

DEMANDS OF BOARDS

Are Canvassed in the Presbyterian General Assembly.

SOME HEATED APPEALS ARE MADE

Exception Taken to the Charge That Over 2,000 Churches Fail to Help Home Missions.

Philadelphia, May 21.—The consideration of church board reports was continued at today's session of the Presbyterian general assembly.

Every effort is being made by the assembly to dispose of the routine matters before debate on revision begins in order that when the subject is settled there may be little unfinished business to consider.

The report of the committee on home missions, read by Rev. Dr. Hugh K. Walker, chairman, contained numerous recommendations, one of the most important being an earnest commendation of the proposed anti-polygamy amendment to the constitution of the United States.

We earnestly urge upon congress the importance of prompt action in this matter, so that such an amendment may be submitted to the states before the Mormons gain the balance of political power in any additional states of the union.

The committee also recommended that the church be asked to contribute during the year not less than \$500,000, of which \$500,000 is to be used for evangelistic work; that an amount be set aside for its amount and to signalize the centennial year of the board the presbyteries be requested to ask churches for two congregational offerings to the board.

Charges, families and individuals be requested to make gifts for special objects, such as for furnishing a minister or a teacher; that the moderator appoint a committee of thirty to arrange for the proper observance of the one hundredth anniversary of the board of home missions during the general assembly of 1902.

Walker also presented a report on behalf of home missions. He asserted that foreign missions received so much attention from the church that home missions suffered from neglect.

Dr. Charles L. Thompson, secretary of the board of home missions, followed with an eloquent appeal for support.

Elder Ephraim Banning of Chicago, precipitated a spirited debate by taking exception to the statement in the report that 2,313 churches do not contribute directly to the home mission board.

He contended that if a presbytery or synod supported its own home missions, its secretary should not be asked to contribute directly to that of other presbyteries and synods which contributed directly.

Rev. Dr. James Vance of Chicago protested against what he regarded as an aspersion on the presbyteries, which contributed to their home missions. Numerous other commissioners were heard, and Dr. Walker ended the discussion by agreeing to make an amendment.

The amendment proposed was that the sentence was eliminated and the report adopted. A supplementary report from the committee on relief asking the assembly to non-concur in the recommendation of the board that the home at Perth Amboy be abandoned was adopted.

Rev. Dr. John Fox presented a report in behalf of the American Bible Society. The assembly adopted a resolution commending the society.

"SECRET SOCIETIES" Restrictions May Be Modified by United Presbyterian Church.

Des Moines, Iowa, May 21.—The forty-third general assembly of the United Presbyterian Church of North America will open here to-morrow with an address by Rev. Dr. J. P. Sankey of Chester, N. Y., the retiring moderator.

Three hundred delegates will attend. The committee for revision of creed probably will recommend that the article upon secret societies be modified and the rule against a man marrying near relatives of his wife be abolished.

The consideration of these changes will be the chief work of the assembly.

DOWNING DOWIE Illinois Courts May Give the Charlatan a Setback.

Chicago, May 21.—If the plans of Coroner Traeger do not fail the courts of Illinois, and possibly the supreme court of the United States, will in the near future be asked to pass upon an entirely new question in American jurisprudence, and incidentally upon the disposition of Dowie and Dowielism.

It is the decision of the problem whether to protect its citizens against folly by making medical attendance in certain emergencies, particularly in connection with the birth of children, compulsory.

Coroner Traeger has a long conference yesterday with States Attorney Deane, and when it was over he announced that he intended to carry the case of Dowie as high as it could be taken and that he would not cease his efforts till every possible had been done to compel the high priest of Zion to end his traffic in Chicago.

The feeling against Dowie is growing in intensity and the officials investigating the deaths of Mrs. Christensen and Mrs. Judd have made their minds that there shall be no miscarriage of justice in putting the blame where it belongs.

EVIDENCE OF DELUGE Prof. Wright Finds What He Thinks Indisputable Indications.

New York, May 21.—Professor George Frederick Wright, LL. D., of Oberlin college, who has lately returned from a scientific trip through Siberia and western Asia, told the Congregational club at the hotel St. Denis last evening that in his journey he had found in Asia what he considered some geological evidences of the deluge.

It was in the "Loeff," or fine glacial loam, similar to that of the Missouri valley, which he found on the Amur river and in Turkestan; and in the conclusive evidence that there had been a period of vastly greater precipitation in that region than at present.

This had been since man had been on the earth. He concluded that all men were destroyed after the glacial snows melted, except those in the ark.

CENT A MEAL. Economy in Food.

