

W.L. DOUGLAS \$3.50 SHOE UNION MADE. FOR MORE THAN A QUARTER OF A CENTURY the reputation of W. L. Douglas \$3.50 shoes for style, comfort and wear has excelled all other makes sold for \$3.50. This excellent reputation has been won by merit alone. W. L. Douglas shoes have given better satisfaction than other \$3.50 shoes because his reputation for the best \$3.50 shoes must be maintained. The standard has always been placed so high that the wearer receives more value for his money in the W. L. Douglas \$3.50 shoes than he can get elsewhere. W. L. Douglas sells more \$3.50 shoes than any other two manufacturers in the world.

W. L. Douglas \$3.50 shoes are made of the same high grade leathers used in \$5.00 and \$6.00 shoes, and are just as good in every way. Sold by 63 Douglas stores in American cities selling direct from factory to wearer at one profit; and shoe dealers everywhere. Insist upon having W. L. Douglas shoes with name and price stamped on bottom. How to Order by Mail.—If W. L. Douglas shoes are not sold in your town, send order direct to factory. Shoes sent anywhere for \$2. Mr. Douglas's custom department will make you a pair that will wear like new. You may choose from a variety of styles, sizes and widths. Take measure of your foot. State style desired, size and width. Send to: W. L. Douglas, 269 Broadway, New York, N. Y. For Men's Shoes. For Women's Shoes. For Children's Shoes. For Color Eyelets and Laces Always Black Hooks used. MINNEAPOLIS: 405 NICOLLET AVE.

Absolutely Clean. In the Schlitz brewery cleanliness is carried to extremes. We do more than is necessary to be certain of doing enough. The caldrons in which the beer is brewed are kept scrupulously clean and covered. The air in which the beer is cooled is filtered. The barrels in which it is stored are cleaned with steam and soda, then glazed with rosin on the inside, then cleaned again. The bottles are cleaned with utmost precaution. Still we filter the beer, then sterilize every bottle, for the slightest uncleanliness taints the whole product. It is in these ways that Schlitz beer has gained its reputation for purity, and made Milwaukee famous. Phone Main 707, Schlitz, 1209-11 Fourth St., Minneapolis.

TRIPP FOR SENATOR. He Would Succeed Either Kittredge or Gamble. WILCOX LETS CAT OUT OF THE BAG. First Circuit Judgeship Fight Offers Opportunity to Set Up the Pins.

Special to The Journal. Yankton, S. D., Aug. 21.—Politics in this part of the state is assuming a peculiar aspect. The judgeship contest in the first circuit seems only the opening scene of one of the hottest dramas ever played on the political boards. For some time there have been suspicions that the interest of Bartlett Tripp in the judgeship was more intense than the candidacy of his relative, C. H. Dillon, would warrant, and rumors of "wings" to the republican party in every county of the circuit, with newspaper "organs" to be purchased and established by Mr. Tripp, added to the intensity of the situation. All this has now been made clear by an interview given the Press and Dakota by A. B. Wilcox, leader of the Dillon forces in Bon Homme county. In this interview Mr. Wilcox announced the candidacy of part of a county ticket in this county for next year and the candidacy of Judge Bartlett Tripp for the United States senate. He said: "Yes, Mr. Tripp is a candidate for the United States senate to succeed Kittredge when that gentleman has filled out the unexpired term of Mr. Kyle. Judge Tripp is also a candidate for Senator Gamble's place at the end of that gentleman's term, provided he does not get the Kittredge place."

DEATH WITH "HUMMER". LEAK IN THE THROTTLE VALVE. Five Men Are Killed and Six Badly Hurt in a Collision on the Alton.

Jacksonville, Ill., Aug. 21.—In a head-on collision between the Chicago & Alton westbound "hummer" and a freight train at the early to-day, five men were killed and six badly injured. None of the passengers was injured beyond slight bruises. Dead: ENGINEER SHEPHERD of the passenger train; FIREMAN ADAMS of the passenger train; THREE UNKNOWN MEN riding on tender of passenger train. Injured: Engineer Wood of the freight train; Robert Kilroy, trainman, Jacksonville; Fireman Mowatt of the freight; Charles Marshall, St. Louis; Charles Sims, section hand, Jacksonville; William Mason of Arkansas. The freight train had pulled into a siding from the west end to await the passenger train. It is supposed the train engineer worked out over the switch and when the passenger came along at a high speed the impact was terrific. Both engines were demolished, while the tender of the passenger telescoped the smoking car.

