IOWA TEAM IS HERE

In-Fit Shape for the Great Contest of To-morrow.

HOW THEY REGARD PAGE'S HUNCH

The Minnesota Men Are in Minnetonka and in the Pink of Condition.

Twenty splendidly built youths from the State University of Iowa reached Minneapolis this morning, having come to do battle with the gridiron heroes of the University of Minnesota at Northrop field to-morrow afternoon. Those who saw them about town to-day realized that they were men capable of giving any football team a taste of fine sport, to say the least. They were accompanied by Dr. A. A. Knipe, their coach, Manager McCutcheon, their business manager, and a few friends. The rooters generally staid behind, owing to their inability to get the excursion rates to be offered to-day. But they will be here to-morrow morning. Iowa City alone is expected to send about 1,000 pairs of leather lungs, and the rest of the hawkeye state is counted upon for double that number, so that there shall be no lack of lusty cheering for the Iowa men who fight the battle.

A loyal supporter of the old gold said this morning that Iowa expected to win. "At the very worst," said he, "we do not look for less than a tie score at 0 to 0, our goal line still uncrossed; and we hope to win."

"We are putting a different interpretation on ex-Captain Page's 'hunch' from that of Mr. Page himself. In view of the fact that he was snapping the ball back at the time saw the moon, he must have seen it between the posts of the goal he was defending; therefore the figure '26' must have been Iowa's score, not Minnesota's."

Dr. Knipe has little to say as to the outcome. He is pursuing the same course he did at Iowa City last evening when the football team was given a royal send-off—he is making no predictions. Nevertheless he is confident that the Iowa boys will have nothing to be ashamed of when the game is over. The men are all in good condition, though Captain Williams has a troublesome foot.

The students of the university of Iowa started their team on its journey last evening with a rally on the university campus, the largest ever held for any athletic event. Torches in the hands of the students lighted up the campus and the steps of the old capitol building where the speeches were made. President Wilcox of the faculty board of athletic control, Professor Smith, Professor Loos, Judge Wade, Mayor, the "father" of Iowa athletics, Dr. Knipe and Captain Williams all made speeches.

The speakers all expressed confidence in Iowa's ability to win the Minnesota and were cheered the loudest whenever they mentioned the size of the score as they thought it would be. Dr. Knipe alone did not express himself on the result of the game, but said that was unnecessary in view of Manager McCutcheon's "hunch" that Iowa's goal line would be uncrossed.

This morning after breakfast at the West Hotel and a rest the men were taken for a trolley ride to Como park and other points. After luncheon and another rest they were taken over to Northrop field and put through a light practice. It was stated early to-day that this evening they would go to the To-morrow morning they will be kept quiet and given one of those talks by which a coach is supposed to induce a proper amount of courage and determination into his team.

Iowa Line-Up:
Seiberts, left end; Coulthard, left

tackle; Hollenbeck, left guard; Briggs, center; Smith, right guard; Burrier, right tackle; Herbert, right end; Williams, quarterback; Welland, left half-back; Watters, right half-back; Buckley, full-back; Moxey, Berry, Marsh, Wilkins Fordyce, Jones, Foulk, Rath and Clearman, substitutes.

CONFIDENT OF VICTORY

Minnesota Men at Minnetonka Are All in Fine Form.

Special to The Journal. Spring Park, Minnetonka, Oct. 25.—The finishing touches are being put on the Minnesota football team in this sylvan retreat to-day for the great game with Iowa to-morrow. The players are quartered comfortably at Maple Heights Inn, where Mrs. J. H. Woolnough looks after their comfort with almost motherly care. Her rooms which in the summer season are resting places for summer boarders are now strewn with football gear and the belongings of the hockey youths, broken in the maroon and gold. Dr. Williams, the coach, Captain Knowlton, Quarterback Doble and former Captain Page have established football headquarters in a roomed corner room of one of the inn buildings, where they discuss football strategy and lay plans for the battle. Over in the picnic grounds there is a fine level field for practice and here the variety and the second team are lined up with no prying eyes to watch them. Dr. Williams is giving his men very little scrimmage work, however, but puts in most of the time in signal practice and improving their punting.

The men are almost without exception in fine condition and fit to put up the game of their lives. Dr. Williams' remark just before the Nebraska game is equally apropos now: "If they defeat us, it will be because they have the better team." Last night Tift and Boeckmann, who had been detained in town came out and joined the squad. Captain Knowlton's knighting very nicely, but will be put in a cast for the game to-morrow, to prevent any accident. The joint will not even be stiffened in all probability.

