

AS TO ARMY POSTS

Secretary Root Suspends the Work of Reorganization.

HIS ACTION CAUSES SURPRISE BELIEF THAT THE SUSPENSION IS INTENDED AS ONLY A TEMPORARY MEASURE.

New York Sun Special Service. Washington, July 26.—Secretary Root has suspended the order which he prepared for the appointment of a board of officers to look into the subject of a reorganization of the army posts of the United States. This order had been drafted and the personnel of the board selected. It has long been apparent to the officials of the war department that there should be a reorganization of the military posts of this country.

ELKS GO HOME

The Grand Lodge at Milwaukee Stands Adjourned. Milwaukee, Wis., July 26.—The Elks adjourned last night to meet in Salt Lake City on the second Tuesday in August, 1902.

Past Grand Exalted Ruler J. B. Fisher was given a vote of thanks for the manner in which he conducted his office during the past year and the grand trustees appointed a committee to arrange for the presentation of some kind of a testimonial. The convention closed with the installation of the new officers. Baltimore will likely get the convention in 1902.

TAKES ISSUE WITH KOCH

Veterinary Surgeon on the Tuberculosis Bacillus. Ithaca, N. Y., July 26.—James Law, director of the New York state veterinary college of Cornell university, gave out an interview in which he declared that he did not wholly agree with Professor Koch in his conclusion that bacillus which was found in cattle could not be transferred to human kind. He said:

In regard to the dissemination of human and bovine tuberculosis, it is very clear that bacillus tuberculosis as grown or cultivated in the human body and bovine acquires qualities that are characteristic of different habits, but that it is not able to take the absolute position attributed to Dr. Koch in a cablegram, that bacillus in one genus is radically different from that found in the other.

HORNETS IN MAIL BOX

CLERGYMAN'S STRANGE MISHAP Infested With Stingers, He Takes Flight, With the Populace After Him.

New York Sun Special Service. Derby, Conn., July 26.—With a swarm of hornets about his ears and a crowd of men, boys and dogs in hot pursuit, the Rev. C. F. H. Wendell, pastor at St. Paul's Episcopal church, Huntington Center, ran madly down the village street two mornings and disappeared into the woods. The hornets had nested in the clergyman's free delivery mail box. When he went for his mail they poured out in thousands. They covered his neck and face, crawled beneath his clothes and clung to his whiskers. Stung to desperation, he ran frantically, waving his arms and shouting for help.

TOUR OF BOTANISTS

Northern Minnesota Among the Sections to Be Studied. Chicago, July 26.—Botanists of the University of Chicago will start Aug. 6 for a two months' tour of study of the flora and forestry of the west. In a private car equipped with ever facility for experiment and work they will make their first pause in the pine-land of northern Minnesota, where their car can be sidetracked at will. The tour has been arranged so that in definite stops can be made at more than fifty favorable places already selected on account of the peculiarly interesting character of the locality and its influences upon rare plants and forest growths.

MISTAKEN ECONOMY

Is Bathing in New York as Costly as in Minneapolis? New York Sun Special Service. New York, July 26.—Three young women had a fit of economy and found themselves in a bad plight at Asbury Park. They sought to save paying for the use of a bathroom, so, after putting on their bathing outfits, clad themselves as if out for a stroll on the board walk and sauntered to the beach. When they thought both the blue-coated guardians and the other beach employees were not looking they discarded their outward apparel and plunged into the sea in their skirts and shirt waists under the walk. The performance was seen, and hardly had the girls reached the water before their clothing was on its way to the tow hall. They discovered a man walking away with their dresses, but they had to make the best of it and ran all the way from the beach to the hotel. The proprietor went to the police station later and redeemed the clothing.

TWO-CENT PHONING

Even at This Rate a Good Profit Is Counted Upon. New York Sun Special Service. Philadelphia, July 26.—If the plans of the telephone company of America do not miscarry, the telephone business as it is known in Philadelphia will be revolutionized. According to Secretary T. W. Tryer, the company will install a system in West Philadelphia that will reach every house in a home. The operation will cost but two cents. The franchise recently granted to the Keystone Telephone company, of which Congressman Ford is at the head. Secretary Tryer estimated that fully 100,000 phones would be found necessary to fully equip the territory. Mr. Tryer states it was the intention to place a phone in every building free of cost to the occupants, and that the toll of two cents for each call would fully reimburse the company and also insure a profit.

