

ON THE GREEN

PREPARED FOR SAT.

Minnesotans Put On the Finishing Touches at Minnetonka.

OTHER TEAMS HARD AT WORK

Illinois Plays 'T' & S. To-morrow—Madison Will Meet Beloit at Milwaukee.

The University of Minnesota football team went to Minnetonka yesterday afternoon and will not show up in Minneapolis until shortly before the game with the Nebraskans to-morrow. What the line-up will be is as yet a secret. It may give ground for some surprise when the men appear on the field for the game. To-day the men will be doing drill and exercise and this evening they will doubtless get a pleasant little talk from Dr. Williams and be put to bed in the best of humors for a good night's sleep, so that they may be on the field to-morrow free from nervousness, fresh and alert for the game.

Practice at other western fields yesterday was as follows: At Michigan—Coach Yost eased up a little on his men and only put them through a twenty-minute scrimmage.

At Champaign.

At Illinois—Illinois men are in good condition and expect to win from P. and S. on Friday. P. and S. will average heavier in the line than Illinois, but this advantage is offset by the superior condition of Illinois, which is due to the care with which Connor has been looking after the men. P. and S. has always shown a good defense, but a rather weak offense, and on this account Illinois thinks the score will be small. The probable line-up is: L. S., Cook; I. T., Bundy; L. S., Stahl; C., Lowrey; T. S., Fairweather; R. T., Lindgren; R. E., Doud; C., Steben; R. H., Jutton; R. H., Hinton; full, McKnight.

On Camp Randall.

At Wisconsin—The last hard practice before Saturday's game with Beloit was held at Randall field with open gates. The daily change at right guard was made again. Webster, the big subguard of last year, was put in and played throughout the game. Although he has been out but a short time, he is generally considered the strongest man for the place and will probably start the game on Saturday in that position. Dunn was played at left end in place of Abbott, who is suffering from a slight injury.

At Iowa City.

At Iowa—The Iowa team practice was devoted wholly to light work. Punting and running down the ball took up the first half hour. After this there was signal practice for a half hour, followed by a mile jog around the track. There was no line-up. Several substitutes were given practice with the team. Fordyce played at left tackle, Coulthard at right tackle, Ochiltree at right guard, Berry at center and Macey at full-back. Macey did especially good work. Ste-

Saturday. There is hardly a person at the midday school. Coach Stagg drove to the humblest freshman, who has more than a hope that the Maroons will take the Purdue eleven into camp, and for this reason a desperate effort is being made to screw the nerve of the players up to the last notch by enthusiasm.

Beloit Confident.

At Beloit, Wis., after the final football practice last night before the great annual game with Wisconsin university at Milwaukee Saturday, Coach Hollister expressed his confidence over the result, being certain that his men will cross the varsity goal line. The practice was not especially fast but it was hard. About 300 rooters will accompany the team to the cream city.

"Down East."

At Yale—Yale's football players went without practice, taking an afternoon train for Baltimore. Captain Gould took thirty players. Purely a scrub eleven will meet the Baltimore medical college team on Friday. The varsity eleven will practice against scrub players in another part of the field. The varsity will meet the Annapolis cadets on Saturday. The scrubs worked with devotion and took advantage of every opportunity. The varsity was minus some of its best men, owing to injuries received on Wednesday, and the varsity was unable to withstand the fogginess of the second backs.

FOGG'S CASE

Wisconsin Says He Has Played Only Two Years.

Special to The Journal. Madison, Wis., Oct. 11.—Wescott, one of the recent heavy-weight additions to the Wisconsin football squad, came out as a candidate for the troublesome position of right guard Wednesday afternoon, alternating with Deering in the position on the first eleven, and showing up well.

Having in view a hard game with Beloit Saturday, Coach King gave the team some of the stiffest practices work they have had this season, behind closed gates at Camp Randall.

The scrubs kept the varsity eleven up to their best notch all the time, and scored once on a fluke, Marshall going through the line after the ball had been dropped and scoring a touchdown practically unopposed. All of the veterans were in the first eleven, and they had their hands full in holding the scrubs down. The varsity succeeded in scoring twice in about twenty-five minutes play.

Wisconsin hopes to see both Merrill and Adkins in the Beloit team Saturday.

Coach King said last evening that he had no thought of protesting Adkins, and hoped Merrill would be reinstated by the A. A. U. If not, he did not think Beloit would try to play him. The report that Coach Stagg of Chicago, talks of protesting Fogg, the Wisconsin quarterback, on the ground that he has played four years on another college team, that he is ineligible until he has been a year at Wisconsin, shows a great

THE NEBRASKA FOOTBALL TEAM

lack of knowledge on somebody's part. Fogg has played two years at Cornell. Fogg, before coming to Wisconsin; as to the second count, the year rule applies only to undergraduates, while Fogg has graduated from the college course at Cornell, and has entered the law school at Wisconsin.

IOWA'S HOSPITAL LIST

It Includes Some of the Team's Strongest Men.

