Bessie Clark, aged 15 years, was sent to the state training school this morning by Judge Dickinson, before whom she appeared on the charge of vagrancy. Bessie said that she had lived in Brainerd, Frank Center and St. Paul before coming to Minneapolis to work. Her case will be further investigated.

Two unknown men drove with the mail delivery wagon of Carrier A. C. Forland of the South Minneapolis station late yesterday afternoon and no trace of the rig has yet been found. There was no mail in the wagon, but the rig is the property of the government and the "federal" authorities, it is thought.

Last evening at Nicollet avenue and Fourth street a careless driver ran into and knocked down Miss Nellie, who lives at 311 Fourteenth avenue S. David Hjelmberg was also struck by the buggy. On being spoken to by the driver he turned and cut the faces of both men. Being called back he cursed the men and prevented their holding his buggy by a furious and vicious use of his whip.

August Schuman was charged this morning with stealing a \$5 sack of sugar from a freight car in the St. Louis yards Wednesday. Schuman was released from the St. Paul reformatory last January. He is thought to have been one of the men who were making excursions of the sweet stuff lately. Bail was fixed at \$500 when he was examined and the trial will come off Dec. 9.

Because J. W. Miller was trying to sell a bunch of silver-plated cutlery in a suspicious looking parcel yesterday, Officer Neil Nelson had brought before Judge Dickinson of the municipal court this morning. Miller was arrested as a vagrant. He showed that he had come by the street car regularly and was dismissed with an admonition either to secure work or leave town.

WHERE MINNEAPOLIS FALLS DOWN

Curbstone and Corner Spitters Are Allowed to Continue Their Disgusting Practice to the Detriment of Health—Other Cities Prohibit It.

Here is another place where Minneapolis falls down. Spitting on the sidewalks has become a positive evil. Not only is the habit a filthy one, but it is also a serious menace to the health of the community. There has been some sporadic agitation against the practice, but no systematic attempt to punish offenders.

Men congregate in the doorways of saloons, stand in front of buildings on the curb, and spit vigorously with utter disregard of the rights of others. They ogle passing women whose long skirts trail through the filth and carry their germs into the home. Physicians claim that catarrh, consumption and other diseases of the respiratory organs are frequently contracted in this way; and yet the habit continues.

They manage this thing much better in St. Paul. There the health department has posted signs all over the city forbidding the practice and warning offenders that they will be prosecuted if they persist in the filthy habit. Duluth has a similar regulation and it is enforced. The St. Paul police have orders to arrest men who violate the city ordinance in this regard, and the result is seen in cleaner walks and in the improved health of the community. This is another instance in which Dr. Justus Ohage has worked a much needed reform for the benefit of his fellow citizens. The same reform could and should be attained here.

Dr. Ohage is at the head of the St. Paul health department, and the matter comes directly under his supervision. He has handled it as he handles all problems presented to him, effectively.

In Minneapolis the health department has apparently given the habit no attention. The evil is a glaring one. It should be remedied and at once.

APPLE OF DISCORD

The Shrievalty Appointment is Making Republicans Worry

ED SWEET MAY BE ENDANGERED

Also the G. O. P. Aldermanic Chances in the Third May Be Injured.

Many local republican politicians are getting anxious over developments in connection with the shrievalty appointment. They declare that the fight over the appointment of a successor to Sheriff Merriam is rapidly bringing about a situation politically that bodes ill for Chairman Sweet of the board of county commissioners, the candidate of the party for alderman of the third ward next year, and for the party in general. They are going to insist that all present candidates for the appointment be dropped from consideration and a wholly new man picked for the place.

Here is the situation as he sees it: The Pratt and Dregor forces in the third ward are at sword's points over the claims of their respective candidates. If either is selected now, the other's forces will be so sore that they will insist upon playing even in the next election. The result of that will be the probable defeat of County Commissioner Sweet for re-nomination or re-election, the downfall of the republican candidate for alderman in the third ward, and probably some other complications affecting the ticket at large. The only logical way out of the difficulty now, they assert, is to throw both men over and pick a man standing well in the party and the business world who has not hitherto been mentioned in this connection.

Mayor Ames is still in the fight. He is pushing the claims of his secretary, T. R. Brown, Jr., vigorously, and the latter declares that he is in the contest to stay to the finish.

JUDGE TORRANCE RETURNS

He Attended Columbia Post's Annual Banquet in Chicago.

Commander-in-Chief Torrance of the G. A. R. returned home yesterday from Chicago where he attended the annual banquet given by Columbia Post of that city. General Arthur MacArthur, former Governor Peck and Howard, of Wisconsin, Senators Quarles and Spooner and General John C. Black, formerly pension commissioner, were among the guests. Commander Wager, of Columbia Post read an address delivered by the late President McKinley before the post four years ago, and a toast was then drunk to the president's memory, the orchestra playing softly, "Nearer, My God, to Thee." Commander Torrance says there were many wet eyes around the table at the close of that toast.

TO AID BOER RECONCENTRATED.

