

The Senate Pugilists

Will They Use Knives or Guns Next?

SENATOR TILLMAN

SENATOR McLAURIN

DEATH TO ONE OR BOTH

Continued From First Page.

The country could be spared the humiliation of being represented by men who cannot control themselves. No punishment that the senate could inflict upon the senators would be too severe for their outrageous conduct.

Washington, Feb. 24.—Careful inquiry among senators indicates there is a strong probability that before the incident is settled one or both of the senators from South Carolina will be expelled. The feeling against Tillman is intense. Republicans and democrats alike say they regard him as a disgrace to his state and a disgrace to the senate.

Republican senators admit that McLaughlin was wrong in passing the bill on the floor of the senate, but for that he would not be included in the present contempt proceeding. It is considered doubtful, should Tillman not be expelled, whether the committee will report in favor of restoring his privileges as a senator before the end of the session. The belief is that in the end Senator Tillman will be expelled.

In the encounter Saturday afternoon Mr. McLaughlin gave Tillman a bloody nose. Both men apologized to the senate, each claiming that he had merely acted in defense of his honor. Both were adjudged in contempt and their case was referred to the committee on privileges and elections. The committee will report on the matter tomorrow.

Washington, Feb. 24.—Senator Tillman will not accept the decision that he is not allowed to vote. When the roll is called he will rise in his place and demand the right to vote and present a formal protest against the denial of a state the right to vote in the senate.

Both of the South Carolina senators were on the floor when the senate was called to order. Mr. McLaughlin came in first and Mr. Tillman just as the chaplain offered prayer. A small bunch of red roses and white carnations lay on Mr. Tillman's desk.

BLOWN UP

Six Cripple Creek Assay Offices Destroyed and People Injured.

Victor, Col., Feb. 24.—Cripple Creek is in a state of terror owing to a preconcerted attack upon assay offices being conducted in the district. Beginning at 3 o'clock this morning and continuing until 11 o'clock, six assay offices were wrecked as many assay offices in the center ranging from Victor to Cripple Creek and up to Goldfield. In every instance the object sought by the incendiaries was accomplished by the destruction of the offices with their fine equipment of delicate balances.

The raid did not hesitate to jeopardize life, as all but one of the buildings were also occupied by sleeping families. Men, women and children were hurried out of their beds by the shock and serious injuries were inflicted. The full extent of the damage cannot be estimated.

In this city the Davenport office was wrecked by two explosions, involving a loss of \$1200. At the same time the assay offices of Vanderwalker, Morgan and Williams were trampled. The loss was approximately as large as Davenport's. One man, a miner, was severely injured at the explosion at Williams' office. He was passing at the moment of the explosion. Flying debris struck him in the face, gashing his eyes and may result in total blindness.

In Cripple Creek, Benjamin's assay office was blown up. In the town of Goldfield, the assay office of E. J. Egan, almost simultaneously Egan's office and another assay establishment were wrecked. Egan's family occupied an adjoining room in the same building and of bed and was badly shocked. A family living in the other assay office was also blown out of bed but escaped serious injury. The great powder was blown through the windows at Goldfield. In this city the powder was placed under the building. The house in which a family lived next to the mine was blown up. Much damage and a woman was prostrated.

Sheriff Robertson has called out his deputies and is taking all means of discovery to the perpetrators of the crimes. For years there has been systematic stealing of rich ore from the mines, amounting to thousands of dollars monthly. It is alleged that more than fifty assayers in the district have made a business of buying such ore. Recently the mine-owners' association discovered the shipments of high grade ore had been made by assayers from this district to smelters at San Francisco and Salt Lake, but all efforts to stop the traffic were unavailing.

The general impression here this morning is that the acts are the result of a general movement of the district all high grade ore-purchasing institutions. Bloodhounds from Canon City have been called for.

MAY BE EXPELLED

Intense Feeling Among Senators Against Tillman.

Mr. Hoar promptly called Mr. Wellington to order and the president pro tem promptly directed Mr. Wellington to take his seat. Previous to this Mr. Wellington made a vigorous speech reiterating statements he had previously made as to the necessity of the bill. Mr. Wellington was interrupted by Mr. McLaughlin, who denied the charge of Mr. Wellington (Md.), that the former was influenced to vote for the treaty by promises of President McKinley. Mr. McLaughlin said that if Mr. McLaughlin would repeat outside the senate chamber what he had told the senators in the senate, he would be justly punished. Mr. Wellington would tell McLaughlin that it was a cowardly and malicious falsehood.

