### MUELLER IS DRAWN

The Big Right Guard Didn't Get Into the Game.

### NOTHING IN THE DOBIE CHARGES

Wisconsin Has Some Funds, but is Slow to Offer Even Money.

From a Staff Correspondent. Madison, Wis., Nov. 16.—Everything is peaceful at last.

MUELLER, RIGHT GUARD. —Photo by Opsahl.

consia got together this morning. It was announced that Mueller, Minnesota's right guard, would not play.

As the hour for the game approached, both sides became cocky and boastful and there were many acrimonious debates.

### HOW THEY WEIGH

Comparative Figures Show Why Wisconsin Wants Odds.

Special to The Journal. Madison, Wis., Nov. 16.—The following from the Milwaukee Sentinel shows one of the reasons of the Wisconsin folk for demanding odds.

Minnesota—Wisconsin—Rogers, 175, left-end-right; Curtis, 175; Flynn, 220, left-guard-right; Webster, 210; Page, 190, center; Skow, 183; Strathern, 200, right-tackle-left; Lerum, 196.

### Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to—but simply because they must.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla Cures Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

Schact, 180, right-tackle-left; Haumerson, 176; Anne, 180, right-end-left; Abbott, 174; Dobie, 185, quarter; Marshall, 166; or Fogg, 149; Thorpe, 185, left-half-right; Larson, 167; La Fams, 185, right-half-left; Cochems, 196; Knowlton, 190, fullback; Driver, 178.

This is what the Sentinel said of the scrubs. The Minnesota substitutes came to Madison last night from Sun-Prairie. Many Wisconsin sympathizers thought it was the regular team and were amazed at the awful bigness of the men when a Minneapolis man informed them that they are only the scrubs.

"Dr. Williams says that this is a matter of small importance because he has eleven good men who will not be knocked out. In Strathern the Minnesota men claim they have a better man than Mueller."

### ATTACKED WITH KNIVES

Wisconsin Train Crew and a Gang of Tramps in Desperate Battle.

Spooner, Wis., Nov. 16.—Conductor H. C. Schultze and his entire train crew were attacked at Superior Junction last night by a gang of desperadoes.

Brakeman Ferguson was also cut on the side and arm and is suffering from loss of blood. The other members of the crew, five in number, were all more or less injured.

A gang of tramps held up the freight train just this side of the station and demanded that they be allowed to ride. The conductor ordered them out of the train and instructed his crew to see that none of the men stole rides.

The train was started and the tramps boarded it and refused to get off. A fight ensued in which two of the tramps were injured, and all of the train crew cut by knives which the desperadoes drew.

At the junction the injured tramps were locked up and the railroad surgeon in this city was sent for and took charge of the wounded tramps. No trace of the other tramps was found.

### CAPTURE OF DIX

The Ruse of a Scotland Yard Detective Proves Successful.

New York Sun Special Service

London, Nov. 16.—Henry St. John Dix, the defaulting bank president of Whitcomb, Wash., who is in Holloway prison, awaiting extradition, has engaged Charles Russell as counsel.

Dix owes his arrest to the experienced eye of Inspector Frost of Scotland Yard. For three weeks Frost had been looking for Dix. As Frost was walking in the city he noticed a man back clumsily down the stairs from the top of an omnibus, and seeing that his person was little, corresponding with the description of Dix, Frost accosted him on the chance with: "Hello, Dix, I want to speak to you."

Dix turned mechanically on hearing the name and said in a shrill, nasal tone: "Why, how do you know my name?" and then bolted into the door of the Manchester hotel. He rushed upstairs into the office, with Frost hard behind him, and then down the nearest stairs into the kitchen. There being no exit from there save into a walled area, Dix found himself in custody.

### NOYES HOPEFUL

Believes That the Judgment of the Court Will Be in His Favor.

Testimony All In—Unfavorable Report About Judge Wickersham.

Special to The Journal.

San Francisco, Nov. 16.—The Noyes hearing reached the end this noon as far as the introduction of evidence is concerned. Judge Noyes was recalled and cleared up vague points. Frost Woods and Captain French were also recalled. The attorneys for the respondents, McLaughlin and Henney, will now prepare the argument to be presented Monday.

