Woman's World WASHING THE FACE

Soap and Water Must Be Used Incessantly.

COMPLEXION BRUSH NECESSARY

How to Keep the Face Clean Is a Problem to the Business Woman.

The hardest efforts toward cleanliness fall to the lot of the business girl, the woman who sits all day in a dusty office, her nose gathering little periods of dust and exclamation marks of soot, until she looks like a revised proof of a spelling book. If she wipes her face with a damp cloth the punctuations are merely rubbed in. If she allows the dust to collect it takes a scrubbing brush and a piece of pumice stone to remove the layer of dirt at night. Truly, her misery is complete—and made fiercer by the complexions she wears.

The fight with soap and water must be incessant. To neglect the thorough processes for a single day is to allow the skin to become dull and dingy and unbecoming. At night the time to reconstruct the young woman's skin against dust and grime. Never think of going to bed without giving your face a fine, vigorous, energetic overhauling with a complexion brush, warm water and pure white castile soap—or any other soap that is hygienic and reliable.

Get the correct brush, which will not mat down. Dip it in the water, then fluff it over the soap and water. The water that you use when you stop to think of the way that you were accustomed to wash your face, with a dab here and another dab there with a wet rag as big as a postage stamp, you will wonder how you ever reconstructed your face when you had such a dirty face.

The effect of the scrubbing is twofold. The skin is cleansed perfectly. Circulation is revived and muscular tissue is enlivened and made firm, and complexions are wrecked. The second effect is the mental exhilaration which scrupulous cleanliness brings. It is like starting the day with a brisk bath, well-bathed hair and well-cared-for fingers. To be so sure that you are well groomed for only a brief time in this soot-speckled atmosphere, but the effect will be telling, just the same.

After the face is gone over with the complexion brush the skin must be carefully rinsed away. Pores can be clogged with soap just as they can be clogged with sebaceous matter which the skin is slow to throw off, or with dust that is collected from the air. Cold water will not remove the acids as thoroughly as will warm water. For that reason the rinsing bath should be chilled gradually. Dry the face with a soft bit of linen, and apply crepe marquis. Some soothing agent should invariably be used, else the cuticle will flake readily and become chapped. The scrubbing should always be at night.

To keep the face clean while one is downtown is the worst problem of all. Spitting with a cleansing lotion or wiping the face with a cleansing cream are the best methods, but are not very convenient ones. There is nothing more generally satisfactory as a cleansing agent than cucumber milk. The face can be wiped over with a soft cloth or a sponge onto which a small quantity of the milk has been poured. Afterward dust the face with a good harmless antiseptic powder. One cleansing at noon should do for the business girl with a face ordinarily sooty. It might be just as well to add a line or two

REV. OLYMPIA BROWN

A Married Woman Who Retained Her Maiden Name.

Rev. Olympia Brown of Racine, Wis., who will speak Monday evening has had a most interesting career. Descended on her father's side from the sturdy patriot, General Putnam of Revolutionary fame, it is not strange that she should be interested in all that pertains to the country's good. She com-

MRS. JULIA B. NELSON, READING.

A leading and veteran Minnesota suffragist, commenced teaching a district school at the age of 15. She taught in summer and studied in the village academy in winter. In 1854 she was able to enter Mt. Holyoke Seminary in Massachusetts. She graduated from Antioch College in Ohio in 1860, and decided upon the ministry as a profession. She was graduated from a theological seminary in New York state and in 1863 she was ordained by the Universalist church, making a way for the women preachers who were to come after her.

REV. OLYMPIA BROWN, President Wisconsin W. S. A.

Mrs. Brown met Miss Anthony, Parker Pillsbury and other prominent advocates of equal rights for women in New York in 1886. A lecturer of renown, well known the country over, Mrs. Brown has taken part in important campaigns and has been suffering in her efforts to secure a betterment of conditions for her sex.

In 1878 Mrs. Brown accepted a pastorate in Racine, Wis., and has made her home there ever since. Her husband John Henry Willis was in entire sympathy with her views and with his full consent she always retained her maiden name. She has two sons and her well ordered home is a practical illustration that

MRS. RACHEL FOSTER AVERY, Corresponding Secretary N. A. W. S. A.

of caution about exhibiting these adjuncts of the toilet table in an office. It is in very bad taste and is likely to bring on mild ridicule. Keep your beautifying paraphernalia to yourself, as you do your beautifying exercises.

IOWA'S PROUD SHOWING

Will Report 1,000 New Members at National Suffrage Convention.

Sioux City, Iowa, May 28.—Iowa will make a proud showing at the national convention of woman suffragists this week in Minneapolis. The announcement was made here yesterday by Mrs. Evelyn H. Belden, president of the Iowa State Suffrage association, that the campaign begun some three months ago and carried on with vim throughout the length and breadth of the state, had resulted in the addition of nearly 1,000 new members. She added that before the national convention convenes the 1,000 mark will have been reached.