"Ease in getting a meal and economy are two important things," a lady teacher says about the fully cooked Grape-Nuts.

"I had a meal that satisfied hunger and I began to sleep well last night. I was a little tired, but I concluded to make my breakfast with Grape-Nuts and a little fruit rather than go to the boarding-house. I found that I began to improve very rapidly in health, and my work became a pleasure."

Deputy's Fierce Fight with a Madman

Special to The Journal. Sisseton, S. D., May 21.—An insane man by the name of George Jennings, residing six miles northeast of this city, attacked Deputy Sheriff Ed. Bott with a razor.

IRON, STEEL AND TIN MEN

PORTENTIOUS MEETING OPENED Relations of Workers With the New U. S. Steel Corporation to Be Determined.

Milwaukee, Wis., May 21.—One of the most important conventions in the history of the Amalgamated Association of Iron, Steel and Tin Workers met here to-day with about 250 delegates present.

This convention will differ from others of the same body in that it is expected more matters of public interest will develop than ever before.

The relations of the organization with the recently organized United States Steel corporation are of vital importance to wage-workers in general, and the eyes of the entire labor world are now turned upon the convention's actions.

It is probable that nothing will develop during the first week of the convention, or until after the reports of the committees have been completed and placed before the convention on its action.

HUMAN CHAIN How a Chicago Man Was Rescued From Drowning.

Chicago, May 21.—Forming a human chain last night, Officer Thomas Malone and a group of police officers, together with Mandel Mendelich, James Kelly and Martin Corbett, succeeded in rescuing James O'Donnell from the river.

O'Donnell was a young man, two girls who were accidentally drowned last August while boating in Washington park, and was crossing the Thirty-fifth street bridge when he fell into the river.

Officer Malone called upon Mendelich to assist in the rescue, making the officer by the feet, lowered him at arm's length from the bridge, but still the officer could not reach O'Donnell.

Kelley then took hold of Mendelich's ankles and lowered both men, only to find the officer was still six inches short in his reach.

Officer Malone called upon Mendelich to assist in the rescue, making the officer by the feet, lowered him at arm's length from the bridge, but still the officer could not reach O'Donnell.

Officer Malone called upon Mendelich to assist in the rescue, making the officer by the feet, lowered him at arm's length from the bridge, but still the officer could not reach O'Donnell.

Officer Malone called upon Mendelich to assist in the rescue, making the officer by the feet, lowered him at arm's length from the bridge, but still the officer could not reach O'Donnell.

Officer Malone called upon Mendelich to assist in the rescue, making the officer by the feet, lowered him at arm's length from the bridge, but still the officer could not reach O'Donnell.

EXPERIMENT A SUCCESS

NORTH HIGH SCHOOL LUNCHES Daily Routine is Observed Without Hitches—Cheap and Wholesome Lunches.

The serving of lunches at the North high school has proved to be most successful and every day a crowd of hungry students swarms around the counter until sandwiches and cookies have disappeared.

No great variety is offered, but the food is wholesome and appetizing and just what a student needs who has had his breakfast hours before and whose lunch is still some hours before him.

Some of the pupils of the North high school come from Robbinsdale and Camden place and they have to breakfast early and lunch late in order to attend school.

It was for the good of these pupils, who came three or four miles, that the lunch counter was opened.

Two lunches a day are served. One during the morning session and a second at noon for the pupils and the teachers who remain for afternoon work.

The teachers in the Logan school take advantage of the lunch counter at noon, also. The receipts a day run from \$6.50 to \$8 or \$9, and the lunch counter is self-supporting.

A woman came at 8 in the morning to prepare the sandwiches, but the coffee rolls and make the monade. The remains until 2 p. m., when everything is cleared away.

Just before the bell rings for recess the counter is wheeled out in the hall and the pupils begin to line up.

Each week and the boys and girls don white aprons and caps and take their places behind the counter. Another bell rings in order to attend school.

Arrangements are very much simplified. A committee is in each room to sell tickets and a boy is stationed in the hall with tickets for sale.

Prices are as reasonable as the cost of material will allow. Sandwiches and milk are 2 cents. Home-made cookies cost a penny apiece and bananas are the same price as the rolls.

Oranges were sold for awhile, but when the price of oranges went up they were discontinued to sell them for such a small price and bananas were substituted.

Luncheon for Two Cents. A student can really get all the lunch he needs for 2 cents; for the sandwiches are generous in size and the rolls are not small.

The pupils make a voluntary contribution of a penny apiece for the purchase of spring water and about fifteen gallons are used a day.

The committee in charge of the lunch includes Miss Rapier, Johnson, chairman; Miss Hermine König, treasurer; and Miss Georgia Burgess, who has charge of the tickets.

