MR. and MRS. HARRY BURNSIDE.

Without harmful results to the system. Many a home is now happy by the use of Golden Specific. My husband got into a habit of taking a drink with the boys on his way home, says Mrs. Harry Burnside. After a while, he came home drunk frequently. He soon lost his position and I had to make a living for both of us and the little children. At times he tried to sober up, but the habit was too strong for him, and then he would drink harder than ever. I heard of Golden Specific and sent for a free package. The treatment cured him. I put it in his coffee and he never knew it at all. He regained his full position and now we are happy in our little home again. I hope you will send Golden Specific to every woman that has suffered as I have, and save her loved ones from the drunkard's grave.

REFORM IN PENSIONS

Commissioner Evans Describes His Improved Methods.

DOING AWAY WITH THE ABUSES

Recommendations Designed Further to Improve the Business of the Bureau.

Washington, Nov. 7.—In his annual report the commissioner of pensions discusses at length the faults of the present system of pensioning and the difficulties in the way of determining the merits of claims for pensions.

Attention is invited again to the necessity of retiring the act of June 7, 1888, which swept away all limitations as to the filing of widows' claims under the general law and brought about conditions which are stated to be a standing invitation to the fraudulent claims, the arrears being so large and the chances of detection so small.

It is stated widows' claims are usually filed within thirty days after the death of the soldier, but since the passage of the law of 1888 many claims have been filed by alleged widows of soldiers that died or were killed during the civil war.

In January, 1900, a rule was adopted requiring guardians of pensioners to render annual accounts of their receipts and expenditures of pension money. The rule was followed by discontents which, in some instances were of a startling nature.

Guardians were found to be drawing pensions long after the death of their wards. Many cases were found where insane pensioners had been placed in asylums and other public institutions as indigent persons while the guardians had drawn the pension during the whole period, and either diverted it for other purposes or allowed it to accumulate for the benefit of the pensioner's legal representatives.

Improper, exorbitant and extravagant items of expense were shown which were authorized by the local courts. Other cases were revealed in which the guardians were appropriating the pension to their own use, while the wards were being maintained at public expense.

In many cases pension moneys were shown to have accumulated in the hands of guardians in sums ranging from \$1,000 to over \$26,000, while the intended beneficiaries of the bounty of the government were being cared for at public expense.

The commissioner called the attention of the secretary of the interior to these abuses, and in an opinion dated May 22, 1901, he recommended that the guardian of a pensioner is the agent of the United States for the proper expenditure of pension money in his hands, and that guardians holding pension funds are subject to the direction of the commissioner of pensions both before and after the death of their wards.

It was decided also that all the pension money in the hands of a guardian at the date of pensioner's death is in the nature of an expired pension and therefore subject to the provisions of the act of March 2, 1895, with regard to the disposition of such funds.

The report presents a number of interesting features connected with the filing of claims for pensions during the war with Spain and the insurrection in the Philippine Islands. It is shown that the soldiers of these wars enjoy much greater benefits than was accorded to the soldiers of the civil war, and the amount of pensions granted for the same degree of disability.

In 1865 the minimum pension was established at \$5 per month. Nearly 100,000 soldiers of the civil war received from \$1 to \$4 per month from 1865 to 1895, and a disability from loss of arm or leg which now entitles the soldier to \$45 per month gave him only \$5 per month in 1865.

While the civil war lasted for four years and the casualties were enormous, the Spanish-American war lasted only about four months, with comparatively few casualties. It is shown that three years after the close of the Spanish-American war, claims for pensions amounting to about 20 per cent of the number of soldiers engaged in that war had been filed, while in 1872, or seven years after the close of the civil war, only about 6 per cent of the soldiers engaged in that war had filed claims.

The commissioner says that he is not prepared to believe that those who engaged in the war with Spain, many of them sons of veterans of the civil war, were less patriotic than their ancestors, or more covetous, but, in his opinion, it is the fault of the system of pensioning, with its active army of attorneys and solicitors, who are practically licensed by the government with the promise of \$25 for each claim allowed.

The report presents some interesting details regarding the operations of these solicitors at San Francisco, when the volunteers returned from the Philippine Islands for muster out, and shows the persistency with which these soldiers were followed up and overpersuaded to apply for pensions.

