

\$75,000 IN TAXES

N. D. Roads Will Pay It Aside From County and School Tax.

STATE BOARD MAKES FIGURES

Separate Assessment is Levied Upon Express Companies for the First Time.

Special to The Journal.
Bismarck, N. D., Aug. 9.—The state board of equalization has dispensed of the matter of railroad assessment, and has fixed the valuation of the several railroads in the state at practically the same figures as last year. There is some difference in the mileage reported and this makes a slight change in the total valuation for purposes of taxation. The total valuation of railroad property for purposes of taxation is over \$17,500,000, a slight increase over the figures of last year.

The resolution for the assessment of the railroads was introduced by Auditor Carlblom. It provides for the assessment of the several roads in the state as follows:
Northern Pacific Road—Main line, 37,666 miles; branches, 61,717 miles. The Fergus Falls branch has been dispensed of. The road from forty-two to seventy-four miles, and the Casselton branch, 60.18 miles, has been constructed. The valuation of the main line and branches is fixed at \$6,500 a mile, and the total valuation for assessment is \$6,465,177.

Great Northern Road—Main line, 507.62 miles; branches, 607.59 miles. The valuation is \$6,500 a mile and the total valuation fixed at \$7,244,935.
Chicago, Milwaukee & St. Paul Road—Fargo branch, 69.40 miles, at the rate of \$6,500 a mile; assessed valuation, \$451,100. Harlow and Edgley branches, at \$4,500 a mile; assessed valuation, \$223,050.

Minnesota, St. Paul & Salt Lake Road—Main line, 361 miles, assessed at \$5,500 a mile; total valuation, \$1,981,500; branch lines, 183.11 miles, at \$4,500 a mile; total valuation, \$838,000.

Chicago & North-Western Road—On 14.23 miles of main line a mile; total valuation, \$94,574.
Bismarck, Washburn & Great Falls Road—7.89 miles of main line, at \$1,500 a mile; total valuation, \$11,835.

Devils Lake & Chautauqua Road—4.75 miles of road, at \$200 per mile; total valuation, \$950.

Sidetracks through the state are assessed generally at \$1 a mile. The several roads are assessed as follows for side tracks: Northern Pacific, 180,085 miles, \$270,062. Great Northern road: 147.40 miles, \$221,100. Chicago, Milwaukee & St. Paul road, 8.53 miles, \$12,795. Harlow, 29.78 miles, \$44,800; Northwestern line, 1.66 miles, \$2,490; Washburn road, 1.48 miles, \$2,220.

The following shows the railroad valuation for assessment in the state for the ensuing year:
Northern Pacific \$3,703,220
Great Northern 1,466,065
Chicago, Milwaukee & St. Paul 6,465,177
Minnesota, St. Paul & Salt Lake 1,981,500
Chicago & North-Western 94,574
Bismarck, Washburn & Great Falls 11,835
Devils Lake & Chautauqua 950
Total \$17,951,997

Upon this valuation the railroads will pay about \$75,000 into the state treasury in taxes the coming year, aside from the amount they pay into counties and school districts for county and school taxes.

The state board of equalization has approved the express companies, as provided by the constitutional amendment and law enacted by the last legislature. The board fixed the valuation of the companies in the state at \$50 for each mile of railroad over which they operate, the figures for the several companies being as follows:
Northern Pacific, \$49,716; Great Northern, \$45,720; Chicago, Milwaukee & St. Paul, \$6,910; American, \$7,125. The assessment will be apportioned among the counties in proportion to the number of miles of road operated. This is the first time a separate assessment has been made upon express companies.

The board has still to consider the matter of assessment of dining and sleeping car companies. The members of the board have discussed the matter, and the assessment of the sleeping and dining car companies is a difficult problem for the reason that the roads either operate their own cars, or have an interest in them, which is claimed to be assessed under the general assessment.

North Dakotans are well pleased with the state wine plant, both as a means of furnishing good wine to farmers at a reasonable price and of keeping down prices. There has been a great demand for wine all through the state this season and farmers say that it had not been for the fact that prices were so low on the market as a competitor with machine company wine, the price of the latter would have gone up several cents. As the conditions have been, because of the short crop last year, has been sold at a price of one dollar at a fair price, and has kept the price of other wine down to a reasonable figure.

