

Good Old Times and How to Have Them.

It is a misfortune that a great many old people live chiefly in the past. The "good old times" they talk of were the good young times they enjoyed in youth.

They live over again the days of sleigh rides, picnics, spelling bees and corn-huskings, and sigh for the good old days. They live in the past because the present is not life, but merely existence.

The real good old days for old people ought to be the days of the present, when a leisure well earned by years of work gives opportunity for liberty of mind and freedom of action.

It is singular that question does not answer itself. The grandmother, feeble as she may be, notes her pale and pinning grandchild, and tells the mother: "That child don't eat enough" or else perhaps "what the child needs is plenty of nourishing food."

Food makes strength just as much for the old man and old woman as for the baby in arms or the schoolboy. There's no other way to get strength but from food. But the important fact is that food doesn't strengthen unless it is properly digested and assimilated.

Golden Medical Discovery. It cures disease of the stomach and other organs of digestion and nutrition.

"Three years ago my husband was taken sick," writes Mrs. C. S. Towle, of San Ardo, Monterey Co., Calif. "He had these carbuncles. Two on back of the neck and one in region of kidneys, which was six inches in diameter. We had the best doctor we could get. He attended him two months, and then said he could do no more for him; and that he had so little vitality there was nothing to build on; that a change might do him good. The children insisted on his going away, but I said no, if he must die he should die in our own home, but that if he could be raised from that bed of sickness I could do it with Doctor Pierce's medicines. We bought one bottle of the 'Golden Medical Discovery' and Dr. Pierce's Pellets.

My husband had not been able to sit up, even to have his bed made. When he had taken one bottle of the medicine he could sit up, and go out doors, and when seven had been taken he was in better health than for five years previously. He is now seventy years old and can do a good day's work."

"When I wrote you for advice, I was feeling very miserable with not simply one ailment but a general debility," writes Mrs. Martha Jones, of Claremont, Surry Co., Va. "Dr. Pierce's Golden Medical Discovery cured me of my 'Favorite Prescription,' and a bottle of 'Pellets,' I soon began to improve and continued taking them until I was feeling so well I discontinued. That was last spring and I continued feeling as well as could be expected of an old lady seventy-three years of age. I am so well I can help my daughter about the house. I have so much faith in your medicine; I feel that the number of my days have been prolonged by taking it. I think no medicine equal to yours for old people. It makes their declining days easy and cheerful. I would say to the aged especially, take Dr. Pierce's medicines, they will help and cure also."

Dr. Pierce's Golden Medical Discovery is a reliable and powerful medicine. It contains no alcohol and is entirely free from opium, cocaine and all other narcotics. The strength given by the "Discovery" is not the false strength produced by stimulants but the real strength obtained only from nutrition. When the blood is impure "Golden Medical Discovery" will purify it; when it is impoverished it will enrich it with the red corpuscles of health. Diseases of organs which seem remote from the stomach are often due to disease of the stomach and its allied organs. When the diseased stomach is cured by the "Discovery" diseases of heart, liver, lungs, kidneys, etc., caused by disease of the stomach are cured also.

Sometimes a dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

In Social Circles

TEA FOR MISS HAHN Given by Miss Florence Akeley This Afternoon. A COLLEGE WOMAN'S AFFAIR Many of the Guests Members of Alpha Phi—"Frat" Colors Used in Decorations.

The largest affair given in honor of Miss Lavinia Hahn, whose marriage to Mr. Thomas was the principal social event of next week, was the tea given this afternoon by Miss Florence Akeley of Park avenue. It was distinctly a college woman's affair and a large number of the 150 guests were members of Miss Hahn's fraternity, Alpha Phi.

The tea was given in the dining room of the hotel, which was decorated with pink and white flowers. A large mirror was banked at its foot with pink flowers, and bowls of white flowers were reflected in the mirrors of the mantel. In the hall rich-hued marigolds furnished glowing masses of color and an immense sword plant flanked with boxes of marigolds and pink flowers.

STRAND IS DEFEATED

COURT DIRECTS FOR GRIFFITH Evidence Regarding Buck and Campbell Constructed in Their Favor by the Jury. Court officials, attorneys and all concerned with the numerous trials of the famous case of Hans B. Strand against Joseph M. Griffith, Cyrus A. Campbell, Edward L. Buck and George W. Skinner undoubtedly are relieved that the final decision has been rendered. The first two trials were conducted with Judge Lochren of the federal court on the bench. The trial which has just closed in Minneapolis was heard by Judge Amidon of the North Dakota court.

The suit was to recover \$35,000 alleged damages as the result of a deal for a stock of merchandise. Strand, who resides in New Whatcom, Wash., was, in 1898, induced to transact a real estate for a stock of merchandise, which was then stored in the warehouse operated by Mr. Griffith. He claimed the stock was not as represented, and sued Buck and Campbell, who are merchandise brokers, and Mr. Griffith as well, for damages he claimed to have sustained.

The case was tried last fall, and the jury disagreed. Last March Strand secured a verdict of \$2,000, which Judge Lochren set aside. The verdict of the jury in the last case was for the defendants, Buck and Campbell. Judge Amidon during the trial had ruled on a motion for a direction of verdict that as to Buck and Campbell he would allow the evidence to go to the jury, but as to Joseph M. Griffith he directed a favorable verdict. It was shown that the only connection Mr. Griffith had with the case was that the goods were stored in his warehouse, and he was in no way a party to the deal.

RAILROAD RUMBLES

Demurrage Charges Will Be Enforced Against Coal Dealers. The Wisconsin Central has joined in the agreement to enforce demurrage charges on coal brought to the twin cities. The various carriers were especially concerned as to demurrage on coal on account of the tendency of dealers to detain cars for an indefinite period of time. Freight officials say that the coal men have been in the habit of having fifteen or twenty car loads brought from the head of the lakes and of allowing it to sit on the tracks for weeks at a time. It would not have to be handled twice.
