

A MACEDONIAN CRY

Premier of Bulgaria on Miss Stone's Case.

MACEDONIA WANTS AUTONOMY

Europe Declared to Be "Moving in a Victorious Circle" as Regards That Country.

Sofia, Nov. 14.—Petko Karaveloff, the prime minister of Bulgaria, says: "For humanitarian reasons the minister of the interior has undertaken to tolerate fresh intercourse between the brigands and American agent. It is a bad precedent to recognize the brigands, however, indirectly, and we wish to stretch a point for America and the cause of humanity. The brigands, wherever they are, can now treat unmolested with the American representative and safe conduct will be given to any man or men recommended by Mr. Dickinson. There is no brigandage in Bulgaria. Turkey is the cause of the brigandage, pillage, murder and massacre in Macedonia. Conditions there are intolerable. Europe has been the cause of vicious crime regarding Macedonia since the Berlin treaty. All the powers agree that Macedonia should have autonomy, but none is willing to move in the matter. Count Admasy of Austria was more to blame than Lord Beaconsfield at the Berlin conference for the present condition of Macedonia, which is crying to heaven for vengeance. All we ask for Macedonia is autonomy. We do not seek annexation. If the American people know the kind of hellish barbarities perpetrated by Turkey in Macedonia the voice of the nation which freed Cuba and fought the civil war would awaken the cabinets of Europe to a sense of their duty regarding Macedonia. The premier said he wished the United States would establish consulates at Sofia, Varna and Philippolis, particularly as Bulgaria is entirely agricultural and needs American agricultural implements.

REDUCED RANSOM

Consul General Dickinson Nearly Ready to Pay.

Sofia, Bulgaria, Nov. 14.—Miss Ellen M. Stone and Miss F. C. Talbot, the captives of the brigands, are now said to be occupying a hut in a village of southern Bulgaria, to which they are closely confined. There is reason to believe that a conference of the secret committee, held at Dubnitz, favored a reduction of the ransom demanded and that as soon as it comes within the range of the fund at the disposal of the United States general Dickinson he is ready to seal the proposal. Photographs of former President Saratoff, of the Macedonia committee, which were circulated among the troops on the Turkish side of the border in consequence of the belief that he is now with the brigand bands in the vicinity of the frontier.

LIFE SAVERS LOST

Additions to the List of Wrecks in the British Storm.

London, Nov. 14.—The loss of a lifeboat and eleven crew members during the mouth heads the list of to-day's wrecks by the continued gale. The lifeboat was on its way to the rescue of a distressed vessel when it was struck by a great wave and capsized. The crew were imprisoned and only three of them succeeded in making their escape. Innumerable minor casualties continue to be reported on all the coasts of the United Kingdom, marking the storm as the most disastrous that has occurred in many years. Snow is falling in many parts of the country. The Norwegian fleet, consisting of Christiania has been wrecked in the vicinity of Saltburn and eight members of her crew have been drowned. A complete list of the persons who have lost their lives by drowning during the storm already aggregates over 160.

ARMY OF THE TENNESSEE

Northwestern Men Figure in the Annual Meeting.

Indianapolis, Nov. 14.—The society of the Army of the Tennessee to-day elected the following officers for the ensuing year: President—General Grenville M. Dodge, Washington. Corresponding Secretary—General A. Hicks-enloper, Cincinnati. Recording Secretary—Colonel Cornelius Caddie, Cincinnati. Treasurer—Major A. M. Van Dyke, Cincinnati. Vice Presidents (among others)—General L. F. Hubbard, Minnesota; Captain Henry A. Castle, Washington; Captain Henry H. Root, Mount Vernon, Iowa; Major A. W. Edwards, Fargo, N. D.; Captain Fred Madburg, Milwaukee; Colonel Fred Walker, Montreal. Major Edwards of Fargo was among those admitted to membership. Isaac E. Burt of Minneapolis, son of Captain R. W. Burt, was named to succeed his father in membership in the society. A banquet was held this afternoon when Speaker Henderson gave an address and James Whitcomb Riley read a poem.

