THE HOME STRETCH

If the Millers Are Going to "Get There" They Must Do It.

ONLY ABOUT 50 GAMES YET

Last Fifteen on Home Grounds—The Finish With the Kansas City Team.

Only about fifty games are left on the Western League schedule and it behooves the clubs which want the pennant to think a little seriously of the finish. On Sept. 18—about seven weeks away—the umpires will call game for the last time and the players who have not done their duty by their employers and the fans will be everlastingly too late to earn any gratitude or praise. At the present going Kansas City already has the pennant, with St. Joseph second. These have been their positions since early in the race.

They are not beyond reach, however—even the cowboys with their colors flying high above the common herd. It will take hard and self-sacrificing work from now to the end of the season to rout the cowboys out of first place and it is not likely that any team has the necessary strength to accomplish this for the team at Kawtoona is game as well as fast. The millers opened their fourth series with the Kansas City team this afternoon and the local fans are watching the result with some apprehension.

A good showing at Kansas City will greatly cheer them and while they will not be greatly depressed if fortune does not favor the millers—for they are not the kind to cry over spilled milk—they will be sorry if things break wrong.

With such a quartet of pitchers as Whitridge, Swormstedt, Ferguson and Wadsworth, a quartet which has no its peer in the whole Western League, the millers ought to do something even if they were composed of much poorer players than they are. But with McConnell, Law, Brashear, Cockman, Rohe, McCreadie, Galignat and Belden, where is there a chance for improvement as far as the Western League is concerned? Individually Beall's men can be matched with any club in the league. It may be that the millers are not as aggressive as they might be and possibly they are not as well captained as some others, but their average game is certainly good enough for anyone who knows a good ball game when he sees it.

One item in favor of the local club's reaching an honorable place in the race is the fact that the team will finish at home. The last fifteen games will be played at Nicollet park. It is not unlikely that these games may determine the championship. By a peculiar freak of fate the last club to play here will be the cowboys, while the Joe Joes will be the next to the last team to appear at Nicollet park. Some great playing should be seen in this town about that time and it will be a golden opportunity for the millers.

NATIONAL LEAGUE

By using both his veteran batteries Ned Hanlon arrested the flight of the Phillies who have been making a mad rush for the pennant during the past fortnight. Two doubles, a triple and a homer were made

by the Phillies, but their errors lost them the game. The score: R H E
Brooklyn.....2 2 0 0 2 0 0 1—7 13 2
Philadelphia.....3 0 0 2 0 1 0 6—6 10 4
Batteries—Parrish, McDabbe, Hughes and Donovan; McFarland and Donohue.

Sharp work was done by the tall end team of the National league yesterday. The remnants of the orphans won by piling up a few scratch hits in the sixth inning, making three runs. Bey, the new red leg, distinguished himself by making a circus catch. The score: R H E
Cincinnati.....0 0 0 0 0 1 0 1—2 6 0
Chicago.....0 0 0 0 0 3 0 0—3 12 2
Batteries—Bergen and Phillips; Kahoe and Menefee.

Chebro was too scientific in addressing the St. Louis team yesterday and the Browns lost interest in the discourse, with the result that they were marked zero in their standing for the day. The score: R H E
St. Louis.....0 0 0 0 0 0 0 0—0 3 2
Pittsburgh.....2 0 0 1 1 1 2 1—8 15 1
Batteries—Chebro and Powell; O'Connor and Chebro.

With Captain Davis out of the game and Christy Mathewson no longer a bogie man, the giants dropped a game to the Boston yesterday and also took sixth place in the win column. The score: R H E
New York.....0 0 0 2 0 1 0 1—4 9 2
Boston.....1 0 1 0 0 0 1 1—5 11 3
Batteries—Warner and Mathewson; Kitztridge and Nichols.

The second game between New York and Boston was stopped on account of rain, while the New Yorks were at first the second inning. The Boston had scored three runs in their half of the inning on hits by Murphy, Pittinger and Hamilton, and two consecutive errors by Buelow. Phyle pitched for New York.

AMERICAN LEAGUE

Hogriever must be the mascot of the Milwaukee misfits. The brewers have played very regularly late and as they present a third row as before with the exception of Hogriever, that handsome youth must be it. The brewers left the senators tied to the post yesterday. The score: R H E
Milwaukee.....1 0 0 0 0 0 0 0—1 15 0
Washington.....0 0 1 0 0 0 0 1—2 11 2
Batteries—Donahue and Reidy; Clarke and Carrick.

Mud covered Bennett park when the tigers and orioles scuffled on the diamond yesterday to see what was in the ball game. Cronin was a leader after the orioles' liking and they made twice as many tallies as the tigers. The score: R H E
Detroit.....0 0 2 0 0 2 1 0—4 11 4
Baltimore.....0 0 2 0 0 2 3 0—10 14 4
Batteries—Shaw and Cronin; Bresnahan and Nops.