NOT IN SAME CATEGORY

McLaughlin May Be Expelled, but Not So Tillman.

Washington, Feb. 24.—It is felt that Senator Tillman by his questionable apology in the senate has not done sufficient to purge himself for contempt. The feeling toward McLaughlin is quite different. There is a question even whether he is rightly in contempt. It is believed by some of the older senators like Platt and Spooner that the case of Tillman is not parliamentary. He did not brand Tillman as a liar, but branded as a lie the statement which Tillman repeated, but for which Tillman assumed responsibility.

McLaughlin, it is said, had a right to defend himself when attacked and should not be punished for returning a blow. It may be that McLaughlin will be purged of contempt at once, while Tillman's punishment is allowed to continue.

COMPLETE SUSPENSION

President Withdraws Invitation to Senator Tillman. Washington, Feb. 24.—Senator Frye, president pro tem of the senate, gave directions to the clerks of the senate to inform Senator Tillman and Senator McLaughlin of South Carolina that they were not to be called on roll calls until further notice. This fixes the status of the senators, who were promptly suspended from all senatorial functions.

MARYLAND PARALLEL

Wellington and McComas Fall Aboard of Each Other. Washington, Feb. 24.—In debate on the Philippine tariff bill in the senate today Mr. Wellington (Md.) denied the charge of Mr. Wellington (Md.), that the former was influenced to vote for the treaty by promises of President McKinley.

Mr. Hoar promptly called Mr. Wellington to order and the president pro tem promptly directed Mr. Wellington to take his seat. Previous to this Mr. Wellington made a vigorous speech reiterating statements he had previously made as to the necessity of the bill. Mr. Wellington was interrupted by Mr. McLaughlin, who denied the charge of Mr. Wellington (Md.), that the former was influenced to vote for the treaty by promises of President McKinley.

MORSE A WRECK

Sealing Schooner Is Lost and One of Her Crew Drowned. Victoria, B. C., Feb. 24.—The sealing schooner, R. I. Morse of Victoria, is a wreck and G. Donaldson, one of her crew, was drowned. The survivors were landed here by the steamer Umattila at midnight.

The Morse was caught in a heavy southeast gale with tremendous sea on Feb. 15, when forty miles off Cape Oford, on the Californian coast. She was holed, her sails close-reefed, her wheel lashed and thrown overboard on the lagoon. The others were below. A heavy sea broke alongside her and she careened on her port beam, and another sea striking her the water over and was bottom up. Soon she righted, half full of water and those below rushed on deck.

MISS STONE REALLY FREE

END OF CONTRADICTORY REPORTS. Brigands Let the American Missionary Go and She Is Safe in Macedonia. Constantinople, Feb. 24.—Miss Ellen M. Stone, the American missionary, who, with Miss Tsalika, was captured on Sept. 3, has been released and arrived at Strumitza, Macedonia, yesterday.

Miss Stone and her party were also released at the same time. All are well. The first news of Miss Stone's release was contained in a telegram received by Mr. Dickinson, the American consul general at Constantinople, from the American vice consul at Salonica. The telegram gives no details of the release. Miss Stone will proceed to Salonica without delay.

Word from One Who Was There. New York, Feb. 24.—Spencer Edwy, first secretary of the United States legation at Constantinople, who had charge of the negotiations for the release of Miss Stone and Miss Tsalika, arrived to-day on the Kron Prinz Wilhelm. In an interview he said the brigands captured an American rather than any other missionary, because they believed the Americans had the most money and would be likely to pay the ransom.

When the house reassembled Mr. Jacobson called attention to Mr. Hurd's amendment adopted this morning, permitting banks to deduct from their capital stock in addition to real estate the amount of government bonds held by them. Mr. Hurd said this morning that its effect would only be to place incorporated banks on the same basis as unincorporated. Mr. Jacobson said that upon examination of the two classes he had found a big difference. The effect of the amendment would permit a bank to invest in government bonds just before May 1 and escape from taxation of stock entirely. He asked, "Hurd to move reconsideration?" Mr. Hurd said he had proposed the amendment in good faith. Reconsideration was moved by Mr. Sweet, was carried, and Hurd's amendment was reconsidered.
