

PROFESSOR SMITH, OF GEORGIA, CURED OF NERVOUS PROSTRATION.

PROF. A. M. SMITH. Hon. A. M. Smith, Principal Fuller academy of Yazoo, Ga., writes: "Allow me please to express to you my sincere thanks for your wonderful life-saving medicine, Peruna. For the past two or three years I have been troubled with nervousness at times resulting in almost nervous prostration. Recently I have had very severe attacks and was induced by a friend to try Peruna. This I have done with more than satisfactory results and consider Peruna the best medicine on the market to-day for what it is recommended. "I have a brother who thinks it is the greatest thing in the world. To all who suffer with nervousness in any form I would say 'use Peruna.' With best wishes and many thanks for your splendid medicine, I remain sincerely, "A. M. Smith. Hon. Martin W. Wheelock of Montpelier, Vt., in a letter to The Peruna Medicine Co., says: "I have always had strong antipathy

against giving any testimonial in regard to proprietary medicine, but after much investigation I was convinced that yours was worthy. I have been troubled with what is termed neural catarrh, causing an oppressive feeling in the head and considerable nervousness and sick headache. "Noting the wonderful testimonials from eminent men regarding Peruna, the great remedy for catarrh, I concluded to and did try a bottle of Peruna. I must acknowledge that the medicine seems to possess tonic, warming and remedial virtue in excess of other medicines and that the use of Peruna in my case has been advantageous and that I have faith enough in its medicinal virtue to continue its use."—Martin W. Wheelock. Mr. John F. Schmidt of Carthage, Ohio, says: "Peruna has saved my life. For five years the best doctors had pronounced me incurable. I suffered with a complication of diseases—palpitation of the heart, nervousness, weakness and dyspepsia, and few bottles of Peruna cured me. Peruna cannot be beaten as a tonic. I have gained forty pounds since taking Peruna." In a letter to the Peruna Medicine Co., he says: "I am in the best of health since I have taken Peruna. I weigh 185 pounds, but I will never be without Peruna in the house."—John F. Schmidt. Peruna is a Natural and Eminent Nerve Tonic. Peruna strengthens and restores the activity of every nerve in the body. Through the use of Peruna the weakened or overworked nerves resume their natural strength and the blood vessels at once begin to regulate the flow of blood according to nature's laws. Congestions immediately disappear. All phases of catarrh, acute or chronic, are promptly and permanently cured. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

SCARCE TIN PLATES

This Is One of the Expected Strike Results.

FAMINE IN TIES AND BARS LIKELY

Jobbers Have No Stocks to Speak of and Higher Prices Are Looked For.

Cleveland, Ohio, July 18.—The Iron Trade Review says that the will not be. Contrary to predictions, the threatened strike of the Amalgamated Association has come, and that organization has closed all the union mills of the American Tin Plate company, American Sheet and Tin company and the American Steel Hoop company, in addition to three mills of the last named company heretofore non-union. Neither side now offers any prospect of a surrender, and need not be expected without a test of endurance, there is no room for predictions of early settlement. The first effect looked for, though not yet in evidence, is a scarcity of the plates and bars. The tin-union plants of the sheet company and the independent mills have been crowded for weeks, and there is little or no chance to expand, except as the independent works may be able to draw on the ranks of the strikers and organize triple turns. Tin plate production is reduced nearly 90 per cent by the strike and only a small fraction of the remaining 10 per cent is available for the market. The tin-union plants of the American steel Hoop company's mills but one creates a famine in hoops and cotton ties and reduces the output of bars. A cotton tie mill of the American Steel and Wire company in Cleveland will be started at Altogether plants having a yearly capacity of about 1,500,000 tons, or about 20 per cent of the entire furnishing capacity of the United States Steel corporation, are involved in the strike. There is already a slight advance in the price of bars as a result of the strike, and advances that may be sharp are looked for in sheets and tin plates. Jobbers have no stocks to speak of, and independent sheet mills have two or three months' business ahead, and the consumers will feel promptly the pinch of the shutdown. An accumulation of steel and of Bessemer iron will be realized at once in central western plants, and already the steel market is anticipating this condition. Quotations below Pittsburgh are announced and independent finishing mills will have the double advantage of lower prices on steel and a higher market for finished material. Meanwhile, independent furnaces are at sea as to the demand upon them in the second half of the year, and there is introduced into the ore situation another element of uncertainty.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

IN A NUTSHELL

Washington—It is announced with good authority that the national headquarters of the democratic party will be removed here from Chicago, about Sept. 1.

