Order Issued for Machinists in Chicago to Strike.

OVER 7,000 MEN ARE AFFECTED

Unfortunate Consequence of the Failure of Attempts at Arbitration.

Chicago, May 30.—After arbitration had failed to settle the difference between Chicago union machinists and their employers, the long-threatened general strike in the machine trade of Chicago and vicinity was ordered last night by the executive board of the local lodge of the machinists' union.

The issue up for arbitration was the question of fixing a wage scale per hour for the new nine-hour day, inaugurated May 20, in place of the ten-hour day then abrogated.

It is to-day were not a holiday for the machinists' strike would be in full blast before the manufacturers had eaten their morning meal.

Whether the strike of the machinists will involve other lines of labor at the plants where they are employed is deemed problematical.

LIVELY RESULT OF AN ARREST

Louis Spiro Objects Seriously to Being Adorned With Handcuffs.

Chicago, May 30.—Two constables walked into a butcher shop owned by Louis Spiro and Maurice Ryan, 1829 State street last night and for ten minutes they were the busiest men in town.

There is where he made one of the big blunders of his life. The air seemed full of cleavers in an instant, revolvers cracked and bullets sang through the air.

RAILROAD RUMBLES

The Michigan Legislature Side-tracks Two Hills. New York Sun Special Service. Lansing, Mich., May 30.—Among the important bills which were sidetracked during the closing hours of the legislature yesterday were the Hardy bill, providing for the appointment of a commission to classify and regulate freight rates, and the Fuller bill, reducing railroad passenger fares in the upper peninsula from 4 to 3 cents per mile.

MARCH OF TEN DAYS

Third Regiment of Infantry to Introduce an Innovation.

START TO BE MADE AT MILACA

Active Campaign in the Enemy's Country—Hard Work and No Luxuries the Rule.

Special to the Journal. Anoka, Minn., May 30.—Pursuant to orders from Col. Van Duzee, of St. Paul, commanding the Third Regiment of infantry, the regiment will assemble at Milaca June 5, from which point a march of ten days duration, involving all the features of an active campaign in an enemy's country, will be inaugurated.

Moving out from Milaca at noon the regiment will follow the course of the Rum river to Mille Lacs lake, a distance of thirty miles, due north; reaching the lake on the morning of the third day out.

The actual marching on any given day will not be great, as time will be given to advance and rear guard, attack and defense movement together with outpost duty and pioneer and scouting work, the regiment going into camp at the point of the final operation of the day without regard to locality.

Baggage will be cut to the lowest limit, one team and wagon being permitted to each company and the staff. Each man will be equipped with undress uniform, rifle, ammunition, haversack, canteen, shelter tent, one wool blanket and one rubber blanket, the officers carrying the same equipment, substituting the sword for the rifle.

Rigid discipline, hard work and no luxuries will be the chief features of the campaign, but the knowledge gained and the credit that will attach as a result of the successful accomplishment of the project more than counter-balance the hardships in the estimation of the entire command.

The Third regiment in undertaking this difficult campaign in preference to the pleasures of the usual camp at Lakeview is manifesting the same spirit of aggressiveness and nerve that made it famous as the best drilled regiment at Chicago during the war.

ATHLETE IS LOCKED UP

DR. PAINE, FOOTBALL PLAYER

He Tries to Kill a Mute Teacher for Invading His Home.

New York Sun Special Service. Boston, May 30.—Dr. Sumner V. Paine of this city was arrested last night and locked up on a charge of assault with intent to kill August Damm, a well known music teacher.

Paine returned home unexpectedly last night and found Damm in a compromising position with his wife. A scuffle ensued in which Damm was severely punished. Paine then rushed for his revolver and Damm for a back window, through which he escaped followed by four pistol shots, none of which took effect.

Without coat, vest or hat Damm was seen leaving the house through Boston common with the speed of a frightened deer. He was nabbed by a policeman, who took his supposed crazy prisoner to the police station. There Damm related his experience to the lieutenant and an officer was immediately sent out to arrest the husband. Paine is the well-known Harvard athlete who won a big reputation as a football player while in college.

KEROSENE AND COOKED

FATE OF A NEGRO MURDERER

Florida Lynchers Deal With Him for Assaulting and Killing a Woman.

Bartow, Fla., May 30.—Fred Rochelle, a negro 25 years of age, who was originally assaulted and then murdered Mrs. Taggart, a white woman, and highly respected white woman of this city, was burned at the stake here last evening in the presence of a throng of people.

