

THE CITY McKinley Historic Visit to Minneapolis

TOWN TALK.

Teams wanted to haul coal. Steady work. 408 First avenue S. Pictures exquisitely framed for wedding presents. Board Art Co., 224 Nicollet.

The title insurance and trust company pays 2 per cent on deposits subject to check. A combination hose wagon and chemical was installed at the engine house at Minnehaha avenue and Lake street last night. It replaces the hose cart formerly stationed there.

While the family of Charles Jones were away from home Monday evening, thieves entered the house at 539 on Seventeenth street and carried off money and silverware amounting to \$85.

Those who are directly connected with the mining business are requested to help in the organization of the new mining association to-night, at rooms 515-17 Masonic Temple, at about 8 o'clock.

There will be a joint meeting of the St. Paul Yggdrasil and Ishwara branches of the Theosophical society this evening at 8 o'clock on the sixth floor of the Lumber Exchange, to meet Mrs. Kate B. Davis.

While at work in the Backus-Brooks saw mill late last night, John Spoonich had his left hand caught in a cog wheel and crushed to a pulp. The mangled arm was amputated at the city hospital. Spoonich lives at 202 1/2 Eighteenth avenue N.

A South Town Commercial Club is a strong probability. Assistant Secretary of State F. G. Sjoblom is doing all in his power to form such an organization. It is planned to begin with 200 members, each of whom will be assessed a certain sum.

R. C. Davis was arrested last night by Detectives Smith and Schutta upon instructions from the authorities at Lake City. He is held for Deputy Sheriff George E. Burgess of that city who is en route to Minneapolis. Davis is wanted for forgery.

The Minneapolis Mushroom Club, as an educational feature, has placed two specimens of poisonous fungi in the window at 628 Nicollet street. The specimens are of amanita verna and amanita phalloides, both deadly and both found in this vicinity.

Articles of incorporation of the News Letter company were filed with the register of deeds yesterday. The purpose of the company is to publish the News Letter newspaper. The capital stock is \$50,000, and the incorporators are A. A. Ames, T. R. Brown, Jr., Arthur F. Morton and John A. Polson.

The postponed meeting of the Pastoral Alliance will be held the first Monday in October. The first meeting was held on the 11th of September, but Dr. Bushnell, who was to read a paper, had not returned to the city. The Alliance will adhere to its meeting with an ordained minister of Minneapolis or vicinity.

Yesterday permits were taken out for the following residences: 1333 Fourth street, \$2,500; 1333 1/2 Fourth street, \$2,400; 2205 Harriet avenue, \$2,000; 2015 Girard avenue S., \$2,000; 415 University avenue, \$2,000. Has will erect a two-story-and-a-half brick-veneer flat at 216 Central avenue NE, for \$5,000.

Hold thief snatched a pocketbook from Miss Mary Butman at Second avenue S. and Seventh street about 8 o'clock last night. As Butman stepped out of the building, the pocketbook from her hand and darted up Second avenue into an alley. The pocketbook contained \$15.

Frank Falcount, 9-year-old son of Mrs. Falcount, 733 Hennepin avenue, Minneapolis, was found by the police of Red Wing yesterday hungry and cold. The boy was attending school at the Nazareth school at Lake City, and during recess he wandered into a park-like park named Over Run away. Mrs. Falcount has gone to Red Wing for her son.

The Milwaukee police are holding William Hammond, William Etlinger, Sam Barovsky and William Forster for their relatives in this city. The Etlinger boy's parents live at 245 Sixteenth avenue S. and the Forster boy at 1408 Second street N. The Hammond boy has told the police that his father's home is at 115 Fifth avenue N. but none of his relatives can be found there. Young Barovsky lives at 225 Third street.

Ed A. Stevens, P. G. M., presented veterans' jewels last evening at the meeting of North Star lodge, No. 6, I. O. O. F., to the following list of older veterans: John A. M. Lane, initiated in Pennsylvania in 1848; John R. Bowman, initiated Nov. 11, 1859; John H. Mehl, initiated in Pennsylvania in 1858. The jewels are given by the sovereign lodge to Odd Fellows with an unimpaired membership of twenty-five years.

