

Marvelous Rupture Cure

A New Home Treatment That Imparts a Pulsating, Life-Giving, Thrilling, Invigorating Energy to the Entire Abdominal Region.

You Feel the Quivering, Rippling Stream of Health, Strength and Vigor Close up the Breach and Permanently Cure the Very Worst Ruptures.

FREE TRIAL TO ALL.

There is a new home treatment for Rupture, intended as a Syracuse method that means the saving annually of thousands of precious lives.

PETER NIERHAUS.

Ruptured people can have this marvelous rupture cure on free trial in order that they may see and know and realize that here at last is the treatment that will cure them permanently. Peter Nierhaus, of Liverpool, N. Y., writes:

An pleased to write and tell you that my rupture is now cured. I am in my sixty-eighth year, and was ruptured when I was about 40 years of age. Last June my rupture became strangulated; the family were all assembled, and had it not been for the timely arrival of my friend, Mr. Mosey, with Dr. Hibbard, I would have died.

I immediately put on the Electra, and now, after only a few weeks, I am well and strong and no longer need the Electra. If I can do anything to help others know what a marvelous application of Electra I will do it willingly and freely.

Do not be lashed to the tree of old fogeyism by wearing a more than four inch band, but write to-day to the Electra Co., 316 Wood building, Syracuse, N. Y. Merely send name and address, and I will send you a complete cure rupture, but it cures enlarged prostate, kidney and bladder troubles, nervous debility, low vitality, impotency, the pelvic region, such as varicocele, impotency, dropsy and similar conditions of weakness. Don't fail to write at once.

YOUNG ELDRD SENT UP

A Pitiful Example of What Drink Will Do.

William Eldred, whose once handsome face is sadly marred with the traces of dissipation, was arrested in the police court this morning on a charge of drunkenness, but back of this he was accused of a much more serious offense.

Yesterday Eldred went to the family residence on First avenue S. in a foggy state of intoxication, and so far forgot himself as to strike his mother. An elderly woman, who was visiting Mrs. Eldred, interfered, and she also attacked her.

Mrs. Eldred did not appear against him and he was sent to the workhouse for sixty days.

Paulkner, superintendent of the Washburn Memorial Orphan asylum, Minneapolis; Frank L. Randall, superintendent of the state reformatory, St. Cloud; J. W. Brown, superintendent of the state training school, Red Wing, and Frank A. Whittier, state agent of penal and reformatory institutions, St. Paul.

No Argument Needed

Every Sufferer From Catarrh Knows That Salves, Lotions, Washes, Sprays and Douches Do Not Cure.

applications, if they accomplish anything, at all, simply give transient relief.

The catarrhal poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by dropping large quantities of mucus, the discharge sometimes closing up the nostrils, creeping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guaiacol, Sanguinarin and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant-tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure."

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a 50-cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment, and for convenience, safety and prompt results they are undoubtedly the long-sought-for catarrh cure.

RAILROAD RUMBLES

NEW TOWNS SPRING UP

As the Des Moines, Iowa Falls & Northern Line Advances.

Iowa Falls, Iowa, Oct. 10.—After a delay of a week and on track laying on the new Des Moines, Iowa Falls & Northern road, work was resumed yesterday. Unless something unforeseen happens track-laying will now proceed rapidly to the westward, and in less than a month to which point all the grading is practically finished. The graders have moved to the various points on the line between Redfield and McCallsburg. The new town of Redfield, which is growing up in a corn field, is growing rapidly and it is now thought the track layers will reach this point by the last of next week. Other towns in the county of Bergen and Sherman are being platted and lots in each will soon be put on the market. The road will be completed this fall to some point south of the main line of the Chicago & North-Western railroad.

EXPLANATION ASKED

Burlington's Action as to Shingle Rates Displeases Coast Roads.

The controversy over the increase in the rate for shingles has been the subject of a meeting of the Burlington representative at the Chicago meeting voted to advance the rate in direct opposition to the wishes of the Great Northern and Northern Pacific roads. The two coast lines allied with the Burlington sent a joint note to the officials of that road explaining their position and their wishes. This did not satisfy the Burlington representative at the Chicago meeting from voting for the advance. It is said that the two coast lines have joined in a request to the Burlington for an explanation.

ITO PAYS HIS WAY

Will Not Accept Concessions of the Various Railroads.

