Rev. Mr. Harmon Must Do It or Leave the Church. S. D. PRESBYTERY TAKES ACTION

Culmination of an Extraordinary Attack on His People by a Presbyterian Minister. Special to The Journal. Sioux Falls, S. D., April 12.—The slanders attack made by Rev. A. J. Harmon at the opera-house in Dell Rapids upon citizens of that place, came before the presbytery, which has taken action at Alexandria. Difficulty has been experienced in getting at the facts, but it has been learned that citizens of Dell Rapids preferred charges against the pastor, and that on a full hearing the presbytery completely exonerated the members of the Dell Rapids church from any blame. It was practically given Mr. Harmon the choice between apology and expulsion from the church. It is known that he has decided to apologize to the people against whom he flung his last Sunday evening attack. He is expected to appear at a meeting in the opera-house.

After the judicial committee of the presbytery had reached this conclusion, Mr. Harmon asked for his letter from the South Dakota presbytery, and the request was promptly granted. The evidence against him was in the form of an affidavit, which was signed by C. DeWitt, J. P. Schantz, R. Krause, D. C. A. Butler, L. H. Bent and Homer G. Krause, all prominent residents of Dell Rapids. All of these men were present at the opera-house meeting, and in the affidavit, which is long and very interesting, they gave in detail what Mr. Harmon said. It was charged that he used language becoming a gentleman, and that some of the language and insinuations were of the vilest character possible; that he said that the Dell Rapids church was "the least church" he had ever preached for; that the people complained about his not dressing better, but that he could not wear "brocade" on \$300 a year; that the church had had fifteen different pastors in quick succession, which statement was entirely untrue; that some of his attacks on prominent Dell Rapids people were so vile as to be unprintable, which allegation is well sustained by the facts set forth in the affidavit. Mr. Harmon referred to an old soldier who had lost both feet in the service as "that bag of augurs." A prominent physician, who had been called because he had charged the preacher half-price for medical attendance in his family, but had had nothing for my time in conducting the funeral, was called a member of the doctor's family, a statement which particularly angered the people of Dell Rapids. Information from Dell Rapids is to the effect that the action of the presbytery meeting is generally satisfactory to the people of the town. It is understood there that Mr. Harmon will make ample apology for his attack. At noon the Dell Rapids correspondent states, is the preacher who refused to perform a funeral service for a deceased soldier who was a respected member of the Dell Rapids G. A. R.

TIER ON TRIAL Black Hills Resident Charged With an Old Murder. Special to The Journal. Lead, S. D., April 12.—Harry Tier, a resident of this city, who was arrested on the charge of murder committed in Hilliard, Wyo., in 1875, and taken to Evanston, Wyo., a short time ago, is being tried for the crime in that place. The three former are familiar with the details of the crime and Moody will testify as to the general reputation of Tier in the Hills for the past twenty-five years. H. H. Blake, formerly connected with the Merchants' hotel of Omaha, has been appointed to take charge of the new Sued hotel of this city.

RICH FOR MAYOR Red Wing Republicans and Democrats Unite Upon Him. Special to The Journal. Red Wing, Minn., April 12.—The republican city convention was held yesterday afternoon. There was a spirited contest for the nomination of Mayor J. W. Barber, A. F. Anderson, A. P. Pierce, E. H. Blodgett and A. R. Brink being the candidates. A petition had been circulated for H. Rich (democrat) as candidate for the citizens' ticket without his consent, and he made public the fact that he was not a candidate. However, the republicans wanted him, and he was easily nominated, receiving three times as many votes as his nearest republican opponent. The aldermen nominated were: First ward, Otto Remmer; second, S. H. Haines; third, F. W. Reichert; fourth, A. R. Brink; at large, Ed Johnson. For city treasurer, George F. Gross was nominated. The democratic primaries were held last evening and the following were nominated: Mayor J. H. Rich; aldermen: First ward, E. Friedrich; second, W. S. Vent; third, J. H. Doyle; fourth, George Hehr.

EXPLANATION OF FALK GJERTSEN'S SUD- DEN RETURN FROM NORWAY.

IT WAS NOT GOOD JUDGMENT The Church Committee Is Conducting Its Investigation With Great Secrecy. The interest in the Falk Gjertsen case has died down to some extent. A feeling exists among his people that judgment should be suspended until the committee appointed by the church to conduct an investigation, makes a report. This committee of five has held only one meeting, and that for the purpose of organization. It is probable that no report can be made for several weeks. The charges having been preferred against the water and all the material evidence being in the possession of the authorities in Norway, it will be difficult to make much progress until some way is devised for securing the exhibits for examination by the committee. Said one of the Trinity church members this morning.

We have a strong point in favor of Rev. Mr. Gjertsen in the fact that the ministers who have made the charges gave him no opportunity to answer before the entire matter was made public. They sent over here and demanded his resignation from the ministry at once, without a trial. It was certainly done in an unchristian spirit, and this is a point for the defense. I understand that the matter is still under consideration in Norway. It is generally admitted that the hurried departure of Mr. Gjertsen from Norway was a mistake, and in the affidavit stand trial on the complaint of making charges against innocent men was unfortunate. This act is explained by the fact that the language and insinuations were of the vilest character possible; that he said that the Dell Rapids church was "the least church" he had ever preached for; that the people complained about his not dressing better, but that he could not wear "brocade" on \$300 a year; that the church had had fifteen different pastors in quick succession, which statement was entirely untrue; that some of his attacks on prominent Dell Rapids people were so vile as to be unprintable, which allegation is well sustained by the facts set forth in the affidavit.

