Northwestern Mines ONE MONTH BEHIND

Ore Moving Season on the Lakes Greatly Delayed.

A GENERAL START NEXT WEEK

More Diamond Drills on the Mesaba Than Ever Before—Unusual Find Near Hibbing.

Special to The Journal.

Duluth, May 24.—Ore cargoes are just commencing to move. Other than United States Steel ships have been on the go for some time, and are now on being shipped. The arrival of grain with great rapidity. Duluth alone having shipped more than 2,000,000 bushels this week, but ore is scarcely started. The United States Steel ships are now on the way down the lake, and by the end of the month will be all carrying cargoes. The season has been cut just about a month by the various delays and it will now be necessary for the greatest hustling for the rest of the year.

A lot of work is being done in the western Mesaba. There 12,000 acres of land have been taken by the Walker holdings and are to be explored, the probability of the Mesaba Chief mine being examined; the Marble lands in sections 18, 19 and 20, township 56, range 23, have been taken by Oscar Kohl, representing the Union Mine company of Pittsburgh, and an exploration has already commenced; the work at Buckeye, Diamond and Arcurus, in township 56, range 25, is progressing well, and other lands are being taken for. So far not very much of value has been found in the general neighborhood, but perhaps it is too early to expect any valuable finds.

There is now some several diamond drills working on the Mesaba range, more than at any prior time in its history. Of these two contracting firms have forty-four. The Olyver company five of the Duluth & Iron Range road, a main line of the Minnesota Iron company four, two east and two at Hober; Sweeney two near Hibbing, and the Eastern Minnesota road six on lands of its own or under lease. At one new line near Hibbing they have run into very hard ore at a depth of about 200 feet from the surface and under 135 feet of soft bennet ore. This find near Hibbing is unprecedented, the thickest of which was twenty-three feet.

Commodore mine at Virginia has been closed, and threats have been made that the pumps will be pulled. The mine drains the Virginia range, and continues to do so until the new Columbia has gained depth. Its flooding will result disastrously to the Union and the Franklin group. The Union will probably not be started. The Hill concessions have been made by those interested in the fee and the water. The Union Steel company of Pittsburgh has taken an option on the Virginia range, and the Pennsylvania lands, being the northeast quarter of the southwest quarter of section 20, township 58, range 19, where it is supposed by the lessee that there may be ore. The option is just south of the Sharon mine and the new Itasca of Jones & McLaughlin. A find of a couple of million tons has been about half way between the Sharon and Itasca village, under but a few feet of surface. Several holes have been sunk and the ore is of good grade. The United States Steel has an option on the property.

There are several small explorations under way on the Menominee range, chiefly in the Crystal Falls district, but so much disappointment was experienced in the old exploration, south of Neagane, has been taken by Braasted & Sporkle, and they already have a force at work.

The Marquette & Southeastern road (Cleveland Cliffs) is employing 350 men in the construction of its line from Marquette to the Munising railway, which is also owned by the mining company. The new line will be a double track, and suitable for charcoal and timber purposes. Track is being laid on the Algoma Central northeast from the Helen (Clergue) mine to the Josephine mine, and is being completed at Michipicoten harbor in two or three months. The Milwaukee has made contracts with mines in the Crystal Falls and other Menominee districts to handle a part of their ore to the new docks, syndicate. It has less of the United States Steel corporation's Menominee ore than might be expected. In fact, its total tonnage for the year will be comparatively small.

Stock Exchange Members at Spokane Under Investigation.

Special to The Journal.

Spokane, May 24.—The local market is reflecting the general row among mining brokers. Certain members of the local board having been caught in a scheme to defraud their fellow members by refusing to take up their contracts on calls, thus causing a temporary suspension of activity. The Herrin-Reiner company, member of the executive committee of the board, and under severe all connection with that "organized gang of hoodlums," as Mr. Herrin called them. It is rumored that the investigation which is being made will result in a suspension of not less than five members of the board.

The trouble arose from the discovery of alleged bad faith on the part of the Will Nichols company, which was the holder of Morning Glory stock. Mr. Nichols is said to have simultaneously taken not less than three members of the board into his confidence, and to have sold this stock. The victims bought heavily in futures, while it is said the Nichols company did all the unloading.