Special to The Journal. Iowa City, Iowa, Oct. 11.—Football practice so far this week has been listless. Several men were used up in the game with the Normals Saturday, and the effects are more apparent now than they were during the game. Briggs, practically the only center Iowa has, had his back wrenched and has not been out for practice since. He is not able to play and it is feared that he may not be able to play any more this season. Strong, the scrub center, has been tried. But Strong weighs only 165 pounds, and is not equal to the job. Smith, the 200 pound guard, has also played snapper back, but his removal from guard causes a vacancy that is hard to fill. Burrier, the veteran got his leg pulled in the Saturday game. Burrier, however, will be in the first lineup of the Drake game. The practice Wednesday showed phenomenal work by Welland, Watters and Williams, but owing to the absence of Burrier and Briggs, not much progress toward team work is being made. Two hundred rooters, including the university band, accompanied the team to Des Moines to-day.

IOWA WILL PROTEST

Announcement That It Will Oppose Rogers' Playing.

Special to The Journal. Iowa City, Iowa, Oct. 11.—The state university of Iowa will protest Rogers, Minnesota's brilliant Indian athlete, now staying on the upper eleven, captain of last year's Carlisle team. A. E. Wilcox, president of Iowa's athletic board of control made this announcement yesterday and took the first formal steps in the proceedings. The only question involved is whether Carlisle is a preparatory school. According to the college agreement, the president of the Conference College Quarterly has been tried. But Strong weighs only 165 pounds, and is not equal to the job. Smith, the 200 pound guard, has also played snapper back, but his removal from guard causes a vacancy that is hard to fill. Burrier, the veteran got his leg pulled in the Saturday game. Burrier, however, will be in the first lineup of the Drake game. The practice Wednesday showed phenomenal work by Welland, Watters and Williams, but owing to the absence of Burrier and Briggs, not much progress toward team work is being made. Two hundred rooters, including the university band, accompanied the team to Des Moines to-day.

HAMLINE TEAM GOES NORTH

The Hamline varsity team leaves to-day for North Dakota, where two games will be played, one with the state agricultural school, Fargo, Saturday, and one with the University of North Dakota, Monday. The line has been greatly strengthened by the addition of French, a 215-pound man, at center. The team which will play in North Dakota will be made up as follows: Center, French; left guard, Elison; left tackle, Kinney; left end, Tucker; right guard, Ide; right tackle, Guse; right end, Zimmerman; full-back, Guse; half-back, Gould; full-back, We Graf; right half, Wallace (captain).

Iowa Falls Victorious.

Special to The Journal. Iowa Falls, Iowa, Oct. 11.—In the first football game of the season on the home ground, the home high school team defeated the Alton high school eleven by a score of 35 to 6. This is one of the series of games to be played between the high school teams of the county, the leaders for the pennant now being the teams from Eldora and Iowa Falls.

Football Notes.

The Carleton college football management is arranging for a game with the South Side high school of Minneapolis, to be played at Northfield on Saturday next.

Waller Priest.

Waller Priest, a member of the Kansas state normal team, at Emporia, who was seriously injured in a game of football between the state normal and state university teams at Lawrence last Saturday, and who was brought home unconscious, is in a precarious condition. It is feared that a clot of blood has formed on the brain.

Short Pants.

Any football team averaging 120 pounds, which would like a game for next Sunday, should address Alfred Myers, 2407 E. Franklin avenue.

The Rapid Runners will play the Franklin school team Saturday morning and the Crystals in the afternoon.

Established 1882. The Plymouth Clothing House. 12 Stores in One. 7 Cloaks and Wraps, 8 Furnishings, 9 Millinery, 10 Custom Tailoring, 11 Shirt Tailoring, 12 Trunk and Bags.

Is there anything so luxurious as a new overcoat? Overcoats in short, medium and full length; plain Black Vicunas, with silk lining; dark Oxford Meltons and Cassimeres; Scotch Mixtures, tinted with golden brown; Fancy Over-lands and Herring Bone Effects, in unshorn Cheviots and Worsteds; Vicuna Whipcoats. Some have collars of the same; others silk velvet collars.

The tendency of to-day is to wear much better clothes than at any time in the history of the Clothing trade and at no time has the "Plymouth" been in a better position to satisfy this demand. Moreover the styles are attractive and the fabrics tasty and so conservative as never to be out of style.

Most Fashionable SUITS.

It is in our \$20 and \$25 Suits that the skill of American workmanship is most perfectly shown; hand tailored throughout and lined with the finest serge or Italian, which is preferable to silk, these suits can only be produced by the best custom tailors. The fact that the young men, those critical dressers, who are thoroughly well posted, approve of these suits, is significant, as it shows that ready made clothing has reached a state of perfection equal to custom tailor clothing. The saving is about 40 per cent.

in the market and we are pleased to offer them to our customers at \$15 and \$18.

This lot includes all the fashionable shades in both rough and smooth effects of the finest Worsteds, Cassimeres, etc., etc.

Blue and Black Storm Serges; new shades of brown, with distinct stripes; mixtures of green and olive, with large over-pleat. Black and white checks, and silk-mixed Cassimeres; garments that are built with permanent shape retaining front.

