FLOODS AGAIN DEVASTATE

PITTSBURG AND W. VA. DAMAGED

Deaths From Lightning at Pittsburgh—West Virginia's Second Visitation.

Pittsburg, June 27.—The storm which struck Pittsburg and vicinity yesterday was short in duration, but terrific in power and disastrous effect.

One woman was killed instantly by lightning and several other persons were died from the same cause.

In Homestead Mrs. Alice Lester, aged 24, was struck by lightning and instantly killed.

Miss Grace Jackson, aged 19, of Homestead, was struck and her recovery is doubtful.

Richard Rucker, also of Homestead, was frightfully burned by the electrical fluid, and will hardly recover.

Rev. John Saulton and Clay Fauds were badly shocked, but will recover.

The waters rushed down the hills around Homestead and literally engulfed the town. The extent of the damage done there is the worst in the history of the town, and will reach many thousands of dollars.

Four iron bridges of the Monongahela street railway were washed out. Dozens of washouts occurred between Pittsburg and Hazelwood, and street car travel was suspended for over an hour.

At South Avenue park at the end of the suburban traction company's line a picnic party composed of 1,200 persons, 700 of whom were children, gathered in the dining pavilion for shelter from the storm.

Lightning struck a tree within eight feet of the pavilion and set fire to the structure. The picnicers were panic stricken, women fainted, children screamed and even the men in the party gave way to their fright.

Fortunately the heavy rain extinguished the flames, and though a large number of the party were more or less injured, no one was seriously injured.

From all surrounding towns reports are coming telling of the widespread damage done by the storm, all the reports uniting in saying it was the severest known in years.

SECOND SCOURGE

West Virginia Has Another Destructive Cloudburst.

Keystone, W. Va., June 27.—A frightful storm passed through New Creek valley, south of Keyser, Tuesday night. It was an apparent repetition of the cloudburst, and in a short time the hills were swept by a roaring river from ten to twenty feet deep, carrying off newly harvested wheat, ruining oats, corn and garden crops and washing away the fields.

NEW OIL GUSHER 400 Feet N. E. Federal.

The Federal, joint well, on Spindletop, Beaumont, is now practically surrounded by big oil gushers.

The other Federal well, near the Lucas and Higgins, is down nearly 600 feet with the same indications that preceded the Lucas and Higgins gushers.

Beaumont Fuel Oil is now being shipped in large quantities. Federal's first gusher is due within 30 days, the other within 60 days.

Owing to the increase in Federal holdings and the important developments on Federal surrounding property the price of the stock will be advanced to 40c on Monday, July 1st.

The success of Federal is now assured beyond any question of doubt.

The arrival of the Federal oil gushers means a strong advance in the stock and enormous dividends.
