First Games of the Western League Season.

MINNEAPOLIS AT KANSAS CITY
Fans Are All Ago—St. Paul Meets St. Joseph—American and National League Games.

From a Staff Correspondent.
Kansas City, May 3.—The millers and cowboys of the Western baseball league have been boasting all the morning of the trimming each would give the other in the afternoon. That the opening game will be a matter of what the outcome might be is evident for each team is composed of young, lusty and ambitious players whose future is still before them in the fact that both Des Moines and Omaha took two games of the other teams. Captain Glascock has little or nothing to say.

All the millers are very hopeful and to a man declare that they already have Omaha, Des Moines and St. Joseph beaten in the championship race. This appears a very reasonable prediction in spite of the fact that both Des Moines and Omaha took two games of the other teams. Captain Glascock has little or nothing to say.

Two new millers reported this morning, Harry Reed, a promising outfielder and Charles Cote, who lead the Western League as a backstop last year.
Shortstop Cockman has one bad hand and Third Baseman Tammill has both paws maimed in ball games, but both insist on being allowed to play in the opening game.
—Adolf Edsten.

The Western Baseball League made its formal bow all along the line to-day. The first games of the season were played on four different fields. Minneapolis crossed bats with Kansas City, St. Paul was the opposition at St. Joseph, Mo.; Denver entertained Omaha, and Des Moines lived things up at Colorado Springs.

Reports indicate that every team in the league is in trim, fighting condition, and close contests all around the circuit were looked for.

Minneapolis is booked for three games at Kansas City, including to-day's play, after which they will work St. Joe for four. May 10, 11 and 12 will find Beall's men at Colorado Springs, and then there will be a spring "clean-up" at Denver.

Not until May 17 will the Minneapolis team center out to Nicollet park with Colorado Springs in tow.

New Ones for St. Paul.
Second Baseman Brain and Outfielder Dillard of Cambridge's Chicago Americans were yesterday released to St. Paul, and at once taken away to St. Joseph, where the Minnesota and Missouri saints got together to-day. President Lennon of the St. Paul team last night received a message from Manager Ryan, confirming the report of the Chicago purchase. Both men are said to be top-notchers in their respective capacities and can point to good records. It is expected that their addition will materially strengthen the St. Paul team. Brain and Dillard are both star men with the stick, and in company with Terry Werden and Wilson ought to be able to bunch hits on occasion.

In St. Joe, Werden is reported to have signed Jack Crooks, the old-time player, and Pitcher Knepper of St. Louis.

How Badgers Won.
The Wisconsin Cardinal waxes facetious over the recent Minnesota-Wisconsin baseball game. He expected that the "balloon ascension" in the last three innings. According to the Cardinal the Minnesota team last night received a message from Manager Ryan, confirming the report of the Chicago purchase. Both men are said to be top-notchers in their respective capacities and can point to good records. It is expected that their addition will materially strengthen the St. Paul team. Brain and Dillard are both star men with the stick, and in company with Terry Werden and Wilson ought to be able to bunch hits on occasion.

NATIONAL LEAGUE
Brooklyn Won.
New York, May 3.—Yesterday's game at Brooklyn was the best yet seen on bases and one out and Delahanty at bat, when a map Terry Werden caught. Though the score in the eighth being 4 to 0. Then the gophers went all to pieces. A combination of hits and errors allowed the badgers to make the grand circuit and they won out by a single score.

Clark Wins for Pirates.
Pittsburg, May 3.—The home team bunched hits in the eighth yesterday and won an interesting game from Chicago. In the ninth, with the score tied, Brasfield opened up with a single and Clarke brought him home with a slashing triple to right field. Attendance, 2,200.

AMERICAN LEAGUE
Washington Lost Again.
Washington, May 3.—Washington yesterday suffered its second defeat at the hands of Baltimore. The game was lost by Gray's ineffectiveness in the first inning, when the visitors made seven hits and seven runs.

Scored Like Amateurs.
Philadelphia, May 3.—In the second and third innings of yesterday's game, Boston sent 22 men to the plate but secured only two good bases on balls and twelve made safe hits, three of which were triples, the combination giving the visitors nine runs in the second and ten in the third inning. Loos, a local amateur, was placed on the rubber for the home club, but was taken out in the second inning after giving four bases on balls and forcing two runs across the plate. Both teams batted hard and honors in that respect were nearly even. Attendance, 2,411.

Milwaukee Wins in Ninth.
Cleveland, May 3.—Milwaukee hit Hart all over the field yesterday afternoon, but fast fielding prevented Milwaukee from taking the lead until the ninth inning. Maloney made his debut in professional company, and did well.

