LOG DRIVING DONE

The Cold Weather Practically Ends the Season.

THE YEAR HAS BEEN A GOOD ONE

Both Drivers and Mill Men Are Fairly Well Satisfied With Results.

Log drives for this season are about done. Most of the 1,000 or more men who follow this occupation on the Mississippi have quit. Cold weather, according to the river men's figures, arrived on schedule time this year. Saturday night some of the old-timers who have followed the Mississippi for many years and whose history of the weather as well as predictions are much respected, advanced the opinion that another week fit for driving might be expected but that would be all. The last drive destined for mills down the river was ready to go over the falls and a portion of it started. Sunday morning brought the cold snap and this morning brought the resignations of a large number of professional log riders, and by to-night most of these will be ready to talk with the contractors who are preparing for logging operations in the woods. The Mississippi River boom company has decided that with present weather prospects its operations for 1901 will be finished this week.

A Satisfactory Season.

This has been a satisfactory season for the transportation of logs in the Mississippi and its main branches. The water has been at a reasonable stage at all times. The greatest difficulty was experienced on the smaller streams where the drives were slow in getting started. Some of the largest of these drives will probably be tied up until next spring. Each year it is expected that this difficulty will become more pronounced as the Minnesota lumbermen have cut most of the timber tributary to the large streams.

'White Horses' Large.

The 1,000 men employed on the main drives have had steady employment. Many of these have drawn most of their season's pay within the past week. As one of them

Strong Testimony from Prominent Doctors

After Years of Scientific Research and Thorough Tests, Prominent Practitioners Prescribe and Indorse DUFFY'S MALT WHISKEY for All Diseases of the Throat and Lungs.

They Prescribe It Exclusively as a Tonic and Stimulant When the System is Weak and Run Down from Disease or Overwork.

The following letters from prominent physicians were taken at random from many thousands we have received from doctors, who have made their great successes with DUFFY'S PURE MALT WHISKEY:

Dr. J. D. Cole Alexandria Bay, N. Y., writes on Dec. 5, 1900: 'I have been using your Malt Whiskey for about seven years in my practice and in my family and practice for the past fifteen years, with very beneficial results. I often prescribe it for anæmic patients and some forms of indigestion; also for convalescents after typhoid fever, and all wasting diseases. It is a good tonic for the aged.'

Dr. H. Condon, Bridgeport, Conn., Dec. 14, 1900, sent us the following: 'I have prescribed Duffy's Pure Malt Whiskey in my practice and think it a pure and beneficial tonic stimulant. I cheerfully recommend it.'

Dr. J. A. Hammond, Schuylerville, N. Y., writes on Jan. 2, 1901: 'I have used your Malt Whiskey for about seven years in my practice and find it very beneficial in cases of debility and for old people. I have used it successfully in cases of typhoid fever after the fever had left and the patient was much debilitated. I cannot recommend it too highly where a tonic is necessary.'

Dr. George S. Converse, New Haven, Conn., on Jan. 15, 1901, writes: 'I have used Duffy's Pure Malt Whiskey in my practice and always found it pure and satisfactory.'

Dr. Albert C. Smith, President Suffolk Dispensary, 10 Charter St., Boston, Mass., writes us: 'In the treatment of the large number of patients who come for aid and relief we find it necessary in our work to use a stimulant which, without question, is absolutely pure, and we are glad to say that in your 'Duffy's Malt' we have succeeded in obtaining what has been of great assistance in many cases of pronounced danger. We should be unwilling to be without this valuable stimulant.'

This dispensary registered in one year almost 37,000 bottles of Duffy's Malt Whiskey. It is one of the largest institutions of its kind in the world.

Dr. W. F. Hooper, Newport News, Va., on Dec. 18, 1900, writes: 'I have used your Duffy's Malt Whiskey for about seven years in my practice and find it very beneficial in cases of debility and for old people. I have used it successfully in cases of typhoid fever after the fever had left and the patient was much debilitated. I cannot recommend it too highly where a tonic is necessary.'

Dr. R. P. Oppenheimer, 465 Church Ave., Knoxville, Tenn., writes us as recently as Jan. 19, 1901: 'I have used Duffy's Malt Whiskey extensively in my practice for ten years, especially among cases requiring stimulants and tonics, and I take pleasure in stating that I find it excels all other whiskeys.'

Dr. De Witt Brugler of the Blue Cross Medical Aid Dispensary, Philadelphia, Pa., on Jan. 18, 1901, writes us the following: 'Duffy's Malt is the only whiskey used and dispensed at the Blue Cross Medical Aid Dispensary. We place no reliance upon any other for medicinal use.'

