

CAUSE OF DEAFNESS.

The Most Common Cause Only Recently Discovered.

It has been stated on good medical authority that nine-tenths of cases of deafness are caused from catarrh or from some throat trouble.

The little tube which leads to the ear from the throat is lined with a sort of velvety structure called mucous membrane. This membrane is simply a continuation of the mucous membrane lining the throat.

When disease of any sort attacks the mucous membrane of the throat it is very liable to extend into the eustachian tube and up into the ear.

The history of nearly all cases of deafness is like this: A cold is contracted and neglected, other colds are taken, the throat becomes sore and inflamed, which is aggravated by particles of dust and germs from the air.

With catarrh suffers this impairment of hearing becomes chronic and grows worse the longer the catarrh is neglected. You can cure catarrh and deafness by the regular use of an excellent new preparation called Stuart's Catarrh Tablets.

People whose hearing is defective may think it a little remarkable that a simple and harmless tablet would ever be able to remove all traces of deafness, but when it is remembered that catarrh causes the deafness and that the catarrh is easily cured by the regular use of Stuart's Catarrh Tablets there is no mystery about it.

If you are subject to nasal catarrh or catarrh of throat, bronchial tubes or catarrh of stomach and liver, the safest and most effective treatment is the new catarrh specific, Stuart's Catarrh Tablets, sold by all druggists at 50 cents for full-sized package.

Stuart's Catarrh Tablets, 50 cents for full-sized package.

"77" PREVENTS AND BREAKS UP GRIP

From N. Y. Sun. A New Form of Grip Epidemic.

Within the last week the physicians of this city have made the discovery that Grip in a strange form is epidemic. The attack is accompanied by pains in the muscles, particularly of the arms and shoulders, which suggest the twinges of rheumatism.

The prompt use of Dr. Humphreys' Specific Seventy-seven ("77") will break up the worst attack of Grip and Cold.

At all Druggists 25 cents, or mailed on receipt of price. Doctor's Book Mailed Free.

Humphreys' Homeopathic Medicine Co., corner William and John Streets, New York.

HORSEFLY A COMER

Placers Which Will Prove a Bonanza to Poor Men.

STAMPEDE IN SPRING CERTAIN

Department of Mines at Victoria Is Kept Busy in Answering Inquiries.

Special to The Journal. Victoria, B. C., Nov. 23.—There will be a stampede to Horseshy creek, the scene of the second Klondike that has been discovered in old Cariboo.

James Sheppard, the locator of the Horseshy placers, is a relic of the old Cariboo days. He is a golden haired man, with a white beard and mustache.

A year ago he returned and wanted many to grub-stake him, telling of his find—but none believe him. Finally on the 15th of October, Campbell, a son of Senator R. H. Campbell, and Striksee, a miner, set off to verify Sheppard's story.

They found the place Sheppard had described and by further prospecting found ground that was even richer than the discoveries which caused the first rush to Cariboo.

Senator Campbell, satisfied that there will be a rush to the new Eldorado, is arranging to place a sternwheel steamer in service on Horseshy Lake. The plans were finished a week ago, and the senator ordered the engines and boiler before going to San Francisco.

The prospective miner who intends to get to the new diggings will have to journey to Ashcroft on the mainline of the Canadian Pacific railroad and from that town it is about 150 miles to Eureka, Empire or Fraser creeks.

The mode of travel is by horse and wagon, saddle horses, or walking. Pack trains will no doubt be started from Ashcroft.

As a shovel, a cradle, and any amount of energy are at the apparatus necessary for a placer miner, this means taking the treasure from the earth is the poor man's method and this is why hundreds of stampedees hit the trail when such rich strikes as this in the Cariboo are reported.

It was generally thought that the men who oversaw old Cariboo in '57 had exhausted its riches, and the miners spoke contemptuously of the placers there at present as "Chinaman diggings."

BAUQUET BY DEGREE OF HONOR. Special to The Journal. Red Wing, Minn., Nov. 23.—The Degree of Honor, A. O. U. W., gave a banquet to the local Workmen, which severally distinguished members of the order from other cities were present.

SALISBURY FAILING. London, Nov. 23.—Those in the way of seeing Lord Salisbury describe him as aging rapidly and displaying little interest in public affairs.

GRATITUDE OF JAPAN

HER PROGRESS CREDITED TO U. S.

Fame of Commodore Perry and His Country to Be Embalmed in Japanese History.

Chicago, Nov. 23.—The United States will be given practically all the credit for the greatness of modern Japan and Commodore Perry will be lauded as the country's liberator in an official history of the empire about to be written by Dr. G. Mitsukuri, an instructor in the University of Japan at Tokio.

In writing the history it will be my purpose to accord to the United States full credit for the regeneration of Japan. This country was our source of inspiration and our protection in our time of trial and tribulation.

EXCLUDING CONSUMPTIVES

First Case of the Kind to Be Dealt With by the Courts.

New York, Nov. 23.—In deciding the case of Thomas Boden the courts will rule whether or not a man suffering from tuberculosis can be excluded from the country. This is the first case in which the constitutionality of the treasury ruling that consumptives shall be prevented from landing as immigrants will be passed upon by the courts.

Thomas P. Boden arrived here from Ireland Nov. 9, a steamer passenger of the Cunard line steamer Lucania. His wife and his child were with him. He has relatives in Philadelphia.

They were able to guarantee that he would not become a public charge and he had means of his own. The authorities at Ellis Island declined to admit him because examination showed he had tuberculosis of the lungs.

Francis Tracy Tobin, a lawyer from Philadelphia, has obtained a writ of habeas corpus. The act of congress under which it is proposed to exclude Mr. Boden is framed to prevent the admission of "persons suffering from a loathsome or a dangerous disease."

RUSSIA NOT A RIVAL

Nor Has the United States Much to Fear From Germany.

New York, Nov. 23.—Archer Brown, manufacturer of pig iron and coke, says it will take 100 years of development for the Russian laborer to reach a plane where he will be as competent as the average American skilled laborer.

HEAD OF IOWA BOARD

Judge Kline Making a Tour of Minnesota Institutions.

Judge L. G. Kline, chairman of the Iowa board of control, is on a tour, visiting Minnesota institutions. President Leavitt of the Minnesota board showed him around the Fairbank schools yesterday.

SIDES WITH OLNEY

Public Examiner Inclined to Exonerate the County Attorney.

Public Examiner Pope was at Benson yesterday attending the trial of F. P. Olney, county attorney of Swift county.

IN A MEXICAN PRISON

Captain Hall Escaped and Will Take Steps for Damages.

Seattle, Wash., Nov. 23.—Captain A. W. Hall, formerly of the San Francisco schooner Sadie has landed here from the British ship Puget of Astoria, and will return to Washington to lay charges against the state department which he believes to be a good cause for damages against the Mexican government.

MOST BEAUTIFUL GIRL

Miss Wackermann's Mother Thus Describes Her Daughter.

London, Nov. 23.—"The most beautiful girl in America," was the description of her daughter given by Mrs. Wackermann to an interviewer at Queenstown upon her arrival there.

"I Followed Mrs. Pinkham's Advice and Now am Well."

Doctors Mystified. Grateful Letters from Cured Women.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to-day constantly applying for advice and relief.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonials we are constantly publishing...

\$300,000 NEEDED Appropriation Recommended for Iowa's Historical Department.