Detroit's Game.
Chicago, May 3.—Detroit won yesterday

by the score of 9 to 0. Rain began in the visitors' half of the ninth and after they had scored enough to win the locals played for rain and forfeited. Barrett's home run was the feature. Both teams fielded very poorly. Attendance, 2,200.

"Mets" Want a Game.
The Metropolitan team defeated the Minneapolis & St. Louis railway team Saturday by a score of 18 to 10. The feature of the game was the work of Girard, who pitched for the Mets. The batteries were: Girard, Ryberg and Weisel, for the Mets; Greidel, Condon and McCune for the Minneapolis & St. Louis.

The Mets want a game for to-morrow with any average team, the Chamber of Commerce crowd preferred. Address Metropolitan theater.

With the Amateurs.
The Northwestern university baseball team defeated the University of Illinois, at Evanston, yesterday, by a score of 6 to 2. The East Side high school team was defeated by the Hamline Medics yesterday, 7 to 6. The features were the pitching of Fairer for the physicians and Kennedy's fielding and batting.

The Rapid Runners have issued a challenge to every other club in the city. Address J. S. Suterman, Third street N. The "Our Minnies" will play the St. Paul Plymouths, at Midway Sunday afternoon. The "Our Minnies" want a go with any team in the state. Address Karl Plesler, St. Anthony Park.

The Fillmore will play any 12-year-old team. Address Charles Hall, 1028 Twentieth avenue NE.

The Minneapolis and St. Paul Central high school teams will meet to-morrow afternoon at Lexington park, St. Paul. Browne and Howard will be the battery for the Minneapolis club.

The Norenburg and Co. baseball team will cross bats with the Nelson and Ecklund team, Sunday.

The Haveseds defeated the Country Jays by a score of 24 to 3. Batteries—Patterson and Peterson; Johnson and Becke.

RAILROAD RUMBLES.
CONTROL OF U. P.
Some Fine Figuring by Messrs. Gould and Harriman.

New York, May 3.—The Commercial Advertiser says: "Friends of E. H. Harriman assort with much confidence over the syndicate of which he is the head has not lost control of the Union Pacific railroad."

Discussing the Union Pacific situation, the Mail and Express has the following: "From the time of the formation of the syndicate, the Union Pacific and Atchafalaya stocks—big advances occurring in each to-day—it became clear that a fight is going on between great money interests over the establishment of transcontinental systems."

"It now appears that this fight centers around the plans of G. J. Gould and E. H. Harriman to establish a vast network of roads from the Pacific to the Atlantic ocean and Wm. K. Vanderbilt and the Pennsylvania railroad people seeing what was up, have made up their minds to frustrate these plans. It is expected that to have lent his influence to the Vanderbilt and Pennsylvania forces."

"The Rockefeller, who are identified with Mr. Gould in the Southwestern deal, are said to have been in the front of the Union Pacific incident and to have done nothing which could be criticized by Mr. Morgan, with whom they are associated in many affairs."

E. and A. Eastbound Rates.
New York and Special Service.
New York, May 3.—A meeting of the joint passenger committee was held in this city yesterday to take steps in opposition to the Chicago and St. Paul's new low differential rates east-bound from Kansas City to standard lines. There is a difference of about 10 cents in the regular fares and the differential fare.

All of the railroads operating between here and Chicago are in the habit of having a passenger committee. The unanimous sentiment of the meeting was that the Chicago & Alton's course in this regard would seriously disturb if not demoralize east-bound passenger rates. A resolution was adopted waiting the Western Passenger Association to send a committee to this city as soon as possible to confer with the Chicago & Alton representatives. Should the Chicago & Alton refuse to recede from its position, the trunk lines will act in concert and the badgers may be instructed to refuse to accept the differential tickets issued by the Chicago & Alton.

Electric Road in Iowa.
Special to The Journal.
Charles City, Iowa, May 3.—A meeting was held here yesterday of stockholders of the new electric railroad to be built from Charles City to Greene. The meeting was presided over by directors for the next year: P. H. Powers, Powersville; C. D. Ellis, W. E. Waller, E. Werder, S. L. Weston, George May, Charles City, and G. W. Dawson, Waterloo. Articles of incorporation were adopted and the stock will be \$100.00 per share. The road is to be completed by the end of the year. It is supposed that the work of construction will be pushed rapidly after that date. This road will connect Charles City with the Burlington, Cedar Rapids & Northern, at Greene.

Claim Agents Elect Officers.
Milwaukee, May 3.—The National Association of Freight Claim Agents elected officers to-day as follows:
President, H. H. Elliot, Chicago; first vice president, J. J. Hooper, Washington, D. C.; second vice president, C. Barlow, secretary-treasurer, W. H. Taylor, Richmond, Va. The next convention will be held in St. Augustine, Fla., next January.