Philadelphia—All the leading flour mills in Pennsylvania have just been consolidated under the name of the Eastern Milling and Export company, with a capital stock of \$4,000,000. Twenty-seven mills are included.

New York—Out of the several hundred yards of ribbon that came to Mrs. McKinley on the many bouquets during the recent trip of the president and party across the continent is being fashioned for her a bed quilt. The artist is Mrs. Caroline Moore, of Brooklyn.

Toronto, Ohio—A terrible explosion shook this place last night and prevailed to a heavy load of nitroglycerin that exploded in mid-river, about a mile below here. The owner of the boat had just returned to it when the explosion occurred, leaving no trace of the boat or man.

Toledo, Ohio—Samuel M. Jones, the "Golden Rule" mayor of this city, was fined \$5 and costs in the police court for contempt. He promptly paid the money and made remarks which were not of a complimentary character as to the manner in which justice is dealt out in the average court.

Kansas City—A head-on collision between a north-bound St. Joseph & Grand Island passenger train and a Santa Fe local freight, from the west of Grand Island, resulted in the death of two persons, injured fourteen others and demolished the Santa Fe engine and several freight cars. The dead were, Engineer, St. Joseph, engineer; Captain W. A. Floyd, Topeka, express messenger.

Goshen, Ind.—Irene Canning, 16 years old, from Galveston, Texas, claiming to be an heiress to \$200,000 in southern banks and securities in the custody of the sheriff awaiting instructions from her guardian, Rev. George Tarbox, of Savannah, Ga. She claims to have been under the hypnotic influence of a doctor, who abducted her from a boarding school at Holyoke, Mass. She got off a train at South Bend to escape the man.

Port Huron, Mich.—The supreme tent, Knights of the Maccabees, elected the following officers: Commander, E. P. Markey; Port Huron; lieutenant commander, S. W. Trussler; Ontario; record-keeper, George S. Siegel; Port Huron; finance-keeper, J. D. Thompson; Port Huron; chaplain, Grant A. Robbins; Missouri; sergeant, S. W. Hall, California; master-at-arms, F. W. Marshall, Iowa; first master of the guard, M. F. Elkins, Kentucky.

Chicago—Dr. T. J. Bettero wants to bury a man alive to demonstrate to medical scientists that there is a point so near death that members of the profession would be baffled by the appearance of the subject, and, under ordinary conditions, pronounce life extinct, by the appearance of the subject, and, under a sound, with animation suspended and respiration unnecessary, is what the doctor proclaims he possesses the power to do through hypnotic influence.

MINNESOTA DODGE CENTER—Edgar Curtis of Faribault lost both legs in boarding a Chicago Great Western freight.

MANKATO—The 8-year-old daughter of James Bennett was badly lacerated by one of the lions at the Elks' carnival yesterday.

WINONA—John Bloss, a baker, and John R. Secretary of the Great Fair Association, were overcome by the heat yesterday.

FERGUS FALLS—A traveling violinist, who is said to be Hugh Wells, the missing editor of the Litchfield (N. D.) Bulletin, was seen here.

LIVERNE—Andrew Piedman, a farmer, committed suicide by taking carbolic acid. Heat and despondency on account of poor crops were the causes.

STILLWATER—The L. W. Dailey & Sons Stone Works, together with a barn owned by John O'Sullivan, were burned: Loss, \$1,500; insurance, \$1,000.

MURDOCK—The Murdock Milling company has been organized. The capital stock is \$10,000, with Phillip Kief, C. A. Mahlon and William Glander as incorporators. The object is the construction of a 100-barrel flour mill.