GATES ACCEPTS

Late Head of Grinnell to Go to Pomona University.

Des Moines, Iowa, Nov. 14.—Former President George A. Gates, for thirteen years at the head of Iowa college at Grinnell, this state, has accepted the offer of the Congregational church at Cheshyenne, Wyo., to be elected to the presidency of the Pomona university at Los Angeles, and has accepted. Gates, who was elected to the presidency of the Washburn college at Topeka, but declined the position.

In Two Minutes

There will be another car. But the man can't wait. He chases the car and swings on, panting and hot, but satisfied. He keeps this gait up all day. He works that way, he lurches that way. He continues this until his stomach "breaks down" and nature compels him to "go slow." Business men who have impaired their digestion by heavy eating will find in Dr. Pierce's Golden Medical Discovery a cure for dyspepsia and other diseases of the stomach and organs of digestion and nutrition. It does not give mere temporary relief, but it effects a radical cure. It strengthens the stomach, nourishes the nerves and purifies the blood. "For six long years I suffered with my liver, kidneys, and with indigestion, which baffled the best doctors in our country," writes R. L. Russell, Esq., of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for a long time, and after taking a 'cart-load' of medicine from three doctors, I could hardly do a day's work. Would have death-like pains in my chest, and I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' as advised. Before I had taken half of the second bottle I felt better. I got six bottles and used them, and am happy to owe my life to Dr. Pierce and his medicines."

WIFE'S SUITS IS LOST

Grain Raised by Her Seized to Pay a Family Debt.

QUESTION OF EXEMPTIONS IN N. D.

Constitutionality of Boundary Law of 1891, Affecting Nine Counties, to Come Up.

Special to The Journal. Bismarck, N. D., Nov. 14.—A wife is not entitled to claim exemptions as a head of a family unless it is shown she is the sole support of her husband and that her husband has abandoned the support of the family to her. The supreme court passes on some important questions governing the right to claim exemptions in Richardson county, where her husband was engaged in the machinery business. He failed and became bankrupt. The sheriff seized several hundred dollars worth of grain for a joint debt of the husband and wife.

The wife claimed the grain as exempt property, claiming it had been raised with assistance from her husband and that she was in the manner of running the farm. It was not claimed that the husband had refused or been unwilling to contribute to the support of the family. The district court gave a verdict for the defendant and the supreme court sustains the verdict, holding that under the exemption law the husband is the head of the family for the purpose of claiming exemptions. District court convenes in Mercer county next week and among the cases set for trial is that of Conrath vs. Krukeberg, as sheriff of Mercer county. The case involves the constitutionality of the county boundary law of 1891, affecting nine counties in the western part of the state, and which provides for the sale of land for selling certain sheep for taxes, the claim being set up that the place where the property was taxed was not legally attached to Mercer county, and that the taxes were therefore illegally levied. When the case came up on its first hearing several of the state's attorneys of the other counties affected by the case asked leave to come in and become parties to the suit, to look after the interests of their counties. They will probably appear at the trial of the case next week.

BUILT IN FOUR MONTHS

Souris, New S. Dakota Town, Had Its First Load of Lumber July 12.

Special to The Journal. The first load of lumber reached the present site of this new town, which is located at the terminus of the extension of the Great Northern railway, fourteen miles north-west of Bismarck, on July 12. Only six weeks since the work of building began and already there are (besides minor buildings) three large elevators, (a fourth in process of erection) three lumber yards, three livery barns, town-house, postoffice building, two hardware stores, two flour and feed stores, one millinery store, drug store and general stores. The state bank of Souris is incorporated with a capital of \$15,000, and is erecting a handsome brick building. Ex-Governor Rice of Minnesota, is interested in this enterprise. A Presbyterian church was organized Oct. 20, with twenty-one members. A neat little chapel has been erected. It will open for regular services Nov. 17.