At the meeting of the board of penitentiary trustees this month, the wine situation was discussed, and the members of the board were much pleased with the showing. All of the wine manufactured by the prison this year and all that was had over, because of the short crop last year, has been sold at a price of one dollar, and the price of the wine has been greater than the supply. Orders for six carload lots from Barnes county farmers had to be refused because the output of the institution was not sufficient. The state wine plant is now working on orders, and has enough to keep the plant busy during the season.

With the success that has been attained this season, it is evident that hereafter the board of prison managers will find a ready market for all the wine that can be furnished by the state plant.

Bootlegger's Stock Confiscated.

Special to The Journal.
Fargo, N. D., Aug. 9.—W. L. Thompson was arrested here with a telescope grip full of pint bottles of whisky. He is a bootlegger for Tower City, in the western part of the county, and it is supposed he intended to dispose of his stock to Harvey. His supplies were confiscated and he was given an opportunity to get out of the county. The potato crop in North Dakota is expected to be large this year. The tubers were drowned out in the valley, and in other sections of the state there are reports of a bumper crop. Buyers from southwestern points are already here getting an option on car-load lots at from 40 to 50 cents a bushel.

Services Appreciated.

Special to The Journal.
Hastings, Iowa, Aug. 9.—T. J. McMillan, who has been agent for the Burlington at this place for nine years, will be transferred to Clarinda. Citizens held a reception in his honor when the news was announced in appreciation of his long and faithful service.

SMITH FOR THE CANTEN

Oaksho Congregational Minister Tells Why He Favors It.
Oshkosh, Wis., Aug. 9.—Rev. Edward H. Smith of the First Congregational church, the swiftest in the city, does not sympathize with the hue and cry against the canteen at Camp Douglas. He said: "While I don't believe in the practice of drinking beer, there are many of the soldiers who are bound to have it, and for them it is a good thing to have it. It is not rational to lodge a complaint against a man who is doing a good deed, and spend their evenings in the saloons."

FARM HOUSE LOOTED

Five Men Driving Overland Arrested for the Deed.
Special to The Journal.
Jamestown, N. D., Aug. 9.—Wednesday afternoon the residence of William Mawhinney, eighteen miles south of Jamestown, was broken into and looted by a party of five driving overland in a light wagon. Mr. Mawhinney was at work in a field when the housebreaking occurred. When he arrived he found the place had been looted of valuables, cutlery and other articles of value. He traced the outfit to a camp near the city. Five men were arrested and most of the stolen property recovered.

Real Estate Partnership.

Special to The Journal.
Apostle, Minn., Aug. 9.—H. E. Sorlien, cashier of the Appleton State Bank, and F. E. O'Connor, a prominent attorney, have formed a partnership and will do business under the firm name of the Sorlien-O'Connor Land company. They own much valuable land in the adjoining counties and will do an extensive real estate business throughout western Minnesota.

Died From Sunstroke.

Special to The Journal.
Zealand, Iowa, Aug. 9.—Hugh Wilson, who was struck several days ago, is dead. During the last days of his illness, he was not rational and imagined that he had been left for ten years, and talked constantly of it.

Candidate for Adjutant General.

St. Louis City, Iowa, Aug. 9.—Captain William E. Gantt, of Company H, of Sioux City, has openly declared himself a candidate for the appointment of adjutant general of the state of Iowa. Gantt is well known to Iowa militiamen and is a Spanish war veteran.

BIG SNOWY'S GOLD

Stampede to the Mountains East of Helena, Mont.

LITTLE TOWNS DEPOPULATED

Copper Ore Which Assays \$1,200 in Gold to the Ton—Penwell's Statement.

Special to The Journal.
Helena, Mont., Aug. 9.—An old-fashioned mining stampede has been started to the Big Snowy mountains, 100 miles east of Helena, by the discovery of rich gold-bearing copper and sand carrying free gold. It has practically depopulated several towns along the Montana railway, and is constantly drawing more people to the scene of the new discovery. The first information of the new movement was brought to Helena to-day by Lewis Penwell, the assistant county attorney, who returned from a visit to White Sulphur Springs.

"I was shown some samples of sand and it was full of pinheads of gold, and it was wonderfully rich. There was said to be a great quantity of it," said he. "The whole population of Martinsdale, Two Dot, Harlowtown, Umet and Garfield has gone up to the mountains to look for the place, and those towns were almost deserted."

