

Prompt Attention to the Symptoms of Disease and the Little Ills of Life Will Save You Weeks and Months of Suffering.

Paine's Celery Compound

Will Quickly Banish Your Troubles And Restore Perfect Health.

Prompt care and attention to the little ills of life will often save weeks and months of suffering. If the common symptoms of rheumatism, neuralgia, dyspepsia, kidney troubles, and persistent headaches are attended to when first experienced, by use of one or two bottles of Paine's Celery Compound, these beginnings of serious troubles are forever banished. If you are out of sorts, have tired feelings, disturbed sleep, defective digestion, aches in back or side, sluggish circulation, or poisoned blood, Paine's Celery Compound will give to all the functions of the body a fresh supply of nerve food, establishing strength, and permanent vigor. Its use encourages an abundant supply of pure, fresh blood, without which there can be no health, happiness, or real life. Paine's Celery Compound is a matchless remedy in cases of enfeebled nerves and foul blood. The use of one bottle is sufficient to prove its value. Beware of worthless imitations sold by some dealers. See that the name PAINE'S is on each wrapper and bottle. **DIAMOND DYES** give faster and brighter colors than any other dyes.

W.L. DOUGLAS \$3.50 SHOE MADE

W. L. Douglas makes and sells more men's \$3.50 shoes than any other manufacturer in the world. Why?

BECAUSE W. L. Douglas \$3.50 shoes placed side by side with \$5 and \$6 shoes of other makes are found to be just as good. They will outwear two pairs of ordinary \$3.50 shoes. His reputation for the best \$3.50 shoes in style, fit and wear is world wide. Notice increase of sales in table below:

1899	808,183 Pairs.
1900	1,259,754 Pairs.
1901	1,566,720 Pairs.

Business More Than Doubled In Four Years. Sold by 75 Douglas Stores in American Cities, and the best shoe dealers everywhere. **CAUTION!** The genuine have W. L. Douglas' name and price stamped on bottom. MINNEAPOLIS STORE: 405 NICOLLET AVE.

IN A NUTSHELL

Panama—The losses on both sides in the engagement at Agua Dulce are said to have been 1,200 men, or 23 per cent.

Chicago—A strike for a nine-hour day, which may involve 100,000 mechanics in different parts of the country, may take place on May 1.

Chicago—W. F. N. Davis, a wealthy lumberman of Muskegon, Mich., says his wife has made two trips to Chicago in an effort to find him.

Pittsburg—Indictments have been returned against Mrs. Catherine Sowell, wife of former Warden Peter K. Sowell, growing out of the escape of the Biddle brothers from jail on Jan. 30.

Chicago—Archbishop Ireland of St. Paul gave an address at the funeral of Mrs. Margaret Gertrude Oshann, wife of William J. Oshann, who was chairman of the great Catholic congress at Baltimore. Bishop Cotter of Winona was present.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but Not a Patent Medicine

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets. "There was a man who had suffered, to my knowledge, for years with

dyspepsia. Everything he ate seemed to sour and create gas in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs; fullness and distress after eating; poor appetite and loss of flesh; heart became affected, causing palpitation and sleeplessness at night. "I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment, I finally bought a 50-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was at all appearances fully cured. "There was no more acidity or sour, watery risings; no bloating after meals; his appetite was vigorous and he had gained between ten and twelve pounds in weight of solid, healthy flesh. "Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's list of remedies, as they are perfectly harmless and can be given to children, the invalid, or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal. "Without any question, they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

OLEO AND IRRIGATION

FATE OF THE BILLS IN DOUBT

Hepburn's Powerful Opposition to One of These Measures Will Count for Something.

From The Journal Bureau, Room 45, Post Building, Washington, March 14.—Representative Hepburn of Iowa is opposed to the irrigation bill, and since he is a powerful man on the floor, his opposition will count for something. It is supposed that the speaker is also hostile. At the same time, however, the friends of the bill think that if the house campaign is properly managed, the bill can be passed. Senator Proctor has given notice in the senate that as soon as one or two pending bills, ship subsidy among them, are disposed of, he will move to make the oleo bill the senate's unfinished business. That will mean that the bill ought to get through the senate and be ready for the president's signature not later than the middle of April. The friends of the bill are very hopeful.

Alex McKenzie, national committee man for the oleo bill, is in Washington in a few days for New York. He has been here for more than a month.