At the close of the taking of testimony the respondents introduced the following dispatch from Noyes, which appeared in the Bulletin last evening. It was headed: "Lane Outfit is Victorious." This shows that if Noyes was a tool of McKenzie, Judge Wickersham is the tool of Lane and the Pioneer outfit. Private advice received here confirm this story.

Janet Linderberg, president of the Pioneer Mining company, and Gabe and Filippic, nephews of Charles D. Lane, are among those indicted by the grand jury for this offense. Lane allowed the steamer to go, as he wanted to see the outcome of the trial of one of his nephews, at least, the other being a fugitive from justice until to-night. In order to get away he kept the gasoline schooner, Barbara Herster here, and will be on the water in a few days.

Some of the meteors were very beautiful, leaving brilliant trails of green and red. One hundred meteors were counted between 4:04 and 4:20 o'clock.

### BESTED BY BOERS

Patrol of Yeomanry Surrounded and Six Are Killed.

London, Nov. 16.—A dispatch from Lord Kitchener dated from Pretoria says that a strong patrol of yeomanry, while reconnoitering Nov. 3 at Brakspruit, near Zeeburg in the Transvaal colony, about 140 miles west of Pretoria, was surrounded by 300 Boers and lost six men killed and six wounded. Some of the troopers were captured, but were subsequently released.

The rear guard of Colonel Byng's column was attacked near Heilbron, Orange River colony, Nov. 14, by 400 Boers, said to be under the command of General DeWet. After two hours' fighting the Boers retired, leaving eight dead on the field. Of Colonel Byng's column, Lieutenant Hughes and one man was killed, while three officers and nine men were wounded.

Stops the Cough and Works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

### SHOWERING OF STARS

BRILLIANT SPECTACLE OF LEONIDS

Director of the Mount Low Observatory Describes a Scientific Description.

Los Angeles, Cal., Nov. 16.—The following description of the shower of Leonids as seen from Mount Low is furnished by Edgar L. Larkin, director of the Mount Low observatory.

The first meteor was seen at 11:35 o'clock, and during the five minutes to midnight four minutes, Meteor No. 229 was perhaps the most seen, and 632 from midnight to 8:40 o'clock Friday morning. They all seemed to emerge from within the cycle of the zodiacal constellation Leo. None were actually seen to come out of it, but their bright tracks prolonged would converge there.

Some of the meteors were very beautiful, leaving brilliant trails of green and red. One hundred meteors were counted between 4:04 and 4:20 o'clock.

The fall of Leonids was quite marked in this city just before daylight. The display was at one time brilliant, but there was a steady fall of the brilliants after 1 o'clock. One watcher counted 385 between 1 and 5 o'clock, while the total number in this city is estimated at 1,000.

Some of the meteors were very beautiful, leaving brilliant trails of green and red. One hundred meteors were counted between 4:04 and 4:20 o'clock.

### MILLS ALL CLOSING

Chequamegon Bay Sawing Season to End Next Week.

Special to The Journal. Ashland, Wis., Nov. 16.—Every mill on Chequamegon bay will be closed by the middle of next week.

### MINNESOTA

Megardens Report Still Pending.

It is still laboring over his report on the accounts of Sheriff Megardens. It cannot be completed before Monday, and Public Examiner Pope will then come to the contents before submitting it to Governor Van Sant.

Douglas Still in Big Woods.

Attorney General Douglas is still in the hunting grounds. No word has yet been received from him at the capitol. Young Mc-

LAFANS, RIGHT HALFBACK.

### ON THEIR LAST RUN

Northern Lumber Mills About to Close the Season.

WEEK'S SALES HAVE BEEN GOOD

Shipments Greatly in Excess of Last Year With a Month Yet to Go On.

Special to The Journal. Duluth, Minn., Nov. 16.—The mills are beginning to close for the winter. This week the mills of the Lesure Lumber company, the Duncan & Brewer Lumber company, the St. Louis Lumber company and Murray & Jones have shut down.

