Will Be Social Events to Precede Hostesses' Ball.

MINNEAPOLIS COTTILION CLUB

Its Cottilion Will Be the First Important Social Event of Season.

The Hostesses' ball this year will be preceded by an unusual number of large and smart social events. Barring the Dramatic club, into which the historic element enters as well as the social, the most important social event of the season will be the opening cottilion of another new club which promises to be exceedingly popular, the Minneapolis Cottilion club. The suggestion of the organization came from Mrs. W. D. Johnson, who is almost a revival and reorganization of that popular and lively club. The management of the new club is in the hands of a committee of five—Miss Frank T. Hoffinger, Louis B. Newell, Charles G. Gale, Franklin M. Crosby and Charles M. Case.

The first party will be given Thursday evening, Nov. 14, at Elks' hall, and the series for the season will include two more. The club will be made up of fifty couples, divided about equally between the young married people and the maids and bachelors. Mr. Hoffinger will be the leader of the first cottilion.

ROOTERS WANT TO KNOW

Railroads Asked for Information About Madison Trip.

Some idea of the number of rooters who will descend upon Madison, Wis., for the Wisconsin-Minnesota football game Nov. 16 may be had from the fact that the Milwaukee and North-Western roads, which will carry the excursionists to and from the Wisconsin capital, are already being besieged with inquiries.

The roads have had several requests for the reservation of special cars for the trip, and are preparing for a land office business. Parties are being organized for the junket, and where twenty-five or thirty rooters have signified their intention of seeing the game, some one has been delegated to charter a car. No such deals have been closed yet, as the roads do not care to make any definite contracts as to the exclusive use of cars until assured that each coach of the special train will carry its full complement of passengers.

By an agreement between the two roads the trip to Madison will be made over the Milwaukee. The North-Western road will bring them back.

The erroneous impression has gained currency that the roads would make a \$3 rate for the round trip. This is a mistake, as the tariff will be \$5.75.

SOO STOCK IS STRONG

It Has Made Six Points Within the Week.

Soo stock was the leader to-day on the New York stock exchange. In the early trading the common sold at \$1 and preferred at \$2. On Monday last the common closed at 2 3/8 and the preferred at 7 1/4. This gain of about \$6 a share means much to the Minneapolis holders. Of late there has been steady buying by local investors who have been putting away small lots in the belief that the company has a bright future. The last statement was considered satisfactory in view of the loss of grain tonnage last year, while for the coming fiscal year the prospects for the grain haul are excellent.

New York wired that to-day's advance was due to an accumulation of small lot investment buying orders over night, the bulk of them from the northwest.

Oatmeal Mush and Diabetes.

Dr. Pray of England has shown that diabetes is due to an imperfect digestion of starch and its absorption in the blood. It is impossible for the stomach to digest cereal foods taken in the form of mush, in which the starch is less than half cooked. This is one of the reasons why diabetes is becoming so common in this country and British islands. French physicians long ago discovered that toasted bread or dextrinized starch is an excellent remedy in diabetes. The best dextrinized food, however, is known to be Toasted Wheat Flakes, sweetened with Malt Honey, made by the Battle Creek Sanitarium Food Co. These flakes are thin, thoroughly cooked, and browned. They are very appetizing, partly predigested and quickly assimilable.

BUYING BRONZES FOR OUR SHIPS ABROAD.

New York Letter.

The British steamer Bristol, which arrived to-day from Havre and Dunkirk, brought six cases of large bronze eagles to decorate United States war vessels. This work was not offered to local foundries, so far as could be learned to-day. The manager of one of the companies was asked why it was necessary to go to France for decorative bronze eagles, and he said: "We have been here that they do abroad, as many things have turned out will prove. I suppose they go abroad because it is cheaper. France they pay their workmen \$1.50 here laborers cost us nearer \$4 a day. Meanwhile American foundries are idle, and our sculptors, all but three or four of them, starve."

Just why a government so devoted to American labor and pledged to the doctrine of protection should commit the solecism of buying abroad, simply for cheapness, the bronze founder could not explain.

MISS FARRAR IN BERLIN

Geraldine Farrar, an American girl of 20, with a remarkable voice, has created a most favorable impression upon the musical world of Berlin by her singing of the role of Marguerite in the grand opera of "Faust" last week at the Royal opera house. The fact that she was permitted to sing the part in Italian shows that she had conquered the directors of the opera house, for the strongest rule has hitherto required that "Faust" should be sung in German.

Miss Farrar's voice is a fine, clear soprano, and, although immature, is well trained. When Melba was singing at the Boston theater with the Damosch company a few seasons ago, Miss Farrar obtained permission to sing before her and made such an impression that she was promptly engaged for the company at a salary of \$5,000 and put under Melba's training. From that time she advanced rapidly.

The musical critics of the Berlin newspapers, that whom none are more discriminating, not to say exacting, write of her in a friendly manner. She has the promise of a flattering engagement at the Royal opera house if she learns the German language well enough to sing in it.

PHILIPPINE RALLY AT ANNUAL CONVENTION IN FT. WORTH.

The twenty-eighth convention of the national W. C. T. U. will be held Nov. 15-20 in Fort Worth, Texas. The welcome to the delegates will be extended by the mayor, the Board of Education, the Board of Public Health and the churches. The fraternal and visiting delegates will be introduced on Saturday as soon as the work of the convention is fairly under way and this will be followed by a reception given to the convention by the national officers.

"Y" night will be presided over by the national superintendent, Miss Clara Parrish, but before the opening of the convention Miss Parrish will have changed this name for that of Wright. The prospective bridegroom, Mr. J. Wright, will sing "The Church is the Home of the Christian." The principal address will be made by Miss Christine Tilling of London, lecturer for the B. W. T. U.

The annual sermon will be preached by Miss Greenwood, national evangelist, and on Sunday afternoon there will be a Philippine rally in the nature of a farewell for Mrs. Carrie C. Faxon, who will go directly from Fort Worth to Manila as a W. C. T. U. evangelist. Among the speakers will be Miss