Miss Bonnie Snow, superintendent of the art department of the public schools, says that no change will be made in the art materials this year, except that a No. 8 brush will be used instead of No. 10. The No. 8 brush, which has been used for several years, is a three-color Wadsworth or Howland or Frank boxes and several other makes. One firm had the monopoly of supplying the paints, but now the teachers are urged to show no preference.

Incensed citizens of St. Paul will give "Rev." Albert Dahlstrom a warm reception if he attempts to keep his engagement to speak on Payne avenue to-night. Dahlstrom is the man who openly extolled the deed of Cook, the assassin of the president, and for whom the police of this city have been looking for several days. This speech was made at the Swedish language, and several English-speaking Americans reported it to friends and to the police.

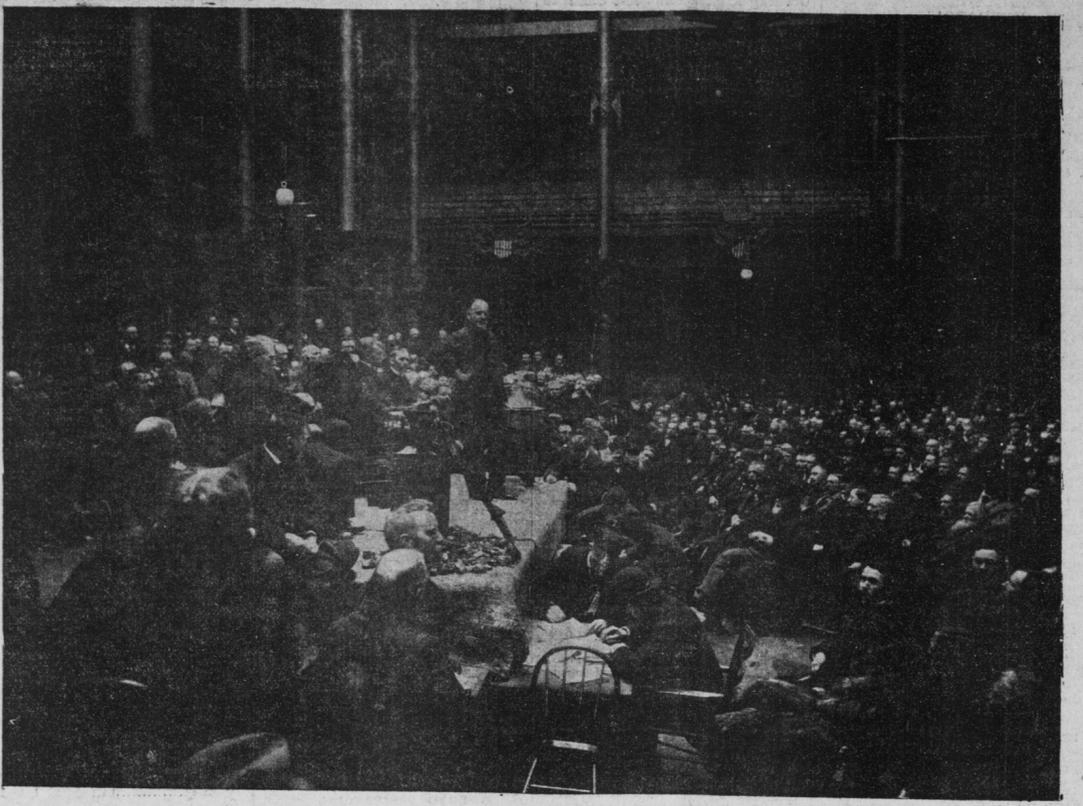

Relatives at Bellefontaine, Ohio, of Thomas Deney, the young man who was killed in the river near the Union depot on Sept. 19, have written the local authorities for further information regarding the death. They are not satisfied that there was not foul play. The coroner and police, however, are satisfied that the young fellow fell into the river while intoxicated and was drowned. Money and a watch found on his person when the body was recovered after two weeks in the water, do not give color to a theory of robbery, and no other motive is suspected.

