

MISS VIRGINIA GRANES

Tells How Hospital Physicians Use and Rely upon Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Twelve years continuous service at the sick bed in some of our prominent hospitals, as well as at private homes, has given me varied experiences with the goodness of women. I have nursed some

MISS VIRGINIA GRANES, President of Nurses' Association, Watertown, N.Y. most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it and have yet to hear of its first failure to cure.

Four years ago I had falling of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."

MISS VIRGINIA GRANES.—\$5000 forfeit if above testimonial is not genuine.

Lydia E. Pinkham's Vegetable Compound has stood the test of time, and has cured thousands. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

Cleanliness and Germicidal Precautions Paramount in the brewing of BLATZ BEER. MILWAUKEE—There's not a facility lacking to insure absolute cleanliness during the process. The minutest detail from malt-house to filling-room is rigidly watched in this particular. A fixed rule for over half a century.

NEW ULM'S DILEMMA

State Will Not Take Its Bond for Electric Plant.

INDEBTEDNESS LIMIT PASSED

Amendment to the Constitution forbids a Ray of Hope—Miss take at Outset.

Special to The Journal. New Ulm, Minn., March 6.—At a meeting of the city council last night the city clerk was authorized to advertise for the sale of the bonds, voted for the new electric light plant, and to also advertise for bids for the erection of the necessary buildings. At the meeting the city attorney read a letter from the attorney general in which he stated that the state would not buy the bonds of the city because the amount exceeded the limit of indebtedness to which a corporation might bond itself.

The council is against a hard proposition in its endeavor to float the bonds and in the light of present conditions there is no doubt but that it will have to ask for another bond issue before the building and plant are completed. When the proposition to have a municipal plant was first agitated the present company offered to sell out at the city's figure, but the council thought it could get a better price for \$30,000 and ignored all overtures. The result is that the plant will cost in the neighborhood of \$50,000, and the council has only a bonded privilege of \$20,000. The city now has a bonded indebtedness of \$44,000 and the new bonds will make it \$74,000, and in addition to this there is a deficiency of between \$15,000 and \$20,000 in the cost of the completion of the new plant.

The total amount of indebtedness which will be created by the council in building the plant is estimated at \$100,000. The amount falls far short of 10 per cent of the assessed valuation. The council hopes that the amendment to the constitution of the state will let it out under a higher limit of indebtedness.

LIND LOSES Test Case Affecting Ownership of Other Rail Farms. Special to The Journal. Fergus Falls, Minn., March 6.—Judge Baxter has handed down a decision in the test case recently instituted by ex-Governor Lind to decide the ownership of several farms in this county. The plaintiff asserts the title was in the government up to the time the patents were issued and adverse possession could not hold against the government. Judge Baxter decides in favor of the company and the order came to-day for further experiments.

Remember This. The Burlington Route announces that March 4 and 13 will be the next excursion dates for the sale of round trip tickets, good 21 days, to nearly all of the southern states. Tickets can be purchased on the above dates for one fare plus \$2.00 for the round trip. Office 414 Nicollet avenue.

Satin-Skin Cream nourishes away wrinkles, blemishes, gives lovely complexion, sets skin. Only 25c. Try it.

IRON ON A LAKE BOTTOM ALFRED MERRITT WAS AFTER IT Owners of Surrounding Lands Will Claim the Bed Under Riparian Rights.

Duluth, Minn., March 6.—The failure of Alfred Merritt to secure from the state a lease of the bed underlying the lake on the Merritt range is likely to bring about a noteworthy suit between the owners of the lands surrounding the lake, who are preparing to claim the lake under their riparian rights. Well-informed iron men say that there is no doubt of the existence of much merchantable iron ore under the lake.

THREE DIED TOGETHER

ASPHYXIATED BY HARD COAL GAS Elderly People the Principals in a Tragedy at Oconomowoc, Wisconsin.

Oconomowoc, Wis., March 6.—The bodies of Mr. and Mrs. Thomas McLaughlin and Mrs. Margaret McDermott, all old people, were found in the McLaughlin home late yesterday afternoon. A hard coal stove door was open, showing that death occurred from asphyxiation yesterday. Two of the victims were lying on the floor and the other on a bed. Mrs. McDermott was a boarder at the McLaughlin home.

EXPLOSION IN N. D. MINE

FIVE MEN RECEIVE BAD BURNS Two Were Iowa Land Seekers Who Wanted to See a Lignite Property.

Mandan, N. D., March 6.—Three miners and two Iowa land seekers were severely burned by an explosion of powder in a coal mine near New Salem yesterday. Arthur Ahltinger and George M. Clark of Decatur had gone to see the mine and Ahltinger set off a squib to show Clark how it worked. The fire communicated with some powder which exploded, badly injuring the two visitors and three miners.

The hands and faces of all were burned and serious scars are likely to follow in the case of Clark.