KAISER AS MEDIATOR

Rumor That He Has Offered His Services Is Discredited. London, July 26.—There is little foundation for the rumor that the German emperor would act as mediator between the British government and the Boer leaders, with the object of bringing the war in South Africa to an end. The kaiser has all along adopted a neutral attitude, and it is most probable that he would now contemplate the possibility of making a representation to this country to prevent the war from being fought in Africa. Such an action would be regarded as an unwarranted interference, and the kaiser is not so foolish as to sacrifice all the fruits of his recent friendly policy with this country.

ACCUSED OF BIGAMY

Philadelphia Lawyer Who Married His Niece. Port Collins, Col., July 26.—Henry H. Piggott, formerly a well known Philadelphia lawyer and prominent in financial circles of that city, has been placed under arrest here charged with bigamy. Piggott married his niece, Charlotte R. Garse, in Denver, in February last, and they have been living on a stock ranch near this city. He claims he was divorced from his Philadelphia wife in Boston, Mass. Civil actions against both Piggott and the Garse woman, one for separate maintenance and the other for alleged alienation of affection, each in the sum of \$50,000, have been begun.

STAYING BIG FIRE

Nashua, N. H., July 26.—The coöperation of Proctor Brothers, the stove drying-plant of the White Mountain Paper company and seven tenement houses were burned here early to-day, causing a loss of \$300,000.

CHIPPEWA RESERVE Cass Lake and Walker Want It Open for Settlement.

A MEETING WEDNESDAY NIGHT

Commercial Club of Cass Lake and Industrial Association of Walker Take Action. Special to The Journal. Cass Lake, Minn., July 26.—The people who are most interested in the opening of the Chippewa Indian reservation are commencing to move in earnest. On Wednesday evening a joint session of the Commercial club of Cass Lake, and the Industrial Association of Walker, was held at the Strawbridge hall, Cass Lake.

FOUND IN THE RIVER James Kinkade Seemed to Prefer Death to Marriage. Special to The Journal. Clinton, Iowa, July 26.—The remains of James Kinkade, who disappeared Wednesday evening just before the hour set for his marriage to Miss Alfreda Peetz, were found in the Mississippi river yesterday. While suicide is advanced as the cause of his death, no reason can be given.

ARMY OF CROP EXPERTS

They Are Nosing Around Fargo-McCarthy of Cando Hurt. Special to The Journal. Fargo, N. D., July 26.—Just now North Dakota is undergoing the annual epidemic of crop "experts." Among them are H. V. Jones, of Minneapolis, McDonald, private representative for some Minneapolis grain houses, Baldin, a special representative of the agricultural department and "Old John Ingalls" of Chicago. None of the men are inclined to talk a great deal. Mr. Jones thought he was too early and will return in a few days.

HE DODGED HENNESSY

Benidji Burglar Leaps From a Moving Train. Special to The Journal. Sioux City, Iowa, July 26.—Officer Hennessy of Benidji, arrested a young man named Johnson, for burglary committed in Benidji. Johnson escaped from the officer five miles east of here by jumping through the window of the passenger train running north at the hour. He was unhurt and took to the timber. Mr. Hennessy is "hot footed" after him.

Caught at Hutchinson. Special to The Journal. Hutchinson, Minn., July 26.—Miss Edna Duckering, of Greenleaf, fell down cellar with a lamp and was badly burned about the head, arms and shoulders. The three-year-old daughter of Neil Nelson, of Lake Maran, died from heat prostration—Margaret, a young woman eighteen years of age died Friday of typhoid fever.—Wm. Plamann's baby, two years old, drank fly poison and died.—The following library board directors were elected: For one year, Carlos Avery, Mrs. O. A. Kohler, John R. Larson; for two years, Mrs. C. S. Tredway, Mrs. H. L. Merrill, Mrs. J. L. Farber; for three years, E. J. Stearns, H. L. Merrill, P. Harrington.—D. A. Adams and J. F. Beytlen were re-elected members of the board of education for three years.