DULUTH—Charles Fernade, a cigar-maker of this city, is on his way to Spain to collect a bequest of \$15,000 left him by an uncle. There is a tremendous immigration into the Big and Little Fork ways on the line of the Minnesota & International road north of the upper Mississippi river.

STAPLES—Twenty White Earth Indians came into Staples to market blueberries and two of them, William Bungo and Albert Plunko, indulged too freely of brewer and Plunko insulted Mrs. Bungo. Bungo struck Plunko in the neck with an ax, cutting him badly. He was brought to Staples for medical attendance.

WISCONSIN HOULTON—The body of the man found having been here has been identified as that of John Mohr, formerly helper in Hillman & Starke's bakery.

WEST SUPERIOR—The school census returns show a falling off in Superior's school population. This year there are 7,718 of school age, while last year there were 8,033.

CARTWRIGHT—Mrs. T. L. Larson, an elderly lady, left home on the morning of July 15, and with a number of little girls, went to a picnic. She has not been seen since, and it is feared she has been struck by the heat.

IOWA GALVIN—The state Railroad Y. M. C. A. went into camp in a large grove near this city yesterday.

DUBUQUE—The steamer Dubuque, which sank some weeks ago near Burlington by running foul of a stump, arrived here yesterday and will be immediately placed on the Eagle Point for repairs. The hole in the bottom is 142 feet long and six feet wide.

MICHIGAN NEGAUNEE—James Jewell's baby boy, aged 2 1/2 years, fell in a pot of hot milk and died a few hours later.

MENOMINEE—Henry Schwelbach has received the appointment from Colonel Robert Bates as regimental sergeant major of the "Third" infantry national guard.

HURON—Chairman W. A. Stromme of the prohibition state committee has submitted his resignation and called the committee to meet in Sioux Falls July 19, to choose his successor. Mr. Stromme will remove to Sioux City.

CABLE FLASHES: Petersburg and Moscow incognito, are held not to include those having the characteristic of books, but only such as consist of current news or miscellaneous literary matter or both (not excluding advertising) and conform to statutory characteristics of second-class matter. The second order amends section 281 in several particulars. The essential paragraph is as follows: The subscription price must be shown by the publication, and when it appears from the contents or from the extrinsic inducements offered in combination with it, that the circulation of the publication is not founded on its value as a news or literary journal, and that subscriptions are not made because of such value, but because its offers of merchandise or other consideration result, in effect, in its circulation at apparently a nominal rate, such publication does not come within the requirements of the law for acceptance as second-class matter. The third order amends section 301, so that unold copies of second-class publications may not be returned at the pound rate to news agents or to publishers. An explanatory statement, given out at the department regarding the order says: The action of Postmaster General Smith is regarded as highly important. It is evidence of the department to administer the law as it is, strictly and properly, and that abuses wherever found will be eradicated. Loose and indifferent interpretation heretofore, is responsible for the loss of many millions to the government. It is believed that when the effect of these changes is thoroughly established many postal improvements will follow and later 1-cent postage will be made possible.

JOURNAL POPULAR EXCURSION NO. 43.

Another Joyous Day's Trip Down the "Rhine of America" To Visit the First Regiment at Beautiful Camp Lakeview Next Wednesday, July 24.

On last week's delightful Journal excursion to Camp Lakeview a gentleman said: "The charms and beauties of the Mississippi river and Lake Pepin are a revelation to me. I think I have traveled on every famous river in the world. If only there were some ancient castles scattered here and there on these stately bluffs, I would really think I was on the beautiful Rhine of Germany. This trip certainly cannot be surpassed anywhere. Everybody should make it."

What the Day's Trip Includes: An enchanting seven-hour sail down the mighty, majestic, Mississippi, clear through picturesque, peerless Lake Pepin—a Splendid Military Program at Camp Lakeview—and return on Fast Special Train (175 miles by river, lake and rail) only \$1.55 Round Trip.

Detailed itinerary for the excursion, including departure times from Minneapolis, arrival at Camp Lakeview, and return to Minneapolis. It also lists the military program activities and the cost of the excursion.