There are about 400 men working on the line of the Duluth, Virginia & Rainy River road and the line is being pushed. The company has taken a contract from the Fisher Lumber company to deliver 50,000,000 feet of logs during five years and is closing other contracts of much importance.

The Lesure Lumber company has made a sale of the pine on thirty-two tracts in township 62, range 14, north of the Vermillion range, to the St. Croix Lumber company for \$75,000.

Some pine is being sold by the Higgins estate and correlated interests, the Day Bros. Lumber company and others being the purchasers.

There were shipped out of Lake Superior, all ports, during the month of October, 160,408,000 feet of lumber, making a total to this time for the year of 931,985,000 feet. This is more by 22,000,000 feet than the entire shipments of the preceding year and there remains of 1901 almost a month.

There will probably be a business this winter in the cutting of spruce, tamarack and cedar by the Indians of the Grande Portage reservation, on the north shore. The agent has been authorized to permit the reds to make contracts and to supervise them himself, the contracts calling for the sale of timber after it has been cut by Indian labor and is delivered at the lake shore. It is an experiment in a way and will be interestingly watched. There is much of this timber on the allotted portions of the reservation.

Prizes amounting to \$170 will be distributed pro rata among all who score over 94 on creamery, and \$110 will be like manner to all exhibitors of creamery butter scoring over 85.

### BARS ALL PRESERVATIVES

Minnesota Law is Very Sweeping and Will Be Enforced.

John Hamilton, secretary of agriculture of Pennsylvania, has written the state dairy and food department for information as to the anti-preservative laws of Minnesota. He says that certain Pennsylvania firms are claiming that benzoate of soda is harmless and beneficial as a preservative in jellies, catsups, cider and mince-meat. He asks the opinion of Dairy Commissioner McConnell on this and also on the use of salicylic acid, formaldehyde, boracic and sulphurous acid.

"I shall not express any opinion on the matter," said Mr. McConnell this morning. "I shall inform Mr. Hamilton that all these substances are forbidden by our state law, which we are rigidly enforcing as much as in our power."

"Our Minnesota law positively prohibits the use of preservatives, excepting salt, in food products of any kind, and the sooner every one comes to realize the fact, the better it will be for all concerned."

Delay in Oman Case.

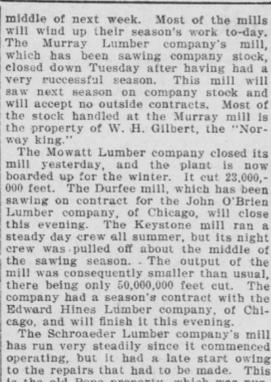

Corra Oman's requisition case was this morning postponed until Monday, at the request of the North Dakota sheriff. He wants the Fargo prosecuting attorney present at the hearing, which was turned over by the governor to Assistant Attorney General Donahower. Judge Barrett, of Fargo, was ordered to represent Corra Oman, and with him was Ira B. Mills, of the railroad and warehouse commission. Judge Mills says the requisition will be contested on the ground that the offense charged is trivial. The rules governing extradition specify that requests shall not be made for trivial offenses. The charge in this case is violation of North Dakota's liquor law.

Megardens Report Still Pending.

It is still laboring over his report on the accounts of Sheriff Megardens. It cannot be completed before Monday, and Public Examiner Pope will then come to the contents before submitting it to Governor Van Sant.

HE IS BEN KILPATRICK OF TEXAS

### LONGBAUGH ADMITS IT

Sheriff Crawford of Montana Arrives in St. Louis to See the Prisoner.

St. Louis, Nov. 16.—Chief of Detective Desmond obtained a brief statement from the Montana train robber suspect who now acknowledges that he is Ben Kilpatrick, a brother of Dan Kilpatrick. Both are said to have been members of the gang of train robbers led by the "Bill" Carver, who was killed last spring. He admitted that he was reared near Fair- rock, Texas.