\$15. The best clothing is manufactured first, so that after October 15th there are few desirable styles of \$20 and \$25 Suits left. The best manufacturers then sell all their small lots of high grade Suits at a low figure in order to get rid of them.

At this reduced price, the Plymouth has just purchased in advance of the trade about \$20,000 worth of the finest Suits

The Plymouth Clothing House, Sixth and Nicollet.

WAR AMONG GIANTS

Burlington-North-Western Contest Costing Many Millions.

SUPREMACY IN THE BLACK HILLS

Lead City and the Homestake the Objective of Two New Broad-Gauge Lines.

Special to The Journal. Deadwood, S. D., Oct. 11.—That the ancient warfare in Nebraska between the Chicago & North-Western system on the one hand and the Burlington system on the other has abated none of its ferocity is being plentifully demonstrated in these days to the students of railroad development in the Black Hills. The two railroads are fighting now for the priority of entrance into Lead City with broad-gauge lines. Both systems have had for some years ample facilities over narrow-gauge branches for doing all the railroad business that Lead seemed to demand.

A Coup by the Burlington.

The general prosperity seemed to promise an area of the utmost good feeling. There were even rumors among the optimists that the B. & N. W. and the Burlington were about to enter a "community of interest" agreement and swear off pursuing one another among the gulches and the cliffs. Those rumors, however, were shattered by a startling announcement on Aug. 15. It was announced that the Burlington had bought the Black Hills and St. Pierre narrow-gauge line from the Burlington for a consideration understood to be a large part of \$1,000,000. The Elkhorn was then absolutely cut off from Lead.

Why Lead Rejoices.

To summarize then, the Black Hills are to have the benefit of the expenditure of about two and a half million dollars for the two railroads. Lead City is swelled with pride. Even Deadwood has forgotten the spirit of rivalry with its younger sister to join in the general rejoicing. Whether the rejoicing will extend to the lessees of the Burlington lines, who have guaranteed 8 per cent dividends on its stock, is another matter. But the Black Hills smile up at the azure skies of autumn and are content.

California.

The through tourist car for California will run every Thursday via the Chicago Great Western railway and Santa Fe route to Los Angeles. New wide vestibule Pullman tourist cars are furnished and these are personally conducted west by the Chicago Great Western.

North-Western Prepares to Meet It.

As was to have been expected, the Elkhorn management, from Mr. Hughtitt down, did not regard these proceedings with indifference. They quickly thought and action almost as quick. The first thing done was to put on a free passenger and mail line from Deadwood to Lead. The postoffice authorities at Washington were persuaded to authorize the routing of the Lead mails by way of Deadwood, instead of through Deadwood. Now, the arrival of the Elkhorn trains in Deadwood is announced by the departure of a series of hacks, which go galloping up Whitehead gulch to Lead, carrying free passengers and successfully keeping up with the Deadwood Central train, plugging up along its 8 per cent grade.

Homestake Now a Factor.

With the development of Lead City, however, the situation broadened. Of all the mines that are being worked for gold within thirty miles of Deadwood none has been so great as the Homestake at Lead. The Homestake is to-day the biggest gold mine in the world.

War Seemed to Be Over.

The Black Hills and Fort Pierre line gave an easy connection between the Elkhorn line and Lead City. The narrow-gauge was plentifully able to take care of all the business that Lead had to do with the outside world. But the Burlington, of course, had to have an entrance to Lead. The Deadwood Central was built. It was also a narrow gauge and it ran from the B. & M. station in Deadwood to the lower border of Lead City. Thus both railroads were in Deadwood

Race for the Hills.

When the Elkhorn was built, Deadwood was the only really important settlement in the Black Hills. The Burlington road came a lot more than did the Elkhorn. Where the Elkhorn slid over the low foothills, its adversary followed a snaky path along the mountains, taking grades that made the grade seem almost insurmountable. The Burlington road, which saw the right of way before the road was built, was a sharp and abrupt ascent. Once in Deadwood the Burlington was on a fair competing basis with the Elkhorn as far as the grade was concerned. Only the insiders know what disparity there actually was between the cost of operating the one and the other.

Mr. Holdrege felt pretty fine when he had caught up with Mr. Hughtitt at Deadwood and was encouraged to build a spur at Englewood to Spearfish. Through no fault of the Burlington managers that spur has turned out to be of small value for the purpose of existing. These expectations were fully justified. By the 1st of September, within a fortnight of the snatching out from under the Elkhorn's nose of the B. H. & St. P. surveyors and linemen and axmen and chainmen made their appearance on the mountain sides between Central City and Lead. It soon leaked out that the Elkhorn had won a right of way from the Central City to Lead at a cost of about \$250,000. And such a right of way! So far as can be understood from the work of the surveyors and the contractors which have already been let the Elkhorn is going to run a broad-gauge extension from Central City to Lead.

Gold Seal Champagne

Excellent; in fact, equal to many French Champagnes. It surprises me that such a fine wine can be produced in America.

"SARAH BERNHARDT."

GOLD SEAL is served in every first-class cafe and club, and sold everywhere at half the price of French wine.