BEASON COUNTY LAND

Average Price at the School Sale Gives Much Encouragement.

Special to The Journal. Minnewaukan, N. D., Nov. 14.—At the recent sale of school lands in this (Beason) county the aggregate reached the comfortable sum of \$140,000. The range of prices was from \$10 to \$25 an acre. Nearly all lands offered were taken and most instances, by adjoining owners for actual use, thus furnishing a striking testimony to the real value of lands in this region. It is also significant that the average price an acre was almost equal to that realized from the late sale of school lands in Cass county in the famous Red River Valley. However, it is a fact that for the past ten years lands in the Devils Lake region have proven about as profitable for farming purposes as those in the more widely advertised Red River valley. People here are much pleased at the prospect of the early opening of the Devils Lake Indian reservation, which adjoins this town. There will be room for fully 1,000 homesteaders, the trade from a large proportion of whom will be directly tributary to Minnewaukan, already one of the most thrifty county seats in central North Dakota. Crops all through this county this year have been very satisfactory and individual farms are being sold at high and substantial improvements made at a rate never equalled in the past. Many thrifty farmers from Iowa, Wisconsin and southern Minnesota are hastening here to pick up good lands while they are cheap.

Waterloo Postoffice Fight

Special to The Journal. Waterloo, Iowa, Nov. 14.—Speaker Henderson has a nice little postoffice muddle on his mind. The postmaster Mungler has been complained of to the department and the speaker came and made an investigation, looking into the facts of the case. He issued a public report, W. F. Parrott, one of the editors of the Daily Reporter, is an aspirant for the office and has kept out of the muddle as much as a newspaper man could.

Roasted by the Jury

Special to The Journal. Fargo, N. D., Nov. 14.—The coroner's jury in the case of the remains of the man and woman found on the city dump, returned a verdict that the man was killed by a bullet fired from a revolver, and that the woman was humanely disposed of the bodies after having been used for dissection and stated its inability to place the guilt. It is understood the police have some clues that may lead to the identification of the guilty persons. It can be proven that the bodies were exhumed in this state a sentence of twenty years can be imposed.

Barron After a New Hotel

Special to The Journal. Barron, Nov. 14.—An enthusiastic meeting of the Business Men's Association it was decided to offer proper inducements for the following officers: President, J. H. Hanson, who would be a paying investment from the city. There are over 2,000 deer hunters between Wisconsin and the Red River and the road alone, and word reached here to-day that three men have already been shot for deer. One man who had killed a deer and was in the act of stopping over, his game, was shot in the back by another hunter and killed.

SHILLING IN FIRST PLACE

Dairymen of Iowa Elect Their State Officers.

Dubuque, Iowa, Nov. 14.—The Iowa State Dairy association closed its convention here to-day with the election of the following officers: President, J. H. Hanson, vice president, H. C. Carpenter, Elkader; secretary, J. C. Daly; Charles Casey, treasurer; W. A. Ashby, Hazelton. The association endorsed E. Suddendorf of Elgin, Ill., for superintendent of dairy exhibit at the St. Louis exposition.

IMPRESARIO DEAD

Col. Henry Mapleson a Victim of Bright's Disease.

London, Nov. 14.—Colonel Henry Mapleson, the opera manager, died in London to-day of Bright's disease. He was president of the International Society of Music. Colonel Henry Mapleson was the son of the late Colonel J. H. Mapleson, the famous director of Italian opera in London, New York and other cities. He was born in 1851 and married Mrs. Robt-Malton in 1875. He was a member of the association of impresarios in the artistry. To Cure a Cold in One Day Take Lavative Broom Quinine Tablets. All druggists refer to it if it fails to cure. E. W. Grove's signature is on each box. 25c.

BONDS UNDER A CLOUD

KALISPELL MUST GO INTO COURT

Issue Not Ratified by a Majority of All Voting—Court-house is at Stake.

