SPORTS TO MAKE SCHEDULES

American and Western Meetings Occur Within Two Weeks.

CIRCUITS MUST BE COMPLETE

The Former's Is Well Outlined, but the Western Circuit is Still Ambiguous.

New York Sun Special Service. Kansas City, Mo., Feb. 3.—Within two weeks the schedule meetings of both the American association and the Western league are to be held, one in Chicago and the other in Denver. In these two weeks there must be some talk hustling in the way of circuit building, as it is a rather difficult matter to compile a schedule without a circuit.

The American association has but one city in doubt, and this will probably be decided upon within a few days. In Omaha the association has had some trouble in securing a park, and it is almost a certainty that the franchise will be transferred to Louisville. What has been done by President Hickey in this direction has been done quietly, and it is rumored that more has been accomplished than the public suspects.

With this one town settled upon President Hickey can put the finishing touches

Millions of People

have been cured by the Carlsbad Sprudel Salt. The Carlsbad Sprudel Salt is the world's greatest remedy for all ailments of the liver, catarrhal affections of the stomach, bile, rheumatism, gout and all forms of constipation.

Carlsbad Sprudel Salt

is obtained by evaporation from the waters of the Springs at Carlsbad, and contains the same curative properties that have made the Carlsbad Springs famous for five centuries.

on his schedule and the new league will be ready to begin business.

President Whitfield still declares that the Western interests putting a team in Milwaukee, but this is not given credence in association circles. But Mr. Whitfield says: "What do you suppose we stand a park for? And there the matter stands. As far as the public knows the Western is no nearer having a circuit completed than it had three weeks ago, when the circuit meeting was held here.

Then there is the new Iowa-Illinois league, which is in the air. This league proposes to take in Sioux City and Des Moines, which will cut into Western territory, as Des Moines was in the circuit and Sioux City was a good town to fall back on if others failed. If both these Iowa towns should go into the new league the Western would be left with Kansas City and Milwaukee, Denver, Colorado Springs, Omaha and St. Joseph.

President Hickey, who was here last week said "The affair has passed the stage where we even consider the Western league as a factor. They are doing nothing to warrant consideration. All we want is the public knows the Western is no nearer having a circuit completed than it had three weeks ago, when the circuit meeting was held here.

THE "U" VICTORIES

Too Much for Fond du Lac's Basket Ball Players.

Following a sound trouncing by the Red Wing team, the much-heralded Fond du Lac basket-ball team was again defeated by the Minnesota "U" team Saturday night by a score of 22 to 15. The game was played throughout, owing to the close ruling on fouls, which made both sides exceptionally cautious and cut out aggressive play. The armory floor was freshly waxed and polished for the junior ball Friday night. The Wisconsin team scored the first three points in quick succession on fouls by Minnesota. After a beautiful field basket by Holden, the Minnesotians woke up and played up to form. The Wisconsin men were slower on their feet, but had the advantage of weight. They made a strong stand in the second half which resulted ten to five in their favor. The line-up: Minnesota. Postion. Fond du Lac. Tuck. center. Bruett. Desiring. forward. Leach. left guard. A. Bronkhorst. Kiefer. right guard. Kobbs. Ireland. left guard. Uter. Officials—Murfin, referee; Montan and Hanson, umpire; Lubitz and O'Keefe, time-keepers.

TO FIGHT AT CHICAGO

Jeffries May Defend His Championship Honors There.

Special to the Journal. Chicago, Feb. 3.—It is the plans now being discussed by a coterie of Illinois sporting men are carried out James J. Jeffries will fight an opponent for the world's pugilistic championship within what are generally regarded as the corporate limits of Chicago. Either Thomas Sharkey or Robert Fitzsimmons is to be his adversary. The promoters intend to conduct the fight within the "District of Lake Michigan," and with this end in view have already secured a permit from the "sovereign of the soil." They also claim that they are assured of the non-interference of the police by the fact that a politician close to Mayor Harrison is financially interested in the project.

"The men who form the syndicate which intends to arrange for the fight are:

John Lewis, proprietor of the Nelson hotel and the Rockford opera-house of Rockford, Ill.; James E. Daley, county commissioner; John E. Fleming, a sporting man.

BURNS MET HIS MATCH.

"Farmer" Burns of Humboldt, Iowa, champion prize fighter of Iowa, was defeated by a winner from the audience in his free-for-all match at Sioux City, Friday. After taking Frank Gatch of Humboldt and Scott Miller of Sioux City, he offered \$25 to any man in the audience who would stay with him for ten days. Four men stepped forward. One, promptly responded, and demonstrated his ability to stay on the mat as long as he wanted to. After pocketing the \$25, Pickett explained that his real name was Ole Marsh, and that Decorah, Iowa, was his home. He has been in the Klondike five years as a professional wrestler and cleaned up \$14,000 in that capacity.

DIES OF FRIGHT

Young Woman Took a Joke Too Seriously.

Special to the Journal. Chicago, Feb. 3.—Mary Smith died in Evanston yesterday as a result, it is said, of being frightened three months ago. Physicians who attended her are unable to offer any other explanation. Last November she attended a ball and in the course of the evening the man who accompanied her remarked in a joking way that he believed he would shoot her. The girl took the remark seriously and fainted. She was taken to her home at 1717 Sherman avenue and since then has been in a stupor much of the time.

BEMIDJI—An unknown man, dressed as a laborer, was found dead in a room in the Northern hotel. It is a case of suicide from a big dose of strychnine. He left a letter giving a physical defect as the reason for his act.

DULUTH—Both Truelsen and Hugo adherents are confident that their man will win the majority contest. One of the most important ore deposits developed the past year is the Mesabi, situated about 10 miles south-west of Hibbing. The owners have
