,785.45; Kittson, \$6,058; Becker, \$3,268.90; Norman, \$2,148.75; Marshall, \$5,217.15; Douglas, \$1,043.50.

THREE FOR ONE

Minnesota a Good Field for Life Insurance Companies.

The preliminary life insurance report for 1900, completed by Insurance Commissioner E. H. Dearth, shows that Minnesota pays out nearly three times as much in life insurance premiums as is paid back into the state in losses. The level premium life companies sustained losses in 1900 aggregating \$1,037,663.45, and collected premiums amounting to \$2,727,724.28. At the end of the year the companies had 53,102 policies in force, as compared with 43,742 at the beginning of the year, and had \$114,237,928 on hand, as compared with \$94,572,523 at the beginning of the year.

OLEO TAKES WINGS

Sivright Bill Now a Law—Confiscation Threatened.

The Sivright bill, prohibiting the manufacture or sale of oleomargarin color, is now a law, and there is no question of its validity. Under its provisions great quantities of oleo held by commission merchants are liable to confiscation at any time. It is already being rushed out of the state to avoid such action by the dairy and food department.

RUBBERS IN DEMAND

Sloppy Weather Makes Good Trade in Galoshes.

Sloppy weather has forced Minneapolis to purchase a large amount of rubber footwear this spring. The same conditions of slush, sleet, rain and some mud have continued for much of last year. As a result, the traffic in rubber shoes has been greater than that of any spring in years and the coming month bids fair to be the best of the winter. The old weather in April showers exploded. Wholesale sales say that the large stocks of rubber shoes carried over by retailers the year before have been sold and the trade on rubber shoes during the latter part of the winter season was very satisfactory.

Frightened Into Insanity

There was a scene of ineffable sadness in the probate court when Caroline M. Peterson, aged 14 years, was sent to the insane asylum at St. Peter. Her heart-broken father, an iron molder, informed the judge that the girl's falling mind was due to her having been badly frightened at school fourteen months ago. A crowd of boys, armed with pocket knives, surrounded her and threatened to kill her. She had fallen in a fit and had never quite recovered her mental equilibrium.

DR. AXEL DE SOTO TELLS OF WORK FOR THEM.

Dr. Axel De Soto, who says he is a direct descendant of De Soto the discoverer of the Mississippi valley, has on several years been engaged in the work of attempting to reclaim victims of the drink, morphine and cocaine habits in Seattle, Wash. He spent several hours in Minneapolis the other day, he said to T. J. Arne, a man who is almost total physical and mental wrecks from various causes.

MILD DOG CATCHER

Mayor Ames Will Have No Heartless Canine Butcher.

Following close upon his ukase that the days of the scorchers are numbered in Minneapolis, Mayor Ames has today designated another great humanitarian dictum. He will appoint a humane dog catcher, a man who loves animals and knows how to be gentle with them. Through all the long, hot days of summer, including the days set apart for dogs by the almanac, the canines of Minneapolis and their desecrators, the Towlers, the Rovers, the Tiges, the Carlos, the Majors, the Princess, the Spots, the Pennys, the Watches, the Bulls, the Sheps, not to mention the Grlis, the Flossies, the Clashes, the Dollies, are to be respected in their dog-given rights, and in every case are to be accorded a jury trial, at least.