Mr. Harmon referred to an old soldier who had lost both feet in the service as "that bag of augurs." A prominent physician, who had been called because he had charged the preacher half-price for medical attendance in his family, but had had nothing for my time in conducting the funeral, was called a member of the doctor's family, a statement which particularly angered the people of Dell Rapids. NOT A GENERAL STRIKE BUT RELATIONS ARE STRAINED

Builders Say They Would Like to Have an Issue Right Now. Philip Carlin, business agent of the building trades council declares that there is no strike and no immediate danger of any strike among the carpenters. "The union men," said he, "are earning good wages; there is plenty of work and there is as yet no sign of trouble."

All the building trades with the exception of the wood workers have closed their contracts for the season. The latter are to meet the manufacturers May 1 to arrange a new schedule, and here is where the rub will come. The manufacturers are plainly not going to sign any schedule calling for the use of the union label if they can help it, and they want the cooperation of the building contractors if there is a struggle. The situation from the standpoint of the contractors was summed up thus by one of the big contractors: On May 1 the sash and door manufacturers and the woodworkers will get together to make up a new schedule for the year. The sash and door men do not want to be obliged to use the union label on their goods. So they have made a deal among themselves to issue a new schedule for the year. The contractors and carpenters may have a chance to fight it out before the time comes to sign the new scale. The carpenters' union is in a peculiar corner in the matter. Originally they passed a resolution insisting upon the use of the union label by all contractors. Last week they reconsidered this resolution and changed the matter into the Building Trades Council. This body has a much larger jurisdiction than the carpenters' union, having the power to call on the manufacturers and the lumber companies. It looks to me as if the carpenters wanted to get out from under the responsibility of making the fight for the union label, or else they were preparing to get things in shape for a big contest, but they could not help themselves. Now, the larger contractors have been using material not carrying the union label right along, and there has been no trouble. It is not likely that the carpenters have been put under pressure, and now they are appealing for help to the larger concerns. For my part, I am in favor of meeting the issue squarely right now. It has got to be late soon, or else we will be in just the condition that the Chicago contractors were last year—loaded up with more unnecessary restrictions and burdens of one kind or the other than they could well bear.

STREET RAILWAY DELINQUENT

The Sheriff May Yet Seize Some of Its Property. County Treasurer Bell is busily engaged in preparing a list of all personal property taxes remaining unpaid on April 5, which became delinquent on the 1st. The aldermen will turn over a work of the Court Dickey by April 15, and the latter will then commence suit against the delinquents. When judgment is rendered a few weeks ago, the sheriff was empowered to seize any and all personal property, and after the same is advertised, sell at auction to the highest bidder. Among the corporations that have thus far failed to pay their personal taxes is the street railway company, which was assessed \$57,884.97. It will be remembered that the penalty for non-payment is expected to issue its first notice after May 3, the county treasurer desires to impress upon the minds of all taxpayers the necessity of promptness.

THE COLOR QUESTION

Mrs. Lydia Williams Issues a Statement to Women. Mrs. Lydia P. Williams, president of the Minnesota Federation of Women's Clubs, has issued the following open letter in regard to the question of the admission of the colored clubs into the federation: I desire to state for the information of all members that no colored clubs have applied for membership in the Minnesota Federation of Women's Clubs, but the Adelphe has called for membership blanks. Since the constitution of the general federation and state federation are identical in respect to the admission of clubs the committee on membership for the state, realizing the great difference of opinion on this subject—in its relation to the state federation—has decided to refer the matter to the executive board of the state before acting upon the application of colored clubs, and so indicated to the Adelphe. Surely no reasonable woman, whether favoring the admission of colored clubs or hostile thereto, would expect a membership committee of five to decide offhand a question 6,400 women in the state are discussing and that is vexing 160,000 in the nation. The spirit of democracy, not dictatorialism, should control.

DR. E. L. RIVENBURGH, April 10, 1901. Dear Sir: I gladly acknowledge and certify to the very remarkable cure you have effected in my nephew, Arthur Hall. His stammering impediment was one of the worst cases that I have fallen under my observation. Arthur is a sensitive, nervous boy, and the unfortunate impediment has been the source of great embarrassment and hindrance to him and the occasion of great solicitude by his family. I have myself an especial sympathy for one so afflicted, as I suffered the same sad experience when as a lad Arthur's age, and was almost cured myself by a course of life-long painstaking and self-control. In something less than three weeks time, Arthur is able to speak and read without hitch or hesitation and in apparent ease. Indeed, an easy and deliberate habit of speaking removed the cause of stammering, which succeeded his former impediment, which was so serious as to almost prevent any extended communication by him to others. Your art, as you have explained it to me, is the very simplicity of nature. My own painstaking and experience enabled me to quickly understand its application and effect. In commending you and your successful treatment to my stammering and stuttering nephew, I but do you justice, and I should be glad if, in so doing, I may in some way aid the afflicted to a source of relief. Very sincerely, E. L. Rivenburgh.
