Stuttering

Stammering

DR. E. L. RIVENBURGH
of Chicago, is at the
Metropolitan Hotel, St. Paul,
Where he will remain until May 25,

To cure Stuttering, Stammering, Hesitancy, Lipping and all forms of Speech Impediments, My method removes the cause of stammering, therefore the cure is permanent. The only scientific and successful method known and practiced. **I GUARANTEE A CURE IN A FEW DAYS.** I have made a specialty of speech impediments for the past 30 years and have cured over 2,500 cases. Read the following from

ALBERT H. HALL,
Attorney and Counselor,
Minneapolis, Minn.

Dear Sir: I gladly acknowledge and certify to the very remarkable cure you have effected in my nephew, Arthur Hall. His stammering impediment was one of the worst cases that has fallen under my observation. Arthur is a sensitive, nervous boy, and the unfortunate impediment has been a source of great embarrassment and hindrance to him and the occasion of great solitude by his family. I have myself an especial sympathy for one so afflicted, as I suffered the same sad experience from the past 30 years and have cured over 2,500 cases. Read the following from

Very sincerely,
Albert H. Hall.

EVICT A DEAD MAN

Constable Found the Tenant Dead on the Floor.

Chicago, May 1.—An agent of the law tried to evict a man who had been dead for three months or more. John Carruther, 63 years old, widower, was found dead in the flat at 101 Canal street by Constable G. A. Peterson, who had gone to the house to serve a writ of restitution. Carruther had not been seen for many weeks by his neighbors, and it was generally believed that he had left the house. The landlord, John Ellis, made repeated efforts to secure entrance to the place. Finally the landlord swore out a writ of restitution. The constable found the body of Carruther lying on the floor. There was nothing to indicate the cause of death.

NEW SUBSIDY BILL

Measure May Be Framed to Give the Morgan Line a Share.

INTERESTS WILL GET TOGETHER

Morgan's Amalgamated Company Will Have a Fleet of Sixty-seven.

New York Sun Special Service.

New York, May 1.—It has been suggested by shipping men that J. Pierpont Morgan's steamship consolidation might benefit by a United States ship subsidy. Under the Hanna bill, which failed at the last session of congress, the line could not have filed, owing to the restrictions placed upon foreign built vessels. It is certain that another ship subsidy bill will be introduced at the next session and diversified interests, it is known, will get together this summer and agree upon a measure which all can support and under which all will have a share of the bounty. The influence of the Morgan interests would undoubtedly be with this movement and would be a great aid.

Great Fleet.

Before absorbing the West India and Pacific Steamship company the firm of Frederick Leyland & Co. owned thirty-four steamships, with a total carrying capacity of 129,835 tons. From the West India Pacific company nineteen vessels, having a capacity of 88,479 tons, were obtained. The Atlantic Transport company has fourteen vessels, the carrying capacity of which 89,416 tons. The amalgamation of these lines, therefore, will be the new management a total of sixty-seven vessels, with a carrying capacity of nearly 300,000 tons. It, as is reported from London, \$50,000,000 should be spent for new steamships, about fifty more vessels would be added to the equipment of the Morganized lines.

FRANCE TO THE FRONT

ST. PETERSBURG VISIT RESULTS
Closer Alliance and French Help in Floating Russian Loan—More Visits.

New York Sun Special Service.

Paris, May 1.—M. Delcasse, the French minister of foreign affairs, held a long interview with President Loubet, during which he gave the chief executive a summary of the results of his recent journey to St. Petersburg.

These results include a closer alliance between France and Russia, French assistance in floating a 4-per-cent Russian loan to pay the expenses of the Manchurian campaign, the rapprochement of France, Russia and Italy, the cessation of hostility towards the French army, the restoration of certain popular generals to their commands, the strengthening of the French Mediterranean ports, notably those of Marseilles and Toulon, the establishment of a new line of steamers connecting France with Persia by way of Bombay, where Russia has recently located a consulate, and the laying of the new French cable at once between Tangles and Oran.

President Loubet is so well pleased with the results of the foreign minister's Russian trip, that other members of the cabinet will visit other continental capitals to bring forward to play an important role in European politics.

HERRON TO BE TRIED

Proceedings May Not Be Completed for a Month, However.

Baxter, Iowa, May 1.—By a unanimous vote the Grinnell congregation association adopted a resolution instructing the Grinnell church, of which Dr. George D. Herron is a member, to form a council for the purpose of trying Herron.

The matter was discussed without open discussion, and was the outcome of a plan that had been arranged in the forenoon. It is likely the Grinnell church will take up the matter of forming a council this Thursday evening. There is no doubt that it will move to do so. Mr. Herron will then be invited to take part in the formation of this council and his promptness or delay in answering will determine the degree of the expedition which will be used.

The final formal act will be completed in any case within a month. The meeting Thursday night at Grinnell promises to be interesting.