A CONVENT CORNER STONE. The corner stone of the new convent of the Church of St. Agnes, Kent and Lafont streets, in St. Paul, will be laid Sunday afternoon. Prominent persons will be invited to make addresses. The convent is for the sisters who have charge of St. Agnes' school. The building will be of brick with granite, to cost \$30,000.

As Long as Our Flags Last. We will not advance the price. United States Standard Bunting, our manufacture, and colors warranted not to run. 612 and 614 1st av. S. H. J. Saunders.

New Upright Pianos for rent, \$3.50, \$4, and \$5 a month. One year's rent allowed if purchased. Foster & Waldo, 40 Fifth Street South, Corner Nicollet.

Are you tired of looking at old properties that are so poorly located and so out-of-date that they are not cheap at any price because no one will live in them unless compelled to do so? If such is the case and you really want to buy a nice home and buy it right, go and look at No. 2718 P. lsbury Ave. This is a 10-room house strictly modern with five large rooms, with three fireplaces and everything as good as money could make it. Was built by the day and cost owner \$8,700, but he has moved away and writes me to sell it as cheap as I can get it for. The house is 45x17 feet to a 20-foot alley. This is one of the very best locations in the Eighth ward. To out and look the house over from cellar to attic and ask the neighbors all about it and then come and see me. Possession at once. Might rent it to good party. Will make satisfactory terms and sell it right. Frank P. Nicoll, 822 Guaranty Building.

HIS SPEECH ON MARCH 28, 1894, AT THE EXPOSITION BUILDING.

This interesting photograph, doubly interesting at this time, is lent to The Journal for reproduction by H. W. Foote. It is noteworthy not alone for the excellent likeness it affords of the dead president but for the likenesses of leading men discernible on the platform and in the audience. Among these may be mentioned Senator Nelson, the late R. G. Evans, John Goodnow, Congressman Stevens, W. H. Eustis, H. W. Foote, W. H. Grimshaw, T. E. Byrnes and Col. C. T. Trowbridge.

FINAL PLANS MADE

Minneapolis Citizens Arrange Appropriate Memorial Exercises.

BELLS TO TOLL A SOLEMN KNELL

The Procession Will Move at 2:00 O'clock and the Exercises Begin at 3:00.

Arrangements for the fitting observance of the day which will mark the last of earth of William McKinley were completed at a meeting of the public affairs committee of the Commercial Club last evening. The meeting was attended by many representative citizens and the subject was thoroughly canvassed.

The great mass meeting at the exposition, where the principal memorial services will be held, will be called to order at 3 o'clock.

A solemn procession, moving to the tolling of church bells, will wind its way to the exposition, starting at 2 o'clock. The procession will include the National Guard and all military societies and such civic, industrial and fraternal organizations as may desire to take part. All organizations will be notified of the time and place of gathering, and the details of the procession were left to committees.

The committee on procession is composed of Mayor Ames, John A. Schiener, F. L. McClellan, A. G. Bainbridge and W. H. Eustis. Fred W. Ames, superintendent of police, will be grand marshal, and A. G. Bainbridge, assistant grand marshal, the latter having charge of the division comprising the labor organizations. M. Shuey will head the fraternal societies and Assistant Fire Chief A. H. Runge will have charge of the military branch, including four companies of the national guard.

The sentiment of the meeting last night was that all citizens should in some manner evince their respect for the dead president on the day of the funeral. As practically all business will be suspended during the day, it was thought that all societies, all men impressed with a sense of their duty as citizens and impelled by love and admiration for their martyred chief, would need no urging to participate in the solemn exercises.

For this reason no elaborate plans for calling the attention of people to the business in hand were determined upon. The work was assigned to various committees, but the members of these committees expect immediate assistance from citizens in the way of hearty co-operation. It is not necessary for any one to be asked to participate, or stand upon ceremony, where so much is to be done. It is sufficient for all citizens to understand that the men having the arrangements in charge are desirous only of having Minneapolis display her badge of mourning in a manner befitting the metropolis of the northwest.