The discovery of places diggings near Republic is not yet reported. Children of the mining town are said to be panning as high as \$5 to \$25 per day. Meteor camp, on the south half of Colville reservation, has been discovered conspicuously before the mining work by the discovery of rich silver ore. Some of the assays run as high as \$1,200 to the ton.

Keys of the City Turned Over to the Commercial Travelers.

THREE STATES AND MANITOBA

Letter Is After the Next Council—Sports and Pleasure Parties Provided.

Special to The Journal.

Fargo, N. D., May 24.—The traveling men of the northwest are all here to-day and they don't care whether they ever take any more orders. They are enjoying themselves at the grand council of the U. C. T. and intend to forget samples and expense accounts for a day or two. It is estimated that there are 500 here to-day and more are expected to-night and for to-morrow's session. In addition to the hustlers, there are nearly 200 wives and sweethearts along to add to the enjoyment of the occasion.

Special trains containing the Duluth, Crookston and Grand Forks councils, with two bands, arrived at 9 o'clock this morning.

Grand Council Kleingold arrived from Seattle yesterday and presided at to-day's first session, which began at 10 o'clock. At the same hour the ladies of the party were taken for a drive over the city and the points of interest were shown them. Later a number took in the ball game between the agricultural college and the Grand Forks league team.

This afternoon the business session began at 2 o'clock and the ladies' reception was held from 2 to 5. An excellent musical program had been arranged for the occasion.

The banquet and ball will take place this evening and promises to be the biggest event of that kind given in Fargo this season. It will be in the big Masonic Temple.

To-morrow morning there will be a lodge session with the initiation of candidates for the Tuesday business sessions. The afternoon will be devoted to a parade by the members of the order, which will extend to Moorhead and return. It will be a very interesting program, and will consist of twenty-six numbers, about half of which are devoted to the ladies. Some elaborate prizes have been given by the whole party to these events.

The business men have used decorations liberally and the town has assumed a gala appearance. Past Grand Council Kleingold and thirty forty Winnipeggers are here to capture the council meeting for the Manitoba city.

THE PLYMOUTH

The Plymouth Clothing House, Sixth and Nicollet.

Correct Fashionable Clothes from Head to Foot.

Saturday News for Men.

Plymouth Prestige

A marked individuality distinguishes our clothing from goods sold elsewhere—the correct style of the garment and the high grade of the materials have given us a prestige among careful dressers. Our lines of spring and summer clothing are finished with the care and skill for which custom tailors would ask you double the price.

\$18 Suits for \$15

\$18 plain and fancy mixed suits in fabrics of smooth and rough worsteds, cassimeres, homespun, etc., with that marked individuality in style and pattern. Here for Saturday \$15.

Men's Flannel coats and pants the proper thing for hot weather, large assortments. Prices \$7.50, \$10 and up to \$16.

Men's Summer Coats in blue serges, Sicilians and alpaca. Prices \$2, \$3, \$4, up to \$10.

Men's Plaited Madras Shirts

This is a choice lot of new shirts, ready for the moment a man wants to leave off his vest.

The patterns are fresh and handsome; in smart stripes and fancy colors; including Oxford and solid colors. The plaiting is neatly done, so that the stripes come out the same on every fold. The bosoms are unusually long, running below the trousers band. At every point they show the high character of shirtmaking which produced them. Price \$1.50 and \$2.

Summer Scarfs for Men.

We have ready to-day a fine collection of English Rumchanda Scarfs, made by A. N. Ryerson & Co. It is the most artistic collection we have ever shown; the rich and delicate blending of colors is the most effective ever produced in Summer Scarfs. There are 25 different patterns in the collection, all made up in the popular Derby four-in-hand style. Price 50c each.

Men's Summer Nightshirts

This shirt is made without a collar, of Madras, fine India cotton and lawn, an actual featherweight, also unfinished sleeping garment to be had. Price 50c, 75c, \$1 and \$1.25.

The Artist Model Boy—Just received a new line of this neat and comfortable fit. The coolest fit a man can wear; 50 different colorings, 50c.

CONSTITUTION AND FLAG

FORMER DOESN'T FOLLOW LATTER

What Purports to Be the Forthcoming Decision of the National Supreme Court.