When the river and harbor bill reaches the senate, it is the purpose of Senator Hansbrough to offer an amendment providing for a survey in the interest of the drainage of the Red River of the North, to prevent spring floods. This survey is all that the friends of the drainage proposition want at this time.

Major A. W. Edwards, editor of the "Evening Post" in Washington, is in Washington for several weeks longer. His candidacy for the post of first assistant postmaster general seems to be catching on nicely.

—W. W. Jermaine.

FRENZIED PIANIST

Paderewski Wild With Jealousy of Kubelik.

New York Sun Special Service. Cleveland, March 14.—The Paderewski recital came near being cut in half for Monday evening. The famous pianist donned his overcoat, gloves and silk hat and went out on a strike at the intermission period, and it required all the influence of his manager, treasurer and local management to get him to complete the program.

When he left the platform at the intermission he saw one of the programs that contained the advertisement of Kubelik. There were things doing from that minute. Paderewski has held the money-making record for European musicians in America since Kubelik came, and he has not been enamored of the Bohemian boy who has beaten him. The recital was interrupted. Despite all protests, he donned his street clothes and was shown to the box office. He was in a terrible rage.

"What is the boy's name on your program?" he demanded. Then he said things in two languages about Manager Brennan, whom he blamed. He declared he would not play. The treasurer reasoned with him, but all to no avail. He was not pacified until he learned that Hugo Gorlitz, manager for Kubelik, had made an affidavit because Paderewski's announcement was on Kubelik's program for next Sunday night. On the promise of the local management to furnish twenty copies of the Kubelik program with Paderewski's name in big type, he was induced to finish the program.

HORSES FOR NEW YORK

Manning's Latest Lot of Twenty-eight Cost About \$500 Each.

Special to The Journal. Charles City, Iowa, March 14.—John F. Manning, the celebrated horse buyer, has just completed the purchase of twenty-eight standard bred horses, that cost him in the neighborhood of \$500 each, and will be shipped by express to New York. He makes a specialty of high grade horses and ships all of his stock by express, this costing him more than by freight, but getting the horses to market in better condition.

He shipped a car from this locality some months ago, and sold one team of black mares in New York for \$5,000, the remainder of the car bringing good prices. This team, Mystic and Marvel, which was purchased by a celebrated actress of the metropolis, took the blue ribbon at both the Boston and New York shows, and the Boston and New York shows, and is now considered worth all sorts of money. The load that leaves here to-day has several animals worth quite as much money, and three teams in the lot cost in this market some \$4,000. Iowa horses are known the country over as among the best for fancy driving, show purposes and road work.

"SACK OF POTATOES"

Thus Billed, a Kansas City Man Takes a Perilous Ride.

Chicago, March 14.—Billed as a choice sack of potatoes, a young man has arrived from Kansas City tied up in a sack. For three and a half days he had been in the sack and traveled 700 miles in a freight car. The sack was included in an open freight case. The traveler, Martin J. Klansdriger, a machinist of Kansas City, was nearly famished when he was cut from his prison here by a friend who had been awaiting him.

Klansdriger began his journey with only a quart of water and two pounds of crackers in the sack with him, this being a condition of the wager of \$300 which caused him to make the trip. When released Klansdriger was nearly blind from parched that he could hardly speak. For three days he had been without water and had it not rained Wednesday would have died of thirst.

TABOR'S NEW HEAD

New Haven, Conn., Man Chosen for College President.

Tabor, Iowa, March 14.—At a meeting of the trustees of Tabor college, Rev. William J. Sallmon of New Haven, Conn., was elected president. He is at present pastor of a Congregational church at Tabor, Iowa. He is expected to accept the presidency and enter on his duties with the beginning of the college year.

ATLANTIC UNION GROWS

London, March 14.—The Atlantic Union, established with the object of drawing together the various English speaking peoples, has held its annual meeting. It was announced by Lord Aberdeen, who presided, that the membership had trebled during the last year. Lord Monckswell was elected president in succession to Lord Aberdeen.

GUDEN LITERALLY GOES

New York, March 14.—Norman S. Gudén, appointed sheriff of Kings county by Governor Odell when the governor removed Charles Gudén, ejected Gudén to-day from the rooms occupied by him in the sheriff's office. Gudén made no resistance.

WASHINGTON

The amendments to the original protocol between the United States on the one side and Nicaragua and Costa Rica on the other, outlining treaties to govern the construction of a Nicaraguan canal, have been agreed upon.