Whether the coach or his men will make any predictions as to the result to-morrow—for it has never been the practice of Dr. Williams to indulge in anything that resembles prognosticating—is knitting very nicely, but will be put in a cast for the game to-morrow, to prevent any accident. The joint will not even be stiffened in all probability.

THE MINNESOTA LINE-UP

The line-up to-morrow will be the same as that for the Nebraska game, with Evans and Thorpe alternating as left half back. That at least is what is given out by the headquarters. However, Hoyt, who made a record last year as a fast end, and who was not out for practice earlier in the season, is here with the squad, and that may give a good account of himself. The strength of Minnesota this year rests largely on the fact that the team is a symmetrical machine, not built up around any one man or any two men, but moving as a unit in which any one of the component parts may be replaced. It was noted at the Nebraska game that almost every player whether in the line of back or end had his turn at advancing the ball, and that will doubtless be the case in to-morrow's game.

This afternoon Captain Champion brought up his steamer Victor from Wauzata and gave the boys a tour of the lake and they greatly enjoyed it. This evening Professor F. S. Jones is expected out with a fund of enthusiasm and information. Professor Jones has always made it a point to visit the squad on the eve of battle and believes himself something of a mascot—a belief that is shared by the whole squad. To-morrow morning the players will be taken in on the morning train, thoroughly rested and in the pink of condition.

BADGERS INJURED

Several Players at Madison Suffer in Practice.

Madison, Wis., Oct. 25.—Practice last night was disastrous to the badger squad. Abbott, who was barely recovering from a bad Charley Horse, had his knee muscle bruised in a way that will keep him out of the game for at least two weeks. Juneau was also laid out although his injury will not be a lasting one. This left Baum and Thom to fill the end position. Coach had his thigh muscles badly torn and it is doubtful when he will be in practice again. Owing to Fogg's being still out of the game, Marshall played quarterback until Coolems was taken out, when he went in at half, Lillequist playing quarter. Scriber was again played at right guard and the general opinion is that he will make good there. The work was again carried on behind closed gates. The two teams played two 15-minute halves, the variety scoring several times in the first one. In the second half they were kept on the defensive and steadily pushed the scrubs back.

Manager Kilpatrick is out in a communication to the college papers. Cardinal, in which he complains of lack of support given the team, through poor attendance at the games, by both students and townspeople, and says unless there is an improvement in the attendance the season's receipts will not equal the expenses.

FOOTBALL MEN AS GUESTS

Metropolitan Theater, St. Paul, Will Entertain Them.

Manager L. N. Scott of the Metropolitan St. Paul, and Manager Stevens of the

50c Neckwear, 25c.

The Neckwear is made from short lengths of fine silks, which we bought and had made up into neckties and four-in-hands, the same as our 50c and 75c ones, but we own the silks so cheap that we can offer them as a big leader at only 25c.

50c Fancy Half Hose, 25c.

The half hose we closed out from one of the largest importers in New York City. Some of them are worth 75c per pair and none of them are worth less than 50c. We have 42 patterns to select from. They were made by Manchauffee, in Troyes, France, and made to sell at 50c and 75c. Tomorrow at only 25c.

The Hat for Young Men

is the Garrick—broad rim, pearl or black soft hat, with narrow band and binding, \$3.00 and \$3.50; or the Auto—a larger soft hat—pearl, with rich, wide white or black band \$3.50.

Celebrated Plymouth \$10 Suits

We do not place in our regular stock suits to sell for less than \$10, as experience has taught us that cheaper merchandise is not reliable. Our \$10 suits are absolutely reliable in every detail, both in fabrics, linings and workmanship, and we take pride in showing nothing but the most fashionable fabrics in rough, as well as smooth effects.

In this line we can suit all tastes—from the workman who desires durable clothing to the young man whose taste is gratified only by the latest fads of fashion. Cheviots, Serges, Clay Worsted, unfinished Worsteds, Storm Serges, Meltons, Scotchies, Cassimeres, Tibets, etc., in every conceivable shade and design; all styles and sizes; regular, stout, long, slim, etc. We guarantee the fit.

Men's Gloves.

A special glove counter near the door for busy men. No need to waste time—drop in and get what you want and out again in a twinkling.

Two of the most popular: Adler's Kid or Dogskin, \$1.00 and \$1.50. Towne's Kid or Cape, \$1.50 or \$2.00.

The Plymouth Clothing House, Sixth and Nicollet.

Our Highest Grade Suits.

Every fashionable dresser should realize the degree of perfection that our highest grade suits have attained. When we say that the same quality, fabrics, linings and trimmings used in making these suits are used only by the best tailors, we mean that there are only two or three such tailors in this city.

