MERRY'S MERRY ROW

His Insurance Company Denied a Certificate in N. D.

DICKINSON EDITOR ASSAULTED

Department Could Not Stand for Certain Methods and Will Make an Investigation.

Special to The Journal.
Bismarck, N. D., April 11.—Ferd Leutz, state commissioner of insurance, has refused to grant a certificate of authority to do business in this state to the Merchants Mutual Insurance company, whose articles were recently filed by Charles F. Merry of Dickinson. Several signers for insurance have withdrawn their names from Merry's list, asserting they were obtained by false representations and that in some cases the amounts of insurance they subscribed were raised before the chart was filed.

Other complaints have been received that Merry collected premiums on insurance before the company was authorized to do business and those who paid him money are inquiring how they are to get it back. Dickinson papers are fighting Merry's company and it was this that resulted in the assault made by Merry upon Editor Ayres of Dickinson yesterday.

The commissioner of insurance has notified Merry and the officers of his company that no certificate will be granted until an investigation is made involving the charges that have been made against Merry's methods.

"SIX COMPANIES"

Not the Chinese, but Packing Concerns of Chicago.

THAYER TURNS OUT "ROAST BEEF"

Congressman Denounces the Trust That Has a Pull on the Railroads.

Washington, April 11.—Representative Thayer of Massachusetts, in the house, bitterly assailed the beef trust or combination of Chicago packers which is held to be responsible for the present high price of beef.

There are six companies which have entered into an agreement and contract for the purpose of monopolizing the trade and raising the price of one of the necessities of life, meat and meat products. The companies concerned are Armour & Co., the Cudahy Packing company, G. H. Hammond, Schwarzhild & Sulzberger, Swift & Co. and Nelson Morris. These companies control 900,000,000 of trade annually and it is stated on good authority that these six companies last year made a net profit of \$100,000,000. They have combined for the purpose of output of beef in this country and prohibiting any one of their members from selling it at prices less than that agreed upon by the whole.

Mr. Thayer charged that the beef trust had a rebate of 25 per cent on all the railroads. He concluded by referring to the Sherman act and said:

"What I have asked in this resolution is that the attorney general shall investigate the matter of these charges and if upon investigation he comes to the conclusion that these facts do not bring the parties within the statute, then I bring to this house that we should at once place some legislation on the statute books that will meet the conditions."

TRUST'S ANTAGONIST

New York Packers Increase Their Capital to Ten Millions.

The program will go into the foreign markets on a more extensive basis in competition with the other large packing companies of the United States.

"CORKING" COCKING MAIN

THOUSANDS CHANGED HANDS

Birds From Appleton, Wis., Won Ten of Thirteen Battles Fought With Detroit.

Special to The Journal.
Appleton, Wis., April 11.—A fierce cocking main was pulled off near Appleton last night in which birds belonging to D. Pierce, of Appleton, defeated birds belonging to "Pop" Whitaker, of Detroit. About 100 sports from Detroit, Chicago, Milwaukee and Appleton were present, and thousands of dollars changed hands on the main. The Pierce birds won ten out of thirteen battles.

The main was to have been pulled off in the vicinity of Pierce's breeding grounds in this city, where there is a permanent ring and where many mains have previously been fought. But Mayor Hammel got wind of the affair and forbade it.

A hurried drive was then made to a point just over the line in Winnebago county, where the main was unmolested. The fighting was kept open until 12 o'clock, from 10 last night to 5 this morning. The Pierce birds won in the past three years but one main out of nineteen. In the last few weeks his condition rapidly grew worse.

WADE HAMPTON DEAD

Storm Center of the Troubles Times of Twenty-six Years Ago.

Columbia, S. C., April 11.—General Wade Hampton died this morning. His death resulted not from any disease but was the result of a general break-down. In the last few weeks his condition rapidly grew worse.

As the result of the compromise that terminated the strife, South Carolina was given to Hayes, and Hampton was permitted to assume the governorship.

Hints at Corruption in Connection With a Pipe Line.

Special to The Journal.
Boston, Mass., April 11.—"This is the climax of those things that show you to be what I have previously said you were, probably the most degenerate scoundrel now alive in the state of Massachusetts."

This, according to the testimony of Thomas W. Lawson in the Bennett Donohue libel suit in the legislature, was said in speaking of Mr. Bennett's action in attacking him on the floor of the legislature at a gas hearing.