Mr. Ripinger presented in the house a statement of his reasons for his theory that the decline and inland navigation of the United States, which sovereignty, he contended, could not be alienated without an act of congress.

The Cuban sugar conference yesterday had no definite result, but the prospects of an agreement were brighter than those reported by Mr. Ripinger.

Representative Miner of Wisconsin is no longer opposed to the shipping subsidy bill, and is inclined to the ways and means side of the Cuban controversy. He is reported to have changed front at the instance of Speaker Henderson, and promised to expedite a bill in which Mr. Miner is interested in obtaining the revenue cut service of the United States on an equality with the naval service.

EIGHTEEN HOURS IN WELL

S. DAK. FARMER WALKED INTO IT

He Was Drunk and the Incident Is Used in a License Campaign.

Special to The Journal. Madison, S. D., March 14.—Casper Cassatt, a prominent farmer of this country, residing near Ramona, had an interesting experience. He walked to Ramona on his farm, which is but two miles away, and from there took the train for Madison, putting in the day with convivial friends. He returned to Ramona on the afternoon train, and renewed his acquaintance with friends at that point before starting for his home, which he did at about 11 o'clock. From that moment he disappeared completely.

Nearby towns were communicated with the next day, and a party organized that searched in vain for several hours. He was finally found standing in four feet of water at the bottom of a twenty-foot well on near Ramona, a well which had long fallen into disuse.

The man was almost gone with his eighteen hours of exposure to the cold water, and a physician worked over him some time before he was fully restored. The incident took place just in time to enter into the spring license campaign, and advocates of home rule are pointing to this horrible example of the distressing effects of cold water on the human system.

Prohibitionists say that if Casper had not been so drunk as to be inebriated he would never have tumbled into the well, while the license men counter with the proposition that if Casper had not been so drunk as to be inebriated he could have stood the exposure. In the meantime the issue is unsettled.

CHARGE RIDICULOUS

German Ambassador Hardly Helped Bryan Two Years Ago.

Special to The Journal. Chicago, March 14.—A special from Washington, March 14, says: The so-called charges brought against Ambassador Von Holleben by a discharged employe of the German legation are considered in official circles too ridiculous to merit serious discussion.

One of these charges is that in the 1900 campaign Dr. Von Holleben used his influence to defeat McKinley and secure the election of Bryan, hoping that German interests would stand a better chance at the hands of the man from Nebraska. The absurdity of this is self-evident. Every foreign nation looked with fear and trembling upon the possibility that Mr. Bryan might be elected. Dr. Witte, the discharged employe, who trumped up these charges, is highly educated, with an unimpaired disposition. Since his discharge from the embassy he has been crazily bitter against Dr. Von Holleben. He paraded himself as the "journalistic attaché" of the embassy, and for this reason was discharged.

OVERRULED

Judge Says Secretary of the Treasury Made an Arbitrary Ruling.

New York, March 14.—Judge Cox of the United States circuit court has overruled a decision given by the secretary of the treasury relative to the number of years an American citizen can live abroad without forfeiting his citizenship. The plaintiff sued to recover duties paid on paintings by a Philadelphia artist, and the defendant, a Parisian, refused to clear the paintings as works of an American artist, pointing out that the secretary of the treasury had decided that after an American citizen had lived abroad for five years it could no longer be termed a temporary residence. Judge Cox holds that the treasury had no authority to make such an arbitrary ruling and decided in favor of the importers.

"HEADACHE POWDERS"

Second Death Therefrom Starts an Investigation Going.

Grand Rapids, Mich., March 14.—Sheriff Chapman has received word from Toledo that a young woman named Iverson, of Miller City, Ohio, died under almost the same circumstances as Mrs. Klump at Lowell. She was driving in Leipsig, Ohio, when she purported to be a sample headache powder was thrown in the carriage. She took the powder a few days later and died with all the symptoms of strychnine poisoning.

The sheriff will send an officer to Savannah, N. Y., to investigate the alleged product of the manufacturing chemist.

WOLVES GIVE TROUBLE

Woods of Northern Michigan and Wisconsin Overrun.

Special to The Journal. Green Bay, Wis., March 14.—In the woods of northern Michigan and northern Wisconsin wolves are more numerous than they have been at any time within twenty years.

Around Glidden, Butternut and other villages in the southern part of Ashland county, Wisconsin, large packs are roaming.

