

MEMBER OF SANDWICH CONGRESS FROM ISLANDS

Cured of Catarrh of the Stomach by Pe-ru-na.

CONGRESSMAN R. W. WILCOX, Delegate to Congress from Hawaii.

Recommend it to anyone who is suffering with stomach or catarrhal troubles. All over this country are hundreds of people who are suffering from catarrh of the stomach...

Hon. Robert W. Wilcox, Delegate to Congress from Hawaii and the Sandwich Islands, in a recent letter from Washington, D. C., writes: 'I have used Peruna for dyspepsia and I cheerfully give you this testimonial...'

IOWA

KINGSLEY-Frank Thurdie, twelve-year-old son of Carson Thurdie, was crushed to death by his pony which fell on him.

CEADAR RAPIDS-John Benesh, a young seaman of Walford, shot Agnes Jirsa three times and then turned the gun on himself. She will probably die. Jealousy was the cause.

CEADAR FALLS-The clam hunters in search of pearls are getting too familiar along the Cedar river. The water is lower than it has been for years. The hunters search the clams and then throw them into the stream. The water is being polluted, and the city of Waterloo is having the water supply damaged.

SADULA-The fish commissioners seized a small lake in this vicinity for black bass and took at one haul 44,000. The largest were four or five inches long. They will be placed in the state waters.

ACKLEY-William J. Schultz, a widower 73 and Mrs. Slight, aged 70, were married at the county seat.

WATERLOO-Dr. Russell H. Conwell of Philadelphia was prostrated by the heat while delivering a lecture before the Chautauque assembly. The Waterloo Power company has declared a dividend on all stock held in the first dividend the company has ever paid. The sale of the site of the paper mill, tract of land comprising about sixty acres, is the cause of the distribution.

LOOKING BACK

To the time when she was plucked from the very grasp of death, the natural impulse of the womanly heart is thankful for the means which saved her, and a desire to help other women in like cases.

Those are the memories which prompted Mrs. Eva Burnett to write the accompanying testimonial to the curative power of Dr. Pierce's Favorite Prescription. This is only one cure out of thousands. No one would dare say that the average woman was not as truthful as she is good.

And it is the truthful testimony of the average woman that 'Favorite Prescription' cures womanly diseases when all other means and medicines absolutely fail. It restores regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It tranquilizes the nerves, restores the appetite and induces refreshing sleep.

I have intended for some time to write to you, says Mrs. Eva Burnett, of Russellville, Logan Co., Ky., and give a testimonial in regard to what your medicine has done for me. My husband came in July, 1890, and I had congestive chills, and lay at death's door for ten long weeks. I was in a dreadful condition and had six of the best doctors of the city. After everything had been done and I had been given up to die I tried my husband to get me a bottle of Dr. Pierce's Favorite Prescription. He had no faith in it, but he got it and when I had taken it two weeks I was able to walk to the dining room and to my meals, and by the time I had taken three bottles I was able to cook for my family of four. I can never praise Dr. Pierce and his medicine enough.

Dr. Pierce's Pleasant Pellets cure biliousness.

IN IRON AND STEEL

Power of the Amalgamated Association Overrated.

SHEET AND TIN PLATE SHORTAGE

Considerable Tonnage Placed in Structural Material-Prices Continue Firm.

New York, July 25.-The Iron Age, in its issue to-day, says: The strike in the rolling mills has not developed any special features during the week, and the feeling in the trade is that the power of the Amalgamated Association is generally overrated. From a high source comes the statement that the United States Steel corporation will wait until its men in non-union mills are ready to go to work, and then plant after plant will be opened, which does not seem likely for some weeks. The decline in the product of the finished mills will soon lead to the closing down of some of the steel plants, and the closing of furnaces or to the accumulation of pig iron. The longer this condition lasts the greater will be the necessity for the merchant furnaces to look for an outlet in other directions. The Ohio Steel company's plant at Youngstown has been put on steel rails, so that it can take up the work of sheet furnaces, and the closing down of some of the steel plants, and the closing of furnaces or to the accumulation of pig iron. The longer this condition lasts the greater will be the necessity for the merchant furnaces to look for an outlet in other directions. The Ohio Steel company's plant at Youngstown has been put on steel rails, so that it can take up the work of sheet furnaces, and the closing down of some of the steel plants, and the closing of furnaces or to the accumulation of pig iron.

COMPETITION IN WOOL

THE TRUST TURNS ON ITS RIVAL

Prices Reduced and a Cutoff Policy Reported to Have Been Adopted.

New York Sun Special Service

New York, July 25.-In the opinion of the conservative houses in the woolen business, it is the wool trust that has entered upon the policy of cut-throat competition against its rivals. The trust has just made a general reduction of prices varying from 7 to 25 per cent on its lines of goods, and nothing in recent years has so startled wool street in New York and Federal street in Boston, the great wool markets of the United States. Tariff conditions are the same as they were last year. There has been no material reduction in the price of wool, and the new market for the wool trust is understood at the close of yesterday's business that about 7,000,000 yards of these staple cloths have been sold since Monday-enough to make about 2,000 suits of the men's clothes. As a result of the trust's reduction in prices of the trust tremendous orders have been withdrawn from competing manufacturers and transferred to the trust.