Chicago, May 24.—A special to the Record-Herald from Washington, D. C., says that the decision of the supreme court of the United States is in favor of the constitution does not follow the flag. This decision, the most important that great tribunal has ever made, will be handed down next Monday. The decision is in favor of the government, but by a divided bench. There will be at least five individual opinions, but some of these are concurring opinions, expressing the views of the writers more fully and particularly than is done in the opinion of the majority. The court goes back to the period in which the republic was formed and the constitution framed and enters into a discussion of what was the intent of the founders of the nation. The opinion of the majority of the court disposes of the uniform taxation clause of the constitution, which has been invoked by all the applicants in these cases, in the following manner:

The framers of the constitution, in writing that clause, had no thought of its application to territorial possessions. No such question as is now presented had arisen in their minds. The clause, "all duties, imposts and excises shall be uniform throughout the United States," was placed in the constitution as a result of the jealousies of the states which united in forming the nation. It was intended to prevent any state or combination of states securing advantages over another; to prevent the ports of one state gaining preference over those of another in the importation of goods. This rule of uniformity was uniformly applied in the states united, the court holds, not for territories then possessed or afterward acquired, and the constitutional requirement is satisfied as long as all duties on imports are uniformly imposed at all the ports throughout the United States. The advantage of this uniformity may be extended to territories and possessions not states and not members of the American union, but that is for congress to determine under the authority of the constitution.

FRED BARROWS IN PRISON

UNMOVED BY HIS SITUATION

A Fellow-Prisoner Declares Barrows Was Alone Guilty of Stealing Bacon.

Manila, May 24.—The gates of Bilbilid prison, Manila, swung open to-night and admitted a mule wagon bearing three former United States officers who reluctantly alighted and began to serve sentences in explanation of crimes in connection with the messabian scandals. The sentences, which were read to the convicted men this afternoon, will be promulgated to-morrow.

Captain Frederick J. Barrows, late depot quartermaster of the department of Southern Luzon, is sentenced to five years imprisonment; Captain James C. Reed, late depot commissary at Manila, to three years imprisonment; and Lieutenant Frederick Boyer, late depot commissary at Calamba, to one year's imprisonment. By order of the provost marshal, General George W. Davis, a representative of the Associated Press, was accorded an interview with the prisoners. Captain Reed and Captain Barrows seemed comparatively unmoved by their situation. Lieutenant Boyer protested his innocence, and seemed vindictive toward Captain Barrows, who, he alleged, was alone guilty of misappropriating bacon.

Major Hale, commandant of the prison, framed and entered a plea of what was the intent of the founders of the nation. The opinion of the majority of the court disposes of the uniform taxation clause of the constitution, which has been invoked by all the applicants in these cases, in the following manner:

NEW MILL FOR ADVENTURE

Ground Broken on Lake Superior's Shore—Stock Market Dull.

Special to The Journal.

Duluth, May 24.—Ground has been broken for the foundations of the new mill of the Adventure, on the shore of Lake Superior, south of the Baltic mill, and masonry work started. Upwards of a thousand men are now engaged in the construction of the Copper Range railroad to the main line and mill, and the future of the Adventure seems a bright one. The copper men are of the opinion that the market will prove a dull and dragging one until fall, but will probably not be marked by any severe breaks in prices, as the better class shares are generally held by investors who are not likely to sell. The market is "rigged," ever since the consumers ceased furnishing them orders for copper and a tendency to hold back on purchases in the hope of lower prices, but are scarcely likely to benefit thereby.

CORNER STONE CEREMONIES

Barron Will Hold Them May 28—A New Courthouse.

Special to The Journal.

Barron, Wis., May 24.—The laying of the corner stone for the new courthouse will take place Tuesday afternoon, the grand lodge of F. & A. M. will have charge. Deputy Grand Master F. H. L. Cotten of Eau Claire will be present, and H. P. Wisconsin Canning company has purchased another eighty-acre tract for \$2,000. It has planted 150 acres of pines, which are looking good, and expects to plant 100 acres more.

NEW GASOLINE ENGINE

Miner County, S. D., Man May Revitalize Light Motive Power.

Special to The Journal.

Howard, S. D., May 24.—Martin Hayland, a blacksmith at Fedora, in the western part of Miner county, has invented a gasoline engine which promises to be a real success. It is a light and powerful engine, and will run a power press in a country printing office can be carried into the back room by one man, when not in use.

