Kaukauna, Wis., Jan. 20.—A general strike was called for a joint meeting of the Apollon, Kaukauna and General lodges of the United Brotherhood of Papermakers, which will result in less than three weeks in closing up twenty-five mills in Wisconsin, throwing out of employment 8,000 laborers and cutting off over 700 tons a day from the supply of the paper market, unless the demands of the union for shorter hours are granted. Further than this, the movement is soon to spread through every papermaking district in the north-west.

New York, Jan. 20.—Rev. Dr. Charles H. Parkhurst has given out a letter addressed to Mayor Low, which has been adopted by the executive committee of the Society for the Prevention of Crime, of which Dr. Parkhurst is president. The opening paragraph reads: "While the Society for the Prevention of Crime counts as its ally of the present municipal administration, there are certain principles of action to which we have uniformly adhered and which we deem it incumbent upon us to state distinctly and urge, even at the risk of exciting the policy of those whom we like in all respects to second and support. In all our past activity as a society, we have maintained the distinct understanding that law exists for the purpose of being obeyed."

BLACK AND RICH

Is the Way Postum Coffee Should Be.

A liquid food that will help a person break a bad habit is worth knowing of. The president of one of the state associations of the W. C. T. U., who naturally does not want her name given, writes as follows: "Whenever I was obliged to go without coffee for breakfast a dull, distracting headache would come on before noon. I discovered that, in reality, the nerves were crying out for their accustomed stimulant. At evening dinner I had been taught by experience that I must refrain from coffee or postum. I was carrying on as my usual habit of 1900, while visiting a physician and his wife I was served with a most excellent coffee at their dining and elegant table and, upon inquiry, discovered this charming beverage was Postum Food Coffee, and that the family had been greatly benefited by leaving off coffee and using Postum."

I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my captor, that upon my return home I began the use of Postum Food Coffee and have continued it ever since, now more than a year. I know what sick headache is now, and my nerves are steady and I sleep sound generally eight hours regularly. I used to become bilious frequently and require physic, now seldom ever have that experience. I have learned that long boiling is absolutely essential to furnish good Postum. That makes it clear, Black and Rich with Mocha and Java blend. Please withhold my name, but you may use the letter for the good it may do."

BETTER THAN HOGS

How Wolf and Coyote Breeding Pays in Nebraska

FARMERS HAD A GOOD THING

Auditor Discovers Why the "Farmers" Are Increasing Rather Than Diminishing.

Special to The Journal. Lincoln, Neb., Jan. 20.—Many claims for bounties for scalps of wolves and coyotes which have been received at the state auditor's office, has led to the discovery that the farmers in the western part of Nebraska have entered into the business of breeding these animals for the bounty market. The farmers find that there is more money in wolves and coyotes than there is in hogs. In one instance a farmer was found to have raised more than 100 wolves last summer from several wolves he had trapped and penned in the winter. Other cases have been unearthed in which fifteen to sixty of these animals have been raised. In October or November the animals were killed and their scalps presented for payment of bounty. The state law authorizes the county clerk to pay \$3 from the county fund for each coyote scalp presented. He certifies to the auditor, who pays \$11 additional from the state funds. The law was passed ten years ago when the coyote and the wolf were the great foes of the Nebraska farmer. Since that time the time \$100,000 has been paid in bounties by the state alone. There are now on file with the auditor claims aggregating \$25,000 and it is expected that this will be more than doubled by the end of the year. Thus it appears that instead of being killed off, the animals are increasing. The auditor's report resulted in the solution of the mystery.

SIXTY NEWSBOYS FIGHT

BOYCOTT AGAINST TWO PAPERS

Unionists Raised a Placard at Omaha and Were Assaulted by the "Nona."

Special to The Journal. Omaha, Neb., Jan. 20.—A riot occurred at Fifteenth and Farnam streets yesterday between union and non-union vendors of newspapers, in which sixty newsboys were engaged. The fight was a desperate one and resulted in many small combatants showing cuts and bruises when the patrol wagon arrived. All who could not escape were taken to the station. The fray was brought on by a placard on which a newsboy had daubed in shoe blacking a request that certain papers be boycotted. The union displeasurers directed toward a St. Louis and a Chicago paper, which had raised the newsboys' price from 3 1/2 to 4 cents a copy. The small standard bearer excited the ire of C. Smith, 25 years old, captain of the nonunion clan, and the row started.

General Washburn Gave Them a Surprise—Some Fast Work at Wilton.

Special to The Journal. Bismarck, N. D., Jan. 20.—General Pennington and Chief Engineer Green of the road spent yesterday at Wilton and Washburn with General Washburn of the Bismarck, Washburn & Great Falls road. The trip was made by the afternoon train. The general and his party were met at the station by a better insight into the coal and other traffic from the northern country, in connection with the contemplated extension of the road to connect with General Washburn's road. The gentlemen were much impressed with the remarkable development of the country along the line of General Washburn's road, and the vast increase in the coal traffic. At Wilton coal was taken from the mine and loaded on cars at the rate of two and a half tons a minute. HOCKEY AT WINNIPEG

First of Series Between Wellingtons and Victorias to-morrow.

Minneapolis hockeyites are greatly interested in the big championship series of games between the Wellingtons of Toronto and the Victorias of Winnipeg, which commence to-morrow evening. The Victorias believe they are strong enough to defend the championship Stanley cup, which they now hold. The team is handicapped somewhat by the fact that the star player, Charlie Johnston, broke his collar bone while practicing Friday. He will be unable to enter the game. Three games will be played in all, unless one of the opposing teams should win the first two games. The Toronto team arrived at Winnipeg this morning in good shape. The make-up of the teams is as follows: Toronto—Chumnie Hill, George Chadwick, Alvin Warden and George McKay; forwards: Ernie Arden, cover point; West Smart, point; "Dutchy" Morrison, goal. Winnipeg—Wood, Scallion, Cadhorn, Gings, forwards; Mat Flett, cover point; Rot Flett, point, Brown, goal.

TRYING TO JAPAN

Deadly Developments in the Insurrection in Formosa.

Tacoma, Wash., Jan. 20.—Advises by steambath state that the insurrection movement in Formosa is much more serious than at first supposed. About 2,500 natives in Suifu are carrying on a war against the Japanese authorities. The prevailing conditions are similar to those in the Philippines, making it almost impossible for the Japanese to follow the insurgents into the swamps and jungles, where the latter are able to live. In the last battle the Japanese lost twenty-one killed and twenty wounded. Twelve insurgent leaders and 156 of their enemies were killed or captured. Neither party gained any advantage by this battle. The insurgents are carrying forward a vigorous campaign that the Japanese have sent seventeen companies of militia against them.
