COPLEY PRINT EXHIBIT
Much Enjoyed by Minneapolis Lovers of Art.

The display of Copley prints shown at the Beards gallery by Mr. Noyes of the Curtis & Cameron company has been very much enjoyed by Minneapolis art lovers, who have appreciated the opportunity of making the acquaintance of the newest things in American painting through this favorable medium. While a great deal of attention has been attracted by the completed Abbey frieze of the Holy Grail, there have been other pictures of striking interest.

Irving Willes' much-discussed portrait of Julia Marlowe, exhibited at this year's academy, is certain to be a great favorite. It is splendidly composed and has a captivating air of distinction and elegance that places it very near the highest point in contemporary portraiture. There are many interesting portraits which attract both from the artist's qualities and from the popularity of the sitters. Among them are the Joseph Jefferson and Ada Rehan portraits by Sargent. The children portraits also form a delightful group in which Lydia Field Bunnell's "Dorothy" and Louise Cox's little boy are noticeable.

One wall of the gallery is hung with a group of landscapes whose arrangement gives an opportunity for a suggestive comparison. They are by Corot, George Inness and George Inness, Jr. It would require close inspection to distinguish them unerringly.

OLEO LAWS OBSERVED
Recent Inspection Failed to Disclose a Single Violation.

There is very little, if any, oleomargarin used in the two cities in violation of law, according to State Dairy and Food Commissioner McConnel. His force has completed an inspection of both cities and reports that not a single case of illegal sale of the stuff was found. Two of the state's inspection forces have also been attracted by half a dozen of the northern counties of the state, and succeeded in running down but one case. In both instances it is a matter of some surprise and much gratification to the department that the law in this regard is being so unerringly obeyed.

STRONG LAW NEEDED A JUVENILE COURT A MAIN OF PEACE

To Enable Aldermen to Deal Effectively With Billboards. Judge Dickinson Makes an Important Departure. Benjamin F. Trueblood, LL.D., Who Will Lecture Here To-night.

SUASION TO BE USED MEANTIME YOUTHFUL CRIMINALS' TRIALS AT THE CHURCH OF THE FRIENDS

At the Next Session a Law Granting More Power May Be Sought.

Will be Held Apart From Those of Hardened Class—The Practice Heretofore.

Secretary of the American Peace Society, Boston—Views on War and Boer War.

While the Milwaukee and Great Western railway companies will be requested by the city council to take the billboard nuisances along their right of way, on Washington avenue S, there is no intention at this time on the part of the city officials to take any strenuous campaign against the billboard. There is undoubtedly strong sentiment in the city council to-day in favor of municipal regulation of billboard construction, but investigation shows that all present effort in that direction would be to avail itself of the city authority. Speaking of the situation, Alderman Chatfield said to-day:

A new departure was inaugurated in the criminal municipal court by Judge Dickinson to-day. For some time past there has been a steadily increasing call for a separate juvenile court. This measure has been urged by Probation Officer Holt, Police Matron Schaeffer and many others who have the welfare of the juvenile criminal in mind. It is impossible, of course, at the present time, to have a complete juvenile court with a separate judge, and, indeed, it is believed by the city council that a juvenile court not yet strong enough to require its installation. The move of Judge Dickinson will, however, have practically the same effect.

Dr. Benjamin F. Trueblood, a Quaker by birth and an educator by profession, whose mission on earth is peace, is in Minneapolis to-day. He will lecture at the Friends' meeting-house, or the "Friends' church," as he prefers to call it, this evening, on "The Historic Development of International Peace."

Hereafter all the criminals under the age of 17 will be kept strictly apart from other criminals. For the time being, probably the woman's detention-room will possibly the officers' room will be used. It is hoped that the county commissioners will take steps to provide, in the near future, a separate detention room. After the other criminal cases have been disposed of each day, the court will be cleared and the juveniles will be given a separate hearing in a separate room, a room, which is enjoyed by many of the boys, will be avoided.

The practice heretofore has been for criminal cases of all kinds to be kept together. One thoroughly conversant with the subject says:

Those who are in justice to children both boys and girls to force them into the company of criminals of long-standing and of the worst class. Many boys who are arrested for such offenses as truancy or for mischievous pranks are treated as hardened criminals. This is of course dangerous. The tendency is of those who are what might be called "street boys" to become a part of the same class as the full fledged lawbreakers.