Careless Creek is about thirty miles from Harlowtown, which is the nearest place on the railway. From another source it was learned that the discovery was copper ore extremely rich in gold, one sample having been found which assayed \$1,200 in gold to the ton. Until some of the stampedees return it will be impossible to learn exactly what the discovery is, as the discoverer, Ayers, is secretive about it.

FERGUS FALLS BUSINESS MEN

J. H. Grass Elected President—Electric Line to Perham.

Special to The Journal.
Fergus Falls, Minn., Aug. 9.—The Business Men's association held its regular monthly meeting last evening. E. J. Woodham, who is about to remove to California, tendered his resignation as president and J. H. Grass was elected to succeed him. The association took up the question of building an electric line to Perham and the members expressed themselves as highly pleased with the project. Another offering to subscribe stock in case a company is formed. The proposed line would pass through the county from northeast to southwest and furnish easy access to the county seat and market facilities for timber and other products. Efforts have at times been made to secure a railroad across the county, but the idea of a steam road has now been abandoned.

A committee of the city council has arranged a settlement with Dr. Duncan for injuries received by falling into an excavation in front of the Barrows building. The doctor accepts \$125 in full settlement, and of this amount Mr. Barrows will pay \$100 and the city \$25.

SOUTH DAKOTA LAND SALES

Heavy Investments in Douglas County by Eastern Men.

Special to The Journal.
Armour, S. D., Aug. 9.—Peter Hoppers has sold over 100 acres of Douglas county lands since the first of the year to Illinois and Iowa investors, while Wanzer & Boylan have transferred 1,600 acres to the same parties. The latter are making smaller sales by various other agents, aggregating several hundred acres.

J. H. Shaw of Omaha commenced work on Armour's new artesian well yesterday. The contract calls for a depth of not less than 1,500 feet.

A party of emigrants bound for Browns Valley, Minn., passed through here yesterday, having left Sacramento, Cal., May 6, with \$14 among them. On May 19 they crossed the Sierra Nevada mountains when there was eight feet of snow on the ground. When here they were anxious to work that day, not knowing that common labor at present commands \$2 a day.

Pete Felicia, wife and mother, three Indians from the reservation, and Bob Dazera, a squaw man, enjoyed the hospitality of Marshal Berry two days this week, all on account of too much firewater. The usual complaint and fines in justice court resulted.

WON'T GIVE IT UP

Legal Fight for Control of Telephone Exchange at Harvey, N. D.

Special to The Journal.
Jamestown, N. D., Aug. 9.—C. L. King, in charge of the exchange of the North Dakota Telephone and Electrical company at Harvey, has refused to turn it over to C. E. Leslie, who has purchased the line. Receiver Murphy at a sale held July 25, King says he built the exchange in Harvey and the line between Harvey and Fergus falls. He says he has no right in the line, and that the North Dakota Telephone & Electrical company was organized did not turn it over.

The new owner, C. E. Leslie, says the line was built in Harvey and that he has a year, that King has acted as a receiver in Harvey and that the Harvey-Fergusenden portion of the line is a part of the company's system running to Carrington and other points.

Judge Glaspell has issued an order confirming the sale and ordering the line turned over to Leslie and proceedings to secure the possession of the central outfit at Harvey will be instituted.

Straw Hat Clearance

STOPPED THE DANCE

Mrs. Wilcox Wanted the Hula-Hula but Captain Said "No."

WIFE OF HAWAIIAN DELEGATE

Entertainment on Shipboard Called Off—Mrs. Wilcox May Lodge a Complaint.

Special to The Journal.
Victoria, B. C., Aug. 9.—There was a scene on the steamship Zealandia on her last voyage from San Francisco to Honolulu, according to news by the Moana, because Capt. Dowdell of the Oceanic liner, refused to allow Mrs. Theresa Wilcox, wife of the Hawaiian delegate to congress, to give a Hawaiian hula-hula dance in the saloon.

Mrs. Wilcox found a young woman who was an expert at the hula-hula dance and she arranged an entertainment. Capt. Dowdell looked in and seeing the wiggling dancer at once gave orders that such a scene was not to be repeated on board the steamship.

Mrs. Wilcox, who told the passengers that she would not see anything wrong with the hula-hula dance, arranged another performance for the next evening, but a quartermaster interrupted her with the captain's orders. Mrs. Wilcox was highly indignant and complained of insult, at once sought the captain.

