

Yours for Health
Lydia E. Pinkham

How Truly the Great Fame of Lydia E. Pinkham's Vegetable Compound Justifies Her Original Signature.

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, all Ovarian troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development, and checks any tendency to cancerous tumors.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yields to it.

Womb troubles, causing pain, weight, and backache, instantly relieved and permanently cured by its use. Under all circumstances it acts in harmony with the laws that govern the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, Faintness, sleeplessness, flatulency, melancholy or the "blues," and backache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures.

Kidney Complaints and Backache of either sex the Vegetable Compound always cures.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Health and Happiness

depend on the Kidneys and Liver. If you have pains everywhere and at all times in your back, and in your head, a dull, heavy, tired sensation, you are sick and miserable—cross and unhappy. Your pains indicate trouble—growing trouble. They may be the forerunner of Rheumatism, or Lumbago, or Diabetes, Jaundice, or Bright's Disease of the Kidneys. Statistics prove that nearly all the original causes of a disordered Liver or diseased Kidneys, or both. These much abused organs are unable to perform the work imposed upon them until they have reached their normal condition of health.

In the effort to obtain relief, don't use liniments or lotions. Rubbing the muscles and joints may temporarily ease the pain or drive it into some other part of the body. You are not curing the disease by external applications. Constitutional treatment is necessary.

Take a vegetable remedy only. Mineral remedies, that are almost universally prescribed, fail to cure, because they weaken, thus impairing instead of building up.

DR. McLEAN'S LIVER AND KIDNEY BALM

eyes Kidneys and Liver, and tones the stomach. During the one-half century of its use it has cured hopeless cases. If you are one of the many who have become disheartened by repeated failures with other remedies, don't despair. A bottle (\$1.00) will convince you that Health and Happiness can still be yours. It's purely vegetable. It's absolutely safe. At your druggist's.

CAMPAIGN DELAYED

Iowa Republicans Are in Mourning for McKinley.

SHAW'S CHANCES NOW, HOPELESS

Democrats Prepare to Use John Herriott's Famous Protest Against Railway Assessments.

Special to The Journal. Des Moines, Iowa, Sept. 17.—Campaign activity on the part of the republican state headquarters has been almost entirely suspended since the death of President McKinley, and will be so until the interment. The opening address of the campaign was to have been made by E. Cummins at Atlantic Sanctuary, but it has been indefinitely postponed. The opening meeting will now be held either at Glenwood, Sept. 21, or at Centerville Sept. 23.

In a somewhat surprising manner, the succession of Roosevelt to the presidency is important to Governor Shaw. It is generally felt that it cuts off all the aspirations of the republican party in Iowa, and makes his case hopeless for 1904. This view of the case is based on the supposition that Roosevelt will succeed himself—a supposition in which there seems to be general concurrence on the part of the politicians and the press of the state. For some months past Governor Shaw has been taking every opportunity to advance his candidacy, and had even gone to the extent of establishing a literary bureau to promote his interests.

The democrats are devoting their energies to the distribution of literature on state issues, and their campaign will be little affected by the president's death. Republican politicians fear the death of the president will have a depressing effect on their campaign as the fact of Roosevelt's election makes it almost impossible for several weeks.

The democratic state headquarters has been determined to make use of some republican ammunition in the campaign. The famous protest of John Herriott against the railway assessment of March, 1900, has been distributed as a democratic campaign document. In this protest Herriott, then a member of the executive council and treasurer of the state, denounced Governor Shaw and other members of the council for authorizing the railroad. He showed wherein the railway assessment was not equitable. He alluded to Judge Hubbard of Cedar Rapids, attorney for the Iowa division of the North-Western road, as the fact of government of the state, and otherwise bitterly assailed the governor; also G. L. Merriam, secretary of state, and Auditor Dobson, secretary of the treasury.

Governor Shaw and Mr. Dobson will take the stump in behalf of the republican ticket, and the democrats consider it will be timely to exploit anew the Herriott protest, inasmuch as it stands for those policies on railway assessment that are sanctioned by the democracy.

THREE-MINUTE CASE

Daughter of the Murdered Millionaire Snell Given a Divorce.

Special to The Journal. Milwaukee, Wis., Sept. 17.—Judge Dick, in the circuit court granted Mrs. Grace Snell Walker a divorce from James C. Walker, allowing Mrs. Walker \$25 alimony. The decree was granted on the presentation of a deposition of the plaintiff and her physician. No defense was made. The case was disposed of in less than three minutes.

Mrs. Walker charged that her husband attacked her in the Fountain house, this city.

ST. PAUL MAN KILLED

August Schmidt Cut in Two by a Train Year Hancock.

Special to The Journal. Hancock, Minn., Sept. 17.—August Schmidt of St. Paul was cut in two a mile west of town by the noon passenger. He was lying in the center of the track and was not seen until the train struck him. He had left town shortly before with two companions and was sober. The circumstances of his death are suspicious. The coroner has summoned the remains brought here. An investigation will be made.