Those who question the sincerity of the czar do not know that he is one of the most progressive men in Europe. He would moderate Russia a great deal faster than he is doing it if he were not held in check by the conservative cabinet. The czar is a man of great sense. The permanent court of arbitration which the Hague conference provided for is now actually in existence and ready for work. It was organized by the agreement of the representatives of the different governments, and it was beautiful to note the spirit of harmony and brotherhood which pervaded the meetings.

OBSTACLES IN THE WAY
Of St. Paul Boy and Girl Who Wanted to Marry.

A series of obstacles confronted W. A. Mathewson, aged 20, a clerk in the St. Paul office of the Great Northern road, and Miss Frances Ryan, a girl apparently 15 years of age, who were yesterday to obtain a marriage license. The prospective bride is an orphan and lives with her guardian, Mrs. E. McAvoy, 347 Third street S. Her guardian has been keeping company with her for some time and decided that he was able to procure a marriage license. They first applied at City Clerk Lydard, and were refused on the ground that the girl was not of legal age. Some person who heard the request of young Mathewson in the city hall office, reported to police headquarters, suspecting because of the youthful appearance of the couple that it was an elopement. Detective Baham met the couple on the street and inquired of them as to the purpose of their trip to the city hall. Mrs. McAvoy was commiserated with the girl and said that her only objection to the marriage was the age of her ward. Superintendent Ryan asked the young couple to return to his office and secure the consent of Miss Ryan's guardian and the consent of the intended young man and woman went back to the saintly city.

JOURNAL BAND BENEFIT
What the Boys Will Do With the Proceeds.

The big benefit concert of the Journal band to-morrow evening at the Lyceum theater, will be a most interesting attraction of the week. The steady practice to which Professor Heintzeman has subjected the band has had a telling effect on the boys, and they are playing now as they never played before. Every member of the fifty-five members of the band has a heart and soul into the work. It will be an inspiration to hear them if for no other reason than that their progress has been so rapid.

THE BOER WAR
Mr. Trueblood is heart sick over the Boer war. "England is weary of it, and will give the matter up," he said. "I believe that within this century this court of arbitration will have a place in the civilized world like that occupied by the supreme court of the United States, which is the supreme bond of peace between forty-five independent and sovereign states."

ORE IN LAKE BOTTOM
Duluth Man Refused Mineral Lease on Same.

Alfred Merritt of Duluth applied to the state auditor yesterday for a mineral lease covering the bottom of Longyear lake, in St. Louis county. The application was denied on the advice of Attorney General Douglas. The lake is public water, and merely held in trust for the benefit of the people of the state.

DR. JORDAN RETURNS
Says Minneapolis Has Much to Do in Preparing for N. E. A.

Dr. C. M. Jordan, superintendent of the Minneapolis public schools, returned Sunday from Chicago, where he attended the annual meeting of the N. E. A. department of superintendents, of which he was elected president for the second time. Dr. Jordan says that there was more interest taken in the convention of the N. E. A. to be held here than has ever been taken in such a meeting before and that it was the largest in the history of the organization. Every state in the union will be represented and the eastern states will have larger delegations than ever before.

THE WEATHER
The Predictions.

Minnesota and Wisconsin—Fair to-night and Wednesday; colder to-night; northerly winds. Iowa—Generally fair to-night and Wednesday; colder to-night; brisk northerly winds. Upper Michigan—Fair to-night and Wednesday; probably colder to-night in east portion; brisk northerly winds. North Dakota—Fair to-night and Wednesday; warmer to-night; variable winds. South Dakota—Fair to-night and Wednesday; colder in south-east portion to-night; warmer to-night; variable winds. Montana—Fair to-night and Wednesday except possibly rain or snow in extreme west portion; warmer to-night; southwest winds.

MAY RETURN MONEY
Trustees of Teachers' Pension Fund May Not Approve.

The trustees of the teachers' pension fund have practically decided to go no further with the matter and it is probable that there will be no appeal from the decision given by Judge Jordan at first expected.

EVOLUTION AND ETHICS
Subject of Next Lecture Before University Liberal Association.

The University Liberal association is a society which is gradually gaining in popularity and is one of the largest in the city. The subject of the next lecture will be "Evolution and Ethics," Friday, at 8 p. m., in Dr. Burton's lecture-room in the university library. Most of the features of the evening, and light refreshments will be served. All interested are cordially invited to attend.