FIRE AT MADISON. Furniture Stock Burned—Three Individual Losses. Special to The Journal. Madison, Minn., Aug. 21.—Fire yesterday destroyed a farm building owned by H. A. Larson and occupied by Arne Havreburg with a stock of furniture. The residence belonging to John Hendrickson was also damaged to the extent of \$300. Havreburg lost a building and his entire stock of furniture by fire last spring. He had been rebuilding and in two weeks would have moved his stock into his new brick block. Larson's loss is \$300, insurance for \$500 in an Albert Lea company. Havreburg's loss is about \$50, covered by insurance. Hendrickson was not insured.

CHILEAN "KNOCK". Funds for Representation at the Pan-American Congress Refused. Santiago de Chile, Aug. 21.—The committee on foreign affairs of the chamber of deputies has refused to grant the funds necessary for the representation of Chile at the Pan-American congress to be held in the City of Mexico. Cut Rates at Lake Park Hotel. For the remainder of the season board and room at this popular resort only \$7 per week. Frequent trains on the Minneapolis & St. Louis road.

Echo Canon, Utah. Traversed only by the Union Pacific. A noted English traveler says: "It moves along like some majestic poem in a series of incomparable stanzas. There is nothing like it in the Himalayas that I know of, nor in the Sulman range. In the Bolan Pass, on the Afghan frontier, there are intervals of equal sublimity; and even as a whole it may compare with it. But taken for all in all—it is length some thirty miles, its astonishing diversity of contour, its beauty as well as its grandeur—I confess that Echo canon far exceeds it in masterpieces of nature." E. L. Lomax, G. P. & T. A., Omaha, Neb. Carey roofing better than metal, pitch and gravel. W. S. Nott Co. Telephone 376.

WOULD SAVE THE MONEY. OHIO HEIRS OF FARIBAULT MAN. Will Appeal to the Administrator Not to Burn \$45,000 as Directed by the Will.

Special to The Journal. Bellefontaine, Ohio, Aug. 21.—Ohio heirs of G. V. Scott of Faribault, Minn., will make an effort to dissuade his administrator from carrying out the orders of the dead man to burn his cash assets, or \$45,000. The Ohio heirs are Mrs. Mary Breilford and Jasper Scott, residing at St. Paul, and they have sent an attorney to Minneapolis. As it now stands, the old man's fortune will do his relatives no good. He bequeathed to his housekeeper the sum of \$5,000 and directed that the remainder of his \$50,000 cash be burned.

COUNSELS THE COLORED. ESSENTIALS FOR SUCCESS NAMED. Booker T. Washington Furnishes Negro Business League Food for Thought.

Chicago, Aug. 21.—The second annual session of the National Negro Business League was held in this city to-day and will continue until Friday. The league was organized in Boston a year ago, largely through the efforts of Booker T. Washington, who is the president of the organization. During the year a number of local leagues have been formed throughout the country. Its object is to bring together for counsel negro men and women who are engaged in some business or industry and to encourage the establishment of new enterprises. Delegates are present from over thirty states. President Washington said in his opening address: "As a race we must learn more and more that the opinion of the world regarding us is not much influenced by what we may say of ourselves or by what we do, but that it is permanently influenced by actual, tangible, visible results. The object lesson of one honest negro succeeding magnificently in each community is worth a hundred abstract speeches on securing opportunity for the race. In the south, as in most parts of the world, the negro who does something and possesses something is respected by both races. Usefulness in the community where he lives will constitute our most lasting and potent protection. We want to learn the lesson of small things and small beginnings. We must not feel ourselves above the most humble occupation or the simple, humble beginning. If our vision is clear, our will strong, we will use the very obstacles that often seem to beset us, stepping stones to higher and more useful life."

INTERNATIONAL INDEED. CORPORATION OF WIDEST SCOPE. Promises to Be a Factor in All Large Branches of Business in the World.

