

Marvelous Rupture Cure

A New Home Treatment That Imparts a Pulsating, Life-Giving, Thrilling, Invigorating Energy to the Entire Abdominal Region.

You Feel the Quickening, Rippling Stream of Health, Strength, Energy and Vigor Close up the Breach and Permanently Cure the Very Worst Ruptures.

FREE TRIAL TO ALL.

There is a new home treatment for Rupture, invented by a Syracuse man, that means the saving annually of thousands of precious lives.

PETER NIERHAUS.

Ruptured people can have this marvelous rupture cure on free trial in order that they may see and know and realize that here at last is the treatment that will cure them permanently.

"Am pleased to write and tell you that my rupture is now cured. I am in my sixty-eighth year, and was ruptured when 14 years of age. Last June my rupture became strangulated; the family were all assembled, and had it not been for the timely arrival of my friend, Mr. Moseley, with Dr. Hibbard, I would have died.

"They immediately put me on the Electric, and now, after only a few short weeks, I am well and strong and no longer need the Electric. If I can do anything to help others who have what a marvelous appliance the Electric is, I will do it willingly and freely.

Do not be misled by the old foghorn wearing a mere band around your body, but write to-day to the Electric Co., 315 Wood Building, Syracuse, N. Y., and name and address. Not only does the treatment cure rupture, but it cures enlarged prostate, kidney and bladder troubles, nervous debility and all other diseases of the pelvic region, such as varicocele, impotency, atrophy and other conditions of weakness. Don't fail to write at once.

YOUNG ELDRID SENT UP

A Pitiful Example of What Drink Will Do.

William Eldrid, whose once handsome face is sadly marred with the traces of dissipation, was arraigned in the police court this morning on a charge of drunkenness, but back of this he was accused of a much more serious offense.

Yesterday Eldrid went to the family residence on First avenue S in a beastly state of intoxication, and so far forgot himself as to strike his mother. An elderly woman, who was visiting Mrs. Eldrid, and he also attacked her. Mrs. Eldrid did not appear against him and he was sent to the workhouse for sixty days.

Faulkner, superintendent of the Washburn Memorial orphan asylum, Minneapolis; Frank L. Randall, superintendent of the state reformatory, St. Cloud; J. W. No Argument Needed

Every Sufferer From Catarrh Knows That Salves, Lotions, Washes, Sprays and Douches Do Not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease, and local

applications, if they accomplish anything, at all, simply give transient relief.

The catarrhal poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucus, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by clogging the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Gualacol, Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant-tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever, and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure.

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a 50-cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family. Every Stuart's Catarrh Tablet is sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long-looked-for catarrh cure.

ADELPHAI WOMEN APPLY

Colored Club Will Force a Decision in Minnesota.

The Adelpai Club, the organization of colored women whose expected application for admission to the state federation has been so widely discussed, has decided to make application for membership, and the application was sent to-day to the federal officers.

This will force some action on the part of the federation, but it does not greatly change the situation. A general discussion of the color question was already assured and the only change affected in the situation is that Minnesota must consider how she would like to deal with the question at home before deciding how others ought to be willing to act. If the state federation should be unwilling to admit a colored club to association in the north it could not possibly think of recommending the admission generally. Action might be deferred at some until the matter is settled in the general federation, and this is likely to be the course pursued.

The annual meeting of the Federation of Women's Clubs in the third division of the second district was held in Windom last week. Owing to the nearness of the time and place of the state federation meeting the attendance was smaller than usual, as many women are intending to attend the state meeting; but nevertheless this occasion was both pleasant and profitable.

The afternoon session was devoted to the re-districting of the state by our last legislature. Mrs. L. P. Hunt of Mankato then presented a paper entitled "Proportion in Life; How the Best Divides Our Time Between Home, Church and the Club." This was most ably discussed by Mrs. H. P. James of Mankato and Rev. Mr. Lofstrom of Windom.

A recitation by Miss Ada Smith followed, and the session of 1901 was closed by a few remarks from the retiring president.

The officers as elected for the following year are: President, Mrs. T. C. Collins, Windom; vice president, Mrs. Frank D. Fairmont; secretary, Miss Watson, Wells; treasurer, Mrs. J. H. James, Mankato.

RAILROAD RUMBLES.

NEW TOWNS SPRING UP As the Des Moines, Iowa Falls & Northern Line Advances.

Iowa Falls, Iowa, Oct. 10.—After a delay of a week or more in tracking along on the new Des Moines, Iowa Falls & Northern road, work was resumed yesterday. Unless something unforeseen happens track-laying will now proceed rapidly to the Hawarden branch of the North-Western, to which point all the grading is practically finished. The graders have moved to the various points on the line between Radcliffe and McCallsburg. The new town of Buckeye, which has sprung up in a corn field, is growing rapidly and it is now thought the track layers will reach this point by the end of next week. Other towns in the county of Bergen and Sherman are being platted and lots in each will soon be put on the market. The road will be completed this fall to some point south of the main line of the Chicago & North-Western railroad.

EXPLANATION ASKED

Burlington's Action as to Single Rates Displeases Coast Roads.

The controversy over the increase in the rates on shingles from the Pacific coast has brought out the fact that the Burlington representative at the Chicago meeting that went to advance the rate 40c direct opposition to the wishes of the Great Northern and Northern Pacific roads.

The two coast lines allied with the Burlington sent a joint note to the Chicago meeting explaining their position and their wishes. This did not deter the Burlington representative at the Chicago meeting from voting for the increase. It is said that the two coast lines have joined in a request to the Burlington for an explanation.

ITO PAYS HIS WAY

Will Not Accept Courtesies of the Various Railroads.

Maruyuki insists on paying his railroad fare in spite of the action of the various roads in offering to consider him as a tourist on his trip. Ito was surprised when the Great Northern officials refused his money for the trip from Seattle.

The Milwaukee extended the same hospitality, but the marquis insisted on paying fare for his party. The marquis explains that in Japan every one who rides pays a fare. His experience here has tended to give him the impression that the payment of fares is a secondary matter in traveling.

Run Down—Played Out

"I am all run down and played out. Nothing I take seems to do me any good. My food doesn't taste good, and I have no desire for it. I don't sleep well, and I get up every morning listless and weary."

This story is told in every physician's office in the country from one to twenty times a day by as many people. These same people not only tell this story to their physician, but they tell it to their friends and to their family.

Johann Hoff's Malt Extract is the thing such people haven't tried. If they had they would be different people, for nothing in the world changes such a condition so quickly as this great food assimilator which has come to us from the old world. Taken with meals

Johann Hoff's Malt Extract

becomes the perfect food digester, and within a very few days the sufferer begins to brighten up. His food is doing him good. It is being assimilated and digested. The stomach has received the required aid, and flesh and blood and nerve energy show it.

Energy is capital. It is good nature. It is usefulness. The half-starved man or woman cannot be expected to be energetic. Get the benefit of your food, and nature does the rest. Johann Hoff's Malt Extract helps nature by aiding the stomach. If you are played out and discouraged, try this delicious tonic a few times with your meals.

Dr. Daniel Thayer of Boston, writes: "I have tried Johann Hoff's Malt Extract, and believe it to be a valuable tonic. I recommend it to patients needing a valuable help when suffering from debility or overwork."

Refuse the cheap so-called Malt Extracts—they are absolutely worthless. Get the genuine Johann Hoff's and you will not be disappointed.