The burning was on the scene of the negro's crime, within 100 yards of the principal thoroughfare of the city. Tuesday morning Mrs. Taggart went fishing, alone, in a boat on Lakeview creek. This is in full view of the main thoroughfare. In a few minutes before noon she rowed her boat to the bridge and made the boat fast. A negro man was with her from the bridge. Mrs. Taggart started home, and had gone but a few steps in the swamp toward the open prairie and thence to the swamp, when she was approached Rochelle, who had been hiding in the swamp. He seized her, but she broke loose and ran screaming from the swamp into the prairie, where he overtook her.

After the assault the negro took a knife from his pocket and cut her throat from ear to ear, causing instant death. He then walked to the bridge and made the boat fast. A negro man was with her from the bridge. Mrs. Taggart started home, and had gone but a few steps in the swamp toward the open prairie and thence to the swamp, when she was approached Rochelle, who had been hiding in the swamp. He seized her, but she broke loose and ran screaming from the swamp into the prairie, where he overtook her.

In less than ten minutes after the transfer had been made the streets became congested with people and the crowd assembled as it moved to the jail. In spite of the sheriff and a strong guard of extra deputies, who made every effort to protect him from the mob, they secured the prisoner and took him to the scene of the crime.

The negro was placed on a barrel and chained to the Great Western. The road is negotiating for a large tract of land near the round house east of the city and will construct sidetracks for the storage of material to be used in this work which will be carried on in Fort Dodge in the near future.

When the match was applied the blaze quickly leaped skyward. The burning body could be seen only as a dark object in the circle of a roaring flame. Then the fire slackened and the writhing body came back in full view, but already the groans had ceased and the only evidence of life was in the contortions of the muscles of the limbs.

PEACE BETWEEN GIANTS

Gold and Vanderbilt Were the Peacemakers. It is Said.

New York, May 30.—Peace has been patched up, according to the World, be-

ween the Hill-Morgan combination and the Harriman-Kuhn-Loeb syndicate in the struggle for the control of the Northern Pacific road. The friendliest feeling now exists and an agreement has been reached which will prevent any renewal of the strife.

The amicable understanding was brought about through the friendly offices of George Gould and William K. Vanderbilt. Each side has ceased talking about its respective holdings in Northern Pacific stock. It is said that the Union Pacific railroad owns over \$59,000,000 in securities of the Northern Pacific.

James J. Hill, president of the Great Northern, is in the city. He has been in conference with representatives of the Northern Pacific and Union Pacific ever since his arrival. He refuses to say anything for publication either in regard to Northern Pacific affairs or the conflict with the Union Pacific interests.

After the Lackawanna. New York, May 30.—The report that the Rockefeller-Gould syndicate is making a determined effort to get control of the Delaware, Lackawanna & Western as an eastern outlet for the Missouri Pacific transcontinental system is accepted as a fact in Wall street.

Loee, B. & O. President. New York, May 30.—At the meeting of the board of directors of the Baltimore & Ohio railroad to-day, John K. Cowen tendered his resignation as president, to take effect June 1, and L. F. Loree, now fourth vice-president of the Pennsylvania railroad, was re-elected as Mr. Cowen's successor.

Buffalo Invitations. Governor Van Sant has invited Vice President Roosevelt and Senator Dewey to attend the dedication of the Minnesota building at Buffalo on June 18.

President Earling, of the Milwaukee road, passed through the twin cities yesterday on his way to the head of the lakes in a special train. He said that his trip was one of inspection.

President Mellicon, Vice-Presidents Kendrick and Hannaford and Chief Engineer McHenry, of the Northern Pacific, will leave tonight for Winnipeg, where the formal transfer of the Manitoba line to the provincial government will be made to-morrow. The nominal transfer was made last Saturday.

Malt-Nutrine, prepared by the Altheuser-Busch Brewing Association, St. Louis, U. S. A., is no experiment. Years of practical tests and careful scientific analyses have resulted in the one perfect tonic, known as Malt-Nutrine. It is the pure extract of the choicest malt, and contains 40-50 per cent of extract matter and less than 2 per cent of alcohol, being therefore absolutely non-intoxicating.

New Service to St. Louis via "The Milwaukee" Line. Commencing Sunday, May 19, the Chicago, Milwaukee & St. Paul will inaugurate through sleeping car service between the Twin Cities and St. Louis. The sleeper will be carried daily on the train leaving Minneapolis 7:50 a. m. and St. Paul 8 a. m., arriving St. Louis 7 o'clock following morning.