It is expected, therefore, that all fraternal societies, and all organizations pertaining to a great city will make themselves manifest on Thursday, understanding that the Commercial club, representing the city in this sad affair, must receive prompt co-operation to make an imposing pageant.

Bells Will Be Told. The club requests that the bells in the churches and courthouses be tolled from 2 until 3 o'clock, while the procession is on its way to the exposition building.

Members of the Commercial Club are requested to meet at the club rooms at 7:30 p. m., Thursday, to march in the procession. The following committee was appointed to look after the club members: F. N. Hendrix, chairman; F. M. Lenox, L. P. Chute, R. D. Cone, W. W.

Have You a Cold or Catarrh? Dead Shot Catarrh Cure will cure you. San Francisco, Cal., and Remitt \$59. On Sept. 15th to 27th, inclusive, the Soo Line will sell tickets to San Francisco and return for \$59, going Soo-Pacific and returning via Southern Routes. Full particulars and descriptive circulars at Soo Line Ticket office, 119 S. Third street.

FOUL PLAY SUSPECTED. J. L. Blair, who was found dying in the Clarendon hotel, St. Paul, last Saturday from an overdose of morphine, and died at the city hospital, may have been robbed and murdered. Nelson Blair, fireman of No. 12 engine-house, a cousin, says that he saw him a short time before he went to the hotel, and at that time he had \$200 in money and a watch, which could not be found after his death. A woman with whom Blair was seen on the night of his death is suspected, but she has not been found.

THOUSANDS OF BLOSSOMS Incorporated in the Red Cross Tribute to McKinley. What is said to be the largest floral piece ever made in Minneapolis, is being shipped to the mayor of Canton, Ohio, last night by the Minnesota Society of the funeral home. It was a beautiful Red Cross flag made of 3,000 carnations and 500 white bride roses. The field was done in white carnations and an immense red cross in the center was done in red carnations, the border being of asparagus vine and white roses. In the lower right-hand corner was the word "Minnesota" in purple chenille.

THE WEATHER. The Predictions. Minnesota—Fair to-night with frost and warmer west portion; Thursday, increasing cloudiness and warmer, with possible showers in west; Friday, fair to clear, Wisconsin—Fair to-night and Thursday; heavy frost to-night; slightly warmer Thursday; westerly winds becoming variable. Iowa—Fair, with frost to-night and warmer in northwest; Thursday, partly cloudy and warmer, with possible showers in northwest; Friday, fair to clear and central portions Thursday; southerly winds. Montana—Fair to-night and Thursday; warmer east to-night; southerly winds.

LOW RATES WILL DRAW

MANY COMING TO THE FLOUR CITY As a Result of the One Fare Rate to the Christian Convention in October.

Low railroad rates for the Christian church convention to be held here next month will undoubtedly bring to this city many besides the thousands of delegates to the convention. The one-fare rate will be taken advantage of by land-seekers from a distance as well as by country merchants and buyers. The rate will be per cent higher than the state fair rate, but the time allowance will be greater and the territory covered very large. The Southwestern Passenger Association has granted one fare for the territory south of the Norfolk Western to the Gulf and from Florida to New Orleans. The Southwestern also recently gave the one-fare rate for territory from New Orleans to western Texas and north to Denver. The only remaining territory not covered by the one-fare rate is that reached by the Great Northern, the Northern Pacific and the transcontinental lines west of Denver. This, too, will doubtless be covered. The Minneapolis & St. Louis has been named the official route by the Iowa missionary board.

The Iowa convention, representing 60,000 persons; the Illinois convention, representing a membership of 124,000; the Kansas convention, with 46,000, and the Missouri convention, with 168,000, will all send large delegations to the union convention here.

NATIONAL GUARD MARKSMEN Meet at Camp Lakeview for the Annual Competition. Teams from the three Minnesota regiments of militia meet to-day at the Camp Lakeview range for the annual rifle shoot. Each regiment is represented by a team of ten, with four alternates. The contest will cover three days, but to-morrow night will be silent out of respect to the memory of the late president. The artillery contest, which was to have occurred at the same time, has been postponed until next week.