Special to The Journal. Kalispell, Mont., Nov. 14.—In the district court here to-day, L. Tinkel, a prominent citizen and taxpayer, commenced an action to enjoin the county commissioners from disposing of the \$55,000 worth of courthouse and jail bonds voted at the last general election. The sale of the bonds has never been consummated, owing to a doubt as to the intent of the law which says that a bond issue must be ratified by a majority of all the votes cast. Some lawyers have held that this means a majority of all the votes cast at the election. Others, including Attorney General Donovan, hold that it means only a majority of all the votes cast on the bond proposition is necessary. At that election there were about 2,400 votes cast. Of this number 1,000 were for the bonds and about 400 against them, the remainder not voting on the proposition. The county commissioners, holding the bonds to be carried, advertised them for sale and they were sold to the Conrad National bank of this city. In the opinion of the bank's attorney as to their validity, that gentleman has apparently never approved them, for the sale has never been consummated. The question has never been passed upon by the state supreme court and Mr. Tinkel's suit is intended to bring it before that tribunal for final settlement. In the event that the suit is successful, the commissioners is upheld, the erection of the courthouse and jail, which are badly needed, will be commenced early next spring, the site having already been selected.

PAPERS MERGED

Burt W. Day of Hutchinson Takes On the Times.

Special to The Journal. Hutchinson, Minn., Nov. 14.—The Hutchinson Times was sold to-day by Harry B. Wakefield to Burt W. Day, publisher of the Hutchinson Independent, who will consolidate the two papers under the name of the Burt W. Day Times. The Independent and Times possess subscription lists not often equalled in towns of 3,000 population, and this consolidation of the two gives a list of subscribers equaled in size only by a few papers outside of the larger towns of the state. In point of years of service he is the oldest editor in the county and he announces a purpose to devote his entire time and energy to the work of pushing the Independent-Times to the forefront of country journalism. This was a remarkable year for the production of wild fruits and nuts in McCleod county. Thousands of bushels of plums and grapes went to waste for want of gatherers and butternuts by the wagonload remained untouched on the ground. Farmers' boys made a mint of money gathering them for the market at 40 cents a bushel, and one Hutchinson dealer, L. C. Brown, has already had his wagonload shipped over 500 bushels to the Dakotas. Hutchinson is preparing to offer the state for the new school for girls, a handsome store and a three mile tract of land on Great Northern railway, bordered by the Crow river, and on a commanding eminence about one mile from the business center of the town. The land is a part of a farm owned by State Superintendent W. W. Pendergast, who offers it to the city for this purpose at the low price of \$75 an acre. The Hutchinson city council has employed Loveth & Wolf, civil engineers, of St. Paul, to prepare plans and specifications for an extensive sewerage system, and if the estimate of cost is satisfactory, will advertise at an early day for bids.

IN NICK OF TIME

Four Capsized Fishermen Rescued Near Menominee.

Special to The Journal. Menominee, Mich., Nov. 14.—Four men were picked up last night by the schooner Three Sisters ten miles north of Menominee in the Red River. They were clinging to fish stakes and were almost dead, having been in the water three or four hours. A big gale was blowing and the Three Sisters had to sail for the shore. One of the fishermen, who was sailing her, noticed a small pond boat drifting upside down and began a search. He soon discovered the men in the pond boat and they were rescued. They were fishermen, and were lifting their nets when a big wave capsized their boat. They were brought to Menominee and cared for. It is thought they will suffer no ill effects.

KILL KAFFIRS

British War Secretary Charges the Boers With Murder.

London, Nov. 14.—Mr. Broderick, the British war secretary, speaking at a banquet given in London in his honor by the city Carlton club, declared that the Boers were hiding their tracks by murdering the Kaffirs behind them. Lord Wiltcherer had wired, he continued, "that the cold-blooded murder of natives had become frequent of late and that the United States has already behind their backs, were found, Nov. 10, at the bottom of a mine shaft." Later in his speech Mr. Broderick said that Great Britain now had 42,000 Boers in custody in the concentration camps and on various islands and that 11,000 more had been killed or wounded or had left the country on parole. The number of Boers in the field was 10,000. Mr. Broderick explained that four battalions and two cavalry regiments would be drawn from India for service in South Africa.