NEW STEEL PLANT

Independent and One of the Largest in the World.

Pittsburgh, July 25.-The Pittsburgh Wire and Steel company, a new concern, will make application to Governor Wray at Stone, Aug. 14 for a charter of incorporation. The proposed corporation is to have a capital stock of \$2,000,000 and will, it is said, be the largest and most complete independent plants in the world on the line of the Pittsburgh & Lake Erie railroad, a few miles south of this city. The new plant will be owned by Thomas Walker, Lieutenant Thomas W. Pritch, John W. Garland and Robert Garland. Mr. Pritch, who is to be superintendent of the new works, said: 'We are not going into this thing with the purpose of challenging the combine. It is simply that we realize the wire industry is being destroyed by the combine and we are going to make a stand for it.'

GREAT GROCERYISM

Thousands of Retail Stores in Philadelphia to Unite.

Philadelphia, July 25.-The latest move towards establishing a gigantic mercantile combination is a proposed plan to secure control of at least 3,000 of the 5,000 retail grocery stores of this city under one of the large capitalizations of \$5,000,000. It is proposed to purchase the stock and stores at cash average of \$2,000, making a total investment of \$6,000,000 in addition to which \$500,000 will be put up for a working capital. The idea is to employ former owners as managers of the new stores.

ST. LOUIS EXERTS HERSELF

New Tasks for Louisiana Purchase Exposition Management.

St. Louis, July 25.-The committee on organization of the Louisiana Purchase Exposition company has submitted a number of highly satisfactory reports on the promotion of exhibits and matters representative from Central and South American states. The committee recommended an additional \$200,000 be raised for providing that the historical committee shall consist of seven members and shall be charged with the special care and supervision of the exhibits and matters pertaining to archaeological collections, the discovery, development and settlement of the Louisiana territory, and shall be charged with the special care and supervision of the exhibits and matters pertaining to archaeological collections, the discovery, development and settlement of the Louisiana territory, and shall be charged with the special care and supervision of the exhibits and matters pertaining to archaeological collections, the discovery, development and settlement of the Louisiana territory.

WISCONSIN

OSCEOLA-A postoffice named Dwight has been established on the Soo twelve miles east of here.

PRAIRIE DU CHIEN-Fire destroyed the meat market of Detrich & Marvin and almost destroyed the residence of L. A. Bitterley. The Creka block was damaged.

GREEN BAY-Florence Dorcy, aged 20 years, was killed and Clara Fay and John Quirk were injured by being run down by an electric street car.

MILWAUKEE-Judge Seaman appointed William G. Bruce receiver for the Kingman Brothers, engravers, upon petition of several creditors.

GRANTSBURG-The Indians began their dance on Lower Tamarack, in celebration of the close of the blueberry season. Blueberry buyers will not be able to buy any berries until the dance closes. The cranberry crop promises to be one of the best ever known.

VIROQUA-The 5-year-old daughter of John Skotland had one leg cut off by a reaper.

LA CROSSE-There is much controversy over the matter of destroying the face of Grand Dam bluff, located just east of this city. A local resident has been ordered to stop the bluff, which is being taken from the face of Grand Dam, thus destroying its beauty.

POUND-Gus Horngren, a brakeman on the St. Paul road, had both legs cut off at a gravel pit while switching. He cannot live.

Feeding to Fit Is the problem with infants. The growing child has ever changing needs, but a perfect nurse can never give so much as Borden's Eagle Brand Condensed Milk is the acme of substitute feeding. Send 10c for 'Baby's Diary.' T. I. Hudson et al., N. Y.

Pan-American Exposition, Buffalo, N. Y. CONTEMPT OF COURT

Striking Machinists in Milwaukee in Trouble.

Special to The Journal. Milwaukee, July 25.-Attachments for contempt of court for alleged violation of the injunction issued against him some weeks ago were issued to-day by Court Commissioner G. W. Hazelton against William E. Roeseke, Charles Phillips and Fred Wilson, three of the striking machinists at South Milwaukee. It is claimed that the defendants have persisted in violating both the letter and spirit of the injunction by picketing the works of the Bucyrus Steam Shovel company, and that they have shown so bold they have recently made such violent demonstrations against the employes of the concern that collisions have only been avoided with difficulty and the company was compelled to take steps to protect its men. The warrants for the arrest of the men were placed in the hands of deputy sheriffs this morning. Commissioner Hazelton's order provides that each of the defendants shall be required to give bonds of \$100, and that the order shall be returnable on August 3.