Marquis Ito insists on paying his railroad fare in spite of the action of the various roads in offering to consider him their guest for his trip. He was surprised when the Great Northern officials refused his money for the trip from Seattle. The Milwaukee extended the same hospitality, but the marquis insisted on paying the fare for his party. The marquis explained to the Burlington representative that he had a guest yesterday at the Slade-Hill wedding in St. Paul. He made the bride a magnificent present. He and his party left last evening over the Milwaukee for Chicago where they will spend several days.

TO ASK MEMBERSHIP

Colored Women's Club Will Seek to Join State Federation.

The belief has been quite generally current among the club women of Minnesota for some time that the state federation would not be called upon this fall to consider the question of the admission of colored clubs into the state federation. Application blanks were called for and sent last spring to the Adelphei club, the twin city organization of colored women. Y. D. Turner, secretary of the state president, Mrs. Williams, and a number of other prominent club women were present at a meeting of the club and discussed the question.

ADELPHAI WOMEN APPLY

Colored Club Will Force a Decision in Minnesota.

The Adelphei Club, the organization of colored women, whose expected application for admission to the state federation has been so widely discussed, has decided to make application for membership, and the application was sent to-day to the federation officers. This will force some action on the part of the federation, but it does not greatly change the situation. A general discussion of the color question was already assured and the only change in the situation is that Minnesota must consider how she would like to deal with the question at home before deciding how others ought to be willing to act. If the state federation should be unwilling to admit a colored club to association in the north it could not possibly think of recommending the admission generally. Action might be deferred at home until the matter is settled in the general federation, and this is likely to be the course pursued.

SUB-DISTRICT FEDERATION

Windom Entertains a Pleasant and Profitable Convention.

The annual meeting of the Federation of Women's Clubs in the third sub-division of the state was held in Windom last week. Owing to the nearness of the place of the state federation meeting the attendance was smaller than usual, as many women are intending to attend the Owatonna meeting, but nevertheless this occasion was both pleasant and profitable.

The sessions, which were held in the Presbyterian church, began on Wednesday evening with the following program: Vocal duet, Mrs. Hutton and Mr. Henderson of Windom; Invocation, Mrs. J. H. James of Mankato; music by ladies quartet of Jackson, Mrs. Heber and Misses Elsworth, Sathby and Crane; Miss Hudson's recitation; welcome to guests, Mrs. T. C. Collins of Windom; recitation, Mrs. D. A. Stuart of Windom; address, Mrs. C. E. Conant of Wells, president of sub-division.

The morning session on Thursday was largely taken up with reports of clubs and the session of 1901 was closed by a very interesting paper on "What Women's Clubs Should Stand for in the Community." At the afternoon session an invitation was received and accepted to hold the next year in Blue Earth City. Two papers followed this, which were very thoughtful and earnest and provoked much discussion. One of these papers was by Miss Jennie Hutton of Windom on "The Place Which Works of Fiction Should Hold in Our Reading"; the other was by Mrs. H. A. Tomlinson of St. Peter, vice president of the second district, and was entitled "Women's Clubs as a Social Force."

The evening meeting was opened with music by Misses Collins and Beard of Windom. Resolutions were then presented by the committee appointed for that purpose; these were of thanks for hospitality, welcome extended, and rendered in programs and other ways, and of regret that Mrs. Tomlinson has to sever her connection with these clubs, owing to the re-organizing of the state by our last legislature. Mrs. L. P. Hunt of Mankato then presented a paper entitled "Proportion in Life; How Can We Best Divide Our Time Between Home, Church and Club." This was most ably discussed by Mrs. H. P. James of Mankato and Rev. Mr. Loftsford of Windom.

A recitation by Miss Ada Smith followed, and the session was closed by a few remarks from the retiring president, Mrs. J. H. James of Mankato.

The officers as elected for the following year are: President, Mrs. T. C. Collins, Windom; vice president, Mrs. Frank Day, Fairmont; secretary, Miss Watson, Wells; treasurer, Mrs. J. H. James, Mankato.

Run Down—Played Out

"I am all run down and played out. Nothing I see seems to do me any good. My food doesn't taste good, and I have no desire for it. I don't sleep well, and I get up every morning listless and weary."

This story is told in every physician's office in the country from one to twenty times