ENGLAND WITHDRAWING

She is Desirous of Getting Rid of Mosquitoes.

Washington, Nov. 14.—The statement in a Managua dispatch, credited to Mr. Prager, the British secretary of legation there, regarding the Mosquitoes, has been approved the claim of Great Britain to be recognized as protector of the Mosquito Indians, has attracted the attention of the diplomatic body here. An inquiry indicates that the United States has a complete misunderstanding of the matter. The British government is endeavoring to negotiate a treaty with Nicaragua which will give the United States a complete claim of jurisdiction in the Mosquito coast, leaving Nicaragua in full sovereignty there, with due guarantees for the proper treatment of the Indians hitherto under British protection.

HELD FOR ROBBERING A CONDUCTOR

Special to The Journal. Albert Lea, Minn., Nov. 14.—Arthur Row, arrested on a charge of stealing a coat, vest and other valuables from Conductor Meekin, was held to the grand jury and, in default of \$200 bail, was committed to the county jail. Row, who was arrested with Row, pleaded guilty to robbery and was given thirty days in the county jail. The total assessed valuation of the city, both personal and real, is \$1,197,823, the largest in the history of the city. The fire department was organized last night and decided to have a ball about Thanksgiving. A committee was appointed to make the arrangements. Miss Hanson was married to a business man of Louisville, Ky., a few days ago. The two became acquainted while at Hot Springs, Ark., last spring, in quest of health.

FOURTY-FOUR DEVOTIONALS

Special to The Journal. La Crosse, Wis., Nov. 14.—Forty-four devotionals services are being held at St. James church in this city. The services were opened by Rev. Father Mark O'Connor of Ettrick, followed by Rev. Father Dunn of Eau Claire. Other priests from out of the city who are taking part are Rev. Messrs. Vaughn of Sauk county, Lazcock of South Carolina, O'Toole of Ellsworth, Kelley of Mondovi and several local priests.

MEMORIAL FOR LOSEY

Special to The Journal. La Crosse, Wis., Nov. 14.—At a meeting of the La Crosse county bar association a committee was appointed to prepare a memorial to the supreme court on the death of the late J. W. Losey, Judge B. F. Bryant and Attorney C. L. Hood were appointed. They will go to Madison next week and present the memorial.

Bridge Falls Down Behind Train

Special to The Journal. Red Wing, Minn., Nov. 14.—The Chicago Great Western passenger train on the Red Wing and Zumbrota line miraculously escaped being wrecked near Goodhue. As the train was passing over a bridge, the structure fell to pieces behind the cars while in front it stayed but stood until the train was safely over. The passengers were badly frightened. Conductor Manley was in charge of the train.

SIX MONTHS' FIGHTING

THAT MUCH LEFT FOR BRITISH

Austrian Observer Makes a Prophecy as to the Close of the South African War.

Vienna, Nov. 14.—An Austrian merchant, who has just returned from South Africa, believes that the war will last another six months, but does not think the Boers will hold out beyond next June. He says they would be glad to make peace if they obtained substantial autonomy. He says the British should allow the burghers to retain the gold mine region, which should be permanently under British rule. This observer also declares that Mr. Kruger kept up the Afrikaner band by means of wealth derived from the gold industry. He says if the former president loses his money—he will soon lose his friends.

MRS. WILCOX LOSES

Husband Was of Sound Mind When He Made His Will.

