BLUDED BY A BOLT

Spokane Woman Was Talking Over a Telephone.

POWER OF SIGHT NOW GONE

Pacific States Telephone Company Blamed and Sued for \$10,000 Damages.

Special to The Journal. Spokane, Wash., Sept. 12.—As a result of a remarkable accident by which Mrs. N. E. B. Roberts was made blind from lightning bolt while talking over a telephone, she has brought suit for \$10,000 damages against the Pacific States Telephone company. Mrs. Roberts is now totally blind at her home, 617 Third avenue, this city.

Mrs. Roberts is a music teacher. She claims that the lightning company was at fault for the accident in not supplying an instrument that would give protection from such bolts. The accident happened last May, but the total blindness has just set in.

"I was standing at the telephone, talking when the accident occurred," said Mrs. Roberts yesterday. "There was an electric storm at the time. Suddenly a bolt of lightning came through the telephone, and I received the full force of the shock. The blow was so intense that I was knocked nearly across the room, and ten teeth were loosened. I remained unconscious for several minutes. Friends came to my assistance and helped me to consciousness. When I recovered I could neither remember how it happened nor could I recall where I was at the time the accident took place.

"The first sensations when I came to consciousness were anything but painful. In fact, they were the reverse. Bright lights lighted up the room, and I felt as if I were being blown through my head. That was the only degree of consciousness. The blow itself when the bolt struck me was so sudden that I never felt it. It seems to me that the electricity would be absolutely painless. "At first, after gaining my senses, I tried to make myself believe that I was not seriously hurt, for I wanted to keep at work. The effect was useless, as I felt dazed and numb all over my body. My eyes were dull and I saw double. That kept up for three days, and I continued to suffer more until I was seized with pains in the front of my head, and now the power of sight has completely left me.

AUCTIONEERS OF STATE

THEY ORGANIZE AT MANKATO

Will Probably Ask for a State Board and Throw Restrictions Around Licenses.

Special to The Journal. Mankato, Minn., Sept. 12.—The Minnesota State Auctioneers' association has been formed in this city with the following officers: President, F. S. Fisk of Watonwan; vice president, C. M. Stevens of Springfield; secretary, J. D. Martin of Marshall; treasurer, F. A. Kneeland of Mankato; committee on by-laws, Colonel Spradley of Nicollet, Judge Carr of Adams, and James Hodson of Mankato; legislative committee, T. S. Fisk of Fairmont, Captain Nelson of Slayton, and J. J. Vernula of Dover.

The object of the association is to secure the protection of auctioneers from cheap and inexperienced men. It is proposed that a state board be appointed and that two years' apprenticeship under a licensed auctioneer be required before a license is granted. Three per cent commission on sales is suggested as a proper recompense for auctioneers.

Ed McCall and Frank Wicks have been bound over to the grand jury on the charge of stealing \$100. C. A. has taken hold of the tools.—The Y. M. C. A. has taken hold of the management of the institution. There are several building matters which the board will have to take cognizance of very shortly, as the old board of managers allowed the building operations to drag in anticipation of the immediate supervision of the institution by its successor in office.

The board of county commissioners has allowed several bills of the towns in the interior of the county for preventing the spread of smallpox last spring. The city attorney of St. Cloud has been instructed by the city council to co-operate with the relief committee in an effort to recover more than a thousand dollars spent by the city in the care of smallpox in recent months. The county board has taken the position that it will pay for preventive efforts and for the care of such patients who are unable to pay their own doctor's fees and nursing charges.

Boy Saves Lives of Three

Special to The Journal. Janesville, Wis., Sept. 12.—John Airis, the 14-year-old son of Mr. and Mrs. George Airis, is being praised as a hero because of the rescue of three persons who were drowning in Rock river. He saved the lives of Mrs. Frank Peters, her daughter, Pearl Peters, aged 13, and Fanny Litts, aged 11.

The girls, in company with some friends, were in wading. Mrs. Peters was watching them from a window of her house when suddenly she saw both step into a deep hole and sink out of sight. Mrs. Peters ran to the river, plunged into the water with all her clothing on, and she, too, went down.

Young Airis then came to the rescue. He jumped in and, with great effort, succeeded in bringing all three to shore. Mrs. Peters was so excited that she fought Airis like a man and so that the struggle. Airis returned for the two girls and pulled them out by the hair.

TWO EMPERORS HOBNOB

GERMANS AND RUSSIES HONORED

Czar and Kaiser Work Their Decoration-Bestowing Machines Industriously.