The only real contestants for the American League trophy were pitted against each other at Chicago yesterday afternoon and the Boston apparently had an easy time in defeating their enemy. Cy Young was unsolvable and would have scored a shut-out, but with two men out in the ninth inning McFarland knocked the ball over the fence for a home run. The score: R H E
Chicago.....0 0 0 0 0 0 0 1—1 15 3
Boston.....0 0 0 0 0 0 0 0—0 11 0
Batteries—Sugden, Patterson and Harvey; Schreckengost and Young.

MURILLO'S ARREST

Will Germany Make It Torrid for the Colombians?

Washington, July 30.—The arrest of Col. Abel Murillo by the Colombian authorities at Cartagena on board the Hamburg-American steamer Bremen has attracted the attention of the state department and among the Spanish-American legations, on the supposition that the German emperor would undertake to call the Colombian authorities to account. Had the Algeheiny been the American, French or any other than the German flag, in any other than the South American port, the incident would be regarded as unworthy of notice, but the established principles of international law governing the status of a merchant vessel in port are too well recognized by maritime nations to excite much attention. The extra-territoriality of a national warship is usually respected, but a foreign merchant vessel of whatever nationality is subject to the laws of any port she happens to visit and cannot afford a refuge for a citizen of her own nationality, not to mention a citizen of the nation in whose jurisdiction she is temporarily ported. The United States has never failed to enforce this principle in her own ports. Great Britain has frequently imposed the principle, declaring that English and not international law governs British ships when ever they went, but the United States has paid no attention to the contention, and the New York police are supported in searching any British ship in New York harbor.

Brooklyn Bridge Seize.

Since the suspenders of Brooklyn bridge gave way there has been a marked falling off of traffic. Although the bridge has been repaired and the engineers say it is perfectly safe, people are afraid to take the ferries are doing a big business at the expense of trolley cars and trains crossing the bridge. It will take about one week to restore the people's confidence and the traffic will go on as if nothing had happened. Thus are warnings always forgotten. BAN'S LEAGUE TO QUIT

THERE ARE RUMORS THAT SAY SO

Gossip About the Future of the Brooklyn Team and Hart's Future.

New York Sun Special Service

New York, July 30.—The report that Brooklyn will be dropped from the National league circuit and Washington taken instead is still a matter of discussion. It is also said that the American league is about ready to give up the ghost—that it is losing money in several cities, and that McGraw and the American league promoters are at loggerheads. The belief is advanced that if the American league does throw up the sponge Brooklyn is to go into the Eastern league, with Manning of Washington or McGraw in charge. There is talk of Hanlon's taking charge of the Washingtons or, possibly, the New Yorks, if Brooklyn is dropped. Report also has it that Hart is to be the next president of the National league, with Hanlon to go to Chicago and take charge of the team there. Hanlon, however, not long ago, declared he was not going west.

The Cadillac Is Not Judged a Winner.

It is the conclusion of the race the judges announced that they considered the result so far obtained indecisive and ordered three more races, the first announcement was disagreeable to the Detroit contingent, who claimed that Cadillac had made the best showing and was entitled to the honor of defending the cup.
Three boats were to start, but 40 seconds before the starting gun was fired, the mast of the Milwaukee broke off short and the Cadillac and Illinois were left to compete alone. The former led throughout.

TEXAS OIL NEWS

A Genuine Strike at Sour Lake.

At Sour Lake, where the Saratoga company has considerable land under lease, the first genuine strike has been made of oil in paying quantity. This is not a gusher, but a 60-barrel well of very fine lubricating oil. This well is down about 550 feet. It may be drilled deeper in hopes of getting a "gusher."

General Manager Brice, of the Saratoga company, has been preparing for the expected gusher, and has a 37,000 barrel tank and a pipe line about ready to start. The tank will cost \$3,000 and the pipe line \$5,500. It is for these that stock of the Saratoga Oil and Pipeline company is now being offered at 30 cents a share (par value \$1.) So sure are all interested that the Saratoga will be a "gusher" that actual preparations are making for marketing the oil.

People who have read "Texas Oil News" every day for weeks will be wishing they had a little more nerve to back their judgment when the price of shares goes up to \$1, and it surely will as soon as the oil begins to flow.

Now stop a moment and figure. Oil sold last year at about \$1 a barrel. But suppose we put the price at 30 cents. The gushers pour about 40,000 barrels a day. Suppose the Saratoga only goes a fourth as much, that will be 10,000 barrels at 30 cents a barrel, or \$3,000 a day, for say 300 days a year, which would give an income of \$900,000 a year, or 30 cents for every share of capital stock, including the treasury stock not issued. In other words, it will give you 100 per cent on your money every year and better. If we get a well only a quarter as big as it probably will be and the price is only a quarter of what it is in California.

Now, will you be good, and send that remittance to the Saratoga Oil and Pipeline Co., 728 Anderson Building, Minneapolis. You will miss it, if you don't.