Boys' Clothing

The regular every-day news of the Boys' Clothing Store is of sufficient marked interest to make it attractive to all mothers of boys. But added zest is given from time to time by spicy offerings such as these:

Some of the high-priced sailor and Russian blouse suits, serges and chevits, which sizes have recently become broken are grouped at lower than usual prices. Sailor suits, 3 to 12 years, Russian blouse suits, 2 1/2 to 6 years, values \$6.00 to \$9.00. Saturday \$5.00.

Boys' double-breasted suits, with jacket and knee trousers, in blue serges and fancy mixed chevits, full of style and quality, sizes 8 to 16 years, regular \$5.00 kind. Saturday, \$3.50.

Youths' and boys' long pants suits, blue serge in all shades and weaves, blacks in every desirable material, also unfinished worsteds in many fine effects, cut in the new Harvard or military styles, good \$15 values, sizes 14 to 19 years. Saturday, \$10.

Boys' 75c halbrigan underwear, 50c. Boys' \$2.00 Star stockings, 1 1/2 price. Boys' 25c black cotton socks, 15c. Boys' negligee shirts, all styles, 50c. Boys' muslin night robes, 45c. Boys' 75c bathing suits, 50c.

SMITH STAYS IN

Additional Denial of the Report of a Coming Cabinet Change.

San Francisco, May 24.—The Chronicle to-day publishes a story to the effect that "in spite of explicit denials, the rumor still goes around that Postmaster General Emory Smith soon will retire and that he will be succeeded by George B. Cortelyou, secretary to the president."

Members of the president's cabinet now in San Francisco, who would discuss the report, declared, however, that there is no truth in it and that the postmaster general has no intention of retiring. Postmaster General Smith also recently denied that he was planning to resign his portfolio.

PASTOR DISGRACED

Found Guilty by the Conference and Placed Under Arrest.

Harrisburg, Pa., May 24.—Rev. Dr. H. C. C. Astwood, pastor of the Bridge Street Episcopal church of Brooklyn, N. Y., has been found guilty of misapplying church funds, insubordination and conduct unbecoming a minister at a session of the Philadelphia conference of the A. M. E. church and will be sentenced to-day. Following the verdict of the conference, Dr. Astwood was arrested by a Harrisburg detective on a charge of defrauding a boarding-house keeper in this city in August, 1899. He furnished bail for a hearing. Dr. Astwood was for seven years United States consul at San Domingo and in the country.

WALDERSEE APPROACHES

Germany Commander Going Home by Way of America.

Berlin, May 24.—The statements in the London press that Count von Waldersee has informed the Chinese authorities that he would not leave Peking until the court returns and he has had an interview with Emperor Kwang-Su, are authoritatively denied. The officials here say von Waldersee will leave Peking May 31, or a few days later, for Japan. It is uncertain whether he will return by way of the United States or via Shanghai.

OPTION FOR A BOND

Mammoth Group in Montana May Pass to Easterners.

Special to The Journal.

Lewistown, Mont., May 24.—The initial steps were taken this week in what may prove to be a very important mining deal. This is in connection with the Miller bar, given an option for a bond on the Mammoth group of claims to W. L. Lawrey, who recently entered the district from Rossland, B. C., and is reported to be the representative of a syndicate of New York capitalists. The option covers the entire Mammoth group and is for sixty days, and the bond, when given, will involve a monetary operation of \$100,000 and will have a time limitation of one year. A tunnel 140 feet has been driven on the Mammoth which shows ore almost its entire length, and on the White Elephant, another promising property of the group, a 100-foot tunnel has exposed a good body of low grade cyanide ore.

EDWARD T. LECLAIRE BUYS RICH PROPERTIES IN THE COEUR D'ALENE.

Among the prominent arrivals at the West Hotel in Spokane was Edward T. LeClaire, who is in the city for the purpose of closing up an extensive deal with Edward T. LeClaire, by which the latter will acquire one of the richest lead and zinc mining properties in the famous Coeur d'Alene district of Idaho.

The property purchased by Mr. LeClaire and his business associates includes the mine owned by the Lode Mining company, a group of six full claims, known as the Father Lode, the Nipise, Brittle Silver, Lackawanna, Kersage and Ramalo fractions.