Mr. Lawson had charged that Henry M. Whitney, brother of William C. Whitney, handled from \$400,000 to \$700,000, which had been paid to produce a charter for the Massachusetts Pipe line company.

SLAVERY

Slavery is naturally abhorrent to a nation whose constitution declares all people to be born equal under the law and to have equal right to life, liberty and the pursuit of happiness. But slavery is most obnoxious when it fastens its bonds on women. If it were known that one American woman had been carried into slavery by Moor or Arab, the United States would rescue "at single slave if it took its whole navy and combined army to effect her deliverance. And yet this United States teems with women slaves, for whom nothing can be done by the government. When a woman toils every day, from morn until night, year after year, and gets nothing for her labor but food to eat, clothes to wear and a roof to shelter her, what is that but slavery? That is the lot of many a woman in this free land. She is a household drudge. She has no money to spend. She takes no holidays. She slaves and saves to help pay for the home, to enable her husband to pay for another eighty acres, or for some other domestic purpose. She loses her sight over the cooking stove and her strength over the wash tub, and not infrequently when the last payment on house or land is made, she herself pays the debt of nature and leaves the result of her labors to a new and younger wife.

It is this household slavery of American women that may be held as largely responsible for the prevalence of womanly diseases. Common feminine ailments are neglected and allowed to grow until they involve the general health, and to the burden of slavery is added the weight of almost constant pain. The back aches. There are bearing-down pains. The nerves are shattered. Appetite fails and nights are sleepless. The form slowly loses flesh and the cheeks grow hollow. The one blessing left to the hard-working woman is health. If health is lost, the greatest boon would be to find it again.

Dr. Pierce's Favorite Prescription is commended to women by women as a health-restoring medicine. It cures the womanly diseases which undermine the strength. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I will write a few lines to let you know what your remedies have done for me," says Mrs. Ettie Borradaile, of No. 113 Spring Street, Newbury, Tenn. "I wrote to you for advice about two years ago and you wrote me a kind letter, telling me to take your 'Favorite Prescription' and 'Golden Medical Discovery.' When I began taking your medicine I was not able to stand on my feet ten minutes at a time. Had falling of uterus and kidney and liver disease, and was so weak and nervous I could not keep still. Would take nervous spells and almost die at times, at least I thought I was going to die. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. Told him I was taking your 'Favorite Prescription' and 'Golden Medical Discovery,' and he said, 'Might as well take that much water each day.' I did not listen to what he said, but thought to myself I would give the medicine a fair trial. Before I had finished the first two bottles I was able to get outside the house and walk around the yard. I kept on taking the medicine and it cured me of my disease. I was the mother of one little girl, three years old, then, and now I have another fine baby girl, seven months old, and am in very good health. Was in bad health about three years (since the birth of my first child); tried all kinds of medicine recommended to be good for my trouble but all of no avail. I felt it my duty to write and tell you what good your medicine had done for me, for I well know that if it had not been for Dr. Pierce's medicines, I would have been in my grave long ago. I know I could not have lived long in the condition I was in. I think Dr. Pierce's medicine is the best in the world for diseases of women."

There are a great many women who have tried other medicines in vain and been told by local physicians they could not be cured, as was Mrs. Borradaile. Such women are hard to persuade to try Dr. Pierce's Favorite Prescription. But let every such woman, no matter how sick and discouraged, remember that "Favorite Prescription" stands alone among medicines for the cure of womanly diseases. It is noted for its successful cures of diseases which no other medicines have been able to reach. It owes its popularity often to the fact that tried as a last resort it effected a perfect and permanent cure. Hundreds of thousands of women testify to these cures, and it can be positively affirmed that in ninety-eight cases out of every hundred the use of Dr. Pierce's Favorite Prescription will result in a complete cure of womanly diseases.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mounthope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Everyone who knows me is surprised to see me look so well. In June, when I wrote to you, I was so poor in health that at times I could not walk. You answered my letter then and told me what to do; I followed your advice, and to-day am cured. I tell everybody that, with God's help, Dr. Pierce's medicines cured me."

If you are discouraged and feel the need of medical advice, Dr. Pierce invites you to consult him, by letter, free. All correspondence is strictly private and sacredly confidential. Address Dr. Pierce, Buffalo, N. Y. Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious preparations, will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."

A GIFT FOR YOU. Dr. Pierce's Common Sense Medical Adviser, containing more than one thousand large pages and over 700 illustrations, is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.
