TORRENS LAW IN RAMSEY.
 A Ramsey county judge is quoted in a morning paper as saying that the people of St. Paul are in a hurry for the inauguration of the Torrens system of land title registration and that the judges of that district will take plenty of time before appointing an examiner. The Ramsey bench wants to delay the initiation of the law until its validity has been tested in Hennepin.

BREEDING LAKE READY.
 Work upon the breeding lake at the Minnesota state fish hatchery is practically completed, and within two weeks the pool, said to be the finest of its kind in America, will be ready to receive its stock. A broad driveway will be constructed entirely around the lake in accordance with the plan which completes making the hatchery a part of Indian Mounds park, St. Paul.

NEW SYNAGOGUE
 It Will Be Dedicated at Oak Lake Sunday Afternoon.

The congregation of Mikro Kodesh will dedicate its new synagogue, Oak Lake and Eighth avenue N., next Sunday, at 2 p. m. The parade of the congregation will start from the Hebrew free school, Sixth avenue N. and Fourth street, the former church home. The line of march will be from Sixth avenue N. and Fourth street to Washington, Washington to Tenth avenue N., Tenth avenue to Oak Lake.

The parade preceded by mounted officers will be led by the Journal Newsboys' band under charge of Prof. Heintzmann. Following the band will come the chairman of the building committee, Joseph Kolontsky, and others of the society. At the entrance of the church the key and the privilege of being the first to open the great door will be sold at auction by Mr. Kolontsky, for the benefit of the erection fund, then the official keys of the church will be handed with due ceremony to the trustees.

The president, S. Wentrup, will conduct the further services in the synagogue, which will include speeches by Mayor A. Ames, D. C. Bell, F. Boardman, and Senator Jepson.

An impressive thing will be the putting of the scrolls into the ark. The scrolls are of parchment and contain the Ten commandments and the laws of Moses. Following this will be the ceremony of giving wine to the guests. All are welcome to the dedication of the church. Beggings and soliciting will be held every morning and evening of the year around. On September 8 a big gathering will be held in the synagogue when sittings will be sold. The total capacity is 348. The total cost was \$3,000.

OLD SETTLERS' FAVORITE
 They Want East Side P. O. Named St. Anthony Falls Station.

The voting contest for a name for the postal station at St. Anthony falls was popular. Since the last report was made 115 votes had been received for "St. Anthony Falls Station" and 56 for scattering names, such as Station A, East Side Station, Post Office Station and Northrop Station. It is notable that old settlers of the East Side favor the name which evidently is most popular.

F. C. Frick, Postmaster, with his vote sent to Postmaster Loveloy a photograph of the falls fifty years ago, a valuable souvenir.

The voting will close Saturday evening.

MESSAGES IN A BOTTLE
 They Purport to Be From George B. Whitehorse.

A bottle containing two scraps of paper on which was written what purports to be two messages from George B. Whitehorse, Ramsey county's absconding commissioner, and in which he announces that he intends to commit suicide, has been picked up on the bank of the Mississippi river. Sheriff Justus, however, is of the opinion that the scraps are either a hoax perpetrated by some practical joker, or that it was devised simply to persuade the authorities to give up their search for the missing official.

STANLEY HALL PROSPERING
 Principals Preparing for the Best Opening the School Has Ever Known—Faculty Enlarged.

Twelfth year opens Sept. 17. Prospects excellent. Vacation is near its close and parents are fast making definite arrangements for the next school year.

The enrollment at Stanley Hall is already large and is steadily increasing. In the boarding department more students have registered than ever before in the history of the school. Everything indicates a most prosperous year.

This growth and prosperity may be easily explained when one understands the educational aims of the institution. Miss Evers believes that while rigorous intellectual standards are vitally necessary, yet the true end of education can be attained only by such training as will develop the moral nature along with the mental. Character-building, the development of well-rounded womanhood, is the goal toward which she strives, and it is the knowledge of this purpose which causes parents to entrust their daughters to Stanley Hall so confidently.

Last, and is composed of usual of mature women of wide experience and broad culture. Each one has been chosen because of her special fitness for her own line of work, and it is in this respect, composed of devoted women who, by almost constant study, keep in touch with the latest educational methods.

Visitors, at this time as always, are welcome. The principals are at the school preparing for the opening and are glad to show callers about and answer all questions.

LIVES OF SLEEPERS
 Endangered by Fire in Old First National Bank Building.

TEN PAINTERS SMOKED OUT
 Detective Malone and Desk Sergeant Brackett Smell Smoke in the Neck of Time.