Hela, Prussia, Sept. 12.—Emperor William, Prince Henry of Prussia, Admiral Tiche, secretary of the admiralty, and others in attendance on the two emperors victoriously at the czar on board the Russian imperial yacht Standart after the imposing reception yesterday was ended. The czar, before dinner, personally bestowed the order of St. Andrew on the German imperial chancellor, Count von Buelow, and on Count von Eulenberg, and gave portraits of himself to the lesser German dignitaries. Emperor William decorated Count Lamdorff, the Russian minister of the czar, with the Russian imperial household aid-de-camp general, with the Grand Cross of the Red Eagle.

BOTH CLAIM VICTORIES

COLOMBIANS AND REVOLUTIONISTS

Letter Being Assisted by the President of Ecuador, It is Alleged.

New York, Sept. 12.—According to advices from Colombia, both sides are claiming victory. Arturo de Brigald, Colombian consul general here, has received a communication from General Jamie Cordova, governor of the department of Cauca. He tells of a government victory at Santa Viedra over the Rebel forces of General Barriga and also of the defeat of the insurgent leader, General Marina, at La Piedras. In this engagement General Cordova says the revolutionists lost 200 men.

General Eduardo Vasquez of the government army was also killed in this battle. The latter was one of the wealthiest and most influential citizens of Antioquia. According to official advices the rebels suffered another defeat at El Hical, department of Santiago, in which one of their chiefs was killed and another taken prisoner. General Cordova also writes that an invasion from Ecuador is also feared. He charges that the president of Ecuador is supplying arms and ammunition to the troops commanded by General Rosas for this purpose. The governor adds:

"In a short time we shall have nearly 20,000 men under arms in this province." Other information received, however, gave an entirely different aspect to the state of affairs. This news tells of a battle fought at Macaque, department of Boyaca, which lasted for several days, with great loss to the government forces.

General Rafael Uribe-Uriebe, chief of the Besides this, the insurgents secured ten pack mules carrying 50,000 cartridges. It is reported that an army of more than 5,000 to dislodge the insurgents from their stronghold. Many were killed and wounded, but the number is said to have been in Santander with 6,000 men.

REV. MR. WHITE DEPOSED

BAPTIST CHURCH COUNCIL ACTS

Charges Affecting His Integrity Are Made by His Wife—Pendant for Love Making.

Special to The Journal. Clinton, Iowa, Sept. 12.—The Baptist church council, sitting at Orion, Ill., near Rock Rock, has deposed Rev. George W. White, who is well known in many places in the west. His wife was his principal accuser. He had been pastor at Orion but a short time when charges were made affecting his truthfulness and integrity, but the principal matters gone into by the council related to indiscretions and love making when preaching at other places. The council found guilty of making love to one Nellie Ritzgen and proposing to marry her, when White was stationed at Walden, Colo. This, it is alleged, was a big scandal and resulted in White's basic departure from Walden, leaving his wife in destitute circumstances.

It was also shown that when located at Collinsville, Ill., he became involved with a young woman, causing a scandal in the church, for which he was tried and his license to preach revoked. At Orion, it was proven to the satisfaction of the council that White went to Colorado and from there wrote letters to his wife suggesting separation, saying he no longer had love for her, and further it was charged that his relationship with one of the fair ones of the flock was such as to cause comment of an unfavorable character.

In defense, the Rev. Mr. White says the case is a matter of honor, and that he is giving him time to get evidence from the places mentioned that would disprove the charges. White left as soon as the trial was over, taking a train, presumably, for Nebraska or Colorado.

WILHELM AS WINE-BIBBER

Correspondent Expelled for "Telling On" the Emperor.

New York, Sept. 12.—Wolf von Schierbrand, formerly of Chicago, a newspaper correspondent, who was expelled from Germany for the alleged reason that he tried by irregular means to secure a copy of the new German tariff bill, is in New York.

"The actual cause of my expulsion," said von Schierbrand, "was the publication of two of my letters in a newspaper in New York in which the drinking habits of the German emperor were described. My information came from eye witnesses, and I have every reason to believe that it was correct. These letters were not signed, but agents of the German foreign office in this city learned that I wrote them."

Good Advice Offered by Good Women.

Womanly Counsel Which Brings Womanly Comfort.

Suffering women sympathize with each other. Even though their condition seems hopeless, there is a common bond of suffering which draws them together. But no woman can sympathize with a woman who is sick, as can one who has herself had a similar sickness, and has been cured, and is once more a healthy,

happy woman. Into such sympathy goes hope and help, good cheer and encouragement.