In an interview Mrs. Belden said: "The call for the thirty-third annual convention of the National Suffrage association is like a regular war cry this year, one of those appeals which arouse men to heroic action and sustains the fainting souls of women in the face of opposition and discouragement. As it well known Mrs. Catt is an Iowa woman and is especially devoted to Iowa interests. We are therefore particularly happy in the prospect of sending a tremendous delegation to Minneapolis and a report with dues which show that her dream of a doubled membership has come nearer realization than she had expected were possible."

No, the membership is not doubled, but increased by so near to 1,000 new members that that point will be reached within a week. I have reports from more than 100 state, county and local delegates and if they are discounted liberally there will be seventy-five delegates from Iowa at the Minneapolis convention. We have seventeen votes in the convention, one for every hundred members and of course that is not just to our state membership as we have such a large honorary and associate list. But the entire delegation from Iowa will go into caucus frequently and the seventeen votes will generally represent the sentiment of Iowa suffragists. There will be no bolters for we are not rich nor strong enough for an insurgent camp; and, while we confess to a machine, the lubrication has called for the united efforts of the suffragists

DECORATION DAY--WE CLOSE ALL DAY.

WASH GOODS

AT Thomas's

NICOLLET AVE. JOHN W. THOMAS & CO. FIFTH STREET.

Closing-Out Prices.

The dainty heaps have gone down like the melting snow, but we have about 1,000 yards left, which we want to close out. These are some of the richest things in light fabrics, and are almost indispensable this warm weather. You can now buy them for the price of the more common goods.

RAILROAD RUMBLES.

ST. L. & S. F. REFUNDMENT

An \$85,000,000 Mortgage to Be Placed on Its Lines.

New York, May 28.—The St. Louis & San Francisco Railroad company has determined to readjust and refund its bonded indebtedness and the underlying bonds secured by liens upon its system of railroad. For that purpose it will create a fifty-year gold refunding mortgage amounting to a total of \$85,000,000, this sum \$82,600,000 in bonds will be issued and reserved for refunding purposes, and the bonds not required for refunding are to be reserved for additions, extensions, improvements and for additional equipment and property.

The earnings of the St. Louis & San Francisco for the nine months ended March 31, show, after interest and dividends and all charges, a surplus of \$1,451,817, against \$732,292 in the same period of the previous year. It is estimated that for the year ended June 30, 1901, the total net income available for payment of fixed charges and dividends will be no less than \$4,000,000, against estimated fixed charges of \$2,275,000.

The railroad company has agreed to sell \$30,000,000 of the new refunding bonds to a syndicate, of which J. & W. Seligman & Co. are managers.

MADE A FAST RUN

Northern Pacific Train Goes Eight Miles in Seven Minutes.

The Northern Pacific made a fast run Sunday with 250 traveling men returning from the convention at Fargo to Minneapolis. The fast time was registered between Wadena and Detroit, a distance of eight miles, which was covered in exactly seven minutes. The entire distance run is 242 miles, the time for which, including delays and stops, was five and a quarter hours, an average of about 46.9 miles. The actual running time was better than fifty-three miles an hour, and but for the bursting of an air brake pipe a magnificent record would have been established.

LOCOMOTIVE PLANTS GETTING TOGETHER

Without Difficulty.

New York, May 28.—It was announced yesterday that the titles of the underlying plants of the American locomotive company would be transferred to the combine on June 15. The \$50,000,000 capital stock of the company has already been allotted, many prominent railroad men being among the subscribers. No stock will be offered to the public. It is expected that the Baldwin Locomotive Works and the Dickson Locomotive Works will eventually be absorbed.

LAKE SHORE'S NEW SERVICE.

Cleveland, Ohio, May 28.—The Lake Shore railroad will inaugurate its Pan-American service next Sunday. Two new trains to Buffalo will be put on, giving it eleven Cleveland-Buffalo trains daily. The road will also establish a through sleeper, via Cleveland, between Pittsburgh and Chicago, on two of the best trains on the road. At the same time it will complete another route between Pittsburgh and the Pan-American exposition. Other changes will be put on two through sleepers for the exposition between New Orleans and Buffalo, to be run over the Illinois Central and the Queen & Crescent line to Cincinnati, the Big Four to Cleveland and the Lake Shore to Buffalo.

NATHAN GUILFORD'S CHANGE.

New York, May 28.—It is reported that Nathan Guilford, traffic manager of the New York Central, would succeed the late J. P. Goddard as commissioner of the Trunk Line Association.

MOVE THE FREIGHTHOUSE.

The 750-foot frame freighthouse of the Chicago, Milwaukee & St. Paul railway, in St. Paul, will be moved to a new location on the edge of the river, a distance of 150 feet. The building will be raised on "jacks" and then put on rollers. The task presents

BEFORE THE PUBLIC EYE

The graduation recital of Miss Myrtle Cooper of Hedwood Falls and Miss Eliza Stanford of the Johnson School of Music, Oratory and Dramatic Art was given last evening in Johnson hall. Miss Cooper is a pupil of Mr. Johnson and has considerable musical ability. Her numbers showed intelligent individuality, stage presence, pleasing and her voice. She played selections from Beethoven, Schumann, Chopin, Grieg and Reinecke. Miss Stanford is a pupil of Clayton Gilbert. She gave a miscellaneous program, reading from Kipling, Stockton, Wilkins, Phelps and Stuart. Her stage presence is pleasing and her voice clear. A large group of friends of the young women were present and the graduates were presented with handsome floral offerings.