During the past few years we have received hundreds of thousands of just such letters as these. There can be no more convincing proof that Duffy's Pure Malt Whiskey is the only absolutely pure, in-

DUFFY'S PURE MALT WHISKEY

CURES Consumption, General Debility, La Grippe, Colds, Bronchitis, Malaria, Low Fever, Dyspepsia, Depression and weakness from whatever causes.

It builds up and nourishes the body, it invigorates the brain, tones up the heart and prolongs life.

A leading New York doctor said, 'Duffy's Pure Malt Whiskey is a form of food already digested.'

CAUTION—Our patrons are cautioned against so-called 'patrons' who offer for sale in bulk or in flasks and packages other than our patent bottle. Duffy's Pure Malt Whiskey is sold in sealed bottles only. Offered in any other form it is not genuine.

There is none 'just as good as' Duffy's. The dealer who says so is thinking of his profits only. Ask for Duffy's; insist on getting it. Look for the trade-mark on the bottle.

FREE ADVICE—If you are sick and run down, write our doctor for free advice. It will cost you nothing to learn how to regain health, strength and vitality. Medicine, bottles, containing symptoms, treatment and testimonials sent free of charge.

All correspondence with our doctor is strictly confidential, and no testimonials are used without permission. All druggists and grocers, or direct, \$1.00 a bottle.

DRAIN ON ENGLAND

More Mounted Men Going to South Africa.

YEOMANRY FOR HOME SERVICE

Troops Who Have Served Over Two Years to Be Relieved by Troops From India.

London, Nov. 4.—It is said to be the intention of the war office to send 5,000 more mounted men out to South Africa during the next six weeks. There are only about 7,000 mounted men in the field so that the military authorities are faced with the problem of training soldiers minus the necessary accompaniment of a cavalry arm. To meet this obvious thing it is probable that several composite regiments of yeomanry will be voluntarily embodied for home service. A move soon will be made to bring home from South Africa the men who have served over two years in the war and their place may be taken by the British cavalry division of seven regiments now in India. After the conclusion of hostilities it is expected that a permanent garrison at the Cape will consist of 50,000 men.

BOTHA LED

Several Hundred Boers Fall in the Battle With Benson.

Pretoria, Nov. 4.—Further details have been received regarding the attack by the Boers under Commander General Louis Botha, last week, upon Colonel Benson's column, near Brakenburg, eastern Transvaal. It appears that General Botha, who had been joined by the Boer commando aggregating a thousand men, attacked Colonel Benson's rear guard Oct. 29 on the march and captured two guns, but was unable to retake them. Colonel Benson fell mortally wounded early in the fight.

Major Wools-Sampson took command, collecting forces, and took up a position for defense about 200 yards from the defense prepared by the Boers. The Boers made desperate efforts to overwhelm the whole British force, charging repeatedly right up to the British lines and being driven back each time with heavy loss. The defense was stubbornly and successfully maintained through the whole of the following day and the succeeding night, until Colonel Burt, who had been in command since the morning of Nov. 1. The Boers then retired. Their losses are estimated as between 300 and 400.

Colonel Benson did not long survive. Not only did General Botha direct the attack, as already cabled, but he personally shared in the fighting.

WAS A CANADIAN

Excellent Record of Colonel Benson Just Killed in Battle.

London, Nov. 4.—The Colonel Benson who was killed in the recent battle near Bethel by the Boers under command of General Botha was Colonel George Eliot Benson of the royal artillery. He is described in the official report as a staff officer of the Rustenburg command. He was born in Canada and was a volunteer during the Penian raid of 1866. He subsequently served in other regiments, and had a fine record in India, Egypt and South Africa.

Pipes as Presents.

London, Nov. 4.—Queen Alexandra has ordered thousands of briarwood pipes, which will be mounted in silver and stamped with a crown and her majesty's monogram, for presentation as Christmas gifts to the troops in South Africa.

ACCUSED BY HIS WIFE

John Clark Arrested at Sioux City for Murder of Mathews.

Sioux City, Iowa, Nov. 4.—Sioux City on Saturday saw the remarkable spectacle of a wife accusing her husband of murdering Frank Mathews, and of furthering declaring that the fatal bullet was meant for her brother, Phil Kelley.

Mathews was standing with three other drunken fellows, when he was shot. He said repeatedly that he could not recognize the man who shot him. He died Saturday night at Samaritan hospital without identifying his assailant. Phil Kelley was standing in the crowd. Mrs. John Clark told the police that Clark had frequently threatened Phil Kelley, her brother, who lived with them, declaring he didn't want him about the house. The strange silence of Kelley was also suspicious. These clues resulted Saturday afternoon in the formal arrest of Clark, and he was held under \$1,500 bonds. His bail will be increased since Mathews' case.

The remarkable feature of the case is that the police would never have suspected Clark if his own wife had not incriminated him.