The German-American Central Bund of Minnesota has called a mass meeting to be held in Sherman hall, Sixth and Wabasha streets, St. Paul, Sunday afternoon, at 3 o'clock, to consider plans for the relief of Boer women and children detained in concentration camps in South Africa. A petition will be circulated calling upon congress to pass resolutions of sympathy. The Volkszeitung, St. Paul's German daily, has started a relief fund.

GAVE A LAD WHISKY

A Species of Celebration That May Make Stone Trouble.

Little James Tononson was in the municipal court this morning charged with being drunk and disorderly on the streets. In his testimony James says that he got whisky from a man named Stone. He further said that Stone sent a friend of his after a bottle of whisky and after the two had drank most of the contents gave the bottle to him, telling him it was good for his cold. He drank some and threw the remainder away. Young Tononson then went down town to see a turkey raffle and on Washington avenue he began to feel dizzy. He was arrested and taken to the city hospital.

Fred Tononson, the father of the boy, who lives at Twenty-fourth avenue S and Lake street, said that the men were half drunk and that Stone had a pocket full of money which he was spending freely. A warrant was worn out for the arrest of Stone.

EDWARD HAUT, A FORMER RESIDENT OF ST. PAUL, COMMITTED SUICIDE IN CHICAGO YESTERDAY.

The deceased was 24 years old, and had been living in Chicago for twelve years. His mother and sister are now in Seattle. Of his six brothers three live in St. Paul, where the remains will be brought for burial.

Act Creating a New County Held to Be Valid.

WIS. SUPREME COURT DECISION

Lines Cannot Be Broken to Make Districts, but New Counties Can Be Created.

Special to The Journal.
 Madison, Wis., Nov. 29.—The act passed by the last legislature, creating the new county of Gates, was held to be valid by the supreme court to-day, the courts sustaining the decision of Judge Vinje of the circuit court.

The main ground on which the act was claimed to be invalid was that it violated section 4, article 4 of the state constitution in that county lines are broken in the formation of assembly districts, Gates county being included in the second district of Chippewa county.

The decision, which is written by Justice Bardeen, says the decisions in the cases of Ques, vs. the state, and in the case of the legislature, creating the new county of Gates, was held to be valid by the supreme court to-day, the courts sustaining the decision of Judge Vinje of the circuit court.

Special to The Journal.
 Excelsior, Minn., Nov. 29.—John Erhmantraut and Mrs. Mahala Beers, Excelsior saloonkeepers, were arrested this morning for keeping their places open on Sunday. The cases are set for trial this afternoon before a justice with Freeman Lane for the village and M. A. Spooner for the defendants.

"THE KILTIES" TO-MORROW

They Are Coming for Two Scotch Concerts.

The band of the Forty-eighth Highlanders of Toronto, Ont., which is to give two concerts at the Lyceum to-morrow under the auspices of the Clan Gordon, O. S. C., come here under the authority of his majesty's government in Canada, and with the permission of the colonel and officers of the regiment. The band consists of forty musicians and carries besides a male chorus of twenty, six Highland dancers and two bagpipers.

They come heralded by the finest press notices that are possible. For instance, the Buffalo Review of Aug. 27 said of them: "They attracted more attention at the Pan-American exposition than any band that had previously played there."

"Dressed in the costume of the old Highland regiments—the kilts, Glengarry bonnets, plaid and sporran—they present a magnificent appearance. On parade they are headed by their giant drum-major, Donald McCormick, who is a perfect specimen of physical manhood, standing seven feet high and weighing 310 pounds."

In order that Minneapolis may see them to best advantage they have consented to give a short parade about Saturday noon, escorted by a platoon of mounted policemen.

Tickets are now on sale at the Metropolitan Music company's store.

ANARCHS RESTRAINED

London Police Forbid the Celebration of the Chicago Tragedy.

London, Nov. 29.—There was to have been an open meeting of the anarchists in this city to-night to celebrate the fourteenth anniversary of the execution of the Chicago anarchists, but the police ordered the owner of the hall in which the meeting was to have been held to cancel the contract. Similar action by the police prevented a celebration on Nov. 12 of the death of the Chicago Haymarket conspirators.

FEMALE TEACHERS
 Steady Increase in the Number Employed in Iowa.

Special to The Journal.
 Des Moines, Iowa, Nov. 29.—The number of male teachers in the schools of Iowa is gradually decreasing. The thirty-ninth annual report of the department of public instruction shows there are but 4,757 male teachers now employed where there were 5,614 a year ago and 4,943 a year ago. On the other hand there has been a steady increase in the number of female teachers. In 1896 there were 22,507 female teachers, in 1900, 23,841, and this year 24,088. But while the number of male teachers has decreased their average wages have increased, while the compensation of female teachers has declined.

The report in general shows a large growth in the Iowa educational system in the last five years. The total amount expended for schools in the state in 1896 was \$3,271,539, whereas the total sum expended this year was \$4,221,452. The number of teachers required to supply the schools is 1,123 greater than it was in 1896. The value of schoolhouses has increased nearly two and one-half million dollars.

A remarkable growth is shown in the number of volumes in school libraries. In 1896 the number was 176,519. In 1901 the number is shown to be 463,454. The increase is largely due to the new law allowing a part of the annual appropriation to be set apart for school libraries.