NORTH DAKOTA

WAHPETON-Alton Huel and Allen Harris, each aged 17, of this place, were drowned at East Battle Lake, Minn.

GRAND FORKS-The Northwestern Telephone company has commenced excavating preparatory to the erection of a two-story building. A crew of men has also been put to work tearing up the paving and digging a trench for conduits for an underground service.

DICKINSON-W. L. Richards, president of the Dakota state bank of this place, and J. M. Hicks of La Crosse, Wis., have bought the Morning Star Cattle company for \$45,000.

MICHIGAN

MENOMINEE-Rev. J. M. Rooney of Manistique has accepted a call to the pastorate of the Baptist church.

Mrs. Charles Smith of Jimes, Ohio, writes: I have used every remedy for skin headache I could hear of for the past fifteen years, but Carter's Little Liver Pills did me more good than all the rest.

MINNESOTA

BRainerd-A girl, 22 years of age, going to the new normal school this year. Resident a resort of pelvic abscess. It is stated, but the cause of her death will be investigated. The officials are unable to locate her parents, who, it is thought, live in Minneapolis. Sheriff Hardy arrived from Billis having in custody J. Anderson, charged with attempted abortion. Mike Thompson, of East Brainerd, was adjudged insane.

SHAKOPEE-Charles Stark died yesterday from sunstroke.

NORTHFIELD-Thomas Moore, of Greenwald, has discovered a meteorite about the size of a hen's egg, on his farm. It was covered with ashes and a strong smell of sulphur was apparent.

HASTINGS-William Driscoll was overcome by the heat and died. Deputy Sheriff Nicholas J. Steffen arrested a stranger named Frank Davis for stealing a horse and buggy belonging to F. W. Finch, druggist.

STILLWATER-Thomas Shattuck, 70 twenty-one years a policeman in this city, died at Bangor, Me., aged 65 years.

PINE CITY-Edgar Kilgore, aged 14, was fatally and another boy seriously injured by a collision in a ball game.

ROUTH-The eighteenth annual meeting of the Minnesota State Dental Association will be held here, July 29, 30 and Aug. 1. It will probably be impossible to open the new normal school this year. Resident Director Phillips states there will not be money enough left out of the appropriation to start the school. The sale of the Washburn, Bayfield, Iron River railroad, a long line, which the United States court has ordered for Aug. 20, will be of considerable interest to businessmen of the head of the lake. The court's order provides that no bids under \$25,000 will be considered. There will be no rise in the price of hard coal on Aug. 1, as had been feared by many consumers.

Care roofing sheds water like a duck. See W. S. Nott Co. Telephone 378.

TEXAS OIL NEWS

A Brewery Burns Beaumont Oil.

The big brewery at San Antonio, Texas, has equipped three big boilers with oil burners and is now burning Beaumont oil at a saving of 50 per cent from coal cost. That shows the growing demand for crude oil.

Last week the great hustle was on to build pipe lines and oil tanks for storage. There are now 17 wells pouring out oil at a tremendous rate, and the main trouble with the oil men is to provide for storage and economical delivery.

Aside from the National Oil & Pipe line well that came in Tuesday there are five guahers due this week. We are making good progress on the Saratoga well, but it is not expected to come in now until about the middle of August.

The Saratoga Company has a large leasehold at Sour Lake and is interested in the recent resumption of work on the Guffey well there that showed considerable oil a few weeks ago. After the oil was demonstrated a great excitement followed and a dispute arose over the titles. This has now been cleared up, and it is probable that Sour Lake may prove almost as interesting a field as did Spindle Top Hill.

Aside from the 20 speculative tracts upon which the Saratoga Oil and Pipeline Company holds leases it owns in fee simple the site of the Saratoga well in block 38, Spindle Hop Heights. This well is now down nearly 600 feet and promises to be a big gusher. Stock is still selling at 30 cents (par value \$1), but an advance is contemplated soon. Write for particulars to 728 Andrus Building, Minneapolis.

Rush, Work and Worry

Send an extra amount of blood to the brain from day to day, leaving other portions of the body depleted of that life-giving fluid. The stomach and, in fact, all of the organs concerned in the alimentary process have to get along as best they can. Then hearty meals are indulged in and the case becomes still worse. The liver becomes enlarged and refuses to perform its functions. Bowels torpid. Kidneys overworked - gradually becoming affected. Ripans Tablets are the well-known remedy for all such troubles, either for relief, cure or as a preventive. Ripans perform these functions with wonderful accuracy, as those people testify who suffered from such afflictions. Ripans are a clean, safe remedy and tonic for men, women and children. One gives relief.

There is scarcely any condition of ill health that is not benefited by the medicinal use of the B-F-P-L-S Tablets, and the price, ten for 50 cents, does not bar them from any home or justify anyone in endorsing pills that are easily cured. A family bottle containing 120 tablets is sold for 60 cents. For children the chocolate coated sort, 75 for 25 cents, are recommended. For sale by druggists.