She sent a message to him that she wanted to see him, but Capt. Dowdell preferred not to be seen. He was on duty on the bridge and did not come down. Mrs. Wilcox waited at the foot of the bridge for over an hour and then gave it up. She was broken into and looted by a party of five driving overland in a light wagon. Mr. Mawhinney was at work in a field when the housebreaking occurred.

MINNESOTA

RED WING—Red Wing will have a new four mill' the capital cost to be \$100,000, most of it being held by home people.

HASTINGS—John McCarthy of Inver Grove, fell from his buggy and when discovered was dead. Coroner Kramer deemed an inquest unnecessary.

LANGDON—The body of a boy was found in the river near Hubert Ames' farm. It is thought to be the body of a boy missing from one of the down-river St. Paul excursions.

BRAINERD—Lewis Thurston was caught in the Northern Pacific shop yards in the act of stealing brass. Over \$200 worth of brass has been stolen from the company during the past month.

WINONA—James Mannig was picked up in a starved condition a few miles out. He said he had been vainly hunting relatives in St. Paul and was now on his way to his former home at Cleveland.

DULUTH—The Merrill & Ring Lumber company has received four hunting pigeons, which will be used to carry messages regarding the preparation of rats and work in the woods and on the shores of Lake Superior, beyond the reach of the telegraph.

ALEXANDRIA—The 4-year-old son of Peter Hoffman, a farmer, was killed by a wagon passing over his body.

MITCHELL—Work has begun on the telephone system of Beulah township, Hanson county. Nineteen farmhouses will be connected and will have communication with the telephone system of Alexandria.

ST. CROIX FALLS—George Harvey, an old settler, died yesterday.

DURAND—Miss Mildred Culbertson, while attending a dance, by mistake took poison instead of headache powder. Three physicians attended her all night. She will probably recover.

SOUTH DAKOTA

ALPENA—Four grain elevators will be in operation during the grain shipping season.

MADISON—Perry C. Atkinson, of Eau Claire; Dan L. Remington, of Mauston; and Fred M. Foster, of Sparta, have been appointed battalion quartermasters and commissaries, with rank of second lieutenant, in the Third regiment, W. N. G.

CASCADE at All Druggists. Cures biliousness, constipation, dyspepsia. Price 50c. Sample and book on diet and cure mailed free. See Bros. Co., Minneapolis.

HARNEY'S FLIGHT EAST

Butte Still Uncertain Whether He Will Return or Not.

Special to The Journal.
Butte, Mont., Aug. 9.—There is much diversity of opinion here regarding the departure for the east of Judge E. W. Harney, who is charged with having given a decision in the Minnie Healey mine case based on a woman's influence. Some say the judge has left Butte for good, but this

is refuted by his friends, who say he is gone only on a pleasure trip to Chicago, Buffalo, Prairie, Ill., and other places. It is not likely any action will be taken to combat the charges against Judge Harney except to file counter affidavits.

Derangement of the liver, with constipation, injures the complexion, induces pimples, sallow skin. Remove the cause by using Carter's Little Liver Pills. One a dose. Try them.

There is no more sense in paying big fees to a great medical specialist when you are diseased with liver and kidney trouble, than there is in trying to heal a broken liver with opium.

Fifty years ago as Dr. McLean treated the most complicated cases, curing and bringing hope and happiness to his great number of patients, he did not have one-fiftieth as many medicines as his fellow doctors have to-day. The wonderful success of his cures proves that the simple medicines he used were right. His theory was to go direct to the seat of the trouble and apply the simplest form of remedy there.

The McLean way of reaching the trouble, which has stood the test of a half century of successful life-saving, is simple, safe and sure. It is the good old-fashioned, practical method of going direct to the trouble and quickly relieving suffering. Nothing will take the place, nothing can replace

McLean's Liver and Kidney Balm

It should be used at the beginning of the trouble, but it is equally safe and sure even if taken when the trouble has taken deep root.

In new cases a cure will result in a short time. In very bad, chronic cases, and in cases where the trouble is old, it is necessary to keep up the treatment faithfully, by using Carter's Little Liver Pills. Kidney and liver troubles are stubborn, and only a persistent use of this reliable remedy will cure them.

If you druggist is up-to-the-times, he has it.

Only \$1.00 per Bottle. Made by The J. H. McLean Medicine Co., St. Louis, Mo.

You have the pick when you pick Pickwick Rye Whiskey