Sheriff Crawford of Choteau county, Montana, has arrived here to see the prisoner. The sheriff and County Attorney Pray of Choteau county were on their way here with requisition papers, when a telegram reached them at St. Paul that the prisoner was to be tried in St. Louis. Mr. Pray returned to Montana and Sheriff Crawford came on to St. Louis to get a look at one of the men he had chased so hard last summer.

Ben Kilpatrick, as indicted by the federal grand jury as John Arnold, alias Harry Longbaugh, alias Harvey Logan, was arraigned for a second time to-day before Judge Adams in the United States district court. At his first arraignment, Thursday, the train robber declined to plead to the charge against him of having attempted to pass money not legal tender. To-day, however, he pleaded not guilty, and when Judge Adams asked the prisoner if he wished the court to appoint counsel for him, Kilpatrick answered that he did not.

"I will hire a lawyer myself," he said. The Bullion woman also pleaded not guilty, but said she had no money to employ counsel and wished the court to appoint an attorney to defend her. Judge Adams designated Judge Thomas P. Bashaw as her counsel. The case was set for trial on Dec. 12.

### SOLD FOR SOAP GREASE

State Gets \$100 for 3,200 Pounds Shipped Into State From Rice Lake.

George L. Dingman, assistant dairy and food commissioner, yesterday said 3,200 pounds of butter had been shipped into this state from Rice Lake, Wis.

This is the lot seized from various Minneapolis commission firms, who received it from the Parker Mercantile Company, of Rice Lake, Wis. The Wisconsin firm brought the butter into the state under a license agreement to a dismissal, and lost the butter. The purchaser agreed that it should not be used for food and to ship it out of the state to the agricultural department, which has kept it from spoiling during the controversy.

### PRIZES FOR BUTTER

State Dairyman's Annual Competition Announced for December.

Robert Crickmore, secretary of the State Dairyman's association, and W. V. P. McConnel, state dairy and food commissioner, have sent out a circular letter announcing the consolidation of the state educational contest for December and the annual scoring contest of the association.

The association will meet at Sauk Center Dec. 11, 12 and 13. Dairy butter will be sent to Sauk Center for scoring but creamery butter and cheese will be sent to St. Louis.

Prizes amounting to \$170 will be distributed pro rata among all who score over 94 on creamery, and \$110 will be like manner to all exhibitors of creamery butter scoring over 85.

### POOR CHRISTIANS.

Unwise Feeding Makes Them.

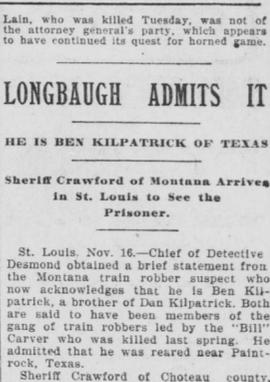

Some people thought he was a funny old man when he spoke at camp meeting on the subject of "Lord Give us Sense."

It is absolutely out of the question for a person to be peaceful, capable and right minded when the brain is underfed, and the nerves wracked from lack of rebuilding elements they have a right to expect from good food.

A person fed on meat, bacon, ham, fried cakes, hot biscuits, sticky and poorly cooked starchy oat meal and wheat, may possibly have strong digestion enough to handle these things and be a happy, healthy individual; but 90 people in 100 have not, and the result is irritable, poorly nourished, nervous bodies, foul breath, and a general condition that prevents one from being happy and contented. It is practically impossible for such persons to be good Christians.

The religion of common sense and good food is the first religion that a man or woman should cultivate, for that condition makes possible thoughts of a higher nature and a better grade.

There is a world of wisdom in the saying of Ruskin, "We may be sure we are not serving the Lord if we are not happy ourselves." All should try to build up a steady set of nerves and get rid of dyspepsia, constipation, fluttering heart, weak nervous conditions, and a train of terrors that come from bad digestion and poor food. They should quit coffee absolutely. Take for breakfast a little cooked or raw fruit, a saucer of Grape-Nuts Food and a cup of Postum Coffee. No meat or grease. You will have a clean, healthy stomach for dinner and at meal have some meat and vegetables that you can digest. Let your supper be the same as your breakfast.