As a remedy for the abuses which exist in the present system, the commissioner earnestly recommends the following methods:

PRINCESS VIROQUA, M. D.

Endorses Lydia E. Pinkham's Vegetable Compound After Following Its Record For Years.

"DEAR MRS. PINKHAM:—Health is the greatest boon bestowed on humanity and therefore anything that can restore lost health is a blessing. I consider Lydia E. Pinkham's Vegetable Compound a blessing to State and Nation. It cures her mothers and daughters and makes them well and strong."

PRINCESS VIROQUA.

Practicing Physician and Lecturer.

"For fifteen years I have noted the effect of your Vegetable Compound in curing special diseases of women. I know of nothing superior for ovarian trouble, barrenness, and it has prevented hundreds of dangerous operations where physicians claimed it was the only chance to get well. Uteration and inflammation of the womb has been cured in two or three weeks through its use, and as I find it purely an herbal remedy, I unhesitatingly give it my highest endorsement."

—Fraternally yours, Dr. P. VIROQUA, Lansing, Mich.—\$5000 forfeit if above testimonial is not genuine.

If you are ill do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham at Lynn, Mass. for special advice; it is entirely free.

Methods of ascertaining the facts in pension claims.

That medical examining boards be constituted, consisting of two skilled medical examiners, one attorney and one stenographer and typewriter. These boards would meet at the county seat of each county twice a year, and the claimants would receive notice in advance of their coming.

The movement of the board would be directed from the bureau, and claimants could appear before this board, with their witnesses, and the merits of their claims would be legally and medically determined without any delay.

REHEARING FOR CARTER

Civil Trial for Former Captain of U. S. Engineers.

Chicago, Nov. 7.—Oberlin M. Carter, now a convict in the government prison at Port Leavenworth, Kan., and formerly captain in the United States engineer corps, is to have a rehearing of his case in civil tribunal.

He now has the assurance of the government authorities that all the evidence is to be reviewed again before Judge Kohlsaat in the United States federal court in this city, and the hearing is to be held in a few months, and Carter will be called as a witness in his own behalf.

This is the result of the suits brought by the government some months ago in several federal courts for the purpose of recovering the proceeds of \$722,582 which was proved at the court-martial that Carter had embezzled from the United States.

His uncle, Lorenzo M. Carter, and his brother, Stanton Carter, were said to have re-invested the money and secured it for the purpose of having a fortune ready for the former army officer upon his release from the military prison.

The principal provision made in this stipulation is that the issues in all the similar suits now pending in the federal courts of New York, New Jersey, Georgia, Virginia and the southern district of Illinois shall be united with the case in the federal court in Chicago.

RED WING'S ULTIMATUM

What to Do to Avoid a War.

Special to The Journal. Red Wing, Nov. 7.—The Commercial club has submitted to the Northwestern Telephone Exchange company a proposition, which if accepted, will prevent the starting of a local exchange here. The club demands long distance 'phones at the following rates. For business houses one party line, \$3; two-party, \$2 a month. Residence phones, one party line, \$2; two-party, \$1.50; three-party, \$1.25 and four-party, \$1.

The club also asks the company to connect with all local Goodhue county companies. If the Northwestern agrees the club promises the company a clear field for at least two. Otherwise a telephone war will be on.

CARE OF ITALIANS

Bishop From Rome Pleased With This Country's Methods.

New York, Nov. 7.—Bishop Scalabrini, who was designated by the pope to prepare a report on the condition of the Italian immigrants in this country, has about completed his mission and will return to Rome next Tuesday. He expressed himself as being delighted with the reception and care of the Italians in this country, and said that his report would be favorable. He said that Archbishop Falconio would succeed Cardinal Martelli.

AFTER OUR COAL

United States Supplying the Demand in Europe.

New York, Nov. 7.—There has been a marked increase recently in foreign orders for American anthracite coal, particularly from Germany. The increased demand abroad is said to be due largely to labor troubles in Wales and France, resulting in a curtailment of supplies from those countries. At the same time low ocean freights and comparatively light exports of grain from this country have enabled anthracite interests here to take advantage of the situation abroad.

Aches and Pains of rheumatism are not permanent, but only temporarily, relieved by natural remedies. Why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood in which rheumatism depends and cures the disease.