LABORERS OUT

Waterpower Canal Men at the Soo Want an Increase.

Special to The Journal. Sault Ste. Marie, Mich., Sept. 17.—About 300 laborers on the water power canal went on a strike this afternoon. The men have been asked \$1.75 a day and a demerit for \$2. It will not be granted.

DIED AWAY FROM HOME

Special to The Journal. Sioux Falls, S. D., Sept. 17.—Nels Peterson, 72 years of age, died at the residence of a son in this city. He was a resident of Webster City, Iowa, but had been visiting for some time with relatives in Sioux Falls and vicinity. The remains were taken to Webster City for burial.

CORNELL-CARLETON DEBATE

Special to The Journal. Northfield, Minn., Sept. 17.—Negotiations for the Cornell-Carleton debate have been reopened. Cornell will submit a question on or before Oct. 1, and Carleton must choose sides by Oct. 15. The debaters on both teams have been selected. The contest will probably take place at Mount Vernon, Iowa, on Feb. 27, 1902.

How Explorer Peary Rounded Greenland

New York, Sept. 17.—Fuller details of his discovery and a letter from Peary himself come from Cape Breton in the following dispatch:

North Sydney, C. B.—The Arctic steamship Erik from Cape Sabin, Ellesmere Land, reached this port Friday. Everybody on board is well. The Erik left Peary at Herschel Bay camp on Aug. 29. He had succeeded in rounding the northern limit of the Greenland archipelago, the most northerly known land in the world, probably the most northerly land. He expects to spend the winter at Cape Sabin and push north toward the pole in the spring.

Peary's letter to H. L. Bridgman, president of the Peary Arctic club, is in part as follows:

Coner, April 4, 1901.—My Dear Bridgman—It gives me great pleasure to present to the club the results of the work of 1900:

First—The rounding of the northern limit of the Greenland archipelago, the most northerly known land in the world, probably the most northerly land.

Second—The highest latitude yet attained in the western hemisphere (88 degrees 50 north). Third—The determination of the origin of the so-called paleocrycic ice (see serc), etc. Considering that I am an old man, have one broken leg and one three toes, and that my starting point was Etah, I feel that this was doing tolerably well. It is almost 1,600 years since "Erik the Red" first sighted the northern extremity of the archipelago, and from that time Norwegian, Dutch, Danish, Swedes, Englishmen, Scotchmen and Americans have crept gradually northward up its shores until at last through the instrumentality and liberality of the club, its northern cape has been lifted out of the Arctic mists and obscurity. It seems fitting that this should be done by the club, which has been characterized by Sir Clements Markham as second in importance only to the attainment of the pole itself, should fail in the closing year of the century. If I do not capture the pole itself in this spring's campaign, I shall try to again next year.

My gratitude and respects to all the members of the club. Always most sincerely, Peary.

Peary also sends to the club a complete and detailed chart of his newly-discovered coast and other work.

MINNESOTA

PINE ISLAND—Burglars entered the store of G. Miller and stole about \$15 in money and a gold watch that was left in the cash drawer.

BEMIDJI—The proposition to vote \$12,000 bonds to pay off indebtedness incurred in past years was defeated. Another election will be at once called to vote upon the same proposition.

GRAND RAPIDS—The coroner's jury in the case of Mary Hansen brought in a verdict that she came to her death from a bullet fired from a gun in the hands of her husband, Andrew Hansen.

DULUTH—The August report of the Lake Superior Car Service association shows that during the month 1907 cars were handled at the head of the lakes, of which 9,594 were of coal. The number of cars handled the same month last year was 16,497. The city's tax levy is 17.7 mills, the same as last year. This will make the total tax rate in the city 23.3 mills.

WINONA—At a mass meeting of all union men in the city the matter of the strike situation was carefully considered. Mayor Stewart had offered his services as a mediator, and the matter of settlement was referred to him and to Frank Herberg, Frank Huntley and Charles Herdeg of the trades and labor council, and Dr. Steinbach, and Professor G. O. Virtue of the state normal school.

PARIBAUT—The will of the late Harvey Scott came up for proving in the probate court. The will first made by Scott bequeathed the residue of his estate, after a few minor bequests had been made, to Rice county. The bequest would amount to about \$50,000. Later he made a codicil, directing that this money be buried. The heirs are endeavoring to have the will thrown out and the property divided between them.

OSKALOOSA—The badly decomposed body of a woman was found in a patch of high weeds northeast of this city. Identification was impossible.

DUBUQUE—The laying of the corner stone of the David B. Henderson library at the upper Iowa university at Payette, which was to have occurred to-day, has been postponed until after the funeral of President McKinley.

DES MOINES—A fight to a finish for the control of a fraternal beneficiary organization is on at Tippecanoe, the present location of the headquarters of the order, and the fight also involves the question of removal of the headquarters.
