

ASSOCIATED CHARITIES' DISTRICT NURSE

Miss Jessie Blair Began Her Round of Visits to the Sick Monday, Dispensing Comfort and Advice—She Will Live at Unity House.

Miss Jessie Blair, the district nurse for the Associated Charities arrived in Minneapolis Thursday evening and began her work Monday. Miss Blair came from Salt Lake city where she had charge of a private hospital. She had been previously a district nurse in Chicago for almost two years. Her district was in the neighborhood of Hull house and calls for her services were left at the settlement. She made her home in one of the model tenements and the people in the district sent for her on every pretext. They were so sure of her interest and sympathy that they did not wait for illness, but if the rent was due and there was no money to pay it, a call was left for Miss Blair who was expected to suggest a remedy for financial disability as well as physical.

Each day. As there is only one district nurse, it will be understood why she cannot take contagious diseases. She will go to the home where there is scarlet fever or measles and explain to those in charge how the patient should be cared for, giving special attention to disinfectants and fumigations. Another branch of Miss Blair's work will be the talks she will give on the simple principles of hygienic treatment, the care of the teeth and the use of baths, the preparation of simple foods and other features that will be of great value to the people among whom she will work. The Associated Charities has secured the services of a district nurse for the benefit of the poor who are ignorant of the care of the sick and who are unable to pay even a small amount for help. There are many such cases and the need of intelligent treatment to supplement the doctor's orders is recognized by those familiar with the conditions. The number of calls which have already been left at the Associated Charities rooms proves that the value of a district nurse has been recognized by those for whom she is employed. Miss Blair will visit the various patients every day, spending perhaps half an hour in caring for each, and just what this half hour will mean to the neglected sufferer no one can tell.

Several other calls were sent in during the day and Miss Blair has promise of being one of the busiest women in the city. All calls for her services should be sent to the Associated Charities office in the Boston block, where she will make up her route for the day.