Professor Hobbs is delighted with the experiment and expects to continue the work next year. It is just possible that the menu will be increased, although the serving of soup will entail extra expense for plates and spoons.

No ten or coffee will be offered the young people, for the object is to have the lunch wholesome, not stimulating. Ice cream will be added as soon as the weather grows warm and will be served in glasses at 5 cents a glass.

The pianist, who was largely responsible for the lunch counter, still visits the school, but he has been invited to go into his hand instead of the hundreds which used to jingle merrily together.

Senior Class Memorial. The senior class has decided on its memorial and will furnish the landing on the left of the stairs, as the one on the right is arranged, with a frieze of handsome pictures.

The pictures on the eastern portion of the state will be large. The delegates east of the Missouri river will assemble at Sioux City on Monday evening, June 3.

From that place they will proceed to Piedmont by the North-Western railroad, and from Piedmont to Lead by the Black Hills & Fort Pierre.

Retraining, they will travel over the Burlington & Missouri road to Hot Springs, and from there to Sioux City by the Northern.

Among those from Sioux Falls who will attend will be W. J. Markham, grand master at arms. Information received here is that the Black Hills & Fort Pierre lodges have united for the entertainment of the delegates and visitors from the eastern part of the state.

DEAL FALLS THROUGH London Men Will Not Take Britannia Mines Near Vancouver.

Vancouver, B. C., May 21.—The big option on the Britannia copper group, all near here is off. London capitalists are no longer to be seen at the Britannia mines.

It is a great disappointment here, as completion of the purchase meant the investment of \$2,000,000 and the employment of hundreds of workers. It meant also the opening up of a big new mining district on Howe sound, tributary to Vancouver.

SEARCHING FOR COAL. Special to The Journal. Vancouver, B. C., May 21.—Prospecting and surface boring for coal continue here and New Westminster. As a rule the results indicate only light or no adequate commercial value.

New Service to St. Louis via "The Milwaukee" Line. Commencing Sunday, May 19, the Chicago, Milwaukee & St. Paul will inaugurate a new service to St. Louis.

The sleeper will be carried daily on the train leaving Minneapolis 7:50 a. m. and St. Paul 8 a. m., arriving St. Louis 7 o'clock following morning.

The route is via Chicago, Milwaukee & St. Paul, Iowa Central and Wabash Railways, making a very direct line—passing through a very interesting portion of the country.

Pan-American Opening. The Nickel Plate road will sell excursion tickets from Chicago to Buffalo at \$13.00 for the round trip each Tuesday in May (the 7th, 14th, 21st and 28th), with a limit of five days; namely, returning good time from Buffalo on Saturday following Tuesday tickets are sold. They will be good on all trains on date sold.

Daily trains from Chicago at 10:35 a. m., arriving Buffalo 2:05 following morning; daily train from Chicago at 10:35 a. m., arriving Buffalo 7:35 next morning; daily train from Chicago at 10:35 a. m., arriving Buffalo 4:45 next afternoon.

THEY NEED A RAILROAD

PEOPLE OF MILLE LACS REGION Very Rapid Growth There in the Past Two Years—The Great Northern's Chance.

LETTER'S EFFORTS TO RETALIATE Local Health Officer Arraigned at a Public Meeting for Failure to Do His Duty.

Special to The Journal. Pierre, S. D., May 21.—The smallpox fight between Pierre and Fort Pierre has reached an acute stage, all communication between the two towns being shut off, so far as passengers are concerned.

The high price of 800 cattle shipped here by "Scotty" Phillips from Texas, was allowed to pass quarantine by the Stanley county authorities, but a general and rigid quarantine has been otherwise declared against Pierre, and includes merchandise as well as persons.

Arrangements have been made to pass the horses which are now rounded up on the west side of the river in readiness for the horse sale which is to be held in Pierre on the 22d. Owners, but no attendants will be permitted to come to Pierre with the stock.

Fort Pierre people are smarting under the quarantine restrictions and efforts to retaliate against Pierre are being made. An indignation meeting was held there last week and Dr. Lavery, their local health officer, was severely arraigned for having failed to take precautionary measures sooner and for failing to keep up a good quarantine now.

The Chicago & Northwestern railroads, they appealed for assistance in doing away with the Pierre quarantine on the threat that if this is not done the range wool clip will be marketed at Chamberlain shipped over the Milwaukee line.

Dr. Ruble, local health officer at Pierre, declares that if the people of Stanley county had not persisted in violating the quarantine laws he would not have headed the quarantine absolute, but that there was no half way ground now. Only a few days since State's Attorney Joseph Donnelly, in a letter to the board of health, that there was no quarantine in Stanley county.