New York Sun Special Service. Bridgeport, Conn., Aug. 21.—A corporation which is practically authorized to deal in everything anywhere in the world, and capitalized at \$5,000,000, with power to increase its stock to \$25,000,000, has been granted a charter by a special act of the legislature of this state. The five incorporators whose places will be taken by the real promoters of the gigantic project are the International Trust company. It has unlimited possibilities and has without exception the most liberal franchise ever granted by the state of Connecticut. It is required to pay annual franchise tax of 1 1/2 per cent of the market value of its capital stock annually issued and a tax of 1 per cent of the market value of the stock owned in this state. It is further required to make an annual statement to the banking commissioner of the state of its resources and its liabilities. It is heard that there are great influences behind the enterprise which gives promise of a very big thing. It is one of the large branches of business in this country and in the world. The fact that it intends to do most of its business outside of Connecticut is indicated in its charter. An idea of the wholesale character of the charter and the great breadth of the enterprise is indicated in the second section of the charter, which says: "To transmit the business of merchants, manufacturers, miners, common merchants, agents of any kind, shippers, builders, financiers, brokers, contractors and concessionaires in all the forms of any said kinds of business."

SPANISH HURRICANE. Six People Killed and Forty Buildings Blown Down. Aragona, Spain, Aug. 21.—A hurricane has swept over the village of Villariego-Jilota. Forty buildings were razed to the ground. Six persons were killed and many injured. The damage is estimated at several million pesetas.

Everybody Invited. To a dancing party at Hotel del Otero, Spring Park, Lake Minnetonka, Saturday afternoon and evening, Aug. 24. Music by full orchestra. Perfect floor for dancing. See Great Northern time cards for information as to train service.

MAC, HANS AND JUD. They Form a "Community of Interest" in North Dakota. NEAT PLANS OF THE COMBINE. Winship, Johnson and Other Leaders to Be Left Outside the Breastworks.

From an authentic source it is learned that Alexander McKenzie of Bismarck; United States Senator H. C. Hansbrough; of Devil's Lake, and State Senator Jud McKenzie, of Pembina, have formed a "community of interest" to control the political situation in North Dakota. Senator Hansbrough is a candidate for re-election to the United States senate. McKenzie, as one of the big factors in North Dakota politics, wants to see him succeed. Senator LaMoure intends to continue his long sway of power in the state at large and is credited with other political ambitions. The republican state convention will cut much figure in the senatorial fight to follow at the next session of the legislature. McKenzie, the best "trading stock" at hand. The Missouri slope counties have always been a power at state conventions. McKenzie is expected to harmonize interests enough on the slope to bring the delegations from that part of the state into the state. The Missouri slope counties have elements in that district so as to have a solid second. To do this, he must keep at peace with Judge John F. Cowan, one of the leading politicians of the state, but Hansbrough's diplomacy is relied on greatly in this test. LaMoure always has the big delegation from Pembina county assisted by that from Cavalier. An attempt will be made to add the Walsh county delegation to his strength and bring the entire seventh judicial district into the camp of the allies. Congressman Thomas F. Marshall comes from the fourth judicial district, which is usually a unit in state conventions. Mr. Marshall has usually had the support of the fourth when he desired it. Political conditions in the fourth are such that the fourth district may be expected to make Mr. Marshall's nomination one of its requests at the next state convention. Marshall is not assuming the aggressive, but it is more than likely that he will be successful in this test. LaMoure will seek to include the powerful fourth in his arrangements. Outside of these fortifications are the first and fifth districts. The Stutsman county fight is yet to be settled. George B. Winship, editor of the Grand Forks Herald, Wm. Budge, chairman of the state committee, and ex-Congressman M. N. Johnson, of Nelson county. In the third district, Cass, Steele, and Traill counties, Winship and Johnson usually train together. Budge is a friend of the McKenzie-Hansbrough combination. There will be a fight for control in Grand Forks and the McKenzie-Hansbrough influence in that county. Cass county may again demand the nomination of ex-Congressman Spalding. He will probably be supported by Traill and Steele counties. Alexander McKenzie's old-time friends in Cass are "four points down" just now. Governor Little comes from the fifth district. He has no cinch on a re-nomination. LaMoure is credited with being against him. There will be other candidates. In the arrangement between McKenzie, Hansbrough and LaMoure, the northern part of the state is to secure something, either one congressman or governor. That seriously concerns both Congressman Spalding and Governor Winslow. Senator Hansbrough, while actively at work taking care of his fences, is antagonizing as few people as possible. Senator McCumber comes from the fourth district, but is taking no active part in this contest. It is not thought that he will oppose Marshall in any negotiations looking to a united fourth, as Marshall always has shined in the legislature and McCumber will be looking for help later on. The Grafton postoffice is a small item in the general situation, but it is an indicator. Senator LaMoure has since that contest began sought the appointment of Captain Tharaldson. Spalding endorsed Weagant, which did not suit LaMoure. Hansbrough succeeded in having the senate hold up Weagant's appointment. Marshall endorsed Tharaldson which preserved harmony between Marshall and Hansbrough and pleased LaMoure. This was a small item but the results are likely to be great. —W. E. Davis.