The camp will be in command of Major Frank Corriston of Minneapolis. He left last evening with the Minneapolis members of the first regiment marksmen, who made the best scores at camp this summer, are as follows: Captain E. G. Faik, Lieutenant H. D. Lockore of the field staff; Lieutenant J. C. Strauchan, artificer; J. H. Chant, private Santa Amont, Company B; First Sergeant D. H. Kimball, Company B; Sergeant J. S. Kaare and Private S. S. Smith, Company F; Sergeant E. J. Andrews, Sergeant H. F. Bedbury and Corporal W. E. Walsh, Company I; Captain Burlington and Private Zoldan, Company F.

Memorial Notes. The Painters, Decorators and Paperhangers' Union has adopted resolutions honoring the death of McKinley. The Retail Liquor Dealers' Association, through President, Thomas Leilly, has issued a notice requesting a general closing of all places between the hours of 1 and 4 p. m. on Thursday.

Members of the Meat Dealers' Council have decided to close their places of business at 10 a. m. Thursday. All pawn shops, second-hand stores and book shops have been ordered closed on Thursday by Fawcoket inspector Price.

The local freight agents' association announces that all freight houses in the city will be closed all day Thursday. The Ancient Order of Hibernians have passed resolutions tendering the sympathy of the order to the family of the late president. The resolutions also deprecate any movement which might withdraw the president of the United States from free intercourse with the people.

The public library and branches will close from 12 to 4 p. m., but will be open forenoon and evening. Barber shops will close at 1 o'clock to-morrow and remain closed for the day. A. L. Scott, manager of the Terminal Dispatch Auction, has great men and shippers in general that to-morrow will be considered a close holiday by the association. All car service rules will be suspended for twenty-four hours.

The Minneapolis Cycle Trade Association, representing numerous bicycle houses of the city, has decided to close all such places from 1 to 6 p. m. Thursday.

"PERKS" CUT OFF Reformatory Snaps Spoiled by State Board of Control. An order issued yesterday by the state board of control, cuts off several perquisites which have been enjoyed by employees of the state reformatory at St. Cloud.

Hereafter employees who live outside the institution will be allowed a credit of \$10 for meals, but nothing for rent, and no meals will be furnished at the institution. Supplies of the state will not be sold to employees at cost or any other price. No perquisites will hereafter be allowed except as the law provides.

Have You a Cold or Catarrh? Dead Shot Catarrh Cure will cure you. San Francisco, Cal., and Remitt \$59. On Sept. 15th to 27th, inclusive, the Soo Line will sell tickets to San Francisco and return for \$59, going Soo-Pacific and returning via Southern Routes. Full particulars and descriptive circulars at Soo Line Ticket office, 119 S. Third street.

THE WEATHER

The Predictions. Minnesota—Fair to-night with frost and warmer west portion; Thursday, increasing cloudiness and warmer, with possible showers in west; Friday, fair to clear, Wisconsin—Fair to-night and Thursday; heavy frost to-night; slightly warmer Thursday; westerly winds becoming variable. Iowa—Fair, with frost to-night and warmer in northwest; Thursday, partly cloudy and warmer, with possible showers in northwest; Friday, fair to clear and central portions Thursday; southerly winds. Montana—Fair to-night and Thursday; warmer east to-night; southerly winds.

For Minneapolis and vicinity: Fair to-night and Thursday; light frost to-night; Thursday, warmer.

Weather Conditions. The temperatures are slightly lower than they were yesterday morning in the Missouri and upper Mississippi valleys and from 10 to 14 degrees lower in the middle gulf states and thence north-eastward to the Chesapeake bay. Killing frosts are reported in the Dakotas, northern Minnesota and Nebraska, and light frosts in eastern and southern Minnesota, the lake region, Iowa and Missouri. There is evidently a West Indian storm off the Atlantic coast. During the past twenty-four hours there have been rains in the vicinity of Lake Superior and in Maryland, Pennsylvania, New York and New England. The temperatures are rising rapidly in Assinibola, Alberta and Montana, with the probable development of a low pressure area in Montana. The pressure is high in the Missouri valley.

