She Attempts to Dodge the Monroe Doctrine.

APPROACHES COLOMBIA

Seeks a Coaling Station on Shores of Caribbean Sea.

USES GERMAN STEAMSHIP CO.

Effect of the Move Being Considered by United States Coaling Station Expert.

New York Sun Special Service

Washington, Nov. 9.—Finding it impossible to secure a coaling station on the shores of the Caribbean sea by direct negotiations, Germany has apparently attempted to evade the Monroe doctrine by obtaining control of territory for this purpose through one of her subsidized steamship lines.

An official report was received by the state department from James Bowron, United States consul at Cartagena, announcing that the Hamburg-American Steamship company, owners of the Atlas line, which plies between Central and South American ports, had filed an application with the Colombian government for the right to establish a coaling station near the port.

Immediately upon receipt of this information, Secretary Hay referred it to the navy department, and the effect of the application is now being considered by Rear Admiral Bradford, chief of the bureau of equipment and the coaling station expert of the service.

ANOTHER 'PINO DEFEAT

GOOD STROKE BY COL. WALLER

He Carries a Strong Insurgent Position After a Desperate Engagement.

Manila, Nov. 9.—Advices from Catabolgan, capital of Samar island, report that Major Waller attacked a force of insurgents occupying a strong position at Solton, two three-inch guns being used to shell the rebel stronghold. Throughout the first day the insurgents held the place, but yesterday Major Waller renewed the attack and, after a desperate engagement, carried the position. Two marines of the attacking force and twenty-six insurgents were killed. Major Waller destroyed the quarters and seventy houses.

General Smith has issued orders forbidding the purchase of hemp in the island of Leyte except in small quantities, which purchases must be under the supervision of the military authorities. All the ports of Leyte are closed and traffic is forbidden where it cannot be supervised by the military.

ORE OPINION A SECRET

R. R. COMMISSION STILL MUM

They Decline to Make Anything Public Till They Have Digested It Themselves.

Members of the railroad and warehouse commission are still "digesting" the opinion furnished them by Attorney General Douglas in the ore rate case. From the length of time it has taken, the document does not seem to agree with them.

The hearing is set for Tuesday. Before that time the commission must come to a decision as to its course. This they will probably do Monday.

Dow, of Fairbault, president of the association; R. J. Adair, of Owatonna, and Miss Ann M. Swanson, superintendent of the state reformatory for women.

Full Gravity of the Seizure of Mitylene Brought Out.

ARMENIAN BUTCHERIES

For Three Months Have They Been in Full Swing.

SULTAN'S CONDITION FRIGHTFUL

Epileptic Fury That Keeps Turkish Ministers in Terror of Their Lives.

Constantinople, Nov. 9.—The sultan's yielding to the French demands brings out the full gravity of the French seizure of Mitylene upon the crumbling edifice of Turkish despotism.

The whole of European Turkey is seething with disorder. In Armenia the annual butcheries have been in full swing for the past three months and in the remainder of the empire there is the perennial violence, corruption, waste and lawlessness. From the army down to the magistracy every part of the machinery of government is in a hopeless condition. In the opinion of the diplomatic body at Constantinople, any attempt at patching things up will be merely a futile effort.

The sultan has been in a condition of epileptic fury and his advisers, who live in perpetual terror of their lives at his hands, were helpless and afraid to do or suggest anything. It is believed in Constantinople that Russia is behind France in this business and it is felt that the present trouble is inevitably destined to lead to developments in the eastern question in which England will be powerless to make her influence felt.

MARINES WELCOMED

Inhabitants of the Island of Mitylene Were Made Glad.

Paris, Nov. 9.—Admiral Callard has telegraphed particulars of the seizure of the customs at the principal port of Mitylene. He says that in consequence of the sympathy which was extended to his squadron he landed only a small company of marines, who were received with marked confidence by all the inhabitants. Telegraphic communication between Constantinople and Mitylene is now re-established. The latest dispatch from M. Bapst, councillor of the French legation at Constantinople, notifies the French government that the ports have been handed him the drafts on the customs covering the entire Loroado claim, and payable monthly from Feb. 1, 1902, to May 1, 1903.

SOUTHEASTERN MINN. TEACHERS

Convention at Rochester Brought to a Close—Kasson Man for President.

Rochester, Minn., Nov. 9.—The Southeastern Minnesota Educational association closed its program at noon to-day and adjourned, spending the afternoon in visiting the state hospital.

D. Williams, of Kasson, was elected president and Frank McIntyre, of Rushford, secretary. The speakers of the day were Superintendent J. A. Terney, Winona, "Supervision of City Schools"; Superintendent Julius Boras, Red Wing, "Supervision of Rural Schools"; Superintendent G. A. Franklin, "Manual Training in the Public Schools"; Dean William M. Liggett, "Scientific Farming"; and Professor J. H. Lewis, ex-state superintendent, "What Educators Should Ponder."

The program was an exceptionally strong one, and the addresses bristled with good things. Governor Van Sant made a short address to the teachers last evening and was followed by R. C. Barrett, state superintendent of Iowa, who lectured on "Our School Systems." Over three hundred participated in the banquet which followed.