UNPLEASANT LIGHTNING EXPERIENCE.

Special to The Journal. Jamestown, N. D., July 26.—Theodore Gospodar, residing on a farm north of Jamestown, was struck by lightning while riding on a load of hay. His clothing was blown about, and he was thrown. A hot iron had been applied, his watch case fused as if a soldering iron had been run around it and it was fifteen minutes before he recovered consciousness. He will recover in a few days. The older son removed from the residence of C. J. Cronquist, of Kensal, his daughter having fully recovered from an attack of smallpox.—In the case of Jewett Bros., Minneapolis vs. Adams, vs. O. A. Knutson, Judge Gaspsell rendered a decision for plaintiff. There was no appearance on the part of the defendant. The judgment amounts to a little over \$500.

SOO LINE AGENT GOES.

Special to The Journal. Kensington, Minn., July 26.—The agent for the "Soo Line" at Barrett, has mysteriously disappeared. Nothing is known that would furnish a clue to his whereabouts or to the cause for his disappearance. He was strictly temperate and a man of good habits. An operator, arrived on the east-bound freight which has opened up the station. An examination of the accounts will be made as soon as the auditor arrives.

MURDERED AND ROBBED.

Special to The Journal. Deadwood, S. D., July 26.—Fishermen have found the remains of a dead man, whose body was evidently pushed overboard. The body was found partly covered by the sands of Sand creek, northwest of this city. It was wrapped up in a rubber blanket, and next to the body was found a rifle and revolver. The man had evidently been shot in the mouth by another person, the point of the weapon being inserted, which blew out the man's brain. It is believed that the unfortunate man was traveling in a rubber blanket, and that he was killed and robbed. A letter was found on the body, the word "Massachusetts" being the only one that was legible. This is the second dead man that has been found near this city in the creeks, where the evidence goes to show that robbery and murder were the causes of death.

EAST GRAND FOLKS IMPROVEMENTS.

Special to The Journal. Grand Forks, N. D., July 26.—The residents of East Grand Forks who were in favor of issuing the waterworks and electric light bonds by that city for the purpose of having the plants installed this summer are very much disappointed over the fact that Judge Watts has issued an injunction, which, though temporary will

Probably be made permanent from the fact that the equalization board lowered the assessed valuation of the city to \$377,000 when it was necessary in order for the bonds to issue legally to have the valuation \$400,000 or over. Typhoid From Bad Water. Special to The Journal. Baraboo, Wis., July 26.—Health Officer Charles Gorst received the report of the analysis of the city water from Prof. Russell, of Madison. It shows that the water is more or less contaminated and contains some typhoid germs. There are at present about twenty cases of typhoid in this city. Richard Cavenagh, a veteran of the civil war, was found here overcome by the heat. His home is in Hartford, Conn. and he was on his way to La Crosse. He will probably recover.

A BABY TORNADO.

Special to The Journal. Adams, Minn., July 26.—A small tornado passed through this village yesterday, overturning barns and outbuildings, breaking up trees and doing considerable damage. The residence of John Forson, two miles west of here, was blown from its foundation. Happy Meeting After Many Years. Special to The Journal. Brainerd, Minn., July 26.—Mrs. Alice M. Towne, of Brainerd, has traveled over a long stretch of country to this place to meet her sister, Mrs. Mary M. Falconer, whom she has not seen for nearly 50 years. The older of the two, Mrs. Towne, was born in Vermont, but she went to Minneapolis with her parents when quite young. The younger, Mrs. Falconer, was born at Champlain, Minn. The parents moved to Minneapolis when both were young girls, but shortly afterward the mother died, and the little ones were taken to the parents' family to be reared and cared for. When Mrs. Towne was 15 years of age she was taken west, and since that time the two sisters have seen each other until yesterday, when they met in Brainerd. It was a time before going to Illinois, where she had been working for some time. She had not seen her sister for nearly that length of time. The two sisters parted both with hearts broken and with children.
