Epidemic of Diphtheria Feared.

Park Rapids, Minn., May 17.—The board of education has closed the five lower grades of the public schools for the remainder of the week and the board of health has printed and

week and the board of health has printed and posted notices warring parents to keep all children under 16 years of age off the main streets of the village. The death of several children from diphtheria aroused the community to the danger of 2 serious epidemic. No new cases have been reported for twenty-four hours and it is now hoped that with a vigorous quarantine and precautionary measures firther spread of the disease may be checked.

CONTINUED RAINS IN KANSAS

Clearances for the Week Were Light -General News of the Day.

Minneapolis Chamber of Commerce, May 17.

—Wheat dragged along this morning in the same quiet tone, dropping into duliness and showing little fluctuation up to noon. The general tendency was easier, but the feature was the lack of offerings. July opened at 72c, and sold 72½c, dropping later to 71½@71½c. Continued rains were reported in Kansas and Texas. Snow had out a bearish review of the week, although his estimate of average winter wheat conditions was lowered from 101 to .98. He says the Kansas dry spell was proken before any irreparable damage was proken before any irreparable damage was a conditions. Minneapolis Chamber of Commerce, May 17. broken before any irreparable damage was done, and the deep root growth increased the resisting power of the plant. Aside from the slight reduction in the condition, the outlook is excellent and he repeats the prediction of Wheat Is Given a Good Boost by Renewed Buying Strengthens Stocks A 450,000,000 bushel winter wheat crop. In Russia and the Crimea the condition of the crop is said to be satisfactory, but rains are needed soon. The German outlook shows some improvement. Argentine shipments for the week were 7:6,000 bushels, against 94,000 bushels last week and 2,28,000 bushels a year ago. The Argentine visibile is placed at 3,312,000 bushels, against 3,800,000 bushels last year. Liverpool was %d lower to start, moved up to %d%d lower, and was scattered and %d lower to start, moved up to %d%d lower, and was scattered and %d lower to start, moved up to %d%d lower, and was scattered and %d lower to start futures.

Bradstreet's figures on wheat and flour clearances for the week were 3,965,000 bushels as tweek and 5,758,000 bushels last week and 2,758,000 bushels last week and 2,758,000 bushels last week and 2,758,000 bushels last week 450,000,000 bushel winter wheat crop. Russia and the Crimea the condition of the crop is said to be satisfactory, but rains are needed soon. The German outlook shows

demand. Millers were buyers, but in a moderate way, taking the good lots promptly, but not buying so freely as earlier in the week. No. 1 northern held at 1/2c over July, and No. 2 northern sold at 70%Tic, averaging 70½C. No. 3 wheat ranged from 65c to 68c, and the low grades from 57c to 60c for the average, some very poor no grade going as low as 53c.

HONEY-New fancy white, 1-lb sections, By 11 o'clock prices were declining in spots on realizing and pressure by professionals. Renewed buying for both accounts strengthened stocks which were reactionary and the market in general was strong. Prices fluctuated within narrower limits than for some time. Northern Pacific advanced 8, Delaware & Hudson was marked up 4%, and Chicago Terminal issues, Illinois Central, International Power and Consolidated Gas improved 2@3. Trading was intensely dull. The strength of the market was maintained until the last hour. Metropolitan Street Railway, People's Gas, Sugar, St. Paul, New York Central, Pennsylvania and the United States Steel stocks were conspicuous, but the whole market moved up again. There was practically no pressure to realize and the market closed active and very strong at the top level. A. M. Day, New York, to Pettit—Atchison will make a great statement for last month. They are showing a big increase so far this month over last. Market growing healthier every day. Now look for trading market for a few days perhaps and would buy on weak spots and sell on quick rallies. But conditions all very favorable to higher prices for dividend stocks. Northern Pacific trouble is over. Both sides will be represented in the Quincy directory and out of it all will certainly come the accomplishment of a union of roads, will make permanent high prices for the granger roads. Money will be a drug this summer. Bank statement for week should be favorable. The gain in our foreign trade balance shows conclusively that none of the factors that contributed to the laterise in prices are absent but are still with us and that dividend stocks at present prices are cheap.

Earnings of St. Paul for second week of May, \$727,062; increase, \$47,426.

New York to Lewis: Think stock market a sale on all strong spots. Buying power of any moment not likely to develop again except at a materially lower range of values, or after crops are assured. Labor situation unsatisfactory. Machinists' strike starts Monday in many sections. Sugar is likely to advance when rest of market declines.

vance when rest of market declines.

Verhoeff, from Milmine: London prices strong: St. Paul and Steel stocks the feature. Morgan-Hill-Standard Oil interests harmonious. General market may simmer down in volume, but prices will go higher later on. Excellent buying of grangers and Pacifics and coalers. Large short interest in Chicago & Alton. Our people feel the worst is over although two sides to market, and would advise taking advantage of bulges to take profits. On declines, good stocks should be purchased.

Wall street Gossip, to Watson: "I think the stock market is in good shape now. The position of ten days ago has been reversed. Then, the safe deposit vaults were empty of securities and the broker offices were loaded. To-day, this condition is greatly changed. I

Special to The Journal.

Dickinson, N. D., May 17.—Ross Krunk, late of Minneapolis, had an exciting time this week in attempting to file a homestead on some government land forty miles south of Dickinson. He bought ranch improvements for \$700 of a cattleman who was moving away, but a large sheep owner operating in the vicinity wanted the place because of its water privilege and had a surveyor locate the land containing the desired spring, whereupon he sent a man to Dickinson with three relays of horses and succeeded in placing soldiers' script at the United States land office about thirty minutes in advance of the arrival of the Minneapolitan. Lead, S. D., May 17.—The Fremont, Elkhorn & Missouri Valley Railroad company has moved into its new office in the new Smead hotel. It is considered to be the finest location and the most elegantly equipped railway office west of Omaha. J. R. Buchanan, general passenger agent, has been in the city initiating the new ticket agents. The railway office, Western Union Telegraph office and the Hidden Fortune Mining company's office are all on the first floor of the Smead. The general manager, chief engineer and bookkeeper of the later company have arrived from Denver and are ready to commence the development of the ground north of this city. Companies Well Housed. In July will come the Northwest Epworth assembly, which has such speakers as Generals Howard and Gordon, Ballington Booth, Lou Beauchamp and Chaplain

Yachting will have an added impulse.
Two new White Bear sloops have been imported and bid fair to show last year's swift ones a merry clip. The champion of last year's races, the Yankee, is also a White Bear boat. Besides the attractions already dated and published, there are several meetings, conventions and encampments in view, but not definately announced. Prominent among these is the state encampment of the national guards and the encampment of the Fifty-second Home-Talent Dramatics.

Beresford, S. D., May 17.—Over \$40,000 worth of property has changed hands here in less than thirty days. Most of the property is on the principal street and comprises several desirable business locations. The sales were made at prices nearly double the figures asked two years ago. The transfers will result in many improvements and several new buildings. The new electric light system is being tested, and it is expected to be working satisfactorily in a few days.—The marriage of Nels Frieberg and Clara Smith took place to-day.
