

Beauty Wins.

Every woman tries it to herself to be as beautiful as possible. A pretty face has an advantage over a homely one, whether it be in capturing hearts or in earning livelihood.

I know of nothing that will so speedily improve the complexion as my Witch Hazel Soap. This soap makes any skin as soft as velvet. It gives life and vitality, making the complexion glow with youthful freshness. It is not only the best toilet soap made, but it removes pimples, blackheads and most facial blemishes, heals sores, cures chafed and sore spots, itches, cures dandruff and all scalp diseases. It promotes the growth of the hair, and is the finest soap made.

Use it on baby and see how quickly all forms of rash and eruptions disappear. Of course, if the blood is out of order and if you have any form of skin disease, it will be necessary for you to put your system into a healthy condition before you can expect a beautiful complexion. I cannot recommend my Blood Cure too highly for its curing and enriching the blood; nor my Dyspepsia Remedy, for curing all forms of indigestion and stomach troubles. It will enable you to eat what you like and all you like.

SUPREME LODGE INVESTIGATING

Result of an Examination of Endowment Rank Finds Made Public.

Chicago, July 9.—Behind closed and carefully guarded doors, the supreme lodge of the Knights of Pythias to-day met here in special session to consider alleged judicious handling of the funds of the endowment rank of the order. Members of the fraternal organizations, both in the United States and Canada, are said to be intensely interested in the result of the investigation, a report of which will be made during the present meeting by President C. F. S. Neal of the board of control of the endowment rank. It is said \$900,000, the entire surplus of the endowment rank is unavailable for use, except at a great sacrifice. A special assessment on insured members and an increase in the monthly payments on insurance are said to be probable.

New Haven, Conn., July 9.—State Insurance Commissioner Edwin L. Scofield has made public the result of the joint examination by actuaries of the Illinois and Connecticut insurance departments of the accounts of the endowment rank of the Knights of Pythias. The investigation was made at the request of the new board of management of the endowment rank.

The report showed that the endowment rank met with severe losses under its present management in investments in coal lands in Texas, in certain of its mortgage loans, and in its investments in the Lexington hotel in Chicago, and also in its claim against the City National bank of Fort Worth, Texas. Vouchers for money disbursed are missing.

It is also found that the endowment rank, for many years, in reporting its cash on hand in its annual reports to the insurance department, returned an amount which did not exist in fact, and the case was that there were actual overdrafts and a balance against it.

In the annual report of the endowment rank to the Connecticut insurance department showing the condition on Dec. 31, 1900, the ledger assets were returned as \$512,851.17, and the total admitted assets \$844,989.12. The liabilities were returned as \$419,161.14, and the balance to protect contracts \$225,807.88.

The examination made on May 21, 1901, showed the ledger assets to be \$474,907.64. The total admitted assets were \$334,855.58, the liabilities were \$560,123.20, and a deficiency of \$225,267.54. The difference is \$451,075.32.

R. CROKER IS A STAYER

HE REALLY MUST WIN A DERBY

Already He Has Entered American Horses for Events of the Next Two Years.

New York Sun Special Service. London July 9.—Richard Croker, boss of Tammany Hall, has served notice on the English racing public that he intends to remain a fixture on their turf by entering seven horses for the next two years' derbies, two for 1902 and five for 1903, all of them the progeny of Americus and Dobbin.

Since Mr. Whitney's victory with Volodyovski, the boss has said that he will not die happy unless he succeeds in capturing the English derby with an American-bred but American-ridden colt. He contemplates extensive improvements in his breeding place at Wantage, and has told his friends that he intends to spend several months each year there in order to give the training of the colts his personal supervision.

Mr. Croker authorizes the statement that he will not return to America before the middle of September, as his turf engagements here prevent him from leaving. John F. Carroll will take back all the guidance Tammany will require during the chieftain's absence.

Dr. Monical Lowers Record. Dayton, Iowa, July 9.—The Great Western circuit races opened here yesterday. The track was a trifle slow but Dr. Monical reduced the track record for the 2:35 pace to 2:10 1/2.