T. S. Outram, Section Director.

Maximum Temperatures. Maximum temperature for the twenty-four hours ending at 8 a. m. to-day: Minneapolis..... 59 La Crosse..... 46 Davenport..... 50 St. Louis..... 62

Are you going to school this fall? If so, you cannot do better than attend the MINNESOTA SCHOOL OF BUSINESS

54 S. Third St., Minneapolis, Minn. Shorthand, Business and English Courses. 5000 former students now in good positions. Write for Free Catalogue and mention this paper. RICKARD & GRUMAN, Proprietors.

SCHOOL NAMED FOR MCKINLEY. The board of school inspectors of St. Paul last evening named the new school to be erected at Mackubin, Ronde and Carroll streets the "William McKinley school" after the dead president.

Guess and Win Prizes! See how near you can guess to the number of Want Ads in next Saturday's Journal. Valuable Prizes to the Lucky Ones!

The Journal has decided upon a novel guessing contest and one which will undoubtedly prove of great interest to all readers. It proposes to offer as the three prizes, the choicest box at the Metropolitan opera-house, and two sets of two choice seats each for the opening performance of "The Henrietta," in which Stuart Robson will make his farewell appearance in the west, on Thursday night, Sept. 28.

Below will be found a coupon which contestants will fill out in accordance with directions, making a guess as to the number of want advertisements that will appear in next Saturday's issue of The Journal. As these coupons are received at the publication office, they will be timed, and next Monday the result of the contest will be announced. The writer of the nearest correct guess first received will be presented with a 20c ticket which will enable him or her to organize a party of six persons. The next two most successful contestants will be given two choice seats each. The contest will be closed promptly at 1 p. m., Saturday next.

This contest to Journal readers should prove very attractive. Mr. Robson's engagement here marks the practical opening of the theatrical season and his audiences will be large and distinctly fashionable. He is regarded as one of the two great American comedians, Joseph Jefferson being the other. "The Henrietta," written by Bronson Howard, is conceded to be the model comedy-drama of the last quarter century. Mr. Robson plays the famous character of "Bertie, the Lamb." Thus it will be seen that the winners of the contest will be peculiarly fortunate.

I guess that the number of want ads in The Minneapolis Journal on Saturday Sept. 21, is..... Name..... House No..... City.....

TEXAS OIL NEWS.

Fuel Oil Shipments by Barges Begun From the Beaumont Gushers—More About Sour Lake.

The first oil barge to be loaded at Sabine with Beaumont crude oil has just put to sea en route to Galveston. Its capacity is 3,100 barrels, the oil being destined for consumption at Galveston. Another barge of the same size is about completed and ready to be loaded for the same service. Offers are being made to purchase oil to be shipped to Charleston, S. C., and Savannah, Ga., and also for Cuban points, but the demand at Galveston and New Orleans is so great that the barges can not be spared for the longer trips. This is entirely in line with the predictions made in "Texas Oil News" from time to time, showing the opening market for fuel oil everywhere in competition with coal. Vessels destined to transport oil are being equipped for that service as fast as the work can be pushed.

The developments in the Sour Lake district, where the Saratoga company has extensive holdings, show that the oil is of a different grade from the Spindie Top oil, being free from sulphur and containing more illuminating oil, as well as a splendid grade of lubricating oil.

Work on the Saratoga well on Spindie Top is in about the same shape as reported for several days. It is progressing slowly, meeting some annoying delays but overcoming them as fast as they arise. This will be a gusher is no longer doubted; the well is so near the cap rock that it may be brought in with a few days' unintermitted work. This well is practically guaranteed a gusher and those who want to find out about it should write to the Saratoga Oil & Pipe Line Co., 728 Andrus Building, Minneapolis.

SCHOOL NAMED FOR MCKINLEY. The board of school inspectors of St. Paul last evening named the new school to be erected at Mackubin, Ronde and Carroll streets the "William McKinley school" after the dead president.