Special to The Journal. Fergus Falls, Minn., Nov. 14.—Judge Jones has returned from Fairdale, where he has just closed a term of court. Perhaps the most important case disposed of was that involving the legality of the will of Mrs. A. Wilcox, who left property aggregating about \$100,000. His widow, who was his second wife, and her minor children, received between \$12,000 and \$13,000 by terms of the will, but were not satisfied, and instituted a suit against the executors. The suit was based on the allegation that Wilcox had been unduly influenced by contesting claimants in making the will. This view was disproved as the result of the trial, and it was decided that Mrs. Wilcox was of sound mind. Thus the instrument stands. Whether or not the case will be appealed by the plaintiff, Alice M. Wilcox, is not known.

FOR MOINEUX

Attempt to Quash the Indictment Charging Murder.

New York, Nov. 14.—Two former governors of New York, David B. Hill and Frank S. Black, met in argument to-day in the court of general sessions on the motion to quash the indictment charging Roland B. Moineux with the murder of Mrs. Catherine J. Adams by sending her poison through the mails. Moineux was once convicted and sentenced to death, but the court of appeals gave him a new trial for error on the part of the trial court. Mr. Hill, associated with Assistant District Attorney Osborne, opposed in behalf of the state the motion to quash, and Mr. Black, joined with Weeks, Battle and Marshall and former District Attorney W. M. K. Oloot, in pressing the motion in behalf of the alleged poisoner.

LINE YET UNFINISHED

An English Correspondent Tells of Gaps in the Trans-Siberian.

London, Nov. 14.—In a letter to the Times to-day from a correspondent who has just passed over the whole route of the Trans-Siberian railway, the writer intimates that the Russian declarations regarding the completion of the line are untrue. He says there are many gaps in the permanent track, the large bridges are not completed and three tunnels have scarcely been begun. The construction trains frequently leave the rails.

WAR IN MOROCCO

Numerous Casualties Attending the Fighting Between Tribes.

Tangier, Nov. 14.—Fierce fighting has occurred between the Bemmaras and Memuda tribes, resulting in a killing of many on both sides. The Bemmaras razed a number of villages on the plains and carried off eighteen Memuda girls.

COUNTRY MEMBERS WERE DEAD SET

Special to The Journal. La Crosse, Wis., Nov. 14.—The county board to-day held a heated session, discussing the proposition to erect a new courthouse. The project was voted down by a vote of 18 to 16, the country members opposing it.

For Children Omega Oil

This picture of the little girl and big goose has nothing to do with Omega Oil. It is only used to call the attention of parents to the fact that Omega

Oil is a liniment that does not burn or blister, and it can be used on children with perfect safety. You can rub it on a little boy or girl for sore throat, for swollen tonsils, or cold in the chest, and it will effect a quick cure without hurting the tender skin. You can use it on the youngsters for a sprain or bruise, or for any pain in the legs, arms, back or other part of the body. Omega Oil is the only liniment that is always safe to use on children. They all like to have it rubbed on them, for it has such a pretty green color, and it smells so nice that they think it fun to have it used on them.

ADMIRALS WORK HARD

They Will Make Their Own Brief of the Schley Evidence.

New York Sun Special Service. Washington, Nov. 14.—Admiral Dewey and his colleagues of the Schley court of inquiry have evidently made up their minds to perform the work before them with a thoroughness almost unprecedented. They will make their own brief of the evidence. Mr. Tesque, Admiral Schley's expert, prepared a brief for the guidance of the court, which was a masterly piece of work, thoroughly impartial and calculated to lighten the labors of the court. Apparently, however, Admiral Dewey and his colleagues are not satisfied with it. The admiral says they will separate the wheat from the chaff, and incidentally remarks that there is a great deal of chaff. The task which they have thus voluntarily undertaken will occupy not less than two weeks for its performance. After that is done they will have to take up the other and still more difficult phase of their work, which will be to arrange the relevant testimony in such a way as to reach satisfactory conclusions regarding its bearing upon the conduct of Admiral Schley. All the signs point to the belief that the court will not be ready to hand down its verdict until the last of January.

Bargain Friday

Our Ladies' \$1.25 three-strap Viet Kid Slippers, with hand-trimmed soles, all sizes, widths to E; per pair, Bargain Friday.