Domitian won first and second heats. Time, 2:15 1/2, 2:15 1/2. Robin Downes, Sunbeam, Al R. and Fatais also started.

Cricket at Bayonne. Bayonne, N. J., July 9.—The Canadian cricketers yesterday began a two days' match on the grounds of the Knickerbocker Athletic club, their opponents being representative cricketers from the Metropolitan district cricket league. The home team won the toss and went to the bat, but they were all disposed of by the bowling of Rocks and McGivern for a total of 77 runs. The Canadians in their first innings sent Council and Laing to the bat, but they were getting well set, knocked the bowling to pieces and made a change of bowlers was necessary. The total score was 98.

Laing gave the only chance up to that time, but Fryer, the Knickerbocker Athletic club batsman, was a man named Benish, who took first prize and Benish second.

All of the Black Hills' fire teams were called to go against this "professional" in the tournament races. The Rapid City team was the lightest and made the prettiest run. There are three negroes and one Indian connected with it.

Pigeons Fly True. Fred May's Experiment to Show That Nothing can Turn Them. Fred May, secretary of the Twin City Homing Pigeon club, made an experiment Saturday which seems to back up the contention that, once a carrier pigeon is liberated, nothing short of an accident will prevent it from coming to the office.

He proved that the flight of a carrier pigeon will not be interfered with by a second bird flying over the same course. Mr. May's "Milwaukee" was released at Worthington, Minn., at 6 a. m. Sunday. The second bird, "Crazy," also owned by Mr. May, was released from St. James at 6 o'clock, one hour later, the idea being that the first bird would reach St. James at about the time of the starting of the second. Milwaukee reached the home loft in Minneapolis at 8:31. Crazy arrived seven minutes later. The first bird evidently passed St. James about the time of the liberation of the second bird, but carried no message.

Wales Champion Defeated. McFarland Wins 15-Mile Race at Madison Square. Floyd McFarland, the California cyclist, easily defeated Tom Linton of Wales in a fifteen-mile motor-paced race on the ten-lap track in Madison Square Garden last night.

The race was finished with McFarland four laps to the good. Time, 29:33 4-5. Kramer beat his old rival in the final heat of the Madison Park scratch championship for which he got four points, and Collet received two, while Cooper and Butler, the runners-up in the semifinals heats scored one each.

"Major" Taylor was fined \$100 for his non-appearance at the garden and he will be fined a similar sum for each non-appearance on the circuit. He sent word that he is ill, and, of course, if this is a doctor's certificate is produced in support of it, he will be excused by the board of control.

Shamrock II. Braces Up. She Pulls Away From Shamrock I. in a Trial Run. Rotheys, Fifth of Clyde, July 9.—In the first five miles of the racing trial between the Shamrocks this morning, both yachts apparently sailing for all they were worth.

Overcome by Smoke. Houses with Sleepers Burned. All the People Saved, but One Is Fatally Burned While Protecting His Sister.

Chicago, July 9.—Two frame buildings at 8712-8714 Commercial avenue were destroyed by fire to-day.

Twelve persons, overcome by smoke, were carried out by the police. The lower portions of the buildings were used as stores, while two families of Poles lived in the upper rooms. The occupants of the buildings were asleep when the fire broke out and the majority of them were overcome by the smoke and heat. Three policemen who discovered the fire managed to break through the door and succeeded in carrying all the occupants to places of safety. While endeavoring to extinguish the flames which had ignited the nightgown of a sleeping woman, the rescued men was probably fatally burned.

Mrs. Stanislaus Serinuk was seriously burned about the body, but will recover. Peter Rudowicz was probably fatally burned in trying to extinguish flames which were burning Mrs. Serinuk's clothing. An explosion of a gasoline stove caused the fire. The loss was small.

Free carriage at Washington and Thirty-sixth avenue 31 all day; will take you over Walton Park.