Development work is now rapidly progressing on the Father Lode group and over 2,000 feet in tunnels have been built. The mines are equipped with all the modern machinery, in addition to steel cars, rails, trackage and other accessories.

PLYMOUTH TRUNKS

Are creating more favorable comment than any other make sold in this city. They are unexcelled in finish, material and durability. All styles, \$3 to \$53. We have an exceptionally fine display of Traveling Bags and Dress Suit Cases, in all the new styles and up-to-date leather.

FATE OF A GOSSIP

Long Island Farmer Kills a Woman and Himself.

New York, May 24.—William Woodhull, a farmer residing at Laurel, L. I., shot and killed Martha Williamson, a neighbor, last night and then committed suicide. The woman had been gossiping a good deal about Woodhull and a young lady living at Sayville, to whom he was engaged.

Have you rented your flat? A Journal want ad will do it.

No one knows better than those who have used Carter's Little Liver Pills what relief they have given when taken for dyspepsia, dizziness, pain in the side, constipation and disordered stomach.

OLD IRONSIDES

Colorado Men May Buy It—Cleopatra Acquires New Ground.

Special to The Journal.

Deadwood, S. D., May 24.—Colorado men have arrived in the Hills for the purpose of examining the old Ironsides mine in the Squaw Creek district. The mine has been closed for a long time, owing to some company trouble. It was purchased over a year ago by some of the stockholders of the Portland Mining company of Colorado Springs. The new owners installed a steam plant with air compressor, and three carloads of ore, averaging something like \$75 per ton gold, were shipped to Colorado for treatment. A tunnel was started through the mountain and in its course of 500 feet, three separate ledges of gold ore were encountered. The foundation is phenolitic, almost the same as the Portland mine, of Cripple Creek.

GOOD NEWS FOR C. & A. STOCKHOLDERS.

Special to The Journal.

Calumet, Mich., May 24.—Gordon R. Campbell, secretary of the Calumet and Arizona Mining company, in a recent telegram to Superintendent Merrill, at Bisbee, Arizona, conveying good news to holders of stock of the company, stated that the mine owned by the Lode Mining company, a group of six full claims, known as the Father Lode, the Nipise, Brittle Silver, Lackawanna, Kersage and Ramalo fractions.

INDIANS HAVE A MONOPOLY AND ARE IMPROVING IT.

Special to The Journal.

Thief River Falls, Minn., May 24.—Cruisers returning from the Red lakes report wholesale slaughter by Indians of moose in the territory east of the reservation. Tamarac river is the principal scene of operations and canoes are coming down daily to the lake loaded with carcasses of moose and deer.

Nothing Left of the Rebellion in the Philippines.

Special to The Journal.

Fergus Falls, Minn., May 24.—The collapse of the Filipino insurrection is brought home vividly by recent letters from the boys in uniform. Andrew New South, of Tague, under date of April 3, and after giving details of the surrender of several bands says: "These surrenders have ended the trouble in this section. The Filipinos have learned that it is useless to fight and have returned home to live. There are a great many insurrection soldiers here and some of them tell interesting stories of their experiences while we were chasing them over the mountains. They seem to be very much satisfied with the new conditions and their ambition now is to become American soldiers. At Cayagan they all attend the American school and they learn fast, too. They think America is a wonderful country."

Kirk's latest soap is Jap Rose.

A result of 62 years' experience.

Transparent -- perfumed -- made of pure vegetable oil and glycerin.

Their ideal of a Toilet Soap.

Jap Rose Soap

Other good toilet soaps cost 25c. Jap Rose costs a dime.

The difference is simple extravagance; for no cost or skill can produce a better soap than Jap Rose.

Holy Terror to Be Left Idle.

Special to The Journal.

Hot Springs, S. D., May 24.—It is reported that the Holy Terror Mining company, which is in the process of being sold to the present owner of the same name and will work the Sunny Side mine, upon which the mining law suits are pending, there have been some of its properties, the Sunny Side has been a good gold producer, and much is expected of it.

VAUGHN SHOTS HIMSELF

Notorious Character Commits Suicide to Avoid Arrest.

Special to The Journal.

Bottleau, N. D., May 24.—Henry Vaughn at Superior, twenty miles from here, shot himself to-day through the head. He had had trouble with his wife,