NORTHWESTERN WEDDINGS

Special to The Journal.
Red Wing, Minn., May 28.—The marriage of Miss Agnes Spillman and Michael J. Seuffert was solemnized this morning at 8 o'clock in St. Joseph's Catholic church, Rev. J. H. Gaughan officiating.

Winona, Minn., May 28.—Albert Martin and Miss Hattie Yahnke were married Monday afternoon at the residence of the bride at Sugar Land, Rev. Mr. Stauss officiating. Mr. and Mrs. Martin have gone to the twin cities to spend a week.

Wm. Palmater, a young newspaper man of this city, and Miss Anna Schultz went down to La Crosse on Monday evening and were married at the Congregational parsonage by Rev. Henry Paville.

HARPER'S BAZAR.

Harper's Bazar for June is the second number to appear as a monthly. It is a most attractive magazine, with the departments as usual to the housewife and mother still continued. William Dean Howells writes of Anthony Trollope's Mrs. Froude in the interesting series of novelists and their heroines which has been running in the Bazar. "Bessy's Daughters," by Bessie and Marie von Schlegel is the serial and the second installment is presented. Dr. John K. Mitchell writes the second paper on "Self-help for Nervous Women," and John J. a Becket presents the benefits a man may find in his club. The Wouldbegood story by E. Nesbit is as clever as it is exciting as its predecessor.

There are a number of fashions for summer gowns, seasonable recipes and other domestic matter. The Bazar as a monthly is even superior to what it was as a weekly magazine.

HUNTING WITH THE CAMERA.

A new sport "hunting" with the camera, has recently been inaugurated by naturalists. It certainly requires more skill and more nerve tracking big game to its lair, circumventing it at short range in order to get it in a good light, waiting for it to strike an effective pose, then calmly snapping the shutter, than to pull a trigger on the same game when at rifle range. Lots of fun and good health is what tempts men to the hardships of the hunt. You get both out of a bottle of "Golden Grain" beer, for it is brewed from the purest barley malt and hops. Every glass contains the strength of bread and meat, is as clear as not as exciting as its predecessor. It should be on the table in every home in the land. If out, telephones "The Brewery," 486 Main.

FASHION IN HAIR

Give a woman a beautiful head of hair and all the beauty of her face. Those beautiful thick tresses, those shaded, mellow gold tresses, those chestnut waves, are preserved only by

HAIR & SCALP

Falling hair and dandruff speedily overcome, irritated, itching and eruptive scaples permanently cured; the hair preserved, its brilliancy, beauty and natural color fully restored at your home.

ZONET POWDER

DESTROYS MOTHS DRUGGISTS SELL IT.

WOODBURY'S FACIAL SOAP

removes the blemishes that disfigure the face, neck and hands leaving the skin smooth, firm and white.

WOODBURY'S FACIAL SOAP

removes the blemishes that disfigure the face, neck and hands leaving the skin smooth, firm and white.

ANTI-SKALPING LUB. "N. G."

New York, May 28.—Justice Gildersleeve, in the supreme court, decided that the anti-scalping law, passed by the legislature this year, is unconstitutional. The justice said that, while it is unusual for a special term of the supreme court upon the constitutionality of a law, it will, nevertheless, not enforce laws which are manifestly invalid.

GOES TO GRAND FORKS.

Winnipeg, Man., May 28.—Superintendent Vandercloof, who has been ten years in this city, removed June 1 to Grand Forks, where he has been appointed divisional superintendent of the Northern Pacific.

RAILROAD NOTES.

The Burlington, Cedar Rapids & Northern strike, involving about 300 men, was declared off yesterday, and the men who have not found other employment will return to work at once.

It is announced that three candidates for the presidency of the New York Central, to succeed S. R. Callaway, are being seriously considered by the directors. They are: E. V. W. Kossiter, vice president of the company; Edward Van Etten, general superintendent of the Central; and E. Dickinson, general manager of the Union Pacific.

MINNEAPOLIS CITIZENS TELL YOU WHY.

May as well call things by their right name. It is bacchache to be sure—but the kidneys are to blame. Too much of a strain on the little filters of the blood. They can't take the uric acid out of the blood—that's where the trouble begins—

DOAN'S KIDNEY PILLS

are the remedy. Cure kidney troubles of any kind. Are doing it right here in Minneapolis every day. Here is the case of it—

Mr. Frank Breuck, proprietor of cigar, tobacco and confectionery store at 274 Aldrich avenue N., says: "For a long time I had a good deal of trouble arising from the imperfect action of my kidneys. Hearing good reports about the effectiveness of Doan's Kidney Pills, Mrs. Breuck went to the Voegel Bros. drug store, 2 and 4 Washington avenue S. corner of Hennepin, Minneapolis, Minn., and got a box. The result of the treatment proved this preparation to deserve all the good reports I had heard."

Doan's Kidney Pills are for sale by all druggists—50c a box—Foster-Milburn Co., Buffalo, N. Y.