Suppose a woman suffering from some form of womanly disease, inflammation, ulceration, prolapsus or several diseases in complication. She is weak, worn-out, miserable. Part of the time she drags her bed to her neighbor who has heard of her condition and this neighbor says: "What is like you are and I can tell you what cured me of every ache and pain." Suppose not one neighbor but a score or a hundred come and say in similar words: "I was afflicted with a disease like yours, but I was told of a means of cure and by the use of this remedy was restored to perfect and permanent health." Would not such re-iterated statements from sympathetic and reliable women bring the desire to try this means of cure which had brought health and strength to so many in a like condition?

Your neighbors recommend Doctor Pierce's Favorite Prescription for the cure of womanly diseases. They have tried it, been cured by it and are anxious that every suffering woman should be restored to health as they have been.

"My health is the best now that it has been for four years," writes Mrs. Phebe Morris, of Ira, Cayuga Co., N. Y., Box 52. "I have taken but two bottles of your medicine, 'Favorite Prescription' and 'Golden Medical Discovery.' These medicines have done me more good than all that I have ever taken before. I couldn't do my work only about half the time, and now I can work all the time for a family of four. Before I took your medicines I was sick in bed nearly half the time. My advice to all who are troubled with female weakness is to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery'—the most wonderful medicines in the world."

WHO IS MY NEIGHBOR? But the reader of this may say, "I do not know Mrs. Morris. I never heard of her. How can she be my neighbor?" There is an ancient parable based upon this very question of neighborliness. It relates to a certain man who fell among thieves. His own countrymen passed by on the other side. It was left to a

PIONEER STAGEMAN

Death of S. S. Huntley in the Yellowstone National Park.

Helena, Mont., Sept. 12.—S. S. Huntley, president and general manager of the Yellowstone Park Transportation company, and the pioneer stageman of Montana, died suddenly yesterday of heart disease at Mammoth Hot Springs, in the park. He was 70 years old and a native of western New York.

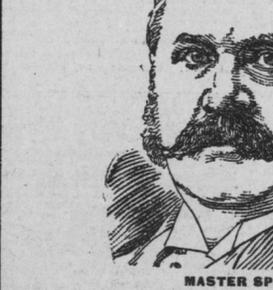

He enlisted in the Thirty-seventh New York volunteers, and served three years with distinction. He was on the staff of General Berry and General Philip Kearney, being with both these officers when they were killed. Mr. Huntley came to Montana in 1867, and for many years has been one of the best-known men in the west.

Pain from indigestion, dyspepsia and too hearty eating is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget this.

MANY HORSES ARE DYING

EPIDEMIC FROM EAST TO WEST

Hundreds of Animals in Dubuque Afflicted—Surgeons Can't Agree on a Name.

Special to The Journal. Dubuque, Iowa, Sept. 12.—A great many horses in Dubuque and vicinity are suffering from an epidemic of "pink eye" that has swept across the country. Many valuable animals have died of the disease and many more are in the throes of death. Alderman Eugene Prith has lost two fine animals, one dying Wednesday, that was valued at \$150.

According to the statements of veterinary surgeons, horse dealers and livermen, a general epidemic prevails among the horses of Dubuque and vicinity. It is stated that probably from 60 to 70 per cent of the horses of Dubuque are suffering from the trouble. The disease

is a peculiar one and some of the veterinarians term it acute laryngitis, while others diagnose it as pleuro-pneumonia. All agree that it is similar to quincy. The disease commenced about a month ago in New York. It was next heard of in Chicago, and then it developed in Dubuque. It seems to be moving westward, as is gripped used to be among human beings. All the horses are affected in a similar way. They begin with a dry cough and have a sore throat. Their heads drop and they appear disconsolate and disagreeable with existence. Next a fever arises, and, if care is not taken, pneumonia follows.

STATE BOARD OF CONTROL Holds its First Meeting at the Reformatory at St. Cloud.

Special to The Journal. St. Cloud, Minn., Sept. 12.—The first meeting of the board of control ever held at the state reformatory was attended yesterday by all the members and by F. A. Whittier, prison agent for the state. The board passed upon applications for

parole and final discharge and several others were granted. It did not go into the business management of the institution. There are several building matters which the board will have to take cognizance of very shortly, as the old board of managers allowed the building operations to drag in anticipation of the immediate supervision of the institution by its successor in office.