CONVICTED SWINDLER SLIPS

Officials Said to Be Implicated in Capt. Handy's Getaway.

Seattle, Wash., Nov. 4.—Captain F. H. Handy, recently convicted of swindling Dr. J. Eugene Jordan, of this city, out of \$10,000 in the sale of the old steamer Professor Morse in 1898, and sentenced to two years in the penitentiary, has escaped from Sheriff Cudehes and is at large with a reward of \$250 for his recapture. He was taken to Tacoma by deputy sheriff Saturday and there gave the officer the slip. The deputy as well as Captain Handy's sister, Miss Nellie Handy, and her friend, Mrs. E. F. Peterson, were arrested for conspiring to assist Handy to escape. The charge is felony.

Handy's home was in San Francisco. He had been in the city for some time. His case is on appeal to the supreme court of the state.

FUNDS FOR MEMORIAL

A McKinley Monument Movement is Started in North Dakota.

Special to the Journal. Fargo, N. D., Nov. 4.—The officers of the McKinley National association will start to raise several blocks of stone in the townships from the Homestake mine, in which she holds the largest amount of stock. Large boulders of ore are being cut out of the Homestake mine, one block from each level. The first block has already been taken out and is being cut by the Homestake stonecutters and made ready for transportation to San Francisco. It weighs 3,100 pounds, and all of it carries gold. It is stated this large block of ore will be the cornerstone of a new college building.

SOME CONSOLLATION.

'Our country,' said the first Chinese statesman sadly, 'is bound to be broken up.'

'Yes,' said his friend, 'but we won't be the only sufferers. Somebody else will be fractured trying to grab the pieces.'

Women's and children's fine kid mittens, fur trimmed, special, a pair, 48c

Special lot of Women's lined Mocha mittens, On sale Tuesday, a pair, 75c

CAN'T STAND CHILL

Farm Laborers Making Haste to Reach Warmer Climes.

Many Haven't Finished Threshing and Fall Plowing is Yet to Be Done.

Thresher hands in the northwest are preparing for the usual exodus advanced from the first freeze. The railroads have been asked to do all they can to provide more men for the farmers of the northwest, nearly all of whom have been delayed in their fall work. Cold weather is sending many of the laborers to a warmer climate. Others desire to get back to their old haunts in the woods. In the meantime the northwest farmer is doing his best to hold his crew and the traffic men are looking for reinforcements.

Rains have been frequent this fall in the wheat fields. The farmer regards zero weather following several days of rain as the hardest kind of luck. Many of them still have all of their threshing to do, and fall plowing is not far advanced. They are endeavoring to contract with many of the men for work during the winter, but are not meeting with much success.

PROSPECT PARK RESIDENTS

Form an Improvement Association for Specific Work.

After a number of informal meetings a majority of the residents of Prospect Park, have formed a permanent body to be known as the Prospect Park improvement association. Prospect Park, though a beautiful and growing district, has suffered from lack of good streets, sidewalks, street signs, street lights, gas and police protection and this association has been formed with an idea of stimulating the city fathers in general to give to this portion of the city the consideration it deserves. The following officers were elected Friday for the ensuing year: W. J. Reed, president; C. W. Purcell, vice president; G. Moore and G. Brigger.

Numerous features were discussed, pertinent to the situation among them the decision to institute action on the part of Prospect Park residents which will make this section undesirable for tramps and prowlers. Every one present seemed imbued with the desire to work in unison for the general betterment of the park in every way.

CRIMINAL NEGLIGENCE

Excelsior Boys to Have a Hearing for Shooting John Hendricks.

Special to the Journal. Excelsior, Minn., Nov. 4.—Carl Bickford, Orville McCormick and Bunt and Ernest Sigafos, all Excelsior boys, belonging to good families, have been arrested for criminal negligence in the shooting of John Hendricks, an afternoon for a hearing. The arrests are connected with the accidental shooting several weeks ago of John Hendricks, a farmer who lives about a mile from town. He was attending to his own affairs when a bullet from a rifle or revolver ploughed a furrow in his scalp and left him stunned for some time. One of the boys is supposed to have fired the shot.

STONE FROM THE HOMESTAKE

'Twill Be Used in Construction of a California "U" Building.

Special to the Journal. Lead, S. D., Nov. 4.—Mrs. Phoebe Hearst, who is contributing liberally to the construction of the California university, is going to raise several blocks of stone in the townships from the Homestake mine, in which she holds the largest amount of stock. Large boulders of ore are being cut out of the Homestake mine, one block from each level. The first block has already been taken out and is being cut by the Homestake stonecutters and made ready for transportation to San Francisco. It weighs 3,100 pounds, and all of it carries gold. It is stated this large block of ore will be the cornerstone of a new college building.

SOME CONSOLLATION.