Two hundred hunters of Ashland and vicinity are arranging for a wolf hunt to last several days. It will begin probably at some point on the Northern Pacific railway.

THREE BARN BURNED

Incendiary Fire at Sank Center—Six Horses Cremated.

Special to The Journal. Sank Center, Minn., March 14.—Two big heavy barns of Frank Minnette, together with six horses, harness, robes and wagons, and the barn of the Germana, were burned here last night. The property of Joseph Ebenstiner was badly damaged. Minnette was not insured and his loss is \$2,800. Ebenstiner's loss is \$500; insured. The contractor, Paul and Central Milling company and the house of John Boutell, four blocks away, were saved by hard work. The fire was of incendiary origin.

RIVER ICE MOVES OUT

Special to The Journal. Hastings, Minn., March 14.—The river in front of the city is clear of ice, it having moved out this morning. The remains of Oscar I. Hanson of Rock Dell, Olmsted county, who was killed by a southerly passenger train on the Great Western road at Empire Station, were shipped home this morning by request of his cousin, Miss Caroline Hanson.—John Ripinger, formerly of this city, has been elected controller in Seattle on the republican ticket.—The lecture by Mrs. L. M. Slight of Hutchinson, state lecturer, upon the "High Lights and Dark Shadow of a Great City," before Hastings lodge, No. 152, I. O. G. T., last evening, was very interesting and greatly enjoyed.—A. G. Holt, division engineer of the Great Northern road, and Gustav, transit man, were in town to-day looking over the yard with a view of changing the location of the tracks, making the freight depot and building new coal sheds.

TWICE CONVICTED

Geo. McElvain May Now Begin His Term for Killing Gray.

Special to The Journal. Yankton, S. D., March 14.—The jury in the case of state vs. George McElvain found the defendant guilty of manslaughter in the second degree. McElvain stabbed John Gray in a saloon in Gayville last September, and Gray died from his wounds. This was the second trial of the case in the circuit court and the verdict was the same in both cases.

WESTDAHL STEPS OUT

Schnepfer Succeeds Him Temporarily in Haron Land Office.

AN OPEN LETTER.

To the Mayor of this City:

Dear Sir: In addressing this open letter to you, we thereby recognize in you the people's special representative, and through you to them we desire to make certain representations, the truth and authenticity of which, in consequence of our medium of communication must be accepted without question, as we are fully alive to the indignity we would cast upon you were we to utter false statements through you.

From time to time we have caused to be published in the papers of this city certain statements and claims for our new tonic and reconstructor, Vinol, Wine of Cod Liver Oil. We have asked the people to investigate these claims under the guarantee that we would make good to them all the money expended in prosecuting their investigations, provided the results were not exactly what we claimed.

Through you we wish to state to the people that this investigation has brought to light positive proof that Vinol amply justifies the strong statements we have made concerning it; proof monumental and indisputable is coming to us from all parts of the city which confirms beyond contradiction the fact that Vinol is a scientific and wonderfully successful remedy for the ills for which it is recommended. While, of course, you accept our assurances of this fact, we offer, and shall continue to do so, the indisputable and unparalleled testimony of prominent citizens of this city, whose experiences we shall be glad to recount to all who are interested enough to call at our store and ask about them.

Kindly understand that Vinol is not a patent medicine. It contains nothing but the curative properties of cod liver oil and a little organic iron dissolved in a delicious table wine, and while it contains all the medicinal elements and curative properties contained in the cod's liver, it contains no oil or grease and is as deliciously palatable as the most delicate glass of wine, and we cordially invite everyone to call at our store and investigate it thoroughly.

No one medicine will cure everything, but we do know that Vinol will certainly help all those who are afflicted with ailments for which Vinol is recommended. To verify this statement, we would say that although we have always sold Vinol on a positive guarantee that we would refund the entire amount of purchase money to all persons who bought it from us and after a fair trial were not satisfied, ninety-eight per cent. of the bottles of Vinol sold from our store have been paid for and retained, which shows that Vinol must have been successful in almost every identical case.

You can readily understand that a bold guarantee of this kind would bankrupt us if we were not absolutely sure that the remedy we are recommending and guaranteeing will support our claims, which are set forth in circular which we append herewith.

As a Spring Tonic

after the debilitating effects of the winter season, caused mainly by too much indoor life,—too little exercise and neglected colds,—most every one needs a "bracing up" tonic. VINOL will re-establish strength, energy and vim, quicker than anything we know. Try it on our guarantee.