IRON ON A LAKE BOTTOM

ALFRED MERRITT WAS AFTER IT Owners of Surrounding Lands Will Claim the Bed Under Riparian Rights.

Duluth, Minn., March 6.—The failure of Alfred Merritt to secure from the state a lease of the bed underlying the lake on the Merritt range is likely to bring about a noteworthy suit between the owners of the lands surrounding the lake, who are preparing to claim the lake under their riparian rights. Well-informed iron men say that there is no doubt of the existence of much merchantable iron ore under the lake.

SCHWAB MAY BE OUT

His Ideas Not Those of Directors of Steel Corporation.

New York, March 6.—Charles M. Schwab's tenure of office as president of the United States Steel corporation appears to hang in the balance. While that is true of the presidency of a very great corporation, the action of the directors directed to Mr. Schwab's place because of the public announcement that Percival Roberts, Jr., had resigned from the executive committee of the corporation for the reason that he did not agree with some of the ideas that Mr. Schwab advanced. It was reported that the directors were dissatisfied with the plan to take in several outside plants.

BEAUTIFUL "PIPES"

Insurgent Leaders Issue Them to Bolster Up the Cause.

Washington, March 6.—A mail from the Philippines shows that the insurgents are resorting to all kinds of deception and subterfuges to retain control. One insurgent commander recently issued a proclamation saying: "Now is the time to strike a decisive blow for Filipino independence, and adding, the United States is in the midst of a bloody civil war in the Philippines and we have risen against the government and at Chicago a great battle was fought in which 1,600 regular soldiers were killed. An army of anti-imperialists in the United States has risen against the government and at Chicago a great battle was fought in which 1,600 regular soldiers were killed. An army of anti-imperialists in the United States has risen against the government and at Chicago a great battle was fought in which 1,600 regular soldiers were killed.

IRON AGREEMENT

Amalgamated Association and Tin Plate Co. Get Together.

New York, March 6.—The visiting committee of the Amalgamated Association of Iron and Steel Workers and the officials of the American Tinplate company have reached an agreement. The mills of the company will not be struck during the summer months when the annual scale of wages is formulated. This is declared to mean practically continuous work, prevents the mills of the company from closing and renders a strike impossible.

HOW BEER IS AGED

Good beer should be aged at least three months. Aging is accomplished by storing the beer to stand in an artificially cooled room where the temperature should be constantly maintained at three degrees above the freezing point. The aging capacity of a brewery should be so arranged with regard to the sales or withdrawals from the aging rooms as to provide that the beer will be ready for sale only after it has aged three months.

Correspondence.

Many cases can be treated successfully at home. One personal visit is preferred, but, if it is impossible or inconvenient for you to call at our offices, write a full and unreserved history of your case, plainly stating your symptoms. We make no charge for private counsel and give to each patient a legal contract to hold for our promise.

RED CROSS ORDER

State Convention at Rochester in April Next.

Special to The Journal. Rochester, Minn., March 6.—The state convention of the Ancient Order of the Red Cross will be held in this city April 17. Delegates from all parts of the state will be present and there will be speakers from Minneapolis and other cities. Charles Wrightman of Iowa is grand president.

TWO YEARS IN PRISON

Mrs. Linkoff, Who Killed Bromley, Sentenced at Mason City.

Special to The Journal. Mason City, Iowa, March 6.—Mrs. Linkoff was sentenced this morning to two years in the penitentiary for killing Ed Bromley the night of August 30, 1901.

SOLDIERS' FINES

National Guard Organizations May Get Them Back.

Washington, March 6.—Volunteers in the Spanish-American war who were fined for various infractions of military laws are likely to get their money back, if they belong to the national guard. Secretary Root will soon recommend to congress that the fines, which have accumulated in the treasury, be distributed among the military organizations of the states on the pro rata basis. The fund amounts to \$100,000. Under the general laws fines collected from regular soldiers are distributed among the national soldiers' homes, but no provision has been made for the disposition of fines collected from volunteers. To give them back to the militia will, in an indirect way, benefit delinquents, but the fines will not be restored to them directly.

FILIPINO ASSEMBLY

Lodge Introduces Amendment Providing for One.

Washington, March 6.—Senator Lodge introduced an amendment to the Philippine bill providing that whenever it is certified to the president that the existing insurrection in the Philippines shall have ceased and peace is established a general election shall be called for the choice of delegates to a popular assembly to be known as the Philippine assembly. The legislative power conferred on the Philippine commission in all that part of the archipelago not inhabited by the Moros or other non-Christian peoples shall cease and be vested in a legislature consisting of two houses—the Philippine commission and the Philippine assembly. Three resident commissioners to the United States are to be elected.

\$15 Reduction

In one way rates to California via Northern Pacific. For particulars call at 322 Nicollet avenue, Minneapolis, or 382 Broadway street, St. Paul.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, because of its pleasant flavor, its gentle action and its beneficial effects, is Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.