'Our country,' said the first Chinese statesman sadly, 'is bound to be broken up.'

'Yes,' said his friend, 'but we won't be the only sufferers. Somebody else will be fractured trying to grab the pieces.'

FOUR YOUNG MEN DROWN

STORM AROSE; BOAT OVERLOADED

Two Families Doubly Bereaved at Michigan—Search So Far Fruitless.

Special to the Journal. Michigan, Mich., Nov. 4.—Four prominent young men of the village, George W. and Abel Levin and Emil and Albin Carlson, were drowned late yesterday afternoon in Lake Michigan. They went across the lake in two boats, the Levin brothers in one and the Carlson brothers in the other. A storm came up and all started back in one boat. A searching party was out all night. One boat was found tied to a tree on shore, but no trace of the other boat or of the bodies have been found up to this time. George W. Levin graduated two years ago from the law department of the Michigan university.

FRIGHTFULLY BEFOGGED

Business Almost Suspended in England's Big City.

London, Nov. 4.—Fog of the pea soup variety has enveloped London and other parts of England for thirty-six hours with a pall so dense that most pursuits have been more or less dislocated and navigation at several ports is practically at a standstill. The London street traffic is in a state of hopeless confusion. There have been a number of collisions and minor accidents.

BELATED TRIBUTE TO MCKINLEY

Budapest, Nov. 4.—In the lower house of diet this morning the president made a touching reference to the assassination of President McKinley and moved that an expression of the sympathy and grief of the house should be entered upon the minutes. The proposal was unanimously approved.

ARE YOUR KIDNEYS DISEASED?

If Any of Your Family Either in This or Past Generations Have Been Troubled with Kidney Disease Make a Test of Your Urine and Satisfy Yourself.

Miss Clara Arndt, Secrerary of the Northshore German Club of Kenosha, Wis., Says That She Has Been Permanently Cured by Warner's Safe Cure.

Warner's Safe Cure, to begin with, is purely vegetable and contains no harmful drugs, is a most valuable and effective tonic and awakens the torpid liver, putting the patient into the very best receptive state for the work of the restorer of the kidneys. It goes right at its work, and does it with absolute method, preparing the tissues, soothing, where soothing is needed, stimulating the enfeebled organs and healing at the same time. It builds up the body, gives it strength, and restores the energy that is or has been wasting under the baneful suffering of kidney disease.

In the morning put some urine in a glass or bottle, let it stand 24 hours; if there is a reddish sediment in the bottom of the glass, or if the urine is cloudy or milky, or if you see particles or germs floating about in it, your kidneys are diseased and you should lose no time, but get a bottle of Warner's Safe Cure, as it is dangerous to neglect your kidneys for even one day.

You begin with no symptoms more definable than by the term lassitude. You are languid, low spirited, weak and flabby, and constantly dribbling ache in the small of your back. Then come chills, scalding and pain when you urinate and a frequent desire to urinate. Your appetite is nearly gone and your digestion is not good.

Warner's Safe Cure allays the backache at once, improves the appetite, relieves and removes the pain and restores the patient to robust health speedily.

Miss Clara Arndt, Secretary of the Northshore German Club, composed of young society folk engaged in the higher study of the Teutonic language at Kenosha, Wis., writes a grateful letter, which is a fair sample of thousands written every week by people who have suffered with kidney disease and been cured by Warner's Safe Cure. Miss Arndt writes: 'I lost Warner's Safe Cure saved my life. Last spring I had a severe attack of jaundice, with other complications, caused by the diseased condition of my kidneys and liver, which laid me up for several weeks. I lost my appetite, became nervous and irritable, lost flesh and courage and found no relief until our druggist advised me to try Warner's Safe Cure. The first bottle helped me, so I tried another, and then another, and inside of a month I was well and had enjoyed good health ever since. I gladly indorse Warner's Safe Cure.

Thousands of letters are received from grateful patients; who, like Miss Arndt, have been permanently cured by Warner's Safe Cure of a complication of diseases which originated in the kidneys.

FREE—As evidence of their complete confidence in Warner's Safe Cure as an absolute cure for all diseases of the kidneys, bladder, liver and bowels, and constantly dribbling ache in the small of your back, together with a medical booklet containing many convincing testimonials of wonderful cures. This is looked upon as a plain business proposition by the Warner Safe Cure Co., because they know that Warner's Safe Cure never fails to cure, and that the sufferer with kidney disease who uses a trial bottle will realize that its effect is beneficial, and will continue to use it until a cure is effected. The genuineness of his offer is fully guaranteed. All letters answered by regular practicing physicians and treated strictly confidential. You can get Warner's Safe Cure at any drug store; regular size \$1 a bottle. If your druggist does not have it write Warner's Safe Cure Co., Rochester, N. Y.