Winston Bows Contract.
Winston Brothers of this city have secured the contract for the complete overhauling of the northern division of the Omaha, which comprises 325 miles in all. The work will be undertaken this season and will involve an expenditure of several hundred thousand dollars. Many grades and hills will be attended to under the new arrangement and it is hinted that a great saving of time will be effected by the completion of the new work.

N. P. Accepts State Offer.
The Northern Pacific will accept the state's offer in the matter of the swamp land grant to the Little Falls & Dakota railroad. The properties of this grant were taken over by the road, which has complied in all respects with the provisions of the law passed by the last legislature.

The new law provides that the railway company shall receive one-third of the 106,228 acres involved in the grant. This gives to the state nearly 70,000 acres.

Killed the Bill.
Madison, Wis., May 3.—The assembly yesterday killed the railroad ad valorem tax bill—46 to 51.

Aberdeen Figures on Two.
Special to The Journal.
Aberdeen, S. D., May 3.—Aberdeen people who went to Minneapolis to interview the managers of the Soo road claim to feel confident that the route will be built into this city from Washburn in the near future, and state it as a certainty that the road will build to the river in Cadeau county this summer. They also received encouragement that the Minneapolis & St. Louis will build across from Watertown.

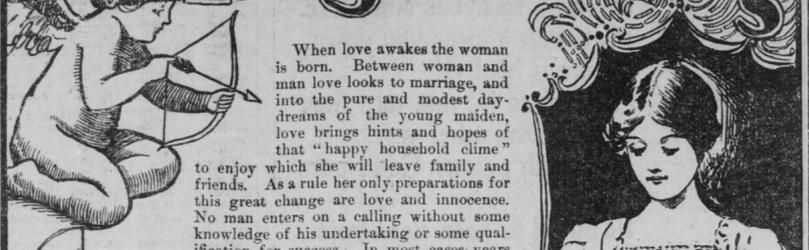

Railroad Notes.
The first of the Diamond J. packets is now on its way up the river and will reach St. Paul before noon to-morrow morning. Prospects for a peaceful settlement of the differences between the Illinois Central and the machinists in its employ are exceedingly bright.

It is reported that James J. Hill will shortly become a director of the Canadian Pacific railway. The recent heavy buying of Canadian Pacific stock is stated to have been on Mr. Hill's behalf.

The passenger department of the Burlington, Cedar Rapids & Northern has issued a little book on "Spirit Lake and the Okobojis" setting forth the attractions of Iowa's most popular summer resort.

Northwest Pensions.
Washington, May 3.—Pensions granted: Minnesota—James C. Fry, Julia, 75; John J. Spurzem, Loreto, 812.
Iowa—Andrew F. Wall, Burlington, 86; John L. Swartz, Iowa Falls, 86; Horace H. Folsom, Swedesburg, 86; Augustus D. Barfield, Soldiers' home, Marshalltown, 812.
Wisconsin—James Radford, Oshkosh, 812; August Paska, Marshall, 86; James F. Shalding, Coloma, 812.
South Dakota—George Fullington, Rockford, 812.

Loves Awakening

When love awakes the woman is born. Between woman and man love looks to marriage, and into the pure and modest day-dreams of the young maiden, love brings hints and hopes of that "happy household clime" to enjoy which she will leave family and friends. As a rule her only preparations for this great change are love and innocence. No man enters on a calling without some knowledge of his undertaking or some qualification for success. In most cases years of preparation are spent in order to acquire a reasonable fitness for the chosen occupation. Yet most young women enter upon the obligations of wifehood, not merely innocent but absolutely ignorant of the physical needs and requirements of the married state. It follows as a natural consequence of this ignorance that many a young wife finds the paradise of her dreams to be only an arid desert. Her very innocence and ignorance are her foes. She plods on in a daily pilgrimage of pain, suffering in silence. She does not know why she suffers. She is afraid or ashamed to ask the questions that live in her heart but die upon her lips.

Preparation for marriage is more important than preparation for any occupation or calling. Not only the wife's health and happiness, but the health and happiness of the little ones who may call her mother depend on this preparation. It is essential that there shall be a condition of womanly well-being. The simple derangement of the girl may become the dangerous disease of the wife. This is so often the case that tens of thousands of women are suffering because they are not prepared for marriage, and afterward did not know how to cure the weakness and disease which laid hold upon them. That such weak and sick women can be restored to health and strength is proven by the thousands of cures effected by the use of Dr. Pierce's Favorite Prescription.

