

INVIGORATED

HOW A WOMAN GOT HER STRENGTH BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

Doan's Kidney Pills

Never fail to quickly relieve the aching back. To cure every kidney ill, whether it be common backache or urinary disorders.

Plenty of Minneapolis proof that this is so.

Mr. L. Wittgraf, of 1315 Nicollet avenue, grain buyer, says: "For three or four years I had attacks of backache, particularly if I contracted a cold. I have often had to press or lean my back against the first thing handy for the slight assistance this makeshift gave. While suffering from an attack I procured Doan's Kidney Pills at Voegeli Bros.' drug store, Minneapolis, Minn. Under the treatment the pain, which extended across my loins and around to the sides and which had resisted other remedies, disappeared."