ELEPHANTINE EXECUTION

JUMBO II. IS TO BE PUT TO DEATH

Great, Vicious Beast, Honored in War, is Too Dangerous to Be Kept Alive.

Buffalo, N. Y., Nov. 9.—Late this afternoon the highest voltage that a vicious elephant of the Bostock animal show at the Pan-American exposition, will be executed in the stadium at the exposition grounds. He will be electrocuted and wonderful are the preparations made to insure his speedy and painless end, for the Buffalo Humane society has insisted that the immense beast be put to death with as little suffering as possible.

IMMENSE SPONGES WILL BE CAPPED ON FOUR PARTS OF THE ELEPHANT'S BODY, ACTING AS ELECTRODES, AND HE WILL BE GIVEN AT THE FIRST SHOCK THE HIGHEST VOLTAGE THAT THE BUFFALO GENERAL ELECTRIC COMPANY CAN SUPPLY, PROBABLY SEVEN OR EIGHT TIMES THE CURRENT SENT THROUGH A MURDERER'S BODY IN THE DEATH CHAMBER IN AUBURN PRISON, WHERE COLOGNE WAS EXECUTED.

Jumbo II. has maimed so many persons and shown such a dangerous streak in disposition that Manager Bostock decided to do away with him before he kills somebody. The elephant is said to have done magnificent fighting in the English army in the Indian wars and was decorated by the late Queen Victoria for his ability to carry destruction and terror into the ranks of the dusky rebels.

WU DISLIKES GOING

Chinese Minister Attached to This Country.

RESIGNED TO RECALL, HOWEVER

Belief That His Government Thinks He is Altogether Too Independent.

New York Sun Special Service

Washington, Nov. 9.—Minister Wu is viewing his possible recall to China with philosophic resignation. He admits tactfully that he does not want to leave Washington, where he has formed connections of a social, official and business character which have proved not only interesting and delightful, but profitable. He says, however, that he will obey the call of his government without a protest and that just as soon as he receives official notification that he is expected to return to Peking he will go back. The only explanation for the Chinese government's attitude toward Mr. Wu that can be conceived is that the popular minister has been altogether too independent; that his ideas are too advanced and that by making himself popular in the United States minister, he has created a suspicion at home that he is not attending strictly to the business of his native government.

And Still Another.

Cedar Rapids, Iowa, Nov. 9.—Burglars made an attempt last night to rob the state bank of Coogan, twenty-five miles from this city. The outer vault was blown, but the men evidently were frightened away before the inner vault was forced. No clue.

CAUSE OF LI'S DEATH

Story of a Quarrel Which is Promptly Denied.

Peking, Nov. 9.—A violent dispute with M. Paul Lesnar, Russian minister to China, over the Manchurian treaty, which has been the immediate cause of the death of Li Hung Chang. A fortnight ago the Japanese legation secured reliable information in terms of the treaty and thereupon demanded that the Chinese plenipotentiaries officially lay before it the text, basing this demand upon the allegation that Japanese interests were involved in any change of the status in Manchuria. The plenipotentiaries refused to comply with the demand. Thereupon the Japanese government, from Tokio, communicated with the plenipotentiaries and induced them to use their influence with the empress dowager against the treaty.

McLaughlin asked Noyes if he knew McKenzie at that time. He did; had known him for many years, and considered him a personal friend. McKezie had been in Washington during the securing of the appointment and had used his influence in his favor. If McKenzie had spent \$60,000 to secure his appointment he must have used it on Senator Davis, which, of course, was absurd. He did not believe that McKenzie ever spent a cent. It was not necessary. The story then continued on through Seattle, the trip to Nome, the appointment of the clerk and deputies and the duties of these officials. Judge Noyes and his story in a straightforward manner, free and easy, and with confidence, he made a favorable impression.

GAS JET WAS OPEN

Young Woman at Red Wing Rescued Just in Time.

Red Wing, Minn., Nov. 9.—Miss Rose Pfleger, from Ellsworth, Wis., was found in a room at the St. James hotel this afternoon almost asphyxiated with a gas jet open. Physicians are working hard to save her life and hope to succeed.

PETITION FOR POSTOFFICE CHANGE.

New Ulm, Minn., Nov. 9.—A petition signed by all but five of the voters of Harska, asking that the postoffice be changed from its present location to one more central, has been sent in to the postmaster general at the request of Congressman McCleary, who has promised a change. The moving of the office to its present location was a piece of spite work, in an attempt to draw trade from the farmers' co-operative store.

MORE ROBBERIES

Two Banks in Iowa and One in Minnesota Blown by Cracksmen.

Special to The Journal.

Sioux City, Iowa, Nov. 9.—Four burglars, armed with Winchesters and nitroglycerin, blew the doors of the Turin bank, at Turin, Iowa, a picturesque little town of 300 on the Little Sioux, in Monona county. The cash was in an inner compartment with a time lock. The robbers had time to get only \$30, when the people, aroused by the explosion, flocked to the bank.