The lives of several persons on the third floor of the old First National bank building, Washington and Nicollet avenues, were saved at 3 o'clock this morning by the quick work of Desk Sergeant Charles Brackett and Detective Fred Malone, of the police department. The two officers had just turned into Washington from First avenue when Brackett saw smoke coming from the windows in the upper part of the building. They hurried up the avenue and Brackett, telling Malone to stay by the fire box, ran up the stairs. He saw the blaze was dangerous and called for Malone to turn in the alarm.

The blaze was burning fiercely and the upper rooms were rapidly filling with smoke.

Ten painters, employed by the Shergin company which has its workrooms on the second floor of the building, were asleep on the floor above. Brackett and Malone broke into the rooms and woke them with some difficulty, as the rooms were already filled with smoke. The officers assisted the men to get out, but they did not recognize him. He was assigned to the work of locating the man accused of luring John Ernest, of Hudson, Wis., to a room where he was robbed and left to die, saw the man two or three times, and in fact, talked with him, but did not recognize him.

The sleuths went out early in the morning in quest of their man. Knowing him to be a piano tuner, they headed for the piano houses, and searched them thoroughly, peering into the faces of all the employes. At Cable's piano house, Eighth and Nicollet, they went through the whole establishment. Horning was very cunning an instrument and his attention was riveted on his work. The detectives looked him over, but saw no features that tallied with those given by the victim, Ernest. So they passed out of the building and continued their search.

Horning, thinking he was safe, resumed his work. An employe of the Cable company, however, had reason to believe that Horning was the man whom the officers wanted and he telephoned Lieutenant Sinclair, a personal friend. Meantime, Patrolman Ford, who had arrested the two women in the case, got a similar tip, and the officers went to the Cable company's house and took Horning in custody.

ALL TEACHERS IN LINE
 FIRST MEETING HELD TO-DAY
 Heart to Heart Talk Enjoyed With Mrs. Alice W. Cooley in Dr. Jordan's Absence.

Nine hundred teachers were present at the first teachers' meeting of the year held at Central High school this morning. The meeting was in charge of Mrs. Alice W. Cooley, Dr. Jordan's secretary. Mrs. Cooley welcomed the teachers in a happy talk incorporating her best wishes for their success during the coming school year. A meeting of the principals of the various schools was held immediately after the general meeting following which the staffs of the various ward schools held conferences.

School opens on Tuesday next. Every school in the city will be ready with the exception of the Prescott. The pupils of that district will be forced to wait until the improvements on the building are completed.

There will be an increase in the enrollment of last year which was in excess of 37,000. It is expected that between 35,000 and 36,000 pupils will be enrolled during next week.

WORK FOR RAILROADS
 FAIR WEEK WILL BE BUSY ONE
 Inquiries for Fair Rates Were Never So Numerous—Thousands Coming to Town.

The railroads running into the two cities are preparing for a section of the strenuous life during fair week. Minneapolis & St. Louis officials report that there has been so many inquiries about fair rates, accommodations, etc. They look for the heaviest travel ever seen for the fair. Their regular trains will be run in long lengths and extra sections if necessary. No extras have been provided for except that the train on the southwestern branch will be run through each day of fair week from Spencer instead of Esterville, Iowa, while an extra train will run from Madison, Minn., on the Pacific division, connecting with the Spencer train and Winthrop. The M. & St. L. people are skimming for cars to carry the people.

On the Soo line a number of extra trains will be operated early in the week and the officials predict the largest state fair traffic ever known.

The "Omaha" people say that they have such advice as to warrant the belief that they will carry many more passengers than ever before during the week of the fair. The "Omaha" has planned for specials for Monday, Sept. 2, "Roosevelt Day," as follows:

On the southwestern line: leaving Worthington at 4 a. m. On the Duluth line: leaving Spooner at 6:10 a. m. On the Chicago line: leaving Eau Claire at 7 a. m.

These trains will return in the evening. The Worthington train will also be run on Sept. 3 and 4.

A special train will be run in on the Great Northern from St. Cloud every day of fair week. Other specials are likely to be announced to-morrow and possibly still more will be put on to meet the exigencies of next week's travel.

STATE EQUALIZERS.
 This is the "off year" for the state board of equalization. Real estate assessments are only fixed once in two years, and at this session the board will have only personal property assessments to fix. The mining interests will get a respite of one year, but the public service corporations and franchises will have an inning next week.

The board meets Tuesday afternoon to organize. It is republican by a small margin.

