A BIG BASS CATCH Five Men Take 200 of the Splendid Fish.

TWO WERE REAL LITTLE WHALES Weighed 4 1/2 and 5 Pounds—Caught in Birch Lake—A Battle Royal.

Captain C. H. Mero, 416 New York Life building, staggered into the Journal office this morning bearing beneath the weight of a basket in which were two enormous fish of the black bass species.

These bass are specimens of a catch of 200 gathered in by Captain Mero, Dr. Chant, Dr. Frank Mero, Mat Wetzel and Roy Mulford of Little Falls, at Birch Lake twenty-five miles from Little Falls.

"I was casting with an eight-ounce steel rod," said Captain Mero, "and was using frog for bait. When this big fellow took the hook he knew what he was up against and he took for deep water quick."

Medal match play was the feature at Minikahda links this afternoon. A prize of a box of golf balls or some equally useful present will go to the successful competitor.

Members of the Minikahda team were forced to look well to their laurels this afternoon. The showing made by Packard's "Scrubs" and the two successive defeats of the regulars by the Wiltonians and the Town and Country club, while it has not disheartened the defenders, has spurred the rough riders on to renewed endeavors to get on the team.

St. Paul, June 8.—Practically all of the students of the Wesleyan university here have threatened to quit the institution forthwith if the board of trustees shall insist upon removing F. D. Tubbs, professor of natural science, whose name was dropped from the faculty list on Thursday, owing, it is alleged, to his ideas on evolution.

CAN'T HEAR LAWSON. New York Yacht Club Rejects His Latest Proposition. The New York Yacht club has sent Thomas W. These are they with pale faces and flabby muscles, whose vitality is low and pulse weak. They are ill-nourished, these people, and can't seem to gather strength. The most trifling task is almost insurmountable and life contains little of interest to them.

The lesson we can teach these unfortunate men and women is the lesson of health. We can show them how to shake off their lethargy and the deadening influence of ill-nourished blood. We can point them to an absolutely certain flesh and blood builder which develops every latent force they have by sending nutrition through their veins and arteries into every muscle of the body.

The genuine Johann Hoff's Malt Extract takes hold of thin-blooded people and builds them up. It does not do this by any mysterious means or strong drugs. It does it through the food they eat. Nearly all the difference between the strong man and the weak man is that one gets the full benefit of his food and the other doesn't.

Johann Hoff's Malt Extract helps the stomach digest food and sends the nutriment through the blood. This is the honest way to get health and strength, the kind that lasts and develops and breeds the energy which accomplishes much. It starts the fires of ambition and gives the courage for great undertakings, for such ambition and such courage are the attributes of health.

Don't be satisfied to travel along the by-ways of life! Be strong and vigorous, happy and healthful. Johann Hoff's Malt Extract makes these things possible for every one. It widens out life's horizon and brings the vim of sustained effort to replace listless complacency. Take Johann Hoff's Malt Extract with your meals and your food will do the rest. Try it and be convinced.

NOW WE GET A GAME Parvin Actually Pitched in a Victory.

KIDNAPPER'S DESPERATE RUSH It Almost Took the Game-Millers' Errorless Work—St. Paul a Winner.

Beall's team almost let go of another game yesterday afternoon—it was very near gone, but the kids, together long enough to save off the desperate kidnapers just as they were about to steal them all. The rush made by the kidnapers at the eleventh hour, made Beall actually officiated in a win and that his companions had not made a single error during the day.

They had license to smile, for they had played a fine game, had done clean, errorless work in the field and smote manfully with the clubs. Parvin was their pitcher, and it must have startled him out of a year's growth when he realized that he had actually officiated in a win and that his companions had not made a single error during the day.

For the most part, the winners made their scores by clean, free hitting, but passes and errors helped out a little. The last run made them very confident, but Eddie Graham's two-bagger followed immediately after, and the game was made their fair rise. Apparently Parvin did not scare, for Stewart's successors at the plate could not emulate his noble feats.

At Des Moines. A college twirler, answering to the name of Brown, and alleged by the Des Moines baseballists to be a freshman, presented the St. Paul club with its only game in the Des Moines series yesterday afternoon.

Rolland Hartley's Fish Story Reads Well. "If you want to get your money's worth of sport," said Rolland Hartley, of the Cass Lake Land company, who arrived in Minneapolis this morning to say "how do do" to his family, "just come up Cass lake and fish."

Down Kansas City. Attention has been turned to the Colorado Springs team in the Western League. The little "willes" clique, up to date, is the only one of the league that has succeeded in breaking the record for the distance.

Grizzlies Winners. Whatever rule was at work yesterday, only a mathematician of high degree could say, but it is a fact that the visiting team won in the Western League meets yesterday. Consequently the grizzlies are also in the party which carries trophies.

Contagious Blood Poison On account of its frightful hideousness, contagious blood poison is commonly called the king of venereal diseases. It may be either hereditary or contracted. Once the system is tainted with it, the disease may manifest itself in the form of scrofula, eczema, rheumatic pains, stiff or swollen joints, eruptions or copper-colored spots on the face or body, little ulcers in the mouth or on the tongue, sore throat, swollen tonsils, falling out of the hair or eyebrows, and finally a leprosy-like decay

THE VICTORY OF CAP AND BELLS It Was an Underrated Yankee Triumph—Sporting Papers Are Generous.

Pure American Victory. The Derby was an Anglo-American triumph, but not so the Oaks, which was American pure and simple. It is a fact that rivalry ran high in America last year between Mr. Whitney and Mr. Keene, almost amounting to bad blood when a colt of Mr. Whitney's beat Oakes in the Oaks.

Fabulous Sums. Fabulous sums were won on Cap and Bells-I's victory in the Oaks. The commission had literally unlimited orders to back the filly, as long as a decent price was obtainable, and every American, man and woman, that saw Foxhall Keene for a week was advised to back the horse.
