President Northrop a Delegate to International Conference. His View of His Excommunication by the Greek Church.

FUNSTON A BRIGADIER GENERAL. GOD'S LAW MUST BE SUPREME

President McKinley Makes Several Appointments—Northrop's Position. Take the Words of Preachers Only In So Far as They Agree With the Living Word.

Washington, April 1.—The president has made the following appointments: Delegates to the international conference of American states, Cyrus Northrop of Minnesota, Henry G. Davis of West Virginia, William L. Buchanan of Iowa, Charles M. Pepper of the District of Columbia, Volney Davis of Illinois.

Members of the Louisiana purchase commission, John M. Thurston of Nebraska, Thomas H. Carter of Montana, William Lindsay of Kentucky, George W. McBride of Oregon, Frederick A. Betts of Connecticut, John M. Allen of Mississippi, Martin H. Flynn of New York, John F. Miller of Indiana, Phillip D. Scott of Arkansas.

The president appointed General Wheaton major general, and Colonel Jacob Smith and General Frederick S. Funston brigadier generals in the regular army.

The congress of American republics will be somewhat like that held in Washington when James G. Blaine was secretary of state and will be for the purpose of developing the friendly relations between the western republics. The Mexican government has appropriated \$75,000,000 for entertaining the assemblage in the city of Mexico next October. Probably the most important subject is that looking to the formation of a permanent tribunal of arbitration which shall be for the western world what the Hague tribunal is for the countries which participated in the Hague conference.

Miles Will Stay.

Lieutenant General Nelson A. Miles, commanding the army will not be retired by the president in 1901, when he reaches the age of 62 years. He will be allowed to remain on the active list until he is 64 years old, when, under the law, he must be retired.

General Miles' retention in active service will prevent either Brooke or Otis from receiving the appointment as lieutenant general.

Regulars Growl.

Among regular officers there is grumbling over the reward Aqueduct. Funston was instructed several weeks ago to return home for muster out, but these orders will be cancelled and he will remain in the Philippines.

PRESIDENT'S ACT

War Department Not Consulted on Funston's Promotion.

New York Sun Special Service.

Washington, April 1.—That the president's appointment of General Fred Funston to be a brigadier general in the regular service was a complete surprise to Secretary Root and Adjutant General Corbin, until he was called to the White House late Saturday night and commanded to cable General MacArthur of the president's action, was evident by the unequivocal announcement made at the war department at 5 o'clock Saturday afternoon that the question of reward on Funston's case had not been considered. This statement was made by one of the highest officials of the department.

TREASURY SURPLUS

Secretary Gage is Not Contemplating Bond Purchases Now.

Washington, April 1.—Secretary Gage was questioned as to his probable action with respect to the cash accumulations in the treasury, and particularly to whether he contemplated buying bonds for the sinking fund. He said: "It is not now contemplated that the treasury will purchase over \$50,000,000. There are only two methods open to get surplus funds out of the treasury vaults. One is to increase the treasury deposits in national bank depositories; the other is to buy United States bonds. At the present quoted rates for the short bonds, I do not think the secretary would be justified in buying bonds. We are now advancing toward the period of the year when there is apt to be a money plethora instead of a money scarcity, so I do not see that it will do any particular harm if money accumulates in the treasury. "The reduction in taxation will, when it becomes operative, partially or wholly cure the present tendency toward a congestion in the treasury."

NEGROES' OWN FAULT

Gorman Says Marylanders Have No Apologies to Make.

New York, April 1.—Ex-Senator Arthur P. Gorman of Maryland says in an interview regarding the new law in Maryland disfranchising the negroes: "If there are many illiterates in Maryland, who will be affected by the passage of the present law, the blame lies with themselves. We have had the most perfect system of public schools for thirty years of any state south of Pennsylvania. "The Maryland people would have no trouble in regard to the new law if it were confined to the legitimate residents of the state or persons having domicile there, but we believe the systematic efforts of employers to bring cheap labor have been the means of bringing great numbers of colored men into Maryland. They have been used by the politicians and democrats of Maryland propose to protect the state against such intrusion. We have no apologies to make for our course."

NO LAWYERS OR PREACHERS

New Bellamy Colony to Be Founded in New England.

New York Sun Special Service.

Nashua, N. H., April 1.—George H. Webster, a grocer of this city, is about to found a socialist colony in New England, the Bellamy Colony Association. Mr. Webster has a farm, a 2,000-acre place in Merrimack, eight miles from here. "The colony is to be modeled after the Ruskin colony, now in Georgia and formerly of Tennessee. It will cost \$300 to become a member. Only ministers and lawyers will be barred. Mr. Webster says: "While I believe that every man has a right to worship God according to the dictates of his own conscience, I think it much better that he should do his worshipping outside of the colony. Start a church, and nine times out of ten you have laid the best cornerstone in the world for a row. Some lawyers may be honest, but their methods are of necessity dishonest in many cases. "Each member of the colony must own one share of stock, no more and no less. Women will receive the same pay as the men, but the fact that their families may take up a large portion of their time will not make it necessary for them to work so hard."

Omega Oil

ACHING BACKS—There are a whole lot of women (and men too) whose health would be good if they didn't have trouble with their backs. The back is the vital part of the body that requires strength. A weak back weakens you all over. You may have leg and arm muscles like prize fighter, but those muscles won't do you any good if your back is weak. Nature supplies in Omega Oil all that is needed to make the muscles of the back strong. It is a green-colored, oily liniment. Rub it in at night before retiring, or get some one else to do it for you. Keep up this treatment for a little while, and your back won't hurt any more. If weak women will use more Omega Oil outside and less drugs inside, they will be better off. You simply rub it into the pores, and next day you'll feel its good effects. It is good for everything a liniment ought to be good for.

Never take a substitute for Omega Oil. If you dragger persistently refuse to give what you ask for, the Omega Chemical Co., 37 Broadway, New York, will mail you a bottle, prepaid, for 50 cents in cash, money order or stamp.