NEW STATE BANKS.
 Two new state banks have been allowed to incorporate by the public examiner. They are the Chokio State Bank, with \$10,000 capital, and the State Bank of Lafayette, Nicollet county, with a capital of \$45,000.

EDWIN P. HILTON DEAD
 Old Minneapolis Impresario Succumbs to Apoplexy.

Edwin P. Hilton, an old time theatrical manager of this city, is lying dead in the county hospital in Chicago. His death was due to a stroke of apoplexy which seized him just as he was signing a contract on the stage of Powers' theater, to "go ahead" of Blanche Bates in "Under Two Flags" during the coming season.

Edwin P. Hilton was a resident of this city and of St. Paul for many years. At various times he managed the Olympic theater in the down-river town for Pat Conley, now county assessor; the Theater Comique in this city for Captain Brown; and afterwards the Pence opera-house, on his own account. More recently he took several companies out on the road. At the time of his death he was stage manager of Powers theater, Chicago.

Hilton was a genial, whole-souled fellow, and was well liked here. He was generous to a fault, a trait that usually kept him without much cash, as in his association with theatrical people, he frequently was asked to help out unfortunates, and always responded cheerfully, although he knew that he would probably never get back a cent of the money he advanced so willingly.

COL. QUINTON ARRIVES
 In Charge of Four Companies of the Fourteenth at Snelling.

Under command of Lieutenant Colonel Quinton, Companies E, F, G and H of the Fourteenth United States infantry, with headquarters staff and regimental band, arrived at Fort Snelling last evening almost direct from service in the Philippines. They relieve Company of the Eighth Infantry, under command of Colonel Ray, which will leave this evening for Fort Harrison, More gotten together on this proposition, as the notices referred to have been sent out by managers of such buildings as the Guaranty Loan, the New York Life, the Andrus, the Temple Court, the Minnesota Loan and Trust and the Boston block. The plan has always been in operation in the Lumber Exchange, the Kasota, and the Bank of Commerce buildings.

Col. Ames' "Plain Clothes" Sleuths Badly Fooled by the Piano Tuner.

Colonel Ames' detectives are not to blame for the arrest of Willing Horning, held to the grand jury for larceny in the first degree.  HORNING MET THE FLY BOBS IN MINNEAPOLIS OFFICE BUILDING
 Managers Get Together and Decide That Tenants Are Too Wasteful.

Tenants in a number of the prominent office buildings of the city will find a slip attached to their monthly rent bills notifying them that on and after Nov. 1, electric and gas lighting will not be furnished free but will be paid for by the tenant.

This new departure appears to be in line with the customs of similar buildings in other cities. In an interview with the manager of one of the prominent office buildings, The Journal was informed that in cities such as Chicago, Detroit, and Boston, tenants all pay for their lighting, whether furnished from the building's own plant or when taken from outside sources.

The service demanded by tenants now is much greater than in former years, and the expense of furnishing it has grown very rapidly till now in the prodigal way it is used it is said to be equal to about 15 per cent of the total cost of operation, yet there has been no appreciable advance in rents to meet it.

The managers of the principal office buildings appear to have gotten together on this proposition, as the notices referred to have been sent out by managers of such buildings as the Guaranty Loan, the New York Life, the Andrus, the Temple Court, the Minnesota Loan and Trust and the Boston block. The plan has always been in operation in the Lumber Exchange, the Kasota, and the Bank of Commerce buildings.

HOTEL SHATTUCK 140-142 Madison St CHICAGO.
 (FORMERLY BURKE'S.) EUROPEAN PLAN.

THE attention of Northwestern people is directed to this elegant Chicago hotel, located in the heart of the downtown district. The house has recently been remodeled and refurnished throughout, and combines every element of comfort and convenience known to modern hotel management. It has rooms single or en suite with private baths. Its rates are as low as the lowest consistent with first-class service—\$1.00 per day and upwards. The house is under the management of W. K. Shattuck and F. B. Kent, sons of Ira H. Shattuck, of the Hotel Nicollet, which is a guarantee of excellence. The Chicago Oyster House, well known for its good service and fine cuisine, is in connection with the hotel.

TO FARMERS
 VISITING THE STATE FAIR:

Let me extend you an invitation to visit me. Come if you are well. I want to learn about farm conditions and will in return entertain you. Also come if you are sick. I believe I can cure equally with the best specialists. Under the present capitalist system, where often profits demand first attention and benefit to mankind only second attention, no man can fully trust any one. All professions and businesses blow their own horns. I will give you a free examination and at least tell you if your disease is curable or not. That you may better decide whom to visit, let me finally only add that I am yours truly,