"About three months after I was married I became in a delicate condition, but I did not know what was the matter with me," writes Mrs. John Hennis, of Munson Station, Pa. "I was so sick and nervous, was not able to do any work at all; had to hire it all done. My husband's mother had been using your remedies, and one day she came over to see me and brought some of your 'Favorite Prescription' with her, and she said, 'Take that medicine—I know it will help you.' I took it and it did help me, and I got better of the bad feelings I had before I commenced taking it; was soon able to do my work myself. I took the medicine right along till after baby came, and I can safely say that Dr. Pierce's Favorite Prescription is better than all the other doctors' medicines put together. Now I am happy and well, and he people who saw me before when I was sick and see me now have said, 'How well you look,' and they ask me what I got to make me so well. I quickly tell them what made me better. Some of the neighbors have used the same medicine through my advice, and they have been greatly benefited, too."

Dr. Pierce's Favorite Prescription is the best preparative for marriage. It cures womanly diseases and establishes a condition of sound health. It promotes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes the baby's advent practically painless, giving the mother strength to nurse and nourish her child.

Mrs. Studdard concludes her letter given below by saying that "Favorite Prescription" makes one feel well and strong. "It makes women feel well and strong because it really makes them well and strong. This is the common experience of women who have fairly and faithfully used this medicine as a cure for womanly diseases. There is not a form of womanly disease curable by medicine which has not been cured by the use of 'Favorite Prescription.'"

"During my two years of married life I have not had good health," writes Mrs. Daisy Studdard, of 608 South Esplanade Ave., Leavenworth, Kans. "I was all run-down, and my husband got me to write to Dr. Pierce and explain my case to him and see if he could do me any good. So I wrote, and, thank the Lord, I got an early reply telling me what the trouble was. I commenced taking Dr. Pierce's Favorite Prescription, and also the 'Pleasant Pellets,' and now can say I feel like a new woman, and can say also that we have a big baby four months old. When the baby came it was just wonderful how I got along, and now I do all my own work and do not feel tired out like I used to. I have taken eight bottles of the 'Favorite Prescription.' It makes one feel well and strong. We owe our good health to God and to Dr. Pierce through what his wonderful medicines have done for us."

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence is guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with sick women, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

If a dealer offers a substitute, claiming it to be "just as good" as "Favorite Prescription," remember that the only motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious preparations.

MARRIAGE AND MATERNITY are among the many themes discussed and illuminated in the pages of Dr. Pierce's Common Sense Medical Advisor. This great work contains more than a thousand large pages, and is sent FREE on receipt of stamps to pay expense of mailing ONLY. SUPPRESS STUDENTS' PAPER
It Contained Attacks on Croker and on Religion.
New York, May 3.—Locked tightly within the inner office of President Alexander S. Webb in the building of the College of the City of New York, are the several hundred copies constituting the last issue of the college publication, the Review. It appears over the pages of this edition is an attack by Student Weatherwax of an institution supported by city money—Richard Croker. Upon other pages, over the initials A. T. F., is a treatise upon the religious, their origin, and their folly, which the writer concludes with the observation that Christianity is just as foolish as any other religion, and that the only thing worth attention is agnosticism. The authorities of the college suppressed the Review and looked for the editor. They found him and the author of the article on Mr. Croker, but this far in their search for the youthful scoundrel who hides behind the letters A. T. F. has not yet been successful. The faculty has been searching the catalogue for a name like A. T. F., but has not found it. Action will probably be taken at the next faculty meeting.

GOAL TAX MUST STAND

GOVERNMENT IS DETERMINED
Sir Michael Hicks-Beach Says the Bureau Falls on Those Able to Bear It.

New York Sun Special Service
London, May 3.—The proposed debate in the house of commons of the proposal to place an export duty on coal was adjourned last evening, until Monday, but a speech by Sir Michael Hicks-Beach, chancellor of the exchequer, was sufficient to show that the government is determined to adhere to the proposal, and also that it has a consolidated party to support it.
Sir William Vernon Harcourt denounced the proposal as bad finance. He drew a gloomy picture of the stress caused by foreign competition, and prophesied that the tax would result in closed pits and starving colliers.

The chancellor of the exchequer declared that it was the unalterable determination of the government to make the duty not only an integral part of the budget, but a permanent tax. He quoted figures showing that the net increased profits of the mine owners in 1900 as compared with 1897 were £34,000,000. He was convinced that part of the tax would fall on foreigners. If it fell on anybody in England it would be on those best able to bear it.

The government was extremely anxious to obtain a division last night, but Mr. Balfour was afraid to move closure. The result of the continuation of the debate will be to postpone the discussion of the king's civil list and it is doubtful whether Mr. Broderick's proposals can be taken up next week.
The stagnation of business is beginning to cause considerable speculation in the house as to its effect on the program of the session. The miners are not likely to approve unconditionally the recommendation of their leaders that they should indicate their disapproval of the coal tax by a general strike.