CRUSHED TO DEATH

Four Street Car Accidents in a Day at Milwaukee.

Milwaukee, Wis., May 1.—Two men were killed and two others, a man and a child, were slightly injured in four street car accidents here to-day.

Both the Charles Rusow, aged 35, driver in fire department, crushed between Vliet street car and State street bridge at 6 p. m. Died while being taken to the emergency hospital; leaves a wife and two children.

Ferdinand Kohls, aged 45 years, head crushed between a Third street car and a center pole at Third street and Reservoir car on day in answering his mail; leaves wife and four children.

Injured.—Alice Fink, aged 4 years, struck by car and slightly hurt. Joseph Boyert, aged 10 years, of the sailors' home, fell while stepping on a National avenue car and was taken to the emergency hospital.

ROBBED OTHER STUDENTS

Charge Is Made Against a Theological Student.

Columbus, O., May 1.—Edward Merriman of Chicago, who is here taking a course preparatory to entering the theological department of the capital university, was arrested on a charge of opening letters addressed to other students. Merriman's scheme, it is said, was to fasten a pin to a ruler and to draw out letters from rooms of his classmates after they had been shoved under the door by the mail carrier.

The university people refused to prosecute, and a scandal, so Merriman was dismissed.

Ludicrous Fight Over a Fox Hide

Special to The Journal.

Redwood Falls, Minn., May 1.—A suit resulting from a general fight caused by a dispute as to who was the owner of a fox skin was settled in the district court yesterday. On Jan. 12 of last year, E. H. Evans and Jerry Bellig were chasing a fox with their dogs. The fox was chased to a farm belonging to a man named Christensen. There the dogs caught it. As the two men came up to relieve the fox of its hide three sons of the farmer appeared and claimed the hide on the ground that the fox was killed on their premises. A vicious fight followed, and Evans and Bellig, being in the minority, were badly pummeled.

While the fight was going on the dogs got hold of the fox hide and destroyed it beyond recognition. One of the Christensens took away the team of horses driven by the fox hunters, who engaged Judge Bowers of this city to replevy the animals, and the two cases were tried Monday, winding up yesterday. The jury restored the horse to Evans and gave him an additional verdict of 25 cents. The second jury restored the other horse to Bellig and gave him a verdict of 50 cents in addition, throwing the costs in both cases on the Christensens, the whole amounting to more than the value of 100 fox skins.

OLD OWNER MAY RECOVER

Decision Without Precedent Handed Down by Judge Gaynor.

Special to The Journal.

St. Paul, Minn., May 1.—A decision without precedent in any western state was handed down yesterday by Judge Gaynor of the district court in the case of Ole Everson vs. Woodbury county, which was to determine the title to a certain piece of property which was sold at scavenger sales for delinquent taxes. The gist of the ruling is that boards of supervisors of this state have the power under the law to compromise for the redemption of property which has been sold and which the owner seeks to recover by paying more than the bidder at the sale paid. The property concerned is located in Leeds, a suburb, and delinquent taxes for three years were due.

The term for which the commission was originally appointed expires in December and the reports, which embrace all sorts of subjects, are being given to the printer for publication. It is probable the life of the commission will be extended.

ARMY REFORM REJECTED

Proposals of Secretary Broderick Are Unanimously Condemned.

New York Sun Special Service.

London, May 1.—At a private meeting of the military members of the house of commons, most of whom are supporters of the government, the army reform proposals of Mr. Broderick, secretary of state for war, were unanimously condemned. This action is likely to lead to a considerable modification of the proposals.

Boys Adrift on Lake Michigan

New York Sun Special Service.

Chicago, May 1.—Helpless in a small rowboat and adrift on the lake in the face of a gale, three boys were rescued from probable death by drowning three miles off the foot of Twenty-ninth street. Two fishermen found the boys after the search had been abandoned by the police. The youths are Matthew Campion, William Bomber and Christ Crumm.

With only a board for a paddle, the boys sets out from the Twenty-ninth street pier. The west wind carried them out on the lake. Finding their efforts to make shore unavailing, they began to shout for help. People on shore notified the police, but when the officers reached the lake from the boat was not in sight.

Fishermen ran across it on the lake and towed the craft ashore.

"It Saved My Life."

Willard, Ill., August 1, 1900.

I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble, heart trouble and falling of the womb. I also had hysterical spells. I was in a bad condition when I received your "Ladies' BIRTHDAY ALMANAC" and read the advertisement of Wine of Cardui and Theford's Black-Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theford's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE.

Mrs. ALICE DAVIS.

It is well that women are more patient than men. Few men could bear the bitter pangs, the agony and distress that women endure. Thousands of women have come to look upon suffering as a duty of their sex. But there are many instances of this heroic fortitude which

WINE OF CARDUI

now renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures "whites" and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theford's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theford's Black-Draught that saved Mrs. Davis' life. Never take a substitute.