We get the finest worsteds and chevots that can be made—beautiful fabrics. We have them made by expert tailors, with every stitch taken by hand, hand-made collars and lapels, hand-made button holes, best haircloth and canvas on the inside to make the coat shapely and to keep it so. Such a suit would cost you \$50 or \$60 at the best tailors, and \$20 or \$30 at The Plymouth. We wish that you would inspect these suits. We have solved the problem of the highest grade suits for years, and think we have solved it. We want your criticism.

Beautiful Display of Fashionable Autumn SUITS

True economy in buying your Fall Suit does not consist in paying the least possible price. No, indeed, for you can get Suits for \$3.50, and a large assortment at \$5. True economy consists in buying a stylish, well-made and reliable suit; such as you could wear in every walk of life and not be ashamed of, though you associate with gentlemen who pay \$50 and \$60 for a suit. Our \$15 and \$18 suits fulfill this requirement.

Hand-tailored throughout, these suits will never lose their stylish lines, and, being made out of the best domestic Worsteds, Cassimeres, Cheviots and Scotchies, their colorings will never become indistinct or muddy. The same delicate shades of golden brown, pastel blue, olive mixtures that are shown in our highest grade clothing, are reproduced in this range; also the brown and white, black and white, and gray mixtures. As you know, the rough goods are in vogue this autumn, but for those men who prefer the smooth fabrics we have a beautiful selection.

The fit and style are the points you should first notice. Richness of fabrics can never efface defects in either, but the right combination gives lasting satisfaction and this you will find in our suits at **\$15.**

The Hat for Young Men

is the Garrick—broad rim, pearl or black soft hat, with narrow band and binding, \$3.00 and \$3.50; or the Auto—a larger soft hat—pearl, with rich, wide white or black band \$3.50.

Look for these hats on the football field to-morrow.

Other soft hats—scores of shapes and styles—\$1.50 upwards. Derbies—particularly good for \$3.00; though you're bound to get a good hat if you pay only \$1.50—wouldn't it come back a-nying if it were not good!

Knox Hats—soft and Derbies—can be bought only here in Minneapolis. Does this show where the best dressed men get their hats?

The Plymouth Clothing House, Sixth and Nicollet.

"Foxy quillier" company have invited the members of the Minnesota and the Iowa football teams to attend the performance of "Foxy Quillier" at the Metropolitan to-morrow night.

A special interurban car will take the players and their managers, trainers and substitutes to St. Paul after the game. A banquet will be given at one of the hotels for the players, at which Managers Scott and Stevens will be the hosts. The guests will occupy boxes during the performance. The theater will be decorated with the colors of the two colleges.

RATE TO MADISON

Rooters Will Have to Pay \$5.75 for Round Trip.

The Chicago, St. Paul, Minneapolis & Omaha and the Chicago, Milwaukee & St. Paul will jointly make a \$5.75 rate for the twin cities to Madison and return for the Minnesota-Wisconsin game Nov. 16. The customary division of business will be obtained by routing excursionists down over one line and back over the other.

Enthusiasm at Fargo.

Special to The Journal. Fargo, N. D., Oct. 25.—Manager Kaufman of the agricultural college football team has arranged for a special train over the Great Northern to Grand Forks Nov. 2 on the occasion of the annual championship game with the North Dakota university. If 150 passengers

A Freak Yell.

This is one of the kind Minnesota will spring to-morrow. I think I heard my grandfather say: "There was going to be a football game to-day. With a reebo and a ribo and a reebo ribo rum. And it's just as plain as plain to me as you, that the winning team is the Minnesota U. With a reebo and a ribo and a reebo ribo rum. With a rat tail, cat tail, chuck full of cock-tail, Ta ra ra boom."

Penn. Men at Chicago.

Special to The Journal. Chicago, Oct. 25.—Coach Woodruff and a veritable army of pickin' chasers from the University of Pennsylvania reached Chicago last night. The invading party, which has come into the west for the express purpose of defeating the already humbled Maroons, consisted of twenty-four abled-bodied players. Coach Stage met the men from Pennsylvania at the Englewood station and accompanied them to the Chicago Beach Hotel, which is to be their headquarters until after the game Saturday. All the way the veteran coaches did their best to gain some idea of the other as to the strength of the force he will be called upon to combat. The names of the men who made up Coach Woodruff's coterie

are as follows: Captain Davidson, Gardner, Ludes, Thomas, Crowther, Townsend, McCabe, Piekarski, Mitchell, Anderson, Donaldson, Baird, Teas, Bennett, Jordan, Howard, Shook, Butler, Reynolds, Keller, Dale, Nelson, Letzgar and Corley.

Best of the Year.