ACID BY MISTAKE. Le Mars, Iowa, Domestic Found in a Dying Condition. Special to The Journal. Le Mars, Iowa, Aug. 21.—Lizzie Hines, aged 17, a domestic employed by Chris Wendenfelder, who lives west of town, took a dose of carbolic acid by mistake for toothache medicine last evening and after suffering several hours succumbed to the effects. The family were away from home and on their return at night found the girl suffering in the agonies of death.

IMPALED ON SPIKES. Singular Accident to a Canal Employee at the "Soo". Special to The Journal. Sault Ste. Marie, Mich., Aug. 21.—Fred Curran, an employe on the water power canal, met with a singular accident that may prove fatal. In jumping from an elevation to the ground, he alighted on a plank heavily studded with spikes, which penetrated and entered the soles of both feet, impaling him. It required the strength of several men to release him.

Take Your Outing at Lake Park, Minnetonka. Board and room out to \$7 per week for the rest of the season. Minneapolis & St. Louis trains at all convenient hours. No more picnics. One Cent a Mile, G. DR. ALFRED L. COLE AND COUNCIL OF PHYSICIANS. STARTLING TEST. More Dangerous Hypnotic Experiment Than Burial Alive. New York Sun Special Service. Reading, Pa., Aug. 21.—Professor William Kretz of the Berks occult science society, is arranging for a more dangerous experiment than burying a man alive. He says he proposes to fill a flask with oil gasoline, hypnotize one of the members of the society and stand him in it. A match will be applied, and if Professor Kretz's ideas are correct, all the oil will be burned without leaving the slightest scar on the subject's body. FOR LOVE OF A DOG. Strange Cause of the Suicide of a Woman Physician. New York Sun Special Service. Cincinnati, Aug. 21.—Because she loved Dodo, a female greyhound, dearer than any living being on earth, and because she believed that the animal did not care for her, Dr. Sarah V. Groff of Cumminsville, committed suicide last midnight. The woman was 50 years old and well educated. Shallow Lakes for Fish. Prof. Marsh, of Wisconsin, in speaking recently of the peculiarities of Lake Winnebago, said that it is remarkable for its shallowness. Although it is over 25 miles long its greatest depth is 25 feet. Its shallowness makes it exceedingly rich in fish; in fact, it is one of the most productive known. Shallow lakes always have more fish than deep ones, probably because there is more vegetation on the bottom of the shallow ones. When about to go fishing be sure to order a case of "Golden Grain Belt" beer, the purest and most nourishing beverage brewed. Every glass contains the strength of bread and meat. It is fresh, sparkling and delicious.

PERUNA SUMMER CATARRH. A TONIC FOR BLOOD AND NERVES. A SURE FEMALE REMEDY. STORAGE. Household goods a specialty. Un-equaled facilities and lowest rates. Packing by experienced men. Boyd Transfer & Fuel Co., 46 So. Third St. Telephone Main 655—both exchanges. Don't Keep Things You Don't Use. Somebody wants them. Advertise them in the Journal want columns and you'll get money for them.