A wild rumor was in circulation that two men had been killed by smallpox. It was found to be a hoax. The rumor had come to town the night before for the purpose of investigating the situation and that the town of Pierre was to be quarantined against all outside communication, including the mail.

These rumors have kept up the excitement, which has no real foundation in the situation. There are no cases of disease to justify apprehension.

S. DAKOTA COLLEGE MEET

Events on Track and Rostrum Scheduled for Mitchell. Mitchell, S. D., May 21.—According to reports received by the local college students who have charge of the arrangements for the oratorical and athletic contest, the meeting will be held at Mitchell, S. D., on June 1st.

At least 500 college students in the city this week. The athletic contest begins Thursday morning at Athletic park, which has been put in fine condition. The half-mile track has been improved and a good ball ground has been laid out. The athletic features will last two days.

There will be a strong rivalry between the orators, bookmakers and Mitchell. Each of these colleges have had professional trainers.

The oratorical contest will be held in the corn palace. The Brookings students will arrive Wednesday evening on a special train over the Omaha road and will bring 200 of their supporters. Huron students will also arrive Wednesday with their band, and in the evening will present a play which they have given at Huron and other points.

SOUTH DAKOTA PYTHIANS

Eastern S. D. Members Preparing for a Pilgrimage to Lead. Sioux Falls, S. D., May 21.—Local Knights of Pythias are looking forward with pleasure to the meeting of the grand lodge, to be held at Lead on June 4, 5 and 6. The meeting will be held at the grand lodge of the state will be large.

The delegates east of the Missouri river will assemble at Sioux City on Monday evening, June 3. From that place they will proceed to Piedmont by the North-Western railroad, and from Piedmont to Lead by the Black Hills & Fort Pierre.

Retraining, they will travel over the Burlington & Missouri road to Hot Springs, and from there to Sioux City by the Northern.

Among those from Sioux Falls who will attend will be W. J. Markham, grand master at arms. Information received here is that the Black Hills & Fort Pierre lodges have united for the entertainment of the delegates and visitors from the eastern part of the state.

Home Trade Shoe Store 219-223 Nicollet. The gross earnings statement given out by the Great Northern, covering the past ten months, shows a decrease of 3 per cent, which is accounted for by the decrease in wheat crop along the line last year.

The gross earnings for April were \$2,739,000, divided as follows: St. Paul, Minneapolis & Manitoba, \$1,917,000; Eastern Minnesota, \$1,844,000; and Montana, \$1,378,000. The gross earnings for the ten months of the present fiscal year are given as \$24,062,074, and for the same period last year, \$24,777,871.

Adopted 1912 Cent Rate. Lake and rail officials yesterday adopted the rate of 12 1/2 cents for export and domestic, and thus met the reduction put in force by the action of the lines east of the Mississippi river.

The acceptance of the situation by the lake and rail people is in line with the action of the Western made in The Journal last week. The new lake and rail rates take effect immediately.

Many Will Take Northern Routes. The fifth international Epworth League convention which will be held at San Francisco July next, will be the means of bringing many eastern people through Minneapolis to the West.

The new engines will be of varying types and fitted for use along the various divisions. Railroad Spikes. The Chicago Great Western has notified its stockholders that it will increase its 4 per cent dividend on the 1st of June.

The Chicago, St. Paul, Minneapolis & Omaha brought in 900 people Sunday from Ashland and intermediate points, on a special low-rate excursion. Similar excursions will be run next Sunday from points on both the eastern and the western divisions.

The Great Northern announced a special excursion from Hutchinson to Spring Park on Sunday, June 2.—A special train will be run on the following Sunday another excursion will be run by that road from Wilmar to Spring Park.

Present B. F. Youkum of the St. Louis & San Francisco railroad, has announced that the general offices of the Memphis Route in Kansas City will be closed and that the line will be operated from the general offices of the "Frisco" in St. Louis.

The Omaha road has announced special rates for fishermen to Wisconsin resorts on its line. They will be in effect this Saturday, and will be one fare and one night.

Great Western earnings for the second week in May were \$12,252, as compared with \$12,124 for the corresponding week last year, an increase of \$122,908. From July the gross earnings were \$6,077,732, an increase of \$309,000.

The railroad commission will leave this evening for Elmer, a point on the Great Northern, to investigate a petition made by the people of that place for a depot. They will be back on Thursday.

The Financial Chronicle reports gross and net earnings of 130 roads for March: Gross, \$103,224,222; net, \$50,270,321.