Ann Arbor, Mich., Oct. 25.—Yost sent his best men into the scrimmage with the scrubs yesterday, and it was the best practice of the year. It abounded in brilliant plays. Heston and Redner made runs of 96 and 80 yards respectively, and Redden got a 50-yard sprint for a touchdown to his credit on a double pass. In the emergency class Yost has worked in Dickey, Southworth, Forest, Horgan and Knight for line positions, and they are the best bunch of substitutes Michigan ever had. The condition of all the men is fine. Only secret signal practice will be indulged in to-morrow in preparation for the Buffalo game. It has been decided to set aside every Thursday and Friday from now on for secret practice.

Football Notes.

The Cedar football team will leave for Rosemount, Minn., Nov. 3, to play the Farmington high school team. The St. Paul Tigers and the Franklins, a crack Minneapolis team, will meet Sunday on the State street gridiron, formerly the old baseball park. Ed Merrill, the crack Beloit athlete, who has been under the ban of the A. A. U. for some weeks past for running on an alleged professional horse team, was exonerated from all charges by the board of managers of the Central Association yesterday.

OFF FOR THE ZENITH CITY

CENTRAL HIGH TEAM LEAVES

Men Not in Best of Condition—A Hard Game is Expected.

The Central football team left for Duluth on the 2 o'clock train to-day over the Northern Pacific. The men will rest this evening and head yesterday. They are in good shape for the contest with the crack Duluth aggregation to-morrow afternoon. The team is not in as good condition as was hoped for; several of the men having injuries that will handicap them. Marshall, the big back, has a sprained ankle, and Captain McCarthy is in poor condition from the effects of the Mechanic Arts game. Courtney has a bad knee and Hunter is not in the best of shape, having just recovered from a fever this morning. He was in bed yesterday. The boys will put up a game fight, however, and if they do not win Duluth will earn her victory.

South Side High Trouble.

The South high school team is in trouble on account of the rule governing high school football drawn up by the principals and superintendent for this season's regulation. In the Southeast high game last week a man was played whose name was not on the list of the South high players signed by Professor Ozias. On hearing of the protest of the East High, Professor Ozias hastened to the school and looked up the record of John Barclay, the student offending and found him above grade in his studies and therefore eligible. It appears, however, that his name was omitted from the list by an oversight. The matter has been referred to Superintendent Jordan who will straighten things out when he returns to the city some time next week.

A Double Header.

The St. Paul Central high school team and the River Falls high school team will play a game at Lexington park, St. Paul, at 9:30 a. m. to-morrow. The conclusion of the above game, which with Duluth at Duluth and the Duluth high school and they will remain over Saturday night and return Sunday.

Minor Battles.

The Blaine school football team will play Farmington high at Rosemount, Minn., Sunday. All members are requested to be at the corner of Fifth street and Sixth avenue N. at 7 o'clock a. m.

Kasson, Minn., is to have a football treat to-morrow, when the Great Western eleven

of St. Paul will meet the Kasson Athletic Association team.

Yesterday afternoon the first Douglas team lined up against the scrubs for two twenty-minute halves. The regulars showed a decided improvement in form, rolling up 28 points to the scrubs' 0. The Douglas team wants games with 125 or 150-pound teams anywhere in the state. The Douglas team does not play on Sundays, but is willing to meet any team on any other day of the week. Arthur Cappelen, telephone, Northwestern, Street 117, The Minneapolis academy football team leaves to-day for Excelsior, Minn., to play the high school of that city. About seventy-five students go with the team.

HAWKEYE AT THE HEAD.

Kansas City, Oct. 25.—The Galloway Cattle Breeders' Association of America, whose members are attending the annual stock show here, elected Charles Rowland, Rose Hill, Iowa, president; J. Reed, Syracuse, Kan., first vice president; James W. Byers, Sutherland, Iowa, third vice president.

ORIENTAL SPLENDOR

A Magnificent Collection and Display of Oriental Rugs, Carpets and Draperies.

The exquisite display of Oriental rugs, carpets and draperies now on exhibition at Boutell Bros' new rug salesroom, is one that will delight the eye of connoisseurs in Oriental tapestries. It is undoubtedly one of the most elegant collections ever seen in the Twin Cities. It embraces an exquisite line of India, Persian and Turkish carpets. A rare assortment of antique Persian, Iran, Kermanshah, Tabriz and Khorasan rugs, and a large and choice selection of Antique Mousoul, Shirvan, Sheraz and Kazaks, and a number of beautiful Keltic tapestries. Every piece of this wonderful collection was selected by an expert who had instructions from the enterprising firm to get the finest in the Oriental markets. The entire collection will be offered at auction in the rug salesroom, beginning morning sale at 10 a. m. to-day, afternoon sale at 2:30, and continuing during the week.