Pale Women — Pale Children

need a tonic-reconstructor that will create flesh and make pure, red blood. Pale, haggard faces show that the blood is poor and thin and also indicate imperfect digestion. VINOL will correct such troubles as sure as the sun shines. Children love VINOL, it is so delicious. Try it on our guarantee.

Debilitated — All Tired Out.

Why drag out an existence without life or ambition? It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you your money will be refunded.

Gain Flesh — Get Strength.

You can get fat without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat. We believe VINOL will create flesh quicker than any preparation containing grease. We have proved in many cases that VINOL quickly creates strength. Try it on our guarantee.

Indigestion — Dyspepsia.

Only those who actually suffer know its terrors, for them life is robbed of all joy. It produces many serious complications and enfeebles the entire system. Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

Old People — Weak People

need a strengthening and invigorating re-builder. VINOL is of exceptional value in such cases. We guarantee to give strength and health to those who are weak and debilitated from disease or old age. Try it on our guarantee.

Nursing Mothers — Weak Mothers.

If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained. You know the life and future development of the child depends upon proper nourishment. Try it on our guarantee.

Bronchitis — Sore Lungs.

These diseases often end fatally unless especially cared for in their early stages. There is no medicine more valuable for restoring health to the throat and lungs than VINOL, Wine of Cod Liver Oil. Try it on our guarantee.

Nervousness — Irritability.

Distressed nerves are due to overwork, insufficient nourishment or slow breaking down of general health. We guarantee VINOL, Wine of Cod Liver Oil, to permanently and effectually cure nerve affections; it actually rebuilds the entire body. Try it on our guarantee.

Chronic Colds — Hacking Cough.

Sure signs of danger ahead. One might as well commit suicide as to let them go unchecked. VINOL is the very medicine needed. Unlike other Cod Liver Oil Preparations, it does not upset the stomach, and it is delicious to the taste.

All persons who buy Vinol are under no obligations to us if after giving it a fair trial they have received no benefit; upon calling at our store they will receive their money back.

You see our faith in Vinol, and you must admit that we know something about medicine; therefore, when we state to the people through you that Vinol is the most valuable preparation of cod liver oil we have ever sold, and a wonderful tonic reconstructor and re-builder of strength, appetite and health, we are not unreasonable to expect them to believe us. We shall continue to recommend Vinol for the above ailments on our positive guarantee. Yours, with much respect,

VOGELI BROS. DRUG CO., Minneapolis, Minn.

dent. Mr. Westdahl sent in his resignation some weeks ago and in his resignation...

Funeral services of Mrs. Daley, wife of Rev. C. M. Daley, late chaplain of the First South Dakota regiment, took place from the family residence. The attendance was very large, many from out of the city being present. The services were conducted by Rev. H. D. Ward of the Congregational church, assisted by Rev. W. H. Thrall, state superintendent of Congregational missions. Floral offerings were rich and numerous.

SMALLPOX IN AN ASYLUM

Hospital at Jamestown Quarantined by Health Officers.

Special to The Journal. Jamestown, N. D., March 14.—Smallpox has broken out in the state hospital for the insane, and the institution has been quarantined by Dr. Baldwin, the county health officer. Officials are making efforts to prevent other cases and are taking all the precautions possible. Two patients are afflicted and have been isolated.

Special to The Journal. Fargo, N. D., March 14.—J. M. Devine, state superintendent of public instruction, was here last night on his way to Wabapon for a meeting to-day with the presidents of the school boards of Richland county. He had just attended one in Lamoure county and has twenty visited several other counties at similar sessions. He believes that those who plan the educational work of the state and those who actually put it into execution should get together. This makes the educational work of the state a harmonious system.

Visitors for Menomonic.

Special to The Journal. Menomonic, Wis., March 14.—The city schoolteachers, boards of education and mayors of Eau Claire and Chippewa Falls will visit Menomonic in a body on Saturday and inspect the city schools, manual training school, natatorium and gymnasium, and the Mabel Talbot Memorial library.—Sheriff W. E. Barber, of La Crosse, was in the city looking for William Andrews, a 17-year-old boy, who ran away from home. He found the boy at Webber's mill, in Weston.

To Build a Brewery.

Special to The Journal. Odebarb Brewing company will begin erection of a \$25,000 brewery here as soon as the tract will permit. It will be of brick and with all the latest machinery. The company will run bottling works in connection with it.