MISSING GIRLS FOUND
Marjorie Sutton and Edie Bolles at Their Homes Again.

Marjorie Sutton, aged 17, and Edie Bolles, aged 15, two girls for whom the parents and police were searching Sunday and Monday, were found yesterday afternoon. The girls went to a theater in Minneapolis last night and, returning to Minneapolis late that night, did not return home for fear of the wrath of their parents, according to their explanation made yesterday. They were taken to a hotel at Hennepin avenue and Third street, and remained until yesterday, when they were found.

IRWIN'S SHOW AT THE DEWEY
Fred Irwin's Big Show is at the Dewey this week. The company has visited that theater before, and the program has not been changed materially since its last appearance. The barbies are presented, "Are You an Eagle?" and "At Gay Coney," and the intervening olio includes a number of attractive acts.

MEDICAL MEN DINE
And Listen to Papers by Chicago Physicians.

The Hennepin County Medical association held its 11th annual banquet at the Commercial Club last evening. It was attended by about 40 members of the profession, including Drs. J. H. Herrick and A. J. Ochner of Chicago, and Dr. H. L. Staples of St. Paul.

AFTER HOURS CLASS
Electrical Manufacturing Co. After Class of '02 Electrical Engineers.

A leading electrical manufacturing firm of the United States which took three of the 1901 senior in the electrical department of the state university into its employ has applied to Professor Shepardson for the enrollment of a class of electrical engineers. The large switchboard, generators and boilers for the new electrical laboratory are in place and ready for use. A supply of testing apparatus have been added to the equipment.

Your Credit is Good at the New England.

Credit as You Like It.

Our fifteen years' experience in Minneapolis has clearly demonstrated to us that no printed schedule of terms will fit all cases, and now it is with us simply a matter of adjustment to the individual circumstances of each customer. One customer can pay ten dollars a month easier than another can pay five; and yet the latter deserves, and gets, at the New England, the exact accommodation suited to his circumstances. So don't be misled by any printed schedule of terms, advertised "for a few days only." Remember that the New England accommodates its customers every day in the year; that its schedule of terms is thoroughly elastic; and that there is positively no establishment in the country where an honest person who intends to pay for his purchases can get so much merchandise for his money, and on so small a down payment and such a small payment per week or per month as at the New England.

RHEUMATISM CURED
BY DRIVING OUT URIC ACID POISON FROM THE SYSTEM, PERMANENT CURE CAN BE EFFECTED

WARNER'S SAFE CURE
Is the Only Positive Cure for All Diseases of Kidney, Liver, Bladder and Blood.

Today's advice from New York says that after hearing arguments in the temporary order to prevent the foreclosure of a \$15,000,000 mortgage on the properties of the United States Flour Milling company, Judge Celler Pitney, in Jersey City, decided that the plan and securities of the company must be sold for not less than \$5,000,000. The reorganization committee objected to the decree the vice-chancellor said it would allow until Monday next to file objections.

Sandwich, Ill., After a delay of months, to be sure that a cure of my rheumatism of over a year's painful suffering, had been effected, I desire to assure you that so far as I know anything of myself I am well. I am persuaded that Warner's Safe Cure did it. I believe that the medicine will do all that it claims to do if the patient will follow the instructions to the letter.—(Rev.) I. Villars, Pastor M. E. Church.

THE BOER WAR
Mr. Trueblood is heart sick over the Boer war. "England is weary of it, and will give the matter up," he said. TRIAL BOTTLE FREE
To convince every sufferer from diseases of the kidney, liver, bladder and blood that Warner's Safe Cure will cure them a trial bottle will be sent absolutely free to any one who will write Warner's Safe Cure Co., Rochester, N. Y., and mention having seen this liberal offer in the Minneapolis Journal. The genuineness of this offer is fully guaranteed by the publisher. Our doctor will send medical booklet, containing symptoms and treatment of each disease, and many convincing testimonials, free to any one who will write.

Remember This.
The Burlington Route announces that March 4 and 15 will be the next excursions in the temporary order to prevent the foreclosure of a \$15,000,000 mortgage on the properties of the United States Flour Milling company, Judge Celler Pitney, in Jersey City, decided that the plan and securities of the company must be sold for not less than \$5,000,000.
