**MUST HAVE IT.**

Properly Selected Food of Great Importance.

Loss of memory is a sure sign that the body is not taking up proper elements from the food. Then is the time to feed especially selected foods or the person may become demented.

A mother writes about her son and it is interesting: "My son Albert, now 25 years old, and principal of the — high school, graduated at the Kansas university and is a post-graduate of the Columbia, Mo., university.

"When he began teaching about a year ago he had just completed his education and was badly broken down in health. He had only about two months vacation and spent it at Excelsior Springs, but when he returned there was no improvement.

"I thought he would get better after he began his work, but instead of improving he became more weak and nervous, and, finally, forgetful in the school-room. He tried different physicians and everything he could hear of, and at last gave up school and came home, after putting a teacher in his place.

"I cooked every delicacy I could think of for him but he became worse and worse and was greatly worried about him. One day a neighbor sent over a box of Grape-Nuts. He caught sight of the package and after reading the statement of what the food was intended for, became much interested and began using it.

"He liked it, and at the end of a week was very much strengthened and improved. We were encouraged. He stuck to Grape-Nuts and in five weeks was back in the school room.

"He is now teaching the second term in the same place, has recovered entirely and gained wonderfully in flesh. He now weighs 165 pounds and is an expert football player.

"My daughter, Georgia, 8 years old, was a weak little girl until after we found what effect Grape-Nuts had on Albert, we put her on the food and now she is exceptionally stout and healthy. We wish to thank the company for the great help the food has been to us. This lady lives at Hallsville, Mo. Name given by Postum Co., Battle Creek, Mich.

**THREE-CENT FARES**

Street Railway Trips to Be Cheaper at Cleveland.

Cleveland, Ohio, Feb. 18.—The three-cent fare franchise ordinances went through the city council last night without the slightest opposition. As soon as the weather conditions permit, work on the first of the three-cent roads is to be started. The franchisees for six of the seventeen routes, on which John B. Hoerger, Mayor Johnson's former street railway manager, was the only bidder, went through the preliminary stages last night.
